Chandler · Arizona	**PURCHASING ITEM FOR COUNCIL AGENDA**	**1. Agenda Item Number**: 15
		2. Council Meeting Date: January 23, 2014
TO:	**MAYOR & COUNCIL**	**3. Date Prepared**: December 3, 2013
THROUGH:	**CITY MANAGER**	**4. Requesting Department**: Police

5. SUBJECT: Amendment No. 4 to Agreement PD0-680-2807 for the purchase of ammunition

6. RECOMMENDATION: Approval of Amendment No. 4 to Agreement PD0-680-2807 with Adamson Police Products, San Diego Police Equipment Co. Inc., International Cartridge Corporation and Lawmen's & Shooters' Supply, Inc., for the purchase of ammunition in a combined total amount not to exceed $162,357.00 as funded by the police ammunition budget.

7. HISTORICAL BACKGROUND/DISCUSSION: Police officers carry firearms as part of their daily duties. Requirements for annual qualification and training are set in Arizona Peace Officer Standards and Training and Departmental policy. Specific duty ammunition has been identified and utilized after a testing and evaluation process. A variety of indoor lead-free frangible ammunition and outdoor standard training ammunition must be comparable with the issued duty ammunition to be used for training. Firearms training staff has tested and validated different manufacturers' products to identify those that meet this standard, and depend on various distributors to provide this ammunition on an as-needed basis. Current contracts for the ammunition purchases expire in January of 2014. Authorizing extension of these contracts at this time is necessary to maintain active contracts for purchasing ammunition should the need arise, or when the new 2014-2015 budget is approved in July 2014. Having ammunition contracts in place will facilitate the purchase of ammunition needs under that budget.

8. EVALUATION PROCESS: In January 2010, a one-year agreement with four one-year optional extensions was awarded to Adamson Police Products, San Diego Police Equipment Co. Inc., International Cartridge Corporation, and Lawmen's & Shooters' Supply, Inc. Staff is satisfied with the product and services provided by each vendor and are recommending the fourth and final one-year extension. The contract will be re-bid next year.

9. FINANCIAL IMPLICATIONS: Funding for purchases will be from the General Fund, Police Community Resources, Ammunition Account 101-2080-5348. Purchases under these contracts are not anticipated until July 2014 under that budget year's allocation and will be made on an as-needed basis not to exceed the total budgeted amount.

10. PROPOSED MOTION: Move to approve Amendment No. 4 to Agreement PD0-680-2807 with Adamson Police Products, San Diego Police Equipment Co. Inc., International Cartridge Corporation, and Lawmen's & Shooters' Supply, Inc., for the purchase of ammunition in a combined total amount not to exceed $162,357.00.
