PURCHASING ITEM
FOR
COUNCIL AGENDA
Memo No. TE17-008

1. Agenda Item Number: 67

2. Council Meeting Date: September 15, 2016

TO: **MAYOR AND COUNCIL**

THROUGH: **CITY MANAGER**

3. Date Prepared: August 19, 2016

4. Requesting Department: Transportation & Development

5. SUBJECT: Purchase of Cab and Chassis with Aerial Device

6. RECOMMENDATION: Staff recommends City Council approve the utilization of Arizona State Contract No. ADSPO14-063240, with Sanderson Ford, for the purchase of a cab and chassis with aerial device, in the amount of $119,039.18.

7. BACKGROUND/DISCUSSION: A bucket truck is a service truck with an aerial lift device mounted to it. The truck must carry tools, equipment, parts, and staff to the work site and provide a safe aerial lifting device that can reach the top of all City street lights. Transportation & Development's Traffic Engineering Division currently operates a 12 year old bucket truck (#06-368) with 115,000 miles that the Fleet Advisory Committee has recommended be replaced. The committee considered the vehicle's current tasking, maintenance history, reliability, and projected cost to operate.

8. EVALUATION: State of Arizona competitively solicited and awarded a contract for the cab and chassis. The City has a current Intergovernmental Agreement with the State of Arizona allowing for the cooperative use of the State's contracts.

Staff recommends cooperative use of this contract because it is an expeditious method to replace the current aerial device which is 12 years old. Additionally, staff was able to compare the price to a recent City of Chandler bid for the same equipment and finds the price to be competitive.

9. FINANCIAL IMPLICATIONS:

Cost:	$119,039.18
Savings:	N/A
Long Term Costs:	N/A
