

MEMORANDUM

FROM: Linda Davis, Historic Preservation Team

DATE: September 27, 2018

RE: Project Number: CHN-0(240)D
TRACS Number: 0000 MA CHN T0099 01C
Project Name: Chandler Heights Road Improvements (McQueen to Gilbert Road)
Finding: no adverse effect

The Federal Highway Administration (FHWA) and the Arizona Department of Transportation (ADOT) initiated consultation with the Arizona State Historic Preservation Office (SHPO), the Arizona State Museum (ASM), the City of Chandler (Chandler), and the Roosevelt Water Conservation District (RWCD) on a finding of "no adverse effect" using PA Stipulation X.F.2.b on August 23, 2018. Concurrences were received from SHPO, ASM, and Chandler.

At this time, FHWA has determined that this project proceed with a finding of "no adverse effect." If RWCD opts to participate in cultural resource consultation for this project at a later date, FHWA / ADOT will make a good faith effort to address any concerns they may have. However, such consultation will not necessitate a reconsideration of this finding of project effect.
