McQueen Road Improvement Project
Public Meeting – Tumbleweed Recreation Center
Tuesday August 11, 2009

1. What are your concerns about the construction of this project?

It would be great to have a median
by Every Star decorated with the
Yucca theme. Thanks!

2. What can the City of Chandler do to address your concerns?

3. Other Comments:

I would love to see the design on
line to share with my husband. Great
job - thanks!

4. If you would like to be contacted by City staff to discuss any matter, please provide your name and number below and return to Kurt Krause, City of Chandler (Mail Stop 407), P.O. Box 4008, Chandler, AZ 85244-4008. Thank you for your interest and input on this project.

Name: Tammy [REDACTED]

Work/Home/Contact #: [REDACTED]

For more information, contact Kurt Krause at 782-3317 or Jim Phipps at 782-2225.

McQueen Road Improvement Project
Public Meeting – Tumbleweed Recreation Center
Tuesday August 11, 2009

1. What are your concerns about the construction of this project?

The increase in traffic might create an increase of cars passing through McQueen Lakes via Crescent and Canyon Way.

2. What can the City of Chandler do to address your concerns?

Build Brobber Farm Road through (West) to the park — require future development to include an open pass through. This can be a safer option than having traffic route through Canyon if it can be designed as a thoroughfare.

3. Other Comments:

Thank you for keeping Chandler Hill Ho Scotts & Lane!

4. If you would like to be contacted by City staff to discuss any matter, please provide your name and number below and return to Kurt Krause, City of Chandler (Mail Stop 407), P.O. Box 4008, Chandler, AZ 85244-4008. Thank you for your interest and input on this project.

Name: Jenny [redacted] Work/Home/Contact #: [redacted]

For more information, contact Kurt Krause at 782-3317 or Jim Phipps at 782-2225.

I would like some sort of access to view the project plans as presented tonight (perhaps a website link?)

1. What are your concerns about the construction of this project?

① Crescent Rd is the only street from
Ortilla to Chandler H+G that is a thru
road and should be looked at for possible
traffic signal lights one on Brooks Farm

② Consider → South Bound McQueen a right
turn out lane at Crescent → especially since we
moved from 6 lane to 4 lane

2. What can the City of Chandler do to address your concerns?

3. Other Comments:

Consider a link to the map
of the new road

4. If you would like to be contacted by City staff to discuss any matter, please provide your name and number below and return to Kurt Krause, City of Chandler (Mail Stop 407), P.O. Box 4008, Chandler, AZ 85244-4008. Thank you for your interest and input on this project.

1. What are your concerns about the construction of this project?

Cratillo improved, especially Arizona right turn
lane, needed badly before full closure in Nov. of
McQueen for Streets

2. What can the City of Chandler do to address your concerns?

General Cratillo Maint & added right turn lane.

3. Other Comments:

May want to consider tickets @ landfill/park
or plan on need for police during 4th of July

4. If you would like to be contacted by City staff to discuss any matter, please provide your name and number below and return to Kurt Krause, City of Chandler (Mail Stop 407), P.O. Box 4008, Chandler, AZ 85244-4008. Thank you for your interest and input on this project.

1. What are your concerns about the construction of this project?

Traffic Congestion

2. What can the City of Chandler do to address your concerns?

schedule the work so rush hour traffic is not greatly impacted

3. Other Comments:

This particular stretch of road has been patched many times. Let's invest the time and money and do it right this time.

4. If you would like to be contacted by City staff to discuss any matter, please provide your name and number below and return to Kurt Krause, City of Chandler (Mail Stop 407), P.O. Box 4008, Chandler, AZ 85244-4008. Thank you for your interest and input on this project.

1. What are your concerns about the construction of this project?

① Keeping road closures to a minimum

② The extension of Desertillo Rd. improvements to 4 hrs. is unfortunate news. This road is completely trusted and a main corridor for school access from East of Az. Ave.

2. What can the City of Chandler do to address your concerns?

① Keep the stated closure of 5 weeks at 5 wks.

② Re-prioritize funding to get Desertillo done as soon as possible.

3. Other Comments:

I would vote for doing improvements from Desertillo to Chandler Heights or McQueen as the second phase, not the third phase.

4. If you would like to be contacted by City staff to discuss any matter, please provide your name and number below and return to Kurt Krause, City of Chandler (Mail Stop 407), P.O. Box 4008, Chandler, AZ 85244-4008. Thank you for your interest and input on this project.

1. What are your concerns about the construction of this project?

THE MAIN CONCERN IS THE LENGTH
OF CLOSURE.

2. What can the City of Chandler do to address your concerns?

START ON TIME AND FINISH
ON TIME

1. What are your concerns about the construction of this project?

The biggest concern is, I assume a larger road with more lanes at the end of Chandler built a beautiful trail along the canal (the Pecos trail) we have rubber mulch around and protect the dirt so that there is a path of gravel so we can all use the trail in the future. Thank you!

2. What can the City of Chandler do to address your concerns?

Please put a light on a road walk light at the end of the road. Some areas have a large & pedestrian cross walk light at a street, but in the area of the canal, there are no lights that will add noise to the neighborhood.

3. Other Comments:

4. If you would like to be contacted by City staff to discuss any matter, please provide your name and number below and return to Kurt Krause, City of Chandler (Mail Stop 407), P.O. Box 4008, Chandler, AZ 85244-4008. Thank you for your interest and input on this project.

1. What are your concerns about the construction of this project?

I am concerned about crossing a wider McQueen at Cloud Road on horseback. On the west side of McQueen at Cloud there is a riding path that connects to the City of Chandler/ Paseo canal path. It is currently marked as a horse crossing (at Cloud).

2. What can the City of Chandler do to address your concerns?

I would like the city to put in a pedestrian/horse crosswalk on McQueen at Cloud. There are many many people who own horses on the east side of McQueen who cross at Cloud to access the Paseo path. A crosswalk with a traffic light which could be activated by pushing a button, would enhance safety & not cut off these residents from the Paseo canal path.

3. Other Comments:
