## NEIGHBORHOOD REGISTRATION PROGRAM

### City of Chandler

Neighborhood Programs

## Neighborhood Registration Program

The Neighborhood Registration Program was designed to foster greater communication between neighborhood groups and the City of Chandler. The Neighborhood Programs, Division, helps educate residents on the benefits of neighborhood organization as well as to provide support to neighborhoods working to help themselves.

The foundation of the program is a neighborhood registry, which provides a direct link between your neighborhood and the City of Chandler. The registry is also useful to City staff, who may contact your neighborhood regarding issues of interest.

## How do I register my Neighborhood?

First, meet with a few neighbors to decide on a name for your neighborhood and define your boundaries. Your boundaries can consist of one city street, two city blocks, or your HOA. You define them! Second, complete a neighborhood registration form, which can be obtained through the Neighborhood Programs Division and assign a neighborhood leader (primary contact) and a secondary neighborhood contact that will represent your neighborhood.

## What are the responsibilities of a Neighborhood Leader?

As a primary and secondary contact you need to be willing to disseminate information to your neighborhood if an issue arises. Ideally, the primary contact will work with other neighbors to address issues that involve the neighborhood. A secondary contact will provide support to the primary.

## Benefits of registering your Neighborhood
