## WHAT IS YOUR BodyAge?

**The Polar BodyAge System** is an all in one computerized system that is used to calculate a persons body age by running them through a series of fitness tests. These tests include strength, flexibility, cardiovascular fitness, body fat % and blood pressure. All of these tests and a few questionnaires will give you an accurate assessment of your overall health and fitness.

For more information and fees, contact Barbara Matthews at 480-782-2907.
