**SUBJECT:**        PUBLIC HEARING FOR THE FISCAL YEAR 2010/2011 CHANDLER  
                         CONSOLIDATED ANNUAL PERFORMANCE EVALUATION REPORT (CAPER)

BACKGROUND: Each year, the City of Chandler is required to publish the Chandler Consolidated Annual Performance Evaluation Report (CAPER) and submit the document to the US Department of Housing and Urban Development (HUD). This performance report describes federally funded activities that took place during the most recent fiscal year. The purpose of this report is to measure Chandler's success in meeting the priority needs, goals and strategies described in the City's 2010-2015 Five-Year Consolidated Plan.

As part of the process of creating the CAPER, the City is required to provide a 15-day public comment period and to conduct a public hearing at a City Council Meeting. The public comment period for the fiscal year 2010/2011 CAPER runs from August 27 to September 15, 2011. Any comments received during this period will be incorporated into the final CAPER.

DISCUSSION: The fiscal year 2010/2011 CAPER has been prepared to meet HUD's requirements for an annual performance evaluation. This report summarizes the City's accomplishments for the Community Development Block Grant (CDBG), HOME Investment Partnership Funds (HOME), American Dream Downpayment Initiative (ADDI), Neighborhood Stabilization Program (NSP), Homeless Prevention and Rapid Re-housing Program (HPRP) and Community Development Block Grant Recovery (CDBG-R) programs. The report also includes a summary of the progress the City has made to meet the goals identified in the Five-Year Consolidated Plan. In addition, the CAPER describes accomplishments of social service programs provided in the City utilizing non-federal funds including activities funded with Acts of Kindness, Social Services Funding, and Youth Enhancement Program funds.

Housing programs were a main area of emphasis for fiscal year 2010/2011. Programs focused on creating first time homebuyers, assisting existing homeowners with housing rehabilitation and emergency repairs and providing programs for families facing foreclosure. Newtown's Community

Land Trust Program created first time homeownership opportunities for new homeowners and provided a down payment assistance program as well. Ninety-six existing low and moderate income homeowners were assisted through the City's housing rehabilitation programs which range from emergency home repair to more substantial housing rehabilitation. Without this assistance, the homes of residents participating in these programs would not meet health and/or safety standards.

In terms of foreclosure prevention activities, Newtown has been providing housing and foreclosure prevention counseling in the Neighborhood Resources Office every Wednesday since the beginning of the year. The City also hosted a two day foreclosure prevention workshop in November, 2010 which attracted nearly 200 participants.

Chandler's continued commitment to assist residents in need has resulted in a significant increase in the number and type of services being provided in Chandler. Through facilitation by the City, a group of local homeless advocates, local nonprofits, and the faith community have come together to provide showers and meals on a weekly basis for local homeless individuals.

In many areas, the City far exceeded its Five-year Plan goals to meet the needs of Chandler's low and moderate-income residents. The investment of general fund resources leveraged CDBG funding to significantly address additional needs such as programs for foster children, domestic violence victims, daycare assistance and utility assistance.

Chandler funding, through a combination of local and federal sources, supported Chandler's homeless and near-homeless populations as well. Over five hundred individuals and families were assisted to prevent their eviction and four hundred were provided emergency shelter and transitional housing through programs funded by the City of Chandler. In addition, over 30,000 individuals and families were assisted with the provision of food to aid in the fight to prevent hunger in Chandler.

Chandler continues to be a leader in support for youth services and youth activities. The attached report includes a summary of the 18 contracts that were funded through Chandler's Human Services allocation process. These contracts provided \$630,500 in support for youth programs that assisted 24,365 youth throughout the City of Chandler in fiscal year 2010/11.

Attached is a draft of the fiscal year 2010/2011 CAPER for your review. The final report will be presented to the Housing and Human Services Commission (HHSC) at their September 14, 2011 meeting for approval and recommendation to the City Council. The final report will be brought to Council on September 22, 2011 for adoption. The report is due to HUD on September 30, 2011.

**RECOMMENDATION:** Chandler's Citizen Participation Plan requires the City Council hold a Public Hearing to gather input regarding the City of Chandler's Community Development Block Grant fiscal year 2010/2011 Consolidated Annual Performance Evaluation Report.

**MAYOR'S STATEMENT:** The Public Hearing regarding the Community Development Block Grant fiscal year 2010/2011 Consolidated Annual Performance Evaluation Report is now open for discussion.

## 2010 – 2011 Consolidated Annual Performance Report

### Mission

The mission of the City of Chandler Neighborhood Resources Division is to strengthen and enrich the community by providing high quality services and resources through:

- Educational programs
- Neighborhood revitalization
- Resident empowerment
- Promotion and celebration of diversity
- City code enforcement
- Subsidized housing assistance

### What is the Consolidated Annual Performance Report (CAPER)?

As a recipient of federal funds from the US Department of Housing and Urban Development (HUD), the City of Chandler is required to publish an annual performance report detailing activities that took place during the most recent program year with those federal funds. The purpose of this report is to measure Chandler's success in meeting the priority needs, goals and strategies described in the City's 2010-2014 Five-Year Consolidated Plan.

The effects of the recession of 2008 were difficult for the City of Chandler. In terms of the challenges to local government and the impact of foreclosures on the community, strategic actions helped to abate the impact and in some cases created a climate of opportunity. The City was fortunate to have Recovery Act funds to utilize for specific projects that reduced the number of foreclosures in the Chandler market and created first-time homebuyers and new affordable rental opportunities. In addition, Chandler has benefited from the efforts of Mayor Tibshraeny and the City Council who placed an increased emphasis on the role of healthy neighborhoods in Chandler's future. Initiatives such as the Mayor's Listening Tour, the Voluntary Demolition Program and the development of a Leadership Academy for members of Traditional neighborhoods helped to focus the efforts of the Neighborhood Resources Division on those actions which will improve neighborhood livability over the long term.

The City carries out numerous activities to meet the needs of and enhance the quality of life of residents, leveraging a variety of funds from other federal, state, local and private sources. In order to demonstrate how the City's programs and activities work together in carrying out our objectives, the annual performance report includes activities funded with non-federal funds.

## EXECUTIVE SUMMARY

### HOUSING

- Provided emergency home repairs for 86 low and moderate income owner households through a CDBG-funded nonprofit-managed program.
- Four first-time homebuyers bought homes assisted through the NSP, HOME, and ADDI funded Chandler Community Land Trust Program.
- Assisted Catholic Charities – My Sisters Place, a domestic violence shelter, with the purchase of two permanent playground structures.
- Made improvements to the Chandler Public Housing Stock, using CDBG funds that benefitted 477 occupants of Public Housing Units.

### HOUSING AFFORDABILITY

- Provided Housing Choice Vouchers to 480 households, preserving the affordability of decent, safe and sanitary rental housing.
- Operated 303 units of affordable public housing.
- Partnered with ARM of Save the Family to use NSP funds to rehabilitate 6 housing units purchased in 2010-2011. The units are now occupied by families earning less than 50% AMI.

### NON-HOUSING COMMUNITY DEVELOPMENT

- Provided funding to a neighborhood nonprofit for a major expansion project. The Chandler Christian Community Center the Project will expand the facility by 2,500 sq. ft., adds energy efficiency improvements and improves utilization of existing space.
- Provided funding to a community center to address flooring problems and other minor renovations.
- Provided funding to a domestic violence shelter for new playground equipment.

### HOMELESSNESS

- CDBG and AOK funding provided 4,966 bed nights of shelter for the homeless.
- CDBG, AOK, SSF, and YEP funding provided 8,083 bed nights of shelter for victims of domestic violence.
- AOK funding provided resource referrals to 2,551 individuals.
- Provided CDBG funds to 7 programs that provided emergency and transitional shelter for homeless individuals and families and victims of domestic violence. These programs assisted 485 homeless individuals and families.
- Participated in the annual homeless street count, Project Connect and hydration stations during the summer months.
- Used Homeless Prevention and Rapid Rehousing Program (HPRP) funds helped 175 Chandler families avoid homelessness or become re-housed after becoming homeless.

### SPECIAL POPULATIONS

- Supported with CDBG funds a program that provided 519 individuals with crisis care and medical detoxification in a substance abuse emergency.
- Through General Fund resources, funded:
  - ✓ Three programs that provided 54 victims of domestic violence with shelter and supportive services that allowed them to gain self-sufficiency.
  - ✓ Five programs that provided 268 disabled youth and adults with various services.
  - ✓ Three programs that provided 857 seniors with assistance to meet their basic needs, including food, clothing and transportation.

### ANTI-POVERTY AND HUMAN SERVICES

- Provided funds to assist 1,016 low-income Chandler residents with tax assistance through the Volunteer Income Tax Assistance Program (VITA).
- Operated the Chandler Public Housing Youth Program, which provided educational and skill building programs to encourage youth to become involved in positive activities, complete homework, and participate with the Chandler Boys and Girls Club team sports. CDBG and General Funds benefitted 1,007 youth participating in this program.
- Provided 281 families with emergency financial assistance to prevent evictions and utility shut-offs through the Community Services of Arizona Community Action Program.
- The Child Crisis Center assisted 80 families through services such as foster care, adoption and emergency shelter programs. The Center's Resource Center operated a variety of activities such as play groups, children's anger management, active parenting classes, parenting a child with ADHD and baby care.
- Utilized CDBG funding to provide attorneys and legal advocates for free to resolve civil legal problems for 319 low-income Chandler residents through Community Legal Services.

### LOCAL / LEVERAGE RESOURCES

- The Acts of Kindness (AOK) program collected voluntary donations through the City of Chandler utility bill program and through employee donations. The program allocated funds to 6 programs that collectively served over 14,700 Chandler residents.
- The Social Services Fund (SSF) committed funds to 11 programs that collectively served over 44,555 Chandler residents.
- The Youth Enhancement Program (YEP) committed funds to 18 programs that served 24,445 youth and their families.
- City of Chandler removed graffiti within targeted zip code-85225 benefitting more than 1,200 residents.

See the funding table on page 10 for a complete list of CDBG projects funded, amounts expended, and number of persons assisted.

### HOUSING

#### CDBG and HOME Funding Assisted 93 Low and Moderate Income Households with Housing Rehabilitation & Emergency Home Repair Assistance

The City utilized CDBG and HOME funds for substantial housing rehabilitation, exterior improvements, ADA accessibility improvements, and emergency home repair programs. These programs are operated by the City of Chandler with the exception of the Emergency Home Repair program. All programs are available throughout the city, and available to low and moderate income owner-occupied households.

- **Housing Rehabilitation Program:** provides substantial repairs such as electrical and plumbing systems, heating and cooling, roof repairs and other items that make a home dangerous or uninhabitable.
- **Exterior Improvement Program:** addresses roofing, painting, landscaping and other exterior elements that visibly impact the home and the neighborhood.
- **ADA Accessibility Program:** modifies bathrooms, doorways and other areas to improve accessibility for a disabled family member.
- **Emergency Home Repair Program:** assists with repairs that represent an imminent threat to health and safety such as roof leaks, plumbing leaks or HVAC repairs. This program is operated by Community Services of Arizona.

<b>Total</b>	<b>142</b>	<b>64</b>	<b>36</b>	<b>\$902,148</b>

#### Affordable Rental Housing

Affordable Rental Movement (ARM) of Save the Family purchased 6 patio homes or condo units in 2009-10 using NSP 1 funding. The homes were rehabilitated by ARM in 2010-2011, and were then made available as permanent affordable rental housing for formerly homeless and working poor families making less than 50% AMI. All 6 homes have been rented to eligible families.

#### First-Time Homebuyer Programs

Newtown Community Development Corporation provided first-time homebuyer programs utilizing Neighborhood Stabilization Program (NSP), HOME and American Dream Downpayment Initiative (ADDI) funds.

- **Chandler Land Trust:** The Community Land Trust provides a homeownership opportunity where the land is held in a community trust. The buyer purchases the improvements, making the home more affordable, especially for lower income homebuyers. In 2010-2011, the City funded Newtown with both HOME and NSP 1 funding which assisted in developing this program.
- **Down Payment Assistance (DPA):** Up to \$10,000 in NSP funds provided some homebuyers that needed additional financial assistance to ensure home affordable for the family. A small amount of American Dream Downpayment Initiative (ADDI) funds also provided down payment assistance.

Accomplishments	31-50% Low	51-80% Moderate	\$ Spent

<b>Total</b>	<b>1</b>	<b>4</b>	<b>\$857,006</b>

\* This amount includes homes purchased and under rehab by Newtown, but not yet sold to a first-time homebuyer.

#### Public Housing and Housing Choice Vouchers

The Chandler Public Housing Authority (PHA) responds to the needs of extremely low income, low income and moderate-income families. The Public Housing program and Section 8 program are designated by HUD as "High Performing." The City's PHA manages 303 public housing units and 480 Housing Choice Vouchers. In addition, the Housing and Redevelopment Division operates 4 scattered-site senior homes in gated, designated adult communities as a non-federal affordable housing venture.

Two-thirds of the City's 303 public housing units are more than 40 years old. While overall management and capital improvement of these apartments is well-implemented, CDBG funding is a crucial resource to assist with renovation and maintenance issues that cannot be addressed with current funding.

Using CDBG funds, the Chandler Housing Section made exterior improvements at various public housing sites including grounds improvements, kitchen and bathroom improvements, A/C replacement and ductwork. These projects benefitted 477 residents in Public Housing.

## 2010 – 2011 Consolidated Annual Performance Report

### 2010 Housing Goals

- Increase homeownership through first-time homebuyer and down payment assistance programs.
- Increase the quality of owner-occupied housing through rehabilitation assistance to low and moderate income households.
- Increase the habitability of owner-occupied housing with emergency home repair assistance.
- Increase the supply of affordable owner-occupied housing and permanent affordable rental housing through acquisition of existing housing stock that is sold or rented to low and moderate income households.
- Preserve affordability of decent, safe and sanitary rental housing through the Housing Choice Voucher Program.
- Increase the supply of affordable housing stock by continuing to partner with agencies to acquire and rehabilitate housing for purchase and/or rental.
- Assist homeowners at-risk of foreclosure by partnering with nonprofit housing counseling agencies to provide foreclosure prevention services in Chandler.

NOTE: Chandler is a member of the Maricopa HOME Consortium. Chandler's housing, homeless and special needs activities are officially planned and reported through the Consortium. Activities are presented here to portray a complete description of Chandler's activities.

## CDBG PUBLIC SERVICES ACTIVITIES - HOMELESSNESS

Addressing the needs of homeless families and individuals is a high-priority of the City as identified through a 2007 Human Services Needs Assessment. During the program year, the City provided CDBG support to seven nonprofit organizations that offer shelter and services to homeless individuals and families and victims of domestic violence. In addition, the City actively participated in the Maricopa Association of Governments Continuum of Care; the annual regional homeless street count; Homeless Connect project; and hydration stations during the summer months. Additional shelter and services were funded with leverage resources from the City's general fund, described on pages 20 through 25.

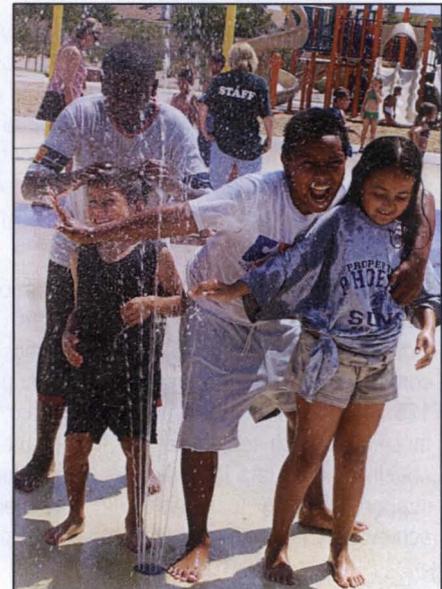

### Public Services Activities/Homelessness

- **A New Leaf - La Mesita Family Homeless Shelter** is the only emergency shelter in the East Valley that delivers comprehensive services in a single location for homeless families with children. The shelter provided 31 Chandler families with emergency shelter and case management services. Families may stay at the shelter up to 120 days.
- **A New Leaf - The East Valley Men's Center** provides the only beds for single, adult, homeless men in the East Valley and served 14 homeless Chandler individuals. EVMC maintains 84 shelter beds in a highly structured environment that requires each resident to remain sober, save money and make progress towards achieving self-identified goals for economic and social self-sufficiency. EVMC's unique program is free and predicated on each resident finding and keeping gainful employment; and making a commitment to stay in the program and get off the streets.
- **Labor's Community Service Agency** – Transitional Housing provided monthly utility costs for 5 Chandler families occupying transitional housing units. The transitional housing program assists homeless families to address their social and financial responsibilities through comprehensive case management. These services are designed to move the family from homelessness to permanent housing. Families in transitional housing work toward self-sufficiency during the year, upgrading or maintaining long-term employment and children moving up a grade level.
- **Save the Family Homeless Families Intervention** provided housing and case management to 63 Chandler families. The goal of the program is to move previously-homeless families towards self-sufficiency and permanent housing. Clients work toward their self-sufficiency goals while maintaining full-time employment criteria necessary to fulfill their self-sufficiency goals.

# CITY OF CHANDLER

## 2010 – 2011 Consolidated Annual Performance Report

- **Central Arizona Shelter Services** – The Adult Shelter provided 231 homeless Chandler adults, over the age of 18, with emergency shelter and supportive services.
- **Save the Family FACES Program** provided intervention education services necessary to Chandler families for successful transitioning from homelessness to permanent housing. FACES served 23 transitioning families.
- **The UMOM New Day Shelter** provided Chandler families with emergency shelter services. In addition to shelter and program services, UMOM staff provided case management, counseling and childcare to 11 homeless individuals.

### 2010 Homeless Goals & Accomplishments

The City of Chandler made significant progress in addressing homeless goals. Chandler's success is reflected in the following:

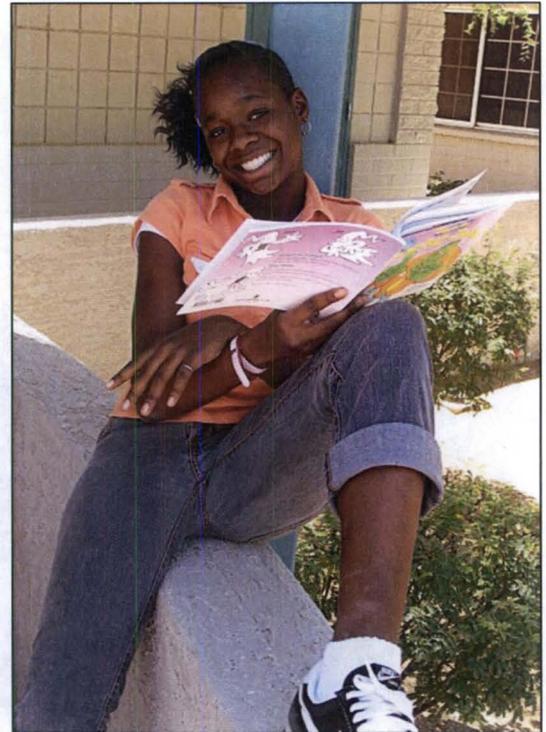

- Supported prevention and education programs that provide financial and case management assistance to those facing homelessness.
- Provided financial and technical support to programs that provide emergency and transitional shelter for homeless individuals and families and victims of domestic violence.
- Supported regional Continuum of Care activities to serve the homeless including the regional homeless count via Project Connect project and hydration stations during summer months.
- Prioritized funding and support to the homeless population as identified in the city wide Human Services Needs Assessment, cited as the second highest priority population category.
- Partnered with the faith-based community, homeless advocates, service providers and other volunteers to complete the 2011 Homeless Street Count. Sixty-five (65) homeless persons were identified in 2011 compared to twelve (12) homeless persons counted the previous year depicting a 541% increase. The increase is attributed to enhanced participation and dedication of the partnership in the 2011 Count.

## PUBLIC SERVICES ACTIVITIES/NON HOMELESSNESS AND SPECIAL POPULATIONS

### CDBG Public Services – Non Homeless and Special Populations

During the 2010 Program Year, the City allocated 14.5% of its CDBG funding for public services activities. In addition to shelter and services for the homeless and City-operated resource and referral programs, the City utilized CDBG funding to support three programs to meet the needs of poverty-level households and special populations.

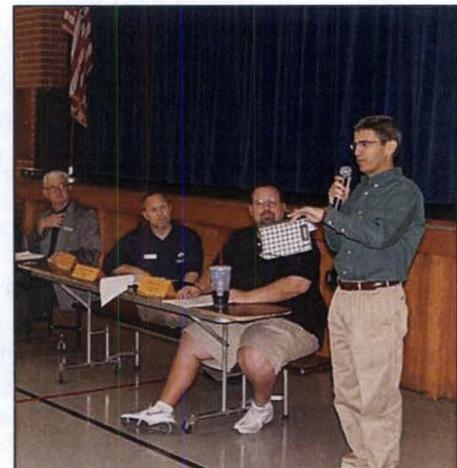

- **City of Chandler Housing Afterschool Program** provided afterschool and daily recreation programs for 277 youth residing with their families in public housing. The Chandler Boys and Girls Club partnered with the Housing Youth Program, utilizing the recreation room as an official clubhouse. A Club leader worked with the housing leaders to provide programming and activities. An annual family fun fest was one of those activities – providing residents an opportunity to meet their neighbors.
- **Community Legal Services** – Legal Advocacy for Low Income Chandler Residents provided free legal advice. Attorneys and legal advocates worked to resolve civil and legal problems for 319 low-income Chandler residents. Services included self-resolution instruction, document review, advice clinics and direct representation. The program assisted residents with a variety of legal issues including consumer/finance, family law, health, housing, income maintenance and education.
- **Community Bridges** provided substance abuse crisis and medical detoxification services to 519 Chandler working poor and homeless individuals. Seventy-five percent of those who received crisis care completed the program protocol. Peer support services were offered to 125 individuals involved in the program. The program supervised mobile outreach teams reaching 41 homeless and chronic substance abusing individuals in Chandler. Community Bridges offered ongoing support services for patients in treatment and developed realistic, achievable and comprehensive relapse plans when appropriate.

### 2010 Human Services and Anti-poverty Goals

To arrest further economic decline and assist households in crisis, funding was directed to human services intervention and prevention strategies to meet the basic needs of Chandler's low and moderate income households:

- Food and clothing.
- Emergency and transitional shelter with services.
- Crisis assistance to move through personal and systemic barriers.
- Credit and housing counseling.
- Job skills development programs.
- Asset-building strategies.
- Assistance navigating social and economic systems.
- Physical and mental health services.
- Eviction and foreclosure prevention programs.
- Rental assistance.

## 2010 – 2011 Consolidated Annual Performance Report

### Addressing Underserved Needs

In addition, the City has staffed a faith-based coalition named "For Our City" which partners with local nonprofits to meet community and nonprofit needs. There are approximately 100 faith-based organizations that help identify gaps in community services and help provide assistance to meet those gaps.

Chandler participated in a Project Connect event partnering with the Town of Gilbert in September 2010. The project provided homeless individuals and families with meals, basic needs and social service resources such as birth certificates and access to apply for food stamps and medical benefits.

### Addressing the Needs of Poverty-Level Households

In addition to CDBG-funded activities, the City endorsed several actions to address obstacles toward meeting underserved needs. For example, Chandler partnered with Community Services of Arizona, CARE Center, Sun Lakes Country Club and First Credit Union to provide the Volunteer Income Tax Assistance (VITA) program. The program provided free income tax assistance and banking resources to assist low-income persons with obtaining eligible Earned Income Tax Credits. Chandler's VITA program utilized 1,500 volunteer hours and reached more than 1,016 residents that assisted clientele with 794 tax returns filed and resulted in \$1,317,276 in refunds to area residents.

Under a Mayor's initiative, Newtown provided free foreclosure prevention counseling in the City's Neighborhood Resources Office every Wednesday. Newtown's counselors are HUD-certified.

Additional human services activities and programs are described on pages 20 through 25. The activities and programs assisted the City's most vulnerable individuals and families. The City is committed to implementing broader-based goals that utilize and leverage local resources effectively.

### Foreclosure Survival and Prevention Workshop

The City of Chandler and the Arizona Foreclosure Prevention Task Force held a two-day event in downtown Chandler in November 2010 to help homeowners facing foreclosure. The free workshops provided homeowners who are struggling to keep their homes the opportunity to meet with their lenders and HUD Certified Counselors. Presenters also provided information on foreclosure prevention, the Save My Home AZ program, crisis budgeting, rebuilding after foreclosure and avoiding scams.

### CDBG Program Expenditure Summary

Entitlement	Program Income	Prior Year Balance	Expenditures	Balance

** as of August 4, 2011; not including end of year adjustments that may take place through August 30, 2011				

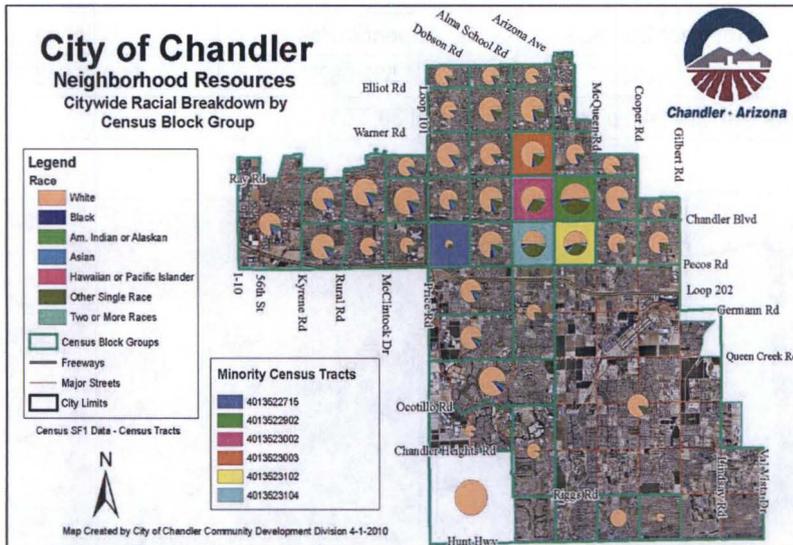

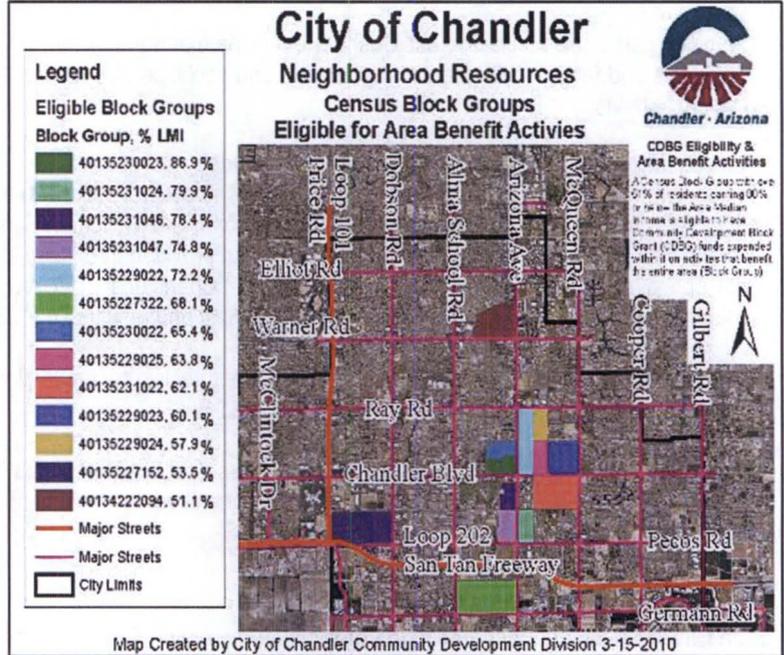

### GEOGRAPHIC DISTRIBUTION OF ACTIVITIES

#### Community Development Target Areas

There are thirteen Community Development Target Areas in Chandler. Community Development Target Areas are Census Tract Block Groups where at least 51% of the population is low or moderate income.

- 18,863 households reside in these target areas.
- 49% of the people are Hispanic or Latino.
- 41% of the people are minorities, and may also be Hispanic or Latino.
- 68% of households are low- or moderate-income.

During 2010-2011, the Housing Rehabilitation, Exterior Improvement and Home Modification Programs were available throughout the City including the Target Areas. No projects or programs were funded exclusively in the Target Areas. CDBG and HOME funded housing rehabilitation and Emergency Home Repair assistance was provided to 36 owner-occupied households in the Target Areas, improving the quality of life for area residents.

#### Areas of Minority Concentration

Areas of minority concentration are those in which the proportion of minorities is 10% or more than the proportion of minorities as a whole. According to the 2000 Census, seven Census Tract Block Groups in Chandler have a disproportionate concentration of minorities. Five of the seven Block Groups are also Community Development Target Areas.

During 2010-2011, the City provided Emergency Home Repair assistance to 29 homeowners in Areas of Minority Concentration, improving the quality of life for area residents.

**GEOGRAPHIC DISTRIBUTION OF ACTIVITIES**

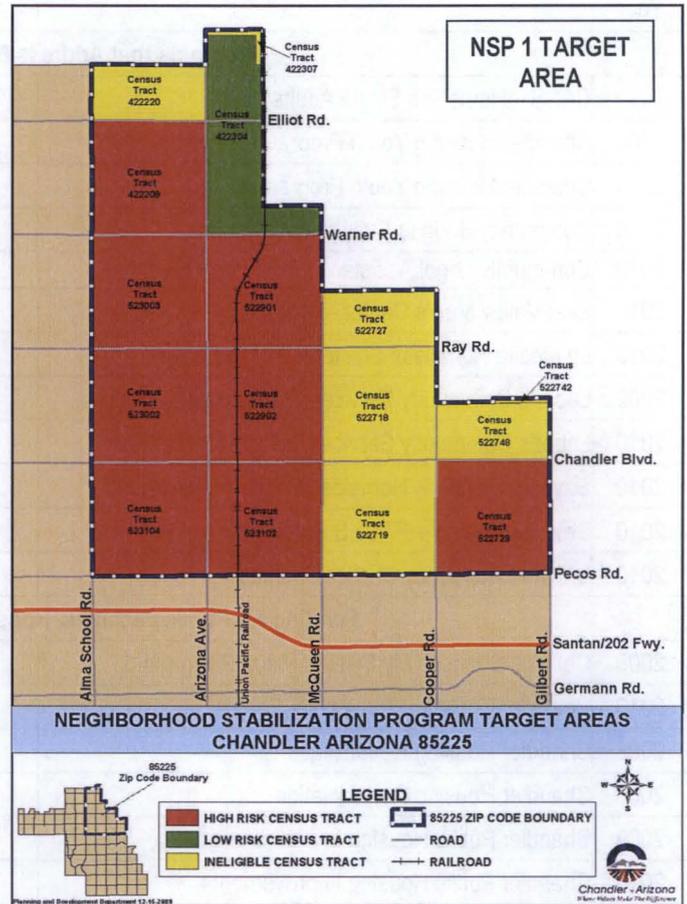

**NSP 1 Target Area**

The Target Area for NSP 1 was quite broad including most of Chandler's 85225 zip code. The NSP 1 Target Area map illustrates that most of this area is identified as a high-risk. NSP 1 funds used specifically in this area resulted in a total investment of nearly \$2 million funds through June, 2011. The funds were used by nonprofit organizations to purchase and rehab foreclosed homes.

Since the program's inception, 6 homes were purchased by ARM of Save the Family. These homes have been made available to families that were recently homeless and/or have limited income. The homes are managed by ARM, providing long-term stability for the neighborhoods where the homes are located.

Thirteen (13) homes were purchased by Newtown CDC for use in their first-time homebuyer program. After the homes are rehabilitated, they are sold to income eligible first-time homebuyers using the community land trust model of homeownership. The Chandler Community Land Trust holds the land in trust, allowing the homeowner to purchase the home built on the property. This makes homeownership more affordable for these moderate income homebuyers. Newtown will continue to manage the homes in the Chandler Land Trust for 99 years.

Both of these programs took vacant, foreclosed homes that were a blight within the neighborhoods and revitalized the blighted homes into housing that enhances the long-term stability for the neighborhood.

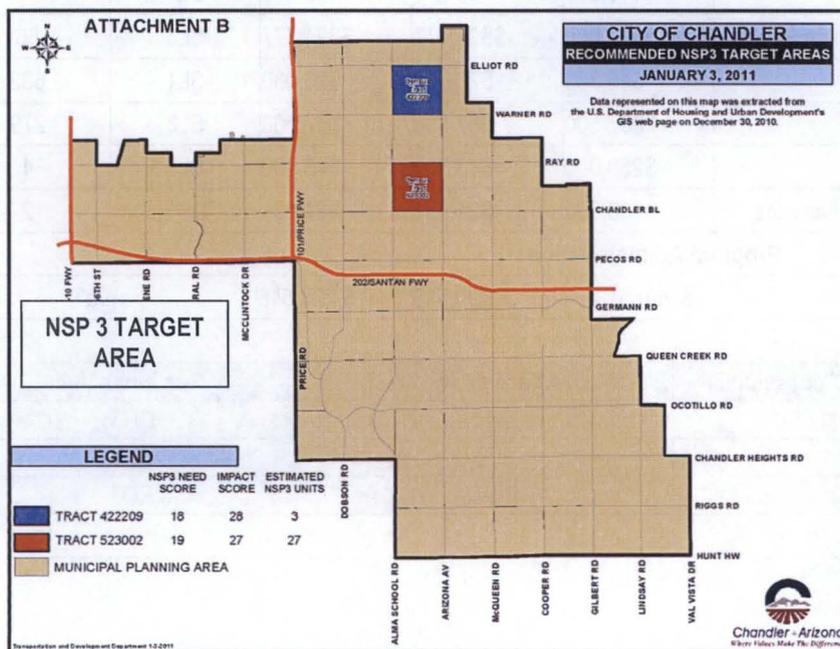

**NSP 3 Target Area**

The HUD Mapping tool and process for determining Target Areas for NSP 3 required the City to focus its efforts and outcomes in a more concentrated area compared to NSP 1. The NSP 3 map to the left illustrates these areas and the number of homes expected to be purchased in each area, representing a total NSP 3 investment of \$1,332,011.

Chandler's NSP 3 activities include a homebuyer and affordable rental program. A down payment assistance program for first-time homebuyers. The Chandler Land Bank Program. The Land Bank Program will assemble blighted, residential properties in a small target area for redevelopment that will create new housing units.

All of Chandler's NSP 3 activities will begin in FY 2011-12.

## 2010 – 2011 Consolidated Annual Performance Report

### Fair Housing

The City of Chandler is committed to fair housing for all. As part of Chandler's five year planning process, the City created a new Analysis of Impediments (AI) to Fair Housing Choice in 2010. Fair Housing activities during the year include:

1. Held two public hearings and distributed a survey resulting in 275 responses as part of the AI process. Conducted other outreach activities with the public, housing and planning staff, Boards and Commissions and others to collect information and encourage input regarding Chandler's new Analysis of Impediments for Fair Housing Choice.
2. Provided fair housing information:
  - Through the City's Community Development and Public Housing / Section 8 webpages for tenants, homebuyers and landlords;
  - In English, Spanish and other languages on the Public Housing / Section 8 website;
  - Via an informational video demonstrating discrimination examples and characteristics.
3. Publicized and attended a regional fair housing training event.
4. Promoted Fair Housing Month by providing the following activities:
  - a. A Council Proclamation during a regular City Council meeting.
  - b. Information on the City website and an electronic flier sent directly to staff.
  - c. Two public service announcement slides on the city cable channel.These activities took place during April, 2011 to publicize Fair Housing Month and promote fair housing in Chandler.
5. Provided on-site fair housing training for all City housing staff.
6. Provided space at City offices for HUD Certified Counselors to assist residents with becoming a homebuyer and with foreclosure prevention issues.
7. Supplied public housing and Section 8 recipients copies of *Fair Housing, It's Your Right, Ten Most Common Mistakes* and a City fair housing complaint form were included in all briefing packets.

The City of Chandler invested over \$12,000 for outreach activities and the creation of a new Analysis of Impediments that was submitted to HUD on March 31, 2011.

### Outreach to Minority and Women Owned Businesses

As stipulated by HUD Regulation 24 CFR Part 84, the City of Chandler includes contract language, requiring developers to ensure a good faith effort to involve minority and women owned business as contractors and subcontractors in federally funded projects. The City of Chandler includes the Minority and Women-Owned business outreach requirements in all applicable contract language with sub-recipients. Sub-recipients forward flyers, Request for Proposals, and other program documents to specific minority and women owned business organizations. The City provides sub-recipients with technical assistance to locate specific minority and women-owned business organizations depending upon the type of outreach efforts conducted.

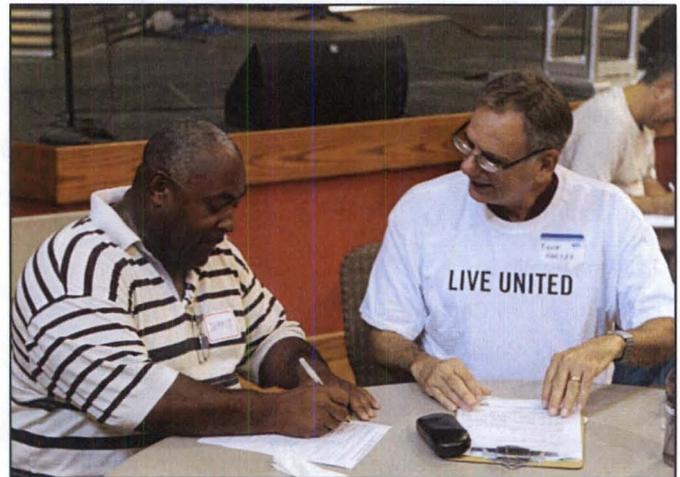

### Lead-based Paint Activity

The City of Chandler has taken actions to evaluate and reduce lead-based paint hazards. Although only 3% of the total housing stock in the City of Chandler is at risk of lead based paint, the City educates and provides information to all recipients of federally funded housing programs on the hazards of lead based paint.

All recipients of federally funded programs receive a copy of the manual, "Protect Your Family From Lead Based Paint."

All rehabilitation programs or projects that involve housing units constructed before 1980 include lead hazards testing and abatement in accordance with HUD's Lead Based Paint Regulation 24 CFR Part 35 et, al.

Educational materials on Lead Based paint are available at the Community Development Division and Public Housing Office.

### Monitoring

The City of Chandler regularly conducted internal audits of its departments to ensure that funds were being properly utilized and accounted for. In addition, outside agencies were regularly monitored for compliance utilizing a standard monitoring tool. The following items were included in contract monitoring:

- Organizational Summary
- Prior Monitoring Results Summary
- Contract Compliance
- Affirmative Marketing
- Non-Discrimination and Equal Access
- Section 504 of the Rehabilitation Act of 1973
- Drug Free Workplace
- Records Retention
- Citizen Participation
- Employee Verification
- Financial Audits and Reports
- Match
- Program Income
- CHDO Proceeds
- Environmental Review
- Procurement
- Section 3
- Federal Labor Standards
- Lead Based Paint Hazards
- Relocation
- Affordability
- Recapture vs. Resale
- Program Beneficiaries
- HPRP Supplement
- Program Beneficiary Sheet

Staff conducted a risk analysis of organizations and projects funded in 2010-2011. Factors in the analysis include the amount of funds awarded, staff turnover, and previous monitoring issues. The risk analysis identified three organizations that received an on-site monitoring visit. The visits covered eight different programs; one visit was a team visit with several other cities.

The purpose of an on-site monitoring visit is to verify that the scope of work and other requirements for each contract were completed according to the contract's provisions. Monitoring visits include interviews with appropriate program and financial staff, review of client files and financial records, and inspection of other relevant agency documents. After addressing any issues identified during the visit, a monitoring close out letter is sent to the organization identifying findings, concerns and suggestions.

Staff also provides technical assistance as needed to resolve findings or concerns identified during the monitoring process.

### Citizen Participation

For the 2010-2011 CAPER, the City will hold two public hearings:

1. September 8, 2011 in the Chandler City Council Chambers.
2. September 14, 2011 in the Neighborhood Resources Office.

The public hearings were advertised in the Arizona Republic and posted in public places, including Chandler public housing locations and the Neighborhood Resources office.

Notices included meeting locations; dates and times, key staff contacts and the availability of the draft CAPER. The notices identified other program-related documents relevant to the program year. The CAPER was posted on the City's website.

Public Comments on the CAPER received during the public comment period will be incorporated into this document. See page 30 for a summary of public comments received regarding the 2010-11 CAPER.

### Overcoming Regulatory Barriers

As new construction permitting slowed, the City had an opportunity to closely examine methods to reduce regulatory barriers to affordable housing development. One important strategy identified methods for incorporating affordable housing into downtown and area redevelopment plans.

The City established a goal of 1,000 new housing units in the downtown area through the South Arizona Avenue Corridor study. The goal introduced a mix of households to the downtown area, and created a vibrant urban-living environment. Streetscape improvements to Arizona Ave. were finalized in 2010-2011. Continued improvements in the corridor will address blight conditions in the area.

Balancing the need to redevelop existing neighborhoods is an opportunity to examine regulatory barriers and build new strategies for mixed-income and mixed-use development.

During the year, the City continued its Residential Infill Program to promote the demolition of substandard homes and new construction within the area north of Pecos Road and ½ mile east of Price Road going north to the City limits. The area includes many of the City's oldest homes and Community Development Target Areas.

Since 2005, Chandler has an agreement with Habitat for Humanity Central Arizona to help the organization provide modern, energy-efficient homes in some of the city's older neighborhoods just south of downtown.

The City Council approved loans to Habitat for Humanity in three installments (in 2005, 2006 and 2008) of up to \$235,000 each for the purchase of property to be used to provide those homes.

The loans were forgiven when Habitat fulfilled the condition of completing five homes within three years of each installment.

Homes built to Green Building Council LEED (Leadership in Energy and Environmental Design) standards were also eligible for infill incentives. Energy Star-rated homes were eligible to receive a 50 percent reimbursement in impact fees while LEED-certified homes qualified for a 100 percent impact-fee reimbursement.

That partnership has resulted in 15 homes being built and sold to qualified buyers. Most of the homes are located along Delaware Street south of Frye Road, Fairview and Kesler streets near Arizona Avenue, and Dakota Street south of Frye Road.

**2010 – 2011 Consolidated Annual Performance Report**

**PERFORMANCE MEASUREMENTS**

**Performance Measurement System**

As part of the performance measurement system, the City requests sub-recipients to include a performance measurement strategy in their funding proposals. The strategy quantifies the long-term and short-term goals, activities, outputs and outcomes for goal achievement. The methodology requires sub-recipients to demonstrate that the services they propose will enhance the lives of clients residing in the City. In addition to requesting client demographics and including individuals and households projections, the City requests annual unit-of-service projections.

The City requires quarterly sub-recipient updates quarterly demonstrating levels of accomplishment toward meeting the original goals and objectives outlining the outputs and activities. The quarterly report measures project achievements applicable to projected outcomes, clients/households served and units-of-service. During the monitoring process, City staff evaluates program year-to-date achievements versus projected achievements. The quarterly monitoring assessment assists in determining and mitigating any unforeseen barrier/challenge developments.

During this program year, the City measured its progress associated with housing, community development and related goals established in the Five-Year Consolidated Plan. In addition to the City's progress, nonprofit and private-sector organizations implement activities that address Consolidated Plan needs. When organizations are seeking resources that require a Certification of Consistency with the Five-Year Consolidated Plan, the City reviews the organizations' program or project, and then issues a Certification.

**Addressing High Priority Housing Needs**

Chandler's Five-Year Consolidated Plan estimated unmet housing needs for high-priority population groups. The highest priority needs are associated with all residents that earn less than 30% and renters that earn less than 50% of the area median income. The table below compares Chandler's Annual Goals with 2010-11 Accomplishments. The City of Chandler surpassed annual goals in the majority of categories.

**Addressing Priority Non-Housing Community Development Needs**

The City identified two types of public facilities and 11 different public services activities as a high priority in the Five-Year Plan. The Plan also identified medium-level priorities. During 2010-2011, the City expended CDBG funds on 3 public facility projects, 1 street improvement project and provided public services to 632 individuals. This investment of resources had significant public impact, including assisting a homeless facility with controlling a bed bug infestation. Within this first year, the City made progress toward the Five-Year Plan's goals and helped meet the needs of Chandler's low- and moderate-income residents. General Fund resources targeted low- and moderate-income populations and leveraged CDBG funding to significantly impact needs as detailed on pages 20 through 25.

### PERFORMANCE MEASUREMENTS

#### Addressing the Housing and Supportive Services Needs of Special Populations

Special needs populations are particularly vulnerable and experience a host of housing and supportive service concerns. The City addressed housing needs by facilitating home modification and housing rehabilitation programs for special populations. Housing and supportive services activities provided by or funded by Chandler addressed the needs of 4,875 (unduplicated) special needs individuals during the program year. The General Fund resource investment targets vulnerable populations and leverages CDBG funding to maximize program impact for the City's special needs population as detailed on pages 19 through 23.

## 2010 – 2011 Consolidated Annual Performance Report

### Program Income

During 2010-2011, the City received program income from its housing rehabilitation programs:

- CDBG-funded activities- \$18,826
- HOME-funded activities - \$35,016
- The City has 46 outstanding loans that require repayment of principal.
- The outstanding principal amount of these loans is \$448,815.

Program income is received through the City's housing rehabilitation programs from payments on previous rehabilitation loans re-paid to the City. Additionally, the City has 73 outstanding loans that may be forgiven in whole or in part over the next 15 years. The outstanding principal amount of these loans is \$2,512,598.

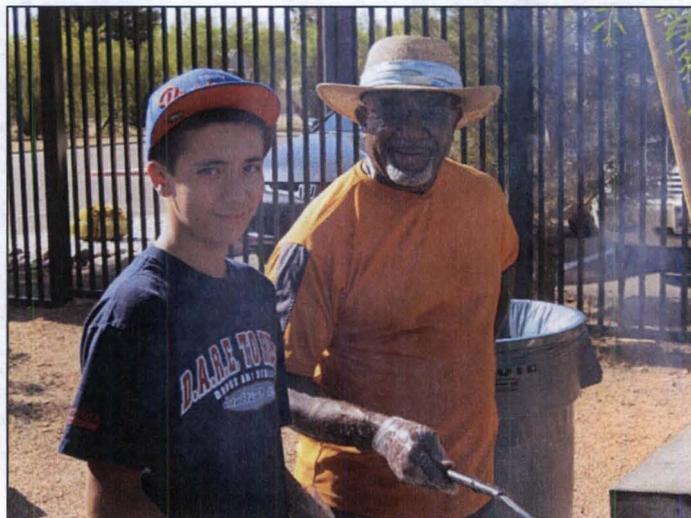

Participants in the City's Housing Rehabilitation Program receive a loan that is partially forgiven with 0% interest, with payment terms determined by the family's household income. A family with a household income of 51% - 80% AMI will repay 50% of the total loan amount over a term of up to 15 years. A participant may borrow up to \$50,000. When underwriting a loan, a total Loan to Value (LTV) of 90% of the current property value is allowed. The 90% LTV requirement has significantly limited the number of eligible applicants for the rehabilitation program. The City is reviewing the current program guidelines and may adjust the 90% LTV and other requirements to make the Housing Rehabilitation and other rehabilitation programs more accessible to income eligible applicants.

Households with an income below 50% AMI are not required to make payments on their housing rehabilitation loans. If the family meets all of the loan requirements, the loan is forgiven at the end of the applicable loan term. These deferred loans are secured and carry other program restrictions. A loan may be assumed by a direct lineal descendent of in the case of a borrower's death or incapacitation. If assumed, the terms and conditions of the original loan remain in place and the property must remain owner-occupied.

Any loan will be due and payable in full if the property is sold, transferred or rented during the term of the loan. This payback will include the original loan amount less the loan payments made on the 0% interest loan. It is expressly understood that a borrower owes the unpaid balance of the entire amount loaned including any amount forgiven.

### Minimizing Displacement

City staff works with all programs and projects to identify alternatives to activities that may cause displacement. To minimize displacement and relocation, the City follows a written Residential Anti-Displacement and Relocation Assistance Plan. The policy states that the City of Chandler will make reasonable efforts to ensure that activities undertaken with CDBG and HOME program funds will not cause unnecessary displacement. The City administers the CDBG, HOME and NSP Programs so that careful consideration is given during the planning phase to avoid displacement. For example, the first-time homebuyer programs are restricted to acquiring homes that are vacant or are a voluntary sale by the owner-occupant. Non-voluntary displacement, of any nature, is reserved as a last resort when no other alternative is available and the activity is determined necessary to carry out a specific goal or objective that benefits the public.

**CITY OF CHANDLER**  
**2010 – 2011 Consolidated Annual Performance Report**

**RECOVERY ACT PROGRAMS**

**Community Development Block Grant – Recovery (CDBG-R)**

On August 18, 2009, the City of Chandler received notification from HUD of \$376,240 available under the Community Development Block Grant Program Recovery (CDBG-R) Program. The funds were part of \$1.5 billion designated for this purpose by Title XII of the 2009 American Recovery and Reinvestment Act (Recovery Act).

The City identified the Knox Road Traffic Calming Project as the CDBG-R Recovery Act Fund Project. Work commenced on the Knox Road Traffic Calming Project in, May 2010. Work included the installation of median islands, a raised crosswalk with decorative pavers, enhanced landscaping, improved catch basins, ADA accessible ramps and driveways and other improvements. The project is complete except for some modifications to address local flooding. The project is expected to be 100% complete by fall 2011.

Through June 30, 2011, the total number of jobs created on the project equaled 17.37 full time equivalent positions (FTEs).

**Neighborhood Stabilization Program**

In 2008, the City of Chandler received Neighborhood Stabilization Program, or NSP 1 funds from HUD in the amount of \$2,415,100. The primary purpose of NSP is to stabilize neighborhoods hardest hit by foreclosed and abandoned homes. The City of Chandler Zip Code 85225 was identified by HUD as one such area.

The City developed the Chandler Community Land Trust Program in cooperation with Newtown Community Development Corporation. In this program, Newtown purchases vacant foreclosed properties in the NSP target area and sells only the structure to income-qualified homebuyers, with the Land Trust retaining ownership of the land. With this program, the cost of the purchase is reduced as the owner is purchasing only the structure. Upon sale, the owner shares the equity in the home with the Land Trust, yet the home remains affordable indefinitely as it may be sold only to another income-qualified buyer. In 2010-2011, four homes were rehabilitated by Newtown and purchased by first-time homebuyers. Three of these homebuyers also received down payment assistance that helped make their house payment affordable.

ARM of Save the Family was awarded NSP funds to purchase and rehabilitate six homes that will be added to ARM's portfolio of permanent affordable rental housing that ARM rents to formerly homeless families and working-poor families making less than 50% AMI. All six homes were purchased in late 2009-10. In 2010-2011 the homes were rehabilitated and rented to eligible families.

The City of Chandler reallocated over \$150,000 in NSP 1 administrative funds to a new activity, the Chandler Land Bank. This activity will acquire and demolish blighted residential properties in a Chandler target area, assembling land for residential redevelopment. The first property is expected to be acquired in the first quarter of 2011-12.

Chandler was awarded \$1,332,011 in NSP 3 funds in 2010 -11. Funds were allocated to:

- Homebuyer Program - Community Land Trust-Homebuyer Program \$492,447
- Homebuyer Program - Downpayment Assistance \$200,000
- Permanent Affordable Rental Housing \$419,643
- Chandler Land Bank Program \$150,000
- Program Administration \$ 69,921
- 

The NSP 3 activities listed above were approved by HUD in March 2011 and will begin during FY 2011-12.

**Homeless Prevention and Rapid Re-Housing Program (HPRP)**

In 2009, the City of Chandler received \$575,271 in Homeless Prevention and Rapid Re-Housing Program funds (HPRP) from HUD. The program is designed to address the growing homeless population specifically created by the recession. This targeted population consists of people who were historically economically stable, but had suffered job loss or a similar sudden economic shock. This population is more likely to regain employment, and as a result, HPRP assistance has a strong temporary focus.

In October of 2009, the City contracted with eight nonprofits to provide HPRP assistance to Chandler residents. As of June 30, 2011, \$497,467, or 86% of Chandler's total HPRP allocation was expended under this program. These expenditures have assisted 805 individuals and 288 households.

Community Service of Arizona via HPRP funds benefitted 61 families. The program's success is illustrated by the following: A single father of three was recently laid-off and facing eviction. The family received program assistance, allowing them to stay in their home and avoid becoming homeless. Within a few months the father successfully gaining new, steady employment and no longer needed HPRP assistance.

## SOCIAL SERVICES FUNDS (SSF)

Since 1987, the City of Chandler has reserved a portion of General Funds for allocation to social services agencies whose programs assist Chandler's low- and moderate-income families. Funding is available to nonprofits that serve Chandler residents and provide basic needs (food, shelter, medical services and clothing) and transportation services. ## **ATTACHMENT 1 – CDBG PROGRAM CAPER REQUIREMENTS**

HUD requires that all CDBG recipients provide an overview of the results and impacts of the CDBG Program. A list of funded activities, progress in expended funding and units of assistance can be found on page 10. The City measures the outcomes of the CDBG program and their relationship to the goals and objectives stated in the City's Annual Action Plan for the program year.

### **Use of CDBG in Meeting Priorities.**

CDBG funds were used to meet a variety of the Priority Needs identified in the Consolidated Plan. The Executive Summary and accomplishments tables in this CAPER detail the City's use of CDBG funds.

### **Nature and Reasons for Changes in the CDBG Program.**

Chandler amends its housing and community development programs to utilize current funding to provide multiple programs to address current resident concerns. The 2010-2011 Action Plan was amended to include:

- The Voluntary Demolition Program was created to assist owners with demolishing vacant, dilapidated residential structures that are a blighting presence in the neighborhood.
- The establishment of a Land Bank Program in the NSP 1 target area includes the activities of acquisition and demolition of sub-standard, blighted structures. The ultimate purpose is site redevelopment and creation of on-site mixed-income housing opportunities.
- NSP 3 funding was allocated to:
  - ✓ The Chandler Community Land Trust Program- to increase the affordable housing stock for first time homebuyers.
  - ✓ A Down Payment Assistance Program- also for first time homebuyers.
  - ✓ Permanent Affordable Rental- to purchase and rehabilitate homes- that will provide permanent affordable rental housing for previously homeless and low income Chandler families.
  - ✓ The Chandler Land Bank Program- to acquire and demolish dilapidated, blighted units in a NSP Target Area.

### **Action Plan Leverage.**

The City received additional leverage resources to implement grant programs. Local sources include the Acts of Kindness (AOK), Social Services Funding (SSF), and Youth Enhancement Program (YEP). Together these programs address the needs of more than 83,700 Chandler residents.

### **National Objectives Compliance.**

All City CDBG projects meet the national objective of addressing issues for the provision of slum and blight or low-to-moderate income benefit.

### **Activities to Minimize Displacement.**

The City works with all CDBG, HOME, ADDI and NSP funded programs and projects to identify alternatives to activities that may cause displacement. The City follows a written Residential Anti-Displacement and Relocation Assistance Plan. For example, the plan allows homebuyer assistance to be provided only to buyers who acquire homes that are vacant or are a voluntary sale by the owner-occupant.

### **Program Income.**

See page 18 for a full description.

### **Areas of Minority Concentration.**

See page 8 for a full description.

### **Action Plan Implementation.**

City staff works diligently with local agencies and community groups to implement the Annual Action Plan. Staff provides technical assistance to applicants for HUD programs.

## ATTACHMENT 2 – SELF-EVALUATION

The Five-Year Consolidated Plan and Consolidated Annual Performance Report (CAPER) documents are designed to assist officials, staff and citizens in capturing the larger picture of how a 3 to 5 year plan for housing and community development related programs are effective in collectively solving neighborhood and community problems. Moving beyond the compilation of program outputs, the Consolidated Plan and CAPER are focused and results-driven. The program outputs allow the community to assess progress based on priority needs and specific objectives identified in the Five Year Plan and Annual Action Plan. This self-evaluation answers important questions asked by HUD to ensure that the community's vision becomes a reality.

### **Are the activities and strategies making an impact on identified needs?**

The output/outcome measurement system assists in quantifying the impact made by the CDBG, HOME, ADDI, NSP and HPRP funded activities. Specific accomplishments are described in the CAPER narrative and CAPER tables.

City staff works to create positive relationships that ensure organizations successfully implement the projects and programs. Projects funded by the City are visible through their positive impact on low-income neighborhoods and target areas.

### **What barriers may have a negative impact on fulfilling the strategies and overall vision?**

- The State budget crisis has impacted the amount of revenue received by the City.
- Unfunded mandates create a strain on existing dollars.
- While national models for programs exist, many are not appropriate to Chandler.
- Nonprofit agency partners have been facing escalating demand for services at the same time donations have declined.
- Despite reduced capital and land acquisition costs, it is difficult to locate appropriate sites and obtain funding for the development and redevelopment of rental housing.
- The declining economy has severely effected nonprofits' ability to fund raise and to create or maintain new programs.
- There is lack of new Section – 8 Vouchers to implement a Housing First Initiative for homeless individuals and families.

### **What is the status of grant programs?**

- Staff is able to keep most projects on schedule, consistently exceeding annual CDBG expenditure requirements.
- The City's Policy and Procedure manual for CDBG, HOME and NSP funded activities was completely revised and updated.
- The City's funding application and allocation process was completely revised with new funding priorities, application forms and review committee structure. These changes have created a more results-oriented funding application and allocation process.

### **Are any activities or types of activities falling behind schedule?**

Chandler's Housing Rehabilitation program has been slow to expend funds due to staffing issues and the program requirement that applicants have at least 10% equity in their home after adding the value of the rehabilitation work to their current mortgage balance. New guidelines are being developed to make the program more accessible to low and moderate income Chandler homeowners.

### **Are grant disbursements timely?**

Yes. The City's CDBG expenditure ratio was 1.42 on April 30, 2011, the HUD expenditure deadline. This is over \$120,000 below than the maximum ratio of 1.5.

### **Are major goals on target?**

The City is on target with most goals and had a significant number of community development, homelessness and foreclosure prevention and stabilization accomplishments during 2010 -11.

### **What adjustments or improvements to strategies and activities might meet your needs more effectively?**

The City works with neighborhoods, local and regional organizations to address local needs. To improve effectiveness, the City has identified the following adjustments and improvements:

- Continue to assess and revise the City's application, allocation and evaluation processes to identify methods to increase efficiency while addressing the growing demand for services during this time of reduced resources.
- Continue to review existing priority needs and revise them as needed to ensure the current highest priority needs are addressed.
- Complete an analysis of existing infrastructure systems in CDBG eligible areas to identify potential future investment needs.
- Coordinate blight elimination efforts in low-to-moderate income areas with key staff to maximize interdepartmental neighborhood improvements.
