6. RECOMMENDATION: Recommend approval of Agreement ST2-745-3069 for hot mix asphalt material to Vulcan Materials Company for one year in an amount not to exceed \$207,245.

7. BACKGROUND/DISCUSSION: Hot mix asphalt material is used in the repair and maintenance of City streets and is an essential material to have readily available at a reasonable price. The Streets Division has had an annual agreement for hot mix asphalt material for the past eleven years. In the last 12-month period, the Streets Division used 2,125 tons of hot mix asphalt material. The asphalt industry produces large batches of hot mix asphalt material for highway and street paving and patch; however, they do not make each size asphalt each day. Eighty-five percent of the City's estimated annual requirements are for 3/8" hot mix asphalt material for street patching.

8. EVALUATION PROCESS: On November 8, 2011, City staff issued a bid for hot mix asphalt material. Bids were advertised and notices sent to all registered vendors. Eleven (11) suppliers requested the bid package. The bids were opened on November 29, 2011, with the City only receiving one response. Based upon last year's contract, pricing has increased approximately nine percent. City staff is recommending award to Vulcan Materials Company as a responsive bidder. The initial term of the agreement will be January 1, 2012 – December 31, 2012, with options to renew up to two (2) additional one-year periods.
