**SUBJECT:**        ZUP11-0022 ALL J'S DETAIL

**Request:**        Use Permit approval to allow an automotive detailing business within Planned Industrial District (I-1) zoning

**Location:**      7045 W. Galveston Street, Suite 11; north of Chandler Boulevard and east of 54<sup>th</sup> Street

**Applicant:**      Javier Olivas, business owner

**RECOMMENDATION**

Upon finding the request to be consistent with the General Plan, Planning Commission and Planning Staff recommend approval with conditions.

**BACKGROUND**

This application requests Use Permit approval to allow an automotive detailing business within a Planned Industrial District (I-1) zoning district. The subject site is developed with one light industrial warehouse building which is approximately 32,800 square feet in size. Larsen Supply Company, a plumbing and heating equipment and supplies business, occupies approximately 20,800 square feet. All J's detail will occupy the remaining 12,000 square feet. All J's Detail is currently located a couple miles to the east with Use Permit approval and is relocating to the Galveston Street property. The business remains unchanged; the new site is a larger location allowing for more detailing of vehicles.

Surrounding buildings to the west, east, and south are zoned I-1 light industrial. Property to the north is undeveloped land zoned I-1, which is adjacent to existing developed commercial property. There are automotive repair businesses under a Use Permit in the area off of 54<sup>th</sup> Street and an auto body paint and repair shop west of the subject site.

All J's Detail specializes in complete auto detailing including exterior vehicle buffing, waxing, detailing wheels and tires, and interior shampooing and detailing. All J's Detail's main customers are Enterprise Rental Car, DRC Leasing, International Leasing, ATR Leasing, and independent vehicle wholesalers who bring vehicles to the site for detailing. The business is not open to the general public for personal auto detailing, only corporate accounts. All washing or detailing of vehicles occurs within the warehouse or in the rear yard of the property behind the security gates. When vehicles are complete, they are parked in front of the building awaiting pickup. If there is a need for overnight parking of vehicles, this will occur behind the building in the gated area only. There are approximately 10 to 20 vehicles per day.

The request does not represent any use of this property for vehicle maintenance and repair, auto body or mechanical engine work, tire and/or wheel shop, vehicle customization and accessories, sales, leasing, vehicle related retail sales, or the like.

The business operates Monday through Friday from 8 a.m. to 5 p.m. There are approximately 6 to 8 employees. There are approximately 60 parking spaces on the property for use by both tenants. However, the front parking lot's parking space stripes have faded. Planning Staff has advised the applicant that the site's parking spaces including the A.D.A. parking spaces need to be stripped and to coordinate with the property owner.

### **DISCUSSION**

The I-1 zoning district does not permit automotive related uses such as sales, leasing, repair, customization, detailing, and the like without approval of a Use Permit since these are considered commercial not industrial uses. It is not unusual to have automotive uses granted a Use Permit in the I-1 zoning. There are several auto businesses west of the subject site off of 54<sup>th</sup> Street, in the building next to this site, and some south of Chandler Boulevard that have been successful and compatible at their location within an industrial business park.

Planning Commission and Planning Staff are of the opinion that the proposed automotive detailing business is compatible with the other businesses in the immediate area and the mix of uses in the industrial park area. The location provides adequate parking for the business too. The applicant understands and agrees to conditions limiting the business to what is represented as an automotive detailing use only. Planning Commission and Planning Staff recommend several conditions below including a two (2) year time limit since this business has been in operation at another location over one year and has had no issues or concerns.

### **PUBLIC / NEIGHBORHOOD NOTIFICATION**

- This request was noticed in accordance with the requirements of the Chandler Zoning Code.
- A neighborhood meeting was held on October 13, 2011. No one attended other than the applicant.

- As of the date of this memo, Planning Staff is not aware of any opposition or concern with this request.
