SUBJECT: ZUP12-0009 CROOKS CHIROPRACTIC

Request: Use Permit approval for the continued operation of a chiropractic office within a single-family residential home

Location: 100 S. Cooper Road,
 South of the southwest corner of Cooper Road and Chandler Boulevard

Applicant: Leland Crooks, Owner

RECOMMENDATION

The request is for Use Permit approval for the continued operation of a chiropractic office within a single-family residential home for an additional three (3) years. Planning Commission and Staff, upon finding consistency with the General Plan and the Residential Conversion Policy, recommend approval with conditions.

BACKGROUND

The subject site is located south of the southwest corner of Cooper Road and Chandler Boulevard and is currently zoned Agricultural (AG-1). Directly north and south of the subject site are single-family homes. West, adjacent to the subject site is the Consolidated Canal. Directly east, adjacent to the subject site is Cooper Road.

The subject site received Use Permit approval in 1983 to operate a chiropractic office for two years, with the potential of the Use Permit being extended by Council. The Use Permit was

never extended; however remained in operation as a chiropractic office until 1993. In 2006, the property changed ownership and was used as an office. In 2008, a Use Permit was approved to allow the use of the home as a chiropractic office. The building is approximately 1,350 square feet, and employs approximately five. The office is open Monday thru Saturday, with half days on Tuesdays, Thursdays, and Saturdays.

DISCUSSION

With the 2008 approval, conditions were added requiring the home to meet Commercial Design Standards for landscaping due to the home, at that point in time, providing very little landscaping. Following the approval, the applicant planted a number of shrubs consistent with the design standards along the frontage; however, was unable to plant trees in front of the home due to an underground pipe. Landscaping was also added north of parking area, in an effort to create a buffer, and adjacent to the parking lots west side and along the Consolidated Canal. Additionally, a sidewalk was extended to the front of the house, a parking lot was provided, and a screen wall was located along Cooper Road. However, even with all of the additional landscaping that was added the site does not meet the letter-of-the-law for landscaping. Planning Commission and Staff find the current landscaping to meet the intent of the Commercial Design Standards, as well as with similar properties that operate under the Residential Conversion Policy. Additionally, Planning Commission and Staff are supportive of the extension citing the successful operation of the business with a lack of negative impacts to the surrounding area.

PUBLIC/NEIGHBORHOOD NOTIFICATION

This request was noticed in accordance with the requirements of the Chandler Zoning Code.
