MEMO NO. ST13-007

1. Agenda Item Number:

28

2. Council Meeting Date:
October 25, 2012

TO: MAYOR & COUNCIL
THROUGH: CITY MANAGER

3. Date Prepared: October 8, 2012

4. Requesting Department:
Transportation & Development

5. SUBJECT: Amendment No. 3 to Agreement for Asphalt Rubber Crack Sealing with CPC Construction.

6. RECOMMENDATION: Recommend approval of Amendment No. 3 to Agreement No. ST0-745-2801 for Asphalt Rubber Crack Sealing with CPC Construction Inc. in an amount not to exceed \$300,000 for one year with options to extend for up to two (2) additional one-year terms.

7. BACKGROUND/DISCUSSION: Crack sealing is an important step in the repair process for our streets. Crack sealing protects the pavement structure by sealing cracks and preventing water from getting into and deteriorating the roadway base material. The crack repair process is accomplished by blowing the cracks clean with compressed air and then filling them with hot crack sealant material. This contract includes traffic control, cleaning and filling of roadway cracks (see attached location map). The City provides the crack sealing material to save on crack fill material costs and the recommended contractor provides application.

8. EVALUATION PROCESS: In November 2009, Council approved an award for Asphalt Rubber Crack Sealing to CPC Construction Inc. Council has subsequently approved renewal of this contract twice with no increase in pricing from the contractor. CPC Construction Inc. is not requesting any price increase for the third year in a row for this contract.

The term of this Agreement will be December 1, 2012 through November 30, 2013, with options to extend for up to two (2) additional one-year terms.
