

**PURCHASING ITEM
FOR
COUNCIL AGENDA**

1. Agenda Item Number:

19

2. Council Meeting Date:

February 14, 2013

TO: MAYOR & COUNCIL

3. Date Prepared:
January 25, 2013

THROUGH: CITY MANAGER

4. Requesting Department:
Municipal Utilities

5. SUBJECT: Additional Filter Media and Installation Services – Chandler Water Treatment Plant

6. RECOMMENDATION: Approve Amendment No. 2 to Agreement MU2-885-3042 for the purchase of additional filter media and installation services with Carbon Activated Corporation, in the amount of \$56,983, for a total contract amount of \$661,069.00.

7. HISTORICAL BACKGROUND/DISCUSSION: The Chandler Surface Water Treatment Plant began using anthracite filtration media in 2011. Staff found anthracite filtration to be a more cost effective media than Granular Activated Carbon (GAC). Due to increased water production at the Plant, additional filter media needs to be purchased for filter #8.

Amendment No. 2 includes the purchase of filter media, removal of existing media, and installation services for filter #8.

8. EVALUATION PROCESS: Council awarded a contract to Carbon Activated Corporation in November 2011 for the purchase of filter media, removal, and installation services in the amount of \$536,407, plus \$67,679 for Amendment No. 1 in August 2012. Additional media and services are necessary to complete the project. Amendment No. 2 results in a total contract amount of \$661,069. The contractor is honoring the original bid price for the additional media and additional services.

9. FINANCIAL IMPLICATIONS

Costs: \$56,983
Savings: N/A
Long Term Costs: N/A

RE:	Change Order for Additional Anthracite		

CARBON ADSORPTION FILTERS • TURNKEY SPENT CARBON CHANGE OUT SERVICE PNEUMATIC CARBON SLURRY TRAILERS • BULK CARBON

The below is based on the conditions of the media that was in the last Anthracite Filter that we were to use the Anthracite in another filter, extra disposal, and return trip to load Filter. **The below pricing does not include any down time if the 5th Filter needs repairs as the crew is schedule to leave the site next Wednesday (December 12th) in the morning.**

I talked to the manufacturer of the Anthracite and if we order the Anthracite tomorrow they will start shipping one load per week starting March 18th with the last load arriving week of April 23rd. This would mean we would start loading the filter April 30th finishing May 3rd.

If you do not want us to remove the GAC from the last filter we need to know by this Wednesday night as we are schedule to start the removal Thursday morning.

Additional 94.5 Tons of Anthracite to replace the mixed sand and anthracite at \$ 585.00 per ton which includes Loading and freight.....	\$ 55,282.50
Trucking cost to dispose of 94.5 tons of additional media going to Butterfield Land Fill 4 Loads at \$ 425.00 per Load.....	\$ 1,700.00
Total additional Trip, Disposal, and Anthracite.....	\$ 56,982.50

Sincerely

Dale Kerr
Operations/Sales
