MEMORANDUM **Transportation & Development – CC Memo No. 13-056**

DATE: JUNE 13, 2013

TO: MAYOR AND COUNCIL

THRU: RICH DLUGAS, CITY MANAGER *RD*
MARSHA REED, ASSISTANT CITY MANAGER *MR*
R.J. ZEDER, TRANSPORTATION & DEVELOPMENT DIRECTOR *RJZ*
JEFF KURTZ, PLANNING ADMINISTRATOR *JK*
KEVIN MAYO, PLANNING MANAGER *KM*

FROM: JODIE M. NOVAK, MEP, SENIOR CITY PLANNER *JMN*

SUBJECT: PDP12-0022 SONIC DRIVE-IN RESTAURANT

Request: Preliminary Development Plan (PDP) approval for freestanding monument signage within the planned Olive Tree Plaza commercial center

Location: Southwest corner of Arizona Avenue and Germann Road

Applicant: Earl, Curley & Lagarde, LLC – Stephen Earl

Project Info: Approximate 10.5 acre site planned for a commercial center with a gas station and convenience store, an upcoming restaurant with drive-in/drive-through, and future retail

RECOMMENDATION

Upon finding the request to be consistent with the General Plan, Planning Commission and Planning Staff recommend approval.

BACKGROUND

The Olive Tree Plaza commercial center was zoned Planned Area Development (PAD) in 1999 along with a multi-family residential parcel. The commercial center was approved for Community Commercial District (C-2) land uses. The apartments, receiving PDP approval as part of the 1999 zoning case, developed shortly thereafter. A PDP was approved in 2004 for a shopping center with approximately 83,700 square feet of retail space and two freestanding pads. In 2005, a rezoning case approved a gas station with convenience store use at the intersection corner replacing a retail shops pad. In 2009, the gas station pad received a zoning time extension

and approval to construct the gas station pad prior to any other development in the commercial center. The gas station with convenience store is constructed and operating. A second pad in the center was represented as a bank with a single-lane drive-through which did not develop. In 2011, Planning Staff administratively approved this pad for another C-2 use, a Sonic restaurant with a drive-in and drive-through. The pad is designed per code and is in conformance with the development standards established for the entire commercial center including the gas station pad.

A comprehensive sign package was approved as part of the 2004 PDP case including building mounted signage, as well as 2 freestanding multi-tenant monument signs along both Arizona Avenue and Germann Road. The 2005 gas station PDP approval included freestanding fuel price monument signs utilizing 1 of the 2 freestanding multi-tenant monument signs along each arterial street frontage. The current application includes two requests related to freestanding monument signs that modify the comprehensive sign package.

The first request is to modify the two remaining multi-tenant freestanding monument signs for the shopping center that have not been constructed. The approved Olive Tree Plaza signage includes one 12-foot high multi-tenant sign along Arizona Avenue, and one 6-foot high multi-tenant sign along Germann Road, each with two tenant panels. The recently adopted Sign Code amendment permits one arterial street sign at 14 feet in height and the remaining signs at 6 feet in height with opportunity to increase the number of tenant panels from two to a maximum of four. The proposed signage includes the following:

- Germann Road sign -- Increase height to 8 feet with 4 tenant panels
- Arizona Avenue sign – Increase height to 14 feet with 5 tenant panels

The second request is to allow an interim freestanding monument sign specifically for the Sonic restaurant pad which does not meet the 300 foot separation Sign Code requirement. The proposed interim monument sign is as follows:

- Sonic restaurant sign – Proposing a 6 foot high sign with 1 tenant panel, allow the Sonic sign to be less than 300 feet apart from the gas station monument sign along Arizona Avenue

If and when the larger commercial center develops and the multi-tenant monument signs for the center are constructed, Sonic will remove their interim monument sign and instead utilize a tenant panel on the center's multi-tenant monument sign. The Germann Road and Arizona Avenue future multi-tenant signs are located at median break driveways, and exceed minimum separation requirements of 300 feet from the existing gas station monument signs on each street frontage. The proposed Sonic sign is approximately 220 feet from the existing fuel station sign. Sonic's parcel has limited street frontage making it difficult to meet the minimum 300 foot separation requirement.

The proposed signs are designed to be architecturally integrated with the approved building elevations for Olive Tree Plaza including the QuikTrip site. The signs incorporate a ledgestone base, pitched roof element, painted aluminum cabinet, and white trim elements. For all proposed

tenant panels, the lettering and logos are routed-out push-through to provide dimension to each panel. The lettering will project at least 3/4-inch.

DISCUSSION

Planning Staff finds the request to increase monument sign heights and number of tenant panels appropriate for a 10.5 acre commercial center located at an arterial street intersection. The City's recently adopted Sign Code amendment allows consideration for additional sign height and tenant panels. The request exceeds what is allowable at an administrative review level due to one sign containing more than four tenant panels; however, the signs are high quality and consistent with signage approved for other commercial sites. While the Sonic restaurant building and covered parking structure may have signage, there currently is no opportunity for a tenant panel on a freestanding monument sign for better street visibility.

The main commercial center's owner, responsible for the two multi-tenant monument signs and Sonic, have discussed an opportunity for Sonic to advertise on a multi-tenant sign upon the sign being built. If they are not constructed, then Sonic's monument sign will remain. In either case, only two monument signs will exist along Arizona Avenue. In the event Sonic wants to keep their sign in addition to the commercial center's multi-tenant sign, another PDP will be required to address permanently allowing a third sign along Arizona Avenue that does not meet distance requirements for other signs. Planning Staff finds this option to be an interim means to allow the restaurant pad its own sign until such time the main commercial center develops.

PUBLIC / NEIGHBORHOOD NOTIFICATION

- This request was noticed in accordance with the requirements of the Chandler Zoning Code.
- A neighborhood meeting notice letter was mailed providing information on the proposed request. Planning Staff has not received any inquiries regarding this request.
- As of the date of this memo, Planning Staff is not aware of any opposition to this proposal.

PLANNING COMMISSION VOTE REPORT

Motion to Approve.

In Favor: 7 Opposed: 0

Planning Commission recommended the modification of Condition No. 4 to further clarify that the sign to be removed for Sonic is a freestanding sign and not a tenant panel.

RECOMMENDATIONS

Planning Commission and Planning Staff, upon finding consistency with the General Plan, recommend approval of the Preliminary Development Plan request subject to the following conditions:

1. Development shall be in substantial conformance with Exhibit A, Development Booklet, entitled "SONIC DRIVE-IN RESTAURANT", kept on file in the City of Chandler Planning Division, in File No. PDP12-0022, except as modified by condition herein.

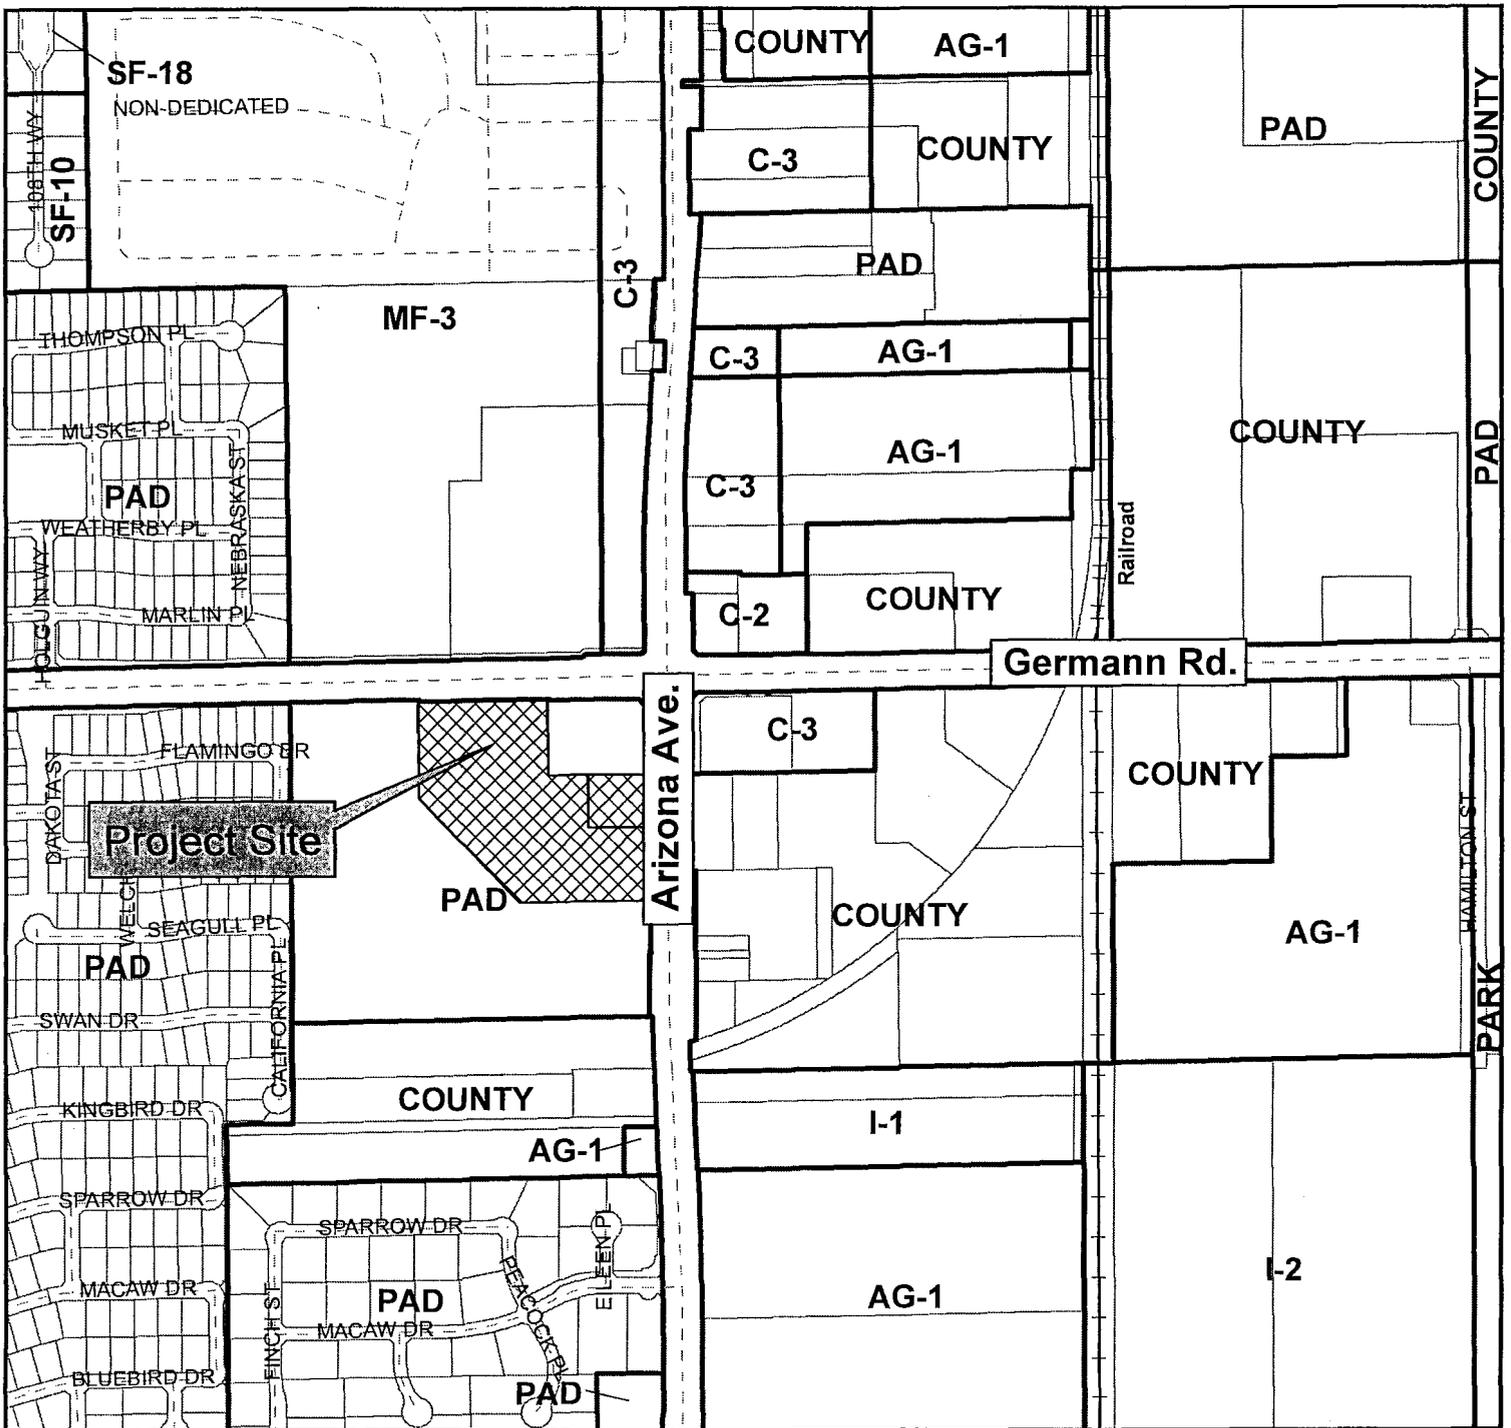

2. Sign packages, including free-standing signs as well as wall-mounted signs, shall be designed in coordination with landscape plans, planting materials, storm water retention requirements, and utility pedestals, so as not to create problems with sign visibility or prompt the removal of required landscape materials.
3. Tenant panel lettering and logos shall be routed-out push-through creating dimension from the face of the sign approximately $\frac{3}{4}$ -inch.
4. Upon construction of a freestanding multi-tenant monument sign along Arizona Avenue as part of the larger center, the freestanding Sonic sign, Sign C, shall be removed.

PROPOSED MOTIONS

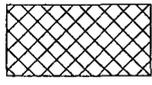

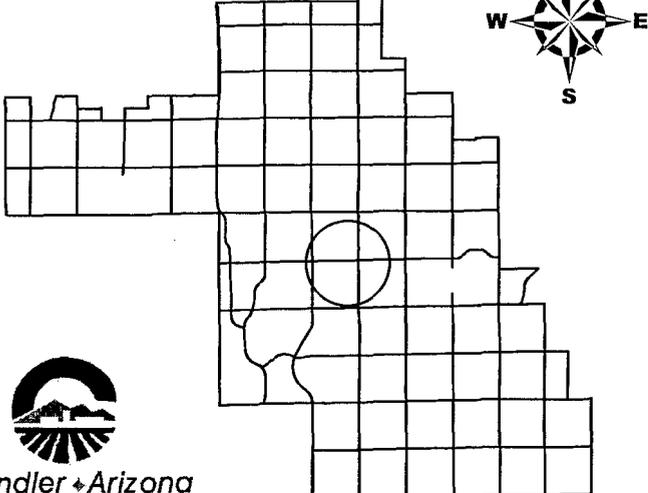

Move to approve Preliminary Development Plan request PDP12-0022 SONIC DRIVE-IN RESTAURANT for freestanding monument signage, subject to the conditions as recommended by Planning Commission and Planning Staff.
