FOR
COUNCIL AGENDA
Memo No. AP14-011**

1. Agenda Item Number:
34

2. Council Meeting Date:
September 26, 2013

TO: MAYOR & COUNCIL

THROUGH: CITY MANAGER

3. Date Prepared:

4. Requesting Department: Airport/Economic Development

5. SUBJECT: Project agreement to Dibble Engineering for an Airport Safety Area Drainage Analysis.

6. RECOMMENDATION: Staff recommends that Council approve a project agreement to Dibble Engineering to conduct an Airport Safety Area Drainage Analysis, Project No. A11401-101, in an amount not to exceed \$74,144.00.

7. BACKGROUND/DISCUSSION: This pre-design phase service is being done under an annual contract to Dibble Engineering for Airport Facilities and Infrastructure Design, Project No. EN1005-101.

The Airport's Annual Consultant, Dibble Engineering, in conjunction with its sub consultants, will provide studies and environmental services in preparation for possible construction improvements intended to eliminate or significantly reduce the potential for standing water at the West Retention Basin within the Runway Protection Zone (RPZ) of Runway 4L-22R at Chandler Municipal Airport.

The scope of the analysis includes data collection, topographical survey, evaluation of alternatives, environmental analysis, a summary report with recommended alternatives and possible assistance with associated applications. This will allow the Airport to begin the necessary steps to permanently mitigate the wildlife attractant caused by poor drainage.

8. EVALUATION: City staff has reviewed the scope of the preapproved fees and found it reasonable for a project of this type.

9. FINANCIAL IMPLICATIONS:
This grant was previously approved by City Council. State grant portion: 90% City of Chandler: 10%
