**5. SUBJECT:** Amendment No. 2 to extend Agreement No. ST2-745-3067, with Regional Pavement Maintenance of AZ, Inc., for the purchase of recycled Tire Rubber Modified Surface Seal (TRMSS)

**6. RECOMMENDATION:** Staff recommends approval of Amendment No. 2 to extend Agreement No. ST2-745-3067, with Regional Pavement Maintenance of AZ, Inc., for the purchase of recycled Tire Rubber Modified Surface Seal (TRMSS), in an amount not to exceed \$550,000.

**7. BACKGROUND/DISCUSSION:** Recycled Tire Rubber Modified Surface Seal (TRMSS) is a surface treatment that is used to maintain city streets and retain their appearance and longevity. The City of Chandler and neighboring cities have used TRMSS with excellent results and success. By recycling this rubber material, we are maintaining our streets using a "green" technology. TRMSS seals smaller cracks and puts a thin layer of asphalt, tire rubber, and polymers on the pavement to protect the pavement from deterioration and help to lengthen the life of the pavement. This contract will provide for 40.6 centerline miles of TRMSS on city streets. Informational door hangers are used to notify citizens and businesses when work is scheduled. Only half a street will be sealed at a time, so city streets will not be closed.

**8. EVALUATION PROCESS:** In January 2012, City Council awarded a one-year agreement for TRMSS material to Regional Pavement Maintenance of AZ, Inc. The agreement has provisions to extend for two additional one-year periods. City Council approved one contract extension with no increase in pricing in January 2013. The contractor has agreed to extend the agreement for an additional year without any price adjustments. This will be the second and final contract extension. The new term of this agreement will be February 1, 2014, through January 31, 2015.
