**Request:**            Use Permit approval of a time extension to allow an automotive detailing business within Planned Industrial District (I-1) zoning

**Location:**            7045 W. Galveston Street, Suite 11; north of Chandler Boulevard and east of 54<sup>th</sup> Street

**Applicant:**            Javier Olivas, business owner

**RECOMMENDATION**

Planning Commission and Planning Staff, upon finding consistency with the General Plan, recommend approval with conditions.

**BACKGROUND**

This application requests a time extension of the Use Permit to allow an automotive detailing business within a Planned Industrial District (I-1) zoning district for an additional three (3) years. The first Use Permit on this property was approved in December 2011 for 2 years. The business had moved from another Chandler location where it operated for a couple of years. The subject site is within an existing light industrial business park. The site is developed with one light industrial warehouse building which is approximately 32,800 square feet in size. Larsen Supply Company, a plumbing and heating equipment and supplies business, occupies approximately 20,800 square feet. All J's Detail occupies the remaining 12,000 square feet.

Surrounding buildings to the west, east, and south are zoned I-1 light industrial. Property to the north is undeveloped land zoned I-1, which is adjacent to existing developed commercial property. There are automotive repair businesses under a Use Permit in the area off of 54<sup>th</sup> Street and an auto body paint and repair shop west of the subject site.

All J's Detail specializes in complete auto detailing including exterior vehicle buffing, waxing, detailing wheels and tires, and interior shampooing. All J's Detail's main customers are rental and leasing companies as well as independent vehicle wholesalers who bring vehicles to the site for detailing. The business is not open to the general public for personal auto detailing, only corporate accounts. All washing or detailing of vehicles occurs within the warehouse or in the rear yard of the property behind the security gates. When vehicles are complete, they are parked in front of the building awaiting pickup. If there is a need for overnight parking of vehicles, this will occur behind the building in the gated area only. There are approximately 10 to 20 vehicles per day.

The request does not represent any use of this property for vehicle maintenance and repair, auto body or mechanical engine work, tire and/or wheel shop, vehicle customization and accessories, sales, leasing, vehicle related retail sales, or the like.

The business operates Monday through Friday from 8 a.m. to 5 p.m. There are approximately 6 to 8 employees. There are approximately 60 parking spaces on the property for use by both tenants.

### **DISCUSSION**

The I-1 zoning district does not permit automotive related uses such as sales, leasing, repair, customization, detailing, and the like without approval of a Use Permit since these are considered commercial not industrial uses. It is not unusual to have automotive uses granted a Use Permit in the I-1 zoning. There are several auto businesses west of the subject site off of 54<sup>th</sup> Street, in the building next to this site, and some south of Chandler Boulevard that have been successful and compatible at their location within an industrial business park.

Planning Commission and Planning Staff are of the opinion that the proposed automotive detailing business is compatible with the other businesses in the immediate area and the mix of uses in the industrial park area. The location provides adequate parking for the business too. The applicant understands and agrees to conditions limiting the business to what is represented as an automotive detailing use only. Planning Commission and Planning Staff recommend several conditions below including a three (3) year time limit since it has been operating 2 years already at this location.

### **PUBLIC / NEIGHBORHOOD NOTIFICATION**

- This request was noticed in accordance with the requirements of the Chandler Zoning Code.
- A neighborhood notice was mailed in lieu of a neighborhood meeting due to no residential in the area or any prior opposition with this business.
- As of the date of this memo, Planning Staff has not received any calls and is not aware of any opposition or concern with this request.
