FROM: JODIE M. NOVAK, MEP, SENIOR CITY PLANNER *JMN*

SUBJECT: DVR13-0017 ARIZONA K-9 CENTER
 Introduction and Tentative Adoption of Ordinance No. 4538

Request: Rezoning from Planned Area Development (PAD) for machine shop, tool and die to PAD (dog daycare, boarding, grooming, training, and related uses) with Preliminary Development Plan (PDP) approval

Location: 1535 N. Dobson Road, east side of Dobson Road and south of Warner Road

Applicant: Aerik Braaten

Project Info: Approximately 6.5 acre parcel; 2,800 square foot residence; 19,300 square foot industrial warehouse/manufacturing building to be converted to dog business; 3 acres of open space

RECOMMENDATION

Upon finding the Rezoning request to be consistent with the General Plan, Planning Commission and Planning Staff recommend approval.

BACKGROUND

This application request includes rezoning from Planned Area Development (PAD) for machine shop, tool and die to PAD (dog daycare, boarding, grooming, training, and related uses). A PDP is included for the site layout which includes existing buildings and new parking areas.

The City of Chandler annexed the subject property in April 1978. The property was rezoned from Agricultural District (AG-1) to PAD zoning allowing a machine shop/tool and die and

residence, which existed prior to the 1978 annexation. The residence was built in 1971 and the light industrial machine shop business began in 1974. The rezoning included conditions stating that the approved use may continue as the basic industrial operation that existed at the time of annexation provided that the impact on the surrounding area, which will be residential, will not be more severe than it is presently. The business was a machine shop, tool and die work for large scale parts and equipment such as aircraft parts. There were approximately 50 employees, outside storage of machinery and equipment, and a fleet of vehicles and trucks. Other zoning conditions included added perimeter walls and landscaping, and that any future expansion of additional operation visible from the exterior shall be subject to City Council approval. The machine shop business began prior to any surrounding single-family residential subdivisions and multi-family apartments developing which were platted in 1983 and 2000.

The property is bounded on the north by an SRP electrical substation, an apartment development, a 16-foot wide alley, and single-family residential. To the east is a 16-foot wide alley and single-family residential. South of the property is a 16-foot wide alley and single-family residential. To the west is single-family residential.

The proposed rezoning request is for Arizona K-9 Center; a family owned and operated business to operate a dog facility focusing on training, daycare, and boarding. The family will live in the existing single-family residence and utilize the existing warehouse/machine shop building and open space for the dog business. Arizona K-9 Center gives special attention to the Canine Assistance Program for People with Disabilities focusing on the Assistance Dog Training program. The program focuses on the care, training, and well-being of canines to serve as assistance dogs for person with disabilities.

The applicant's family has been operating a dog training, daycare, and boarding business in Tempe at the northwest corner of Elliot Road and McClintock Drive in a commercial center. The family intends to purchase, reside, and operate the business on the subject site. Arizona K-9 Center provides dog daycare and indoor overnight boarding. Dog grooming and retail space for pet-related items is also provided. The dog facility includes dog training and care with citizens and first responders as part of a Community Emergency Response Team. Arizona K-9 will provide rescue assistance and temporarily re-home displaced pets in emergency situations. K-9 law enforcement officers can train and workout canines within the property's open space area. In addition, a hydrotherapy system to aid in rehabilitation and provide non-impact exercise for canines will also be provided.

The facility operates six days a week Monday through Saturday for boarding and training 6 a.m. to 7 p.m. There is no daycare on Saturday and Sunday. One-on-one dog training occurs on-site and is by appointment only weekdays 9 a.m. to 7 p.m., and Saturday 10 a.m. to 5 p.m. There is 24hr/7 day a week on-site supervision and management as the owners and operators reside on the property. The typical drop-off and pick-up time for clients is between 7-9 a.m. and 4-6 p.m. There are Sunday drop offs and pickups for boarding but no other services. The property's entrance gate will be closed from 8 p.m. to 6 a.m. daily. To accommodate the few early morning or evening drop-offs and pick-ups, the interior covered courtyard and adjoining indoor play area will be utilized 6-9 a.m. and 6-7 p.m.

The property is accessed off of Dobson Road by an existing entrance drive. The facility is a private business for trainers and clients only as well as a residence. The property is not open for general public use and there is no dog park.

The existing warehouse/machine shop building will be converted to house dogs day and night. No dogs will be housed outdoors and dogs are not permitted outside without trainer supervision. Indoor portions of the building are designated with separate cage-free daycare rooms catering to pet care and assistance dog training. Approximately 20 to 60 dogs per day would be cared for. The majority of Assistance Dog Training occurs indoors.

Adjacent to the building is an outdoor play area for use 9 a.m. to 6 p.m. This area is approximately 7,500 square feet and cordoned off by a 6-foot masonry block wall, trees, and shrubs. This serves as a secondary barrier to the existing perimeter block wall that is greater than 6 feet high. Playtime for dogs in this outdoor play area is on a rotation system with a trainer accompanying dogs. If there are dogs with a tendency to bark, they will play indoors. The east and north portions of the large 3-acre open space is utilized for the play area and training. The south side of the property will not be accommodating dogs as it is an existing storage area. The storage area is used by the current property owner for business tools, machines, and RV storage units.

Site improvements include two parking areas, interior access drives/fire lanes, and secondary emergency access. A portion of fencing at the entrance gate will be removed to provide additional vehicular visibility and widen the drive aisle. There is existing covered parking adjacent to the residence being upgraded to accommodate an ADA parking space with additional parking spaces provided adjacent to the indoor facility's west side and north side. An area for future parking spaces is provided across from planned parking.

Landscaping, including trees and shrubs, will be provided in the open space area. Trees will be located behind existing two-story homes in the adjacent subdivision to mitigate concerns with site views. Excrements will be disposed in airtight containers throughout the day. Sealed trash containers will be emptied daily. Trash service will occur three days a week or more if needed. The business uses a commercial grade disinfectant and deodorizer inside and outside.

GENERAL PLAN CONFORMANCE

The General Plan designates this property as Residential allowing consideration for a range of dwelling unit densities, mixed-use developments, commercial use, public facilities, institutional uses, schools, and places of worship. The request proposes to maintain the single-family residential use and replace the light industrial machine shop use with dog daycare, boarding, grooming, training, and related uses.

The residential use is an appropriate use to maintain, and the commercial use of a dog business is a compatible land use adjacent to an SRP substation, single-family residential, and multi-family residential. A light industrial machine shop business is not a compatible land use next to abutting residential.

DISCUSSION

Re-purposing the property with a dog facility use that is not expanding buildings and maintains the approximate three acres of open space is less intense than what has existed. The intensity of the proposed dog facility is less than other considerable land uses such as residential and commercial that would have buildings in proximity to existing residential property and generate more vehicle trips per day. The property's limited vehicular access, existing perimeter block walls screening the property from street view and adjacent one-story housing, and large amount of internal open space allows for a use that has minimal impact to the surrounding environment. Planning Staff is of the opinion the proposed dog daycare, boarding, grooming, training, and related uses business to be compatible with existing land uses.

While zoning conditions include standard development code conditions, City Staff has determined that undergrounding utilities or off-site improvements are not necessary at this time. Right-of-way dedications are required to occur which will be processed separately.

PUBLIC / NEIGHBORHOOD NOTIFICATION

- This request was noticed in accordance with the requirements of the Chandler Zoning Code.
- A neighborhood meeting was held July 30, 2013. Approximately 35 people attended including the applicant's family and Planning Staff. Several people spoke asking questions and commenting. Concerns were raised about traffic, how the excrement and odors would be taken care of, and noise from dogs barking. Some residents stated they were concerned about the use and not sure if they would support it, while others stated they would fight this coming into their neighborhood. The initial proposal included a park area for clients and customers that they could use day and evening. This was concerning for adjacent homeowners and is no longer proposed.
- Planning Staff has received numerous phone calls and emails from residents in favor and opposed to this request. Those opposed have conveyed this use will devalue their homes, create constant noise of barking dogs that are outside and those indoors for overnight boarding and daycare, will cause more barking from homeowners dogs, will have strong odors, will have dogs running all over the open space without anyone to stop them from barking, will hear aggressive dogs during K-9 training, and will generate additional traffic to Dobson Road which they feel is already congested.
- Following the neighborhood meeting, the applicant and his family met with Planning Staff and evaluated locations for business activities. The result was eliminating a park use, cordoning off a play area, and designating locations for K-9 training and private training. The applicant and his family have gone door-to-door to many residences abutting the subject site. They further met area homeowners, answered questions about the dog business, and learned who was in support, opposed, or no opinion on the proposed use. In a couple of instances, a homeowner who was opposed prior has now conveyed support. Those in support completed a petition. There are homeowners within the 600-foot notification radius opposed to this use. At this time, Planning Staff is not aware of a legal protest.

PLANNING COMMISSION VOTE REPORT

Motion to Approve.

In Favor: 6 Opposed: 1 (Ryan)

Commission conveyed the proposed use was a good re-use of the property and less intense than the industrial currently permitted. The Commissioner opposed felt the use was not a good fit within a residential neighborhood and in the future if a new business owner were to come in, it may not operate as well.

RECOMMENDATION

Rezoning

Planning Commission and Planning Staff, upon finding consistency with the General Plan, recommend approval of the Rezoning request subject to the following conditions:

1. Development shall be in substantial conformance with Exhibit A Narrative, Exhibit B Site Plan, Exhibit C Landscape Plan, Exhibit D Floor Plan, and Exhibit E Grading & Drainage Plan kept on file in the City of Chandler Planning Division, in File No. DVR13-0017 ARIZONA K-9 CENTER, except as modified by condition herein.
2. Right-of-way dedications to achieve full half-widths, including turn lanes and deceleration lanes, per the standards of the Chandler Transportation Plan.
3. Undergrounding of all overhead electric (less than 69kv), communication, and television lines and any open irrigation ditches or canals located on the site or within adjacent right-of-ways and/or easements. Any 69kv or larger electric lines that must stay overhead shall be located in accordance with the City's adopted design and engineering standards. The aboveground utility poles, boxes, cabinets, or similar appurtenances shall be located outside of the ultimate right-of-way and within a specific utility easement.
4. Future median openings shall be located and designed in compliance with City adopted design standards (Technical Design Manual # 4).
5. Completion of the construction of all required off-site street improvements including but not limited to paving, landscaping, curb, gutter and sidewalks, median improvements and street lighting to achieve conformance with City codes, standard details, and design manuals.
6. The developer shall be required to install landscaping in the arterial street median(s) adjoining this project. In the event that the landscaping already exists within such median(s), the developer shall be required to upgrade such landscaping to meet current City standards.

Preliminary Development Plan

Planning Commission and Planning Staff, upon finding consistency with the General Plan, recommend approval of the Preliminary Development Plan request subject to the following conditions:

1. Development shall be in substantial conformance with Exhibit A Narrative, Exhibit B Site Plan, Exhibit C Landscape Plan, Exhibit D Floor Plan, and Exhibit E Grading & Drainage Plan kept on file in the City of Chandler Planning Division, in File No. DVR13-0017 ARIZONA K-9 CENTER, except as modified by condition herein.
2. Approval by the Planning Administrator of plans for landscaping (open spaces and rights-of-way) and perimeter walls and the Director of Transportation and Development for arterial street median landscaping.
3. The landscaping shall be maintained at a level consistent with or better than at the time of planting.

PROPOSED MOTIONS

Rezoning

Move to introduce and tentatively adopt Ordinance No. 4538 approving rezoning request DVR13-0017 ARIZONA K-9 CENTER from PAD (machine shop, tool and die) to PAD (dog daycare, boarding, grooming, training, and related uses), subject to the conditions as recommended by Planning Commission and Planning Staff.

Preliminary Development Plan

Move to approve Preliminary Development Plan request DVR13-0017 ARIZONA K-9 CENTER for the dog business, subject to the conditions as recommended by Planning Commission and Planning Staff.

Arizona K-9 Center

Overview

The new Arizona K9 Center promises to offer valley residents and their pets a premier K9 experience. This facility encompasses seven acres of secure property. The property is surrounded by an eleven- course solid mason wall and has a single-gated entrance facing Dobson Road. This seven-acre site includes a home and a 20,000sf warehouse that previously housed a large machine shop with 50 employees. During those 25 years, neighbors were exposed to the sounds of raucous, massive machinery and the disruption of daily semi-truck activity.

The Arizona K9 Center (AZ K9) will be a family-run business. The owners will take residence on the property and will provide a clean, quiet, safe, and healthy environment. The entire front/west side of the property will remain a private residence for the Braaten family.

Our primary goal is to provide safe, outstanding care, training, and services to Chandler while protecting the integrity of the community and the quality of life for our neighbors.

This property will grant us the ability to begin our Canine Assistance Program for Peoples with Disabilities. Our focus will be on the care, training, and well-being of all the pets, although the charitable aspect of the Assistance Dog Training will be our main endeavor. We will train the assistance dogs from 3 weeks of age to 2 years of age. Our Canine Assistance Program will then accept applications and approve the bestowment of a well-trained Canine Assistance Dog to a person with disabilities.

We are most excited to work within the Chandler's first responders certification program (CERT) to provide added support of our Chandler First Responders. This project will provide Chandler residents with proper care to pets involved in home or business fires and traffic accidents and severe illness. AZ K9 will provide rescue assistance and temporally re-home displaced pets until their owners are able to care for them.

In our efforts to be responsible Chandler residents and business owners, we are also most uniquely qualified to provide a location for the Chandler K9 Officers to work out and train. Our future plans include the installation of a hydrotherapy system for the canines, which will aid with rehabilitation and provide a non-impact exercise alternative.

The AZ K9 day care and indoor boarding will support these charitable and community sustainable endeavors.

Ownership/Experience

Nathan Braaten, the Master Trainer, holds his degree in Human Canine Science from Bergin University, specializing in Assistance Dog Training. He is also a graduate of Triple Crown Academy, with 12 years experience in the canine business. Nathan has been recognized as One of 35 Outstanding Entrepreneurs Under 35.

Aerik Braaten is certified in Kennel Management and is also a successful entrepreneur.

Terry and Virginia Braaten have been business owners in the Valley for 27 years.

Currently, we maintain a zero complaint record for any noise, smells or nuisance at our current Tempe location, which has an indoor and outdoor play area adjacent to the courtyard of neighboring businesses. We have always been very conscientious and supportive of our personnel, as well as our neighbors, and we will continue this tradition with open communications and continuous improvement policies.

Site Layout and Operations

Interior Features

Indoor portions of The Arizona K9 Center (6am-7pm) will be designated with separate **cage-free** day care rooms, specifically catering to pets and assistance dog training. The existing Tempe canine center cares for

EXA

an average of 20 to 60 dogs per day; our goal is to provide training to this approximate number of guests, providing staff increases as needed. In addition, the majority of Assistance Canine Training will also be indoors.

Exterior Features

The existing 20,000sf warehouse will house all pets, day and night. **No** dogs will be housed outdoors. **No** dogs are allowed outdoors without trainer supervision.

The **adjacent outdoor play area** (9am-6pm) will be confined to approximately 75' x 100' and will be surrounded by a secondary, solid six-foot mason wall, trees, and shrubbery. There will be a rotation of the dogs playing outside; with a trainer accompanying them at all times to insure a quiet zone. Training techniques will be utilized to ensure quiet play outdoors. We will utilize indoor only playtime for any pet with a tendency to bark.

Maximum playtime and training will be achieved indoors. It is imperative to remember that these are urban dogs that prefer air-conditioning, affection, and a soft place to lay their weary head after a day of exercise and learning.

The existing exterior warehouse architecture will be maintained. The limited amount of construction required to accommodate The AZ K9 Center is a positive consideration for the surrounding neighborhood. Minimal construction and improved landscaping will mean less dust, noise, disruption, and less pest displacement. The improved landscaping will be aesthetically pleasing and functional; giving our bordering neighbors a secure park-like atmosphere.

The south side of the building is designated as storage for business tools and machines within the existing out buildings. There will **not** be any dogs on this side of the facility. The south, east and west sides of the property will have a large park-like buffer or quiet zones. The large RV storage units will eventually be relocated or taken down and replaced with trees to re-establish appealing views for the west facing, south-side neighbors.

Hours of Operation

- The center hours of operation will cover six days per week (Monday through Saturday), from 6:00 am to 7:00pm.
- Site-provided, one-on-one training would be available by appointment only, weekdays 9am – 7pm, and Sat 10am – 5pm.
(Saturday 10-5 for consultations and by appointment only training.)
- The entire property will have on-site supervision and management 24/7.
- Closed Sundays with boarding drop-off and pick-up by appointment only
- Holiday closures will apply for services such as daycare, training and grooming.

To accommodate the few early morning or evening transitions, the interior covered courtyard and adjoining indoor play area will be utilized (6am-9am and 6pm-7pm). This will keep any activity contained towards the front of the warehouse facility. Canine activity across the back of the property will be strictly limited before 9am.

The most common drop-off and pick-up time for our clients is between 7-9am and 4-6pm. The K9 Center entrance gate will be closed from 8pm to 6am daily.

Access

There will be restricted access to the property, as it is a **private** facility for trainers and clients only. It is important to clarify that this facility will not be a public dog park, but rather a combination of private residence and private K9 Center.

Arizona K9 Center Components

Training and Bestowment of Canine Assistant/Therapy Dogs to Disabled Individuals

All dogs begin their training as Service Dogs as early as three weeks old. Types of Assistance Dogs we place are:

- Service Dogs – Dogs specifically trained to help people who have disabilities such as visual difficulties, hearing impairments, seizures, diabetes and more.
- Mobility Assistance Dogs – Dogs trained to serve those needing physical assistance in the home.
- Therapy Dogs - Dogs trained to exhibit calm disposition, generally trained for visits to nursing homes, hospitals, rehabilitation centers.
- Social Therapy Dogs - Dogs trained to specifically work with children in schools to assist in learning disabilities.
- Psychiatric Service Dogs - Dogs specifically trained to aid veterans with PTSD.

Our Assistance Dog Program is remarkably rewarding. As individuals with disability or injury navigate their daily lives, our program will provide companionship, physical assistance, and a sense of security for tasks that would be otherwise daunting.

All Canine Training (9am-6pm)

Among the many training options, we will also teach obedience, treibball, agility, socializing, recall, scent, confidence, barking control, and puppy classes. In addition, all pets will be introduced to the use of a treadmill, balance balls, and balance boards. All the guests will enjoy canine puzzles and training games, which utilize positive reinforcement for success. These training techniques will be mostly utilized indoors, although the private training area will be utilized with one dog and one trainer at all times (9am-6pm).

Daycare (6am-7pm)

All the pets will enjoy cage free care, thus reducing anxiety. There will not be any exposure to the public, other animals, vehicles or strange situations, which can induce nervousness or barking. All the dogs will have one-dog-with-one-trainer time every day. Each of the dogs will also do puzzles, treadmill, confidence, and balance classes. Very young or older dogs will have naptime in a separate room. A trainer will be with the pets at all times. To reduce any anxiety, all pets will play and rest separate from the reception area to control excitement caused by guest pick-up and drop off.

Boarding

Overnight guests will spend the day in the cage free day care area, and sleep indoors in a cage free environment supervised by a trainer 24/7. The overnight guests will play, eat, and exercise with the day care dogs, benefiting from the training and socialization.

Support of First Responders

The Arizona K9 Center will work within the existing first responders certification program (CERT) to support the Chandler First Responders in the care and handling of pets involved in home / business fires and car accidents and severe illness. We will provide safe haven for the pets in the event of loss of home or family care until their family has recovered.

Our unique First Responders project will enable us to provide added support for emergency services in Chandler. The project will include rescue and comprehensive care for pets caught in unfortunate circumstances.

Canine Officers

(Predominantly indoor, daylight or 9pm, no overhead lights will be utilized)

The Arizona K9 Center will support the Chandler Canine Officers by providing a training area and hydrotherapy to the Chandler Police Department, as well as other area police departments.

We are very excited to unveil plans that provide additional services to our local K9 Officers. These officers spend an immense amount of time bonding and training their K9's. Having a safe environment with the

ability to alter training scenarios and scent work is imperative. The AZ K9 Center will work with our local officers to provide the courses and private time they require.

Sanitation

The staff will dispose of any defecation in **airtight** containers throughout the day. **Sealed** trash containers will be properly emptied on a daily basis. Waste Management will pick up the sealed containers 3 days a week or more if necessary. There will be no defecation, flies or smells to cause concerns from the entire K9 center.

Commercial grade, **USDA and EPA-approved disinfectants and deodorizers** will be utilized indoors and outdoors, similar to those used on children's playground equipment and in the food service industry.

WYSIWASH is a system that sanitizes by killing common diseases, viruses, bacteria, and mold. It is used in childcare facilities, on playground equipment, and toys. It is also safely used in food and beverage processing. It is the ultimate sanitizer for dog care and veterinarian facilities. Wysiwash is EPA registered, USDA-approved, and environmentally friendly.

YARD ODOR ELIMINATOR eliminates stool and urine odors. It is a safe and effective odor eliminator, which will be used every evening in conjunction with the sanitizer.

Our sanitation products come in concentrates and are securely delivered by UPS in a single case.

Attendance Requirements

For the health and safety of the clientele and the community, current canine immunizations/records will be required. All K9 visitors will take part in an interview process with the center's staff to confirm affable temperament and non-aggressive personality.

Traffic/Parking

City vehicle and customer traffic accommodation will be achieved by constructing two new portions of driveway that will run through and circle around the current landscaping. These wrap-around driveways will also provide ample space for city safety vehicles and will act as convenient temporary parking for customers dropping their pets off or using our expedient valet service. A required secondary fire truck entrance will be constructed through the south side alleyway. Employee and additional visitor parking will be on the north side of the warehouse. We anticipate less than the 50 cars per day of the existing machine shop business.

Landscaping

Larger size trees will be planted behind the two-story homes bordering the site. Fast growing trees and landscaping will be utilized. Additional drought tolerant, non-toxic shrubs and trees will be planted throughout the entire acreage.

Summary

In summary, our vision for the AZ K9 Center is to continue to offer a premier care and rehabilitation center, while increasing our community presence through charitable programs such as assistance dog training, and active support of our local K9 Officers and First Responders.

AZ K9 will provide outstanding, comprehensive training and loving care to all the guests to insure a high quality of care for Chandler pets and their families through the day care and overnight stay programs.

We hope the Chandler community will join us by supporting our endeavors at this historic Dobson home site. Our path forward prioritizes the integrity of this beautiful neighborhood and the essential quality of life for its residents. We look forward to becoming a blueprint in the East Valley for successful business integration, while cultivating outstanding relationships with the surrounding community members.

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF CHANDLER, ARIZONA AMENDING THE ZONING CODE AND MAP ATTACHED THERETO, BY PROVIDING FOR THE REZONING OF CERTAIN PROPERTIES LOCATED WITHIN THE CORPORATE LIMITS OF THE CITY OF CHANDLER, ARIZONA .

WHEREAS, applications for rezoning involving certain properties within the corporate limits of Chandler, Arizona have been filed in accordance with Article XXVI of the Zoning Code; and

WHEREAS, the applications have been published in the Chandler Arizonan, a daily newspaper of general circulation in the City of Chandler giving fifteen (15) days notice of time, place and date of public hearing; and

WHEREAS, a notice of such hearing was posted on the properties at least seven (7) days prior to said public hearing; and

WHEREAS, public hearings were held by both the Planning and Zoning Commission and City Council, as required by the Zoning Code;

NOW THEREFORE, the City Council of the City of Chandler does hereby pass and adopt the following ordinance.

BE IT ORDAINED BY THE City Council of the City of Chandler, Arizona as follows:

SECTION I.

All that part of the northwest quarter of Section 20, T.1S., R5E., G&SRB&M, described as follows: Commencing at the northwest corner of Section 20; thence south (assumed bearing), along the west line of the northwest quarter of Section 20, a distance of 1450.84 feet to the True Point of Beginning; thence East, along a line coincident with the southerly boundary of the parcel conveyed to Salt River Project Agricultural Improvement and Power District in a Deed recorded in Docket 9561, Page 320, records of Maricopa County, Arizona, a distance of 550.0 feet; thence south 0 degrees 01 minutes 50 seconds west a distance of 309.94 feet; thence north 88 degrees 57 minutes 50 seconds west a distance of 549.93 feet to a point on the west line of the northwest quarter of said Section 20; thence north along the west line of the northwest quarter of said Section 20, a distance of 300.0 feet to the True Point of Beginning.

PARCEL I. That part of the northwest quarter of Section 20, T1S, R5E, G&SRB&M, Maricopa County, Arizona, more particularly described as follows:

Commencing at a point on the west line of the said northwest quarter, from which the northwest corner thereof bears north 0 degrees 42 minutes 00 seconds West 1250.84 feet, thence north 89 degrees 18 minutes 00 seconds east perpendicular to the said west line a distance of 550.0 feet to the true point of beginning. Thence continuing north 89 degrees 18 minutes 00 seconds east 150.0 feet, thence south 0 degrees 42 minutes 00 seconds east parallel to the said west line, a distance of 509.95 feet, thence south 89 degrees 18 minutes 00 seconds west perpendicular to the said west line 150.0 feet, thence north 0 degrees 42 minutes 00 seconds west parallel to the said west line 509.95 feet to the True Point of Beginning.

EXCEPT any part lying within that part of the northwest quarter of Section 20, T1S, R5E of G&SRB&M, Maricopa County, Arizona, described as follows:

From the northwest corner of the said northwest quarter, Section 20; measure thence north 89 degrees 37 minutes 39 seconds east along the north line of the said northwest quarter, Section 20, a distance of 914.05 feet to the point of beginning; thence continuing north 89 degrees 37 minutes 39 seconds east, along the said north line, a distance of 1072.57 feet to the northwest corner of the northeast quarter of the northeast quarter of the northwest quarter of the said Section 20, thence south 00 degrees 36 minutes 29 seconds east, a distance of 661.15 feet to the southwest corner of the northeast quarter of the northeast quarter of the northwest quarter of the said Section 20; thence north 89 degrees 35 minutes 04 seconds east, a distance of 330.93 feet to the northwest corner of the east half of the southeast quarter of the northeast quarter of the northwest quarter of said Section 20; thence South 00 degrees 35 minutes 34 seconds east, 660.90 feet to the southwest corner of the east half of the southeast quarter of the northeast quarter of the northwest quarter of said Section 20; thence north 89 degrees 32 minutes 29 seconds east, a distance of 330.75 feet to the southeast corner of the east half of the southeast quarter of the northeast quarter of the northwest quarter of said Section 20; thence South 00 degrees 34 minutes 39 seconds east, along the east line of the said northwest quarter of Section 20, a distance of 1321.30 feet to the southeast corner of the said northwest quarter of Section 20; thence South 89 degrees 27 minutes 19 seconds west, along the south line of the said northwest quarter of Section 20, a distance of 2343.14 feet to a point which bears north 89 degrees 27 minutes 19 seconds east, 300.00 feet from the southwest corner of the said northwest

quarter of Section 20; thence north 00 degrees 42 minutes 00 seconds west, parallel to the west line of said northwest quarter of Section 20, a distance of 300.00 feet; thence South 89 degrees 27 minutes 19 seconds west, parallel to the south line of the said northwest quarter of Section 20, a distance of 300.00 feet to a point on the said west line of the northwest quarter of Section 20; thence north 00 degrees 42 minutes 00 seconds west, along the west line of the said northwest quarter of Section 20, a distance of 599.74 feet to a point which bears south 00 degrees 42 minutes 00 seconds east, 1750.84 feet from the northwest corner of the said northwest quarter of Section 20; thence south 89 degrees 39 minutes 52 seconds east, 549.93 feet; thence south 89 degrees 18 minutes 00 seconds east, 150.15 feet; thence north 00 degrees 42 minutes 00 seconds west, 509.94 feet to a point on a perpendicular line to the said west line of the northwest quarter of Section 20, said point being southerly 1250.84 feet and easterly 700.00 feet from the northwest corner of the said northwest quarter of Section 20; thence south 89 degrees 18 minutes 00 seconds west, along the said perpendicular line, a distance of 150.00 feet; thence north 22 degrees 22 minutes 21 seconds west on a perpendicular line to the north line of the said northwest quarter of Section 20, a distance of 400.00 feet to the point of beginning, and

EXCEPT any part lying within that part of the northwest quarter of Section 20, T1S, R5E of G&SRB&M, Maricopa County, Arizona, described as follows:

COMMENCING at the northwest corner of Section 20; thence south (assumed bearing) along the west line of the northwest quarter of Section 20, a distance of 1450.84 feet to the True Point of Beginning; thence east, along a line coincident with the southerly boundary of the parcel conveyed to Salt River Project Agricultural Improvement and Power District in a Deed recorded in Docket 9561, page 320, records of Maricopa County, Arizona, a distance of 550.0 feet; thence south 0 degrees 01 minute 50 seconds west a distance of 309.94 feet; thence north 88 degrees 57 minutes 50 seconds west a distance of 549.93 feet to a point on the west line of the northwest quarter of said Section 20; thence north along the west line of the northwest quarter of said Section 20, a distance of 300.0 feet to the True Point of Beginning.

PARCEL 2. That part of the northwest quarter of Section 20, T1S, R5E of the G&SRB&M, Maricopa County, Arizona more particularly described as follows:

Commencing at a point on the west line of the northwest quarter of said Section 20, from which the northwest corner thereof bears north 0 degrees 42 minutes 00 seconds west 1250.84 feet, thence north 89 degrees 18 minutes 00 seconds east, perpendicular to said west line, a distance of 285.00 feet to the true point of beginning. Thence continuing north 89 degrees 18 minutes 00 seconds east, 265.00 feet, thence south 0 degrees 42 minutes 00 seconds east, parallel to the west line of said northwest quarter, 200.00 feet. Thence south 89 degrees 18 minutes 00 seconds west, 265.00 feet to a point which is 285.00 feet perpendicular to west line of said northwest quarter. Thence north 0 degrees 42 minutes 00 seconds west parallel to west line of said northwest quarter, 200.00 feet to the point of beginning.

Said parcel contains 6.81 acres.

Said parcels are conditionally rezoned from AG-1 to PAD in accordance to Exhibit 'A', site plan, subject to the conditions set forth in Attachment 'A' attached hereto and by reference made a part hereof.

(Case Z82-22 Dobson Tool and Die, Inc.)

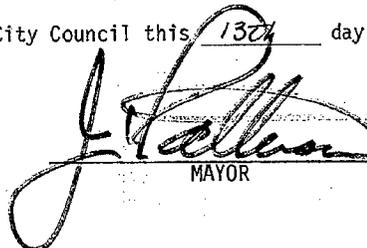

SECTION II.

Except where provided, nothing contained herein shall be construed to be an abridgment of any other ordinance of the City of Chandler.

SECTION III.

The Department of Planning and Development of the City of Chandler is hereby directed to enter such changes and amendments as may be necessary upon the Zoning Map of said Zoning Code in compliance with this Ordinance.

INTRODUCED AND TENTATIVELY APPROVED by the City Council this 13th day of May, 1982.

MAYOR

ATTEST:

Carolyn Duan
Deputy CITY CLERK

PASSED AND ADOPTED by the City Council this 27th day of May, 1982.

J. Peterson
MAYOR

ATTEST:

Carolyn Duan
Acting CITY CLERK

C E R T I F I C A T I O N

I HEREBY CERTIFY that the above and foregoing Ordinance No. 1065 was duly passed and adopted by the City Council of the City of Chandler, Arizona at a regular meeting held on the 27th day of May, 1982 and that a quorum was present thereat.

Carolyn Duan
Deputy CITY CLERK

APPROVED AS TO FORM:

Clifford J. Frey
CITY ATTORNEY

PUBLISHED: June 12, 1982

ATTACHMENT 'A'

as referenced to Ordinance No. 1065

Conditions to rezoning Z82-22

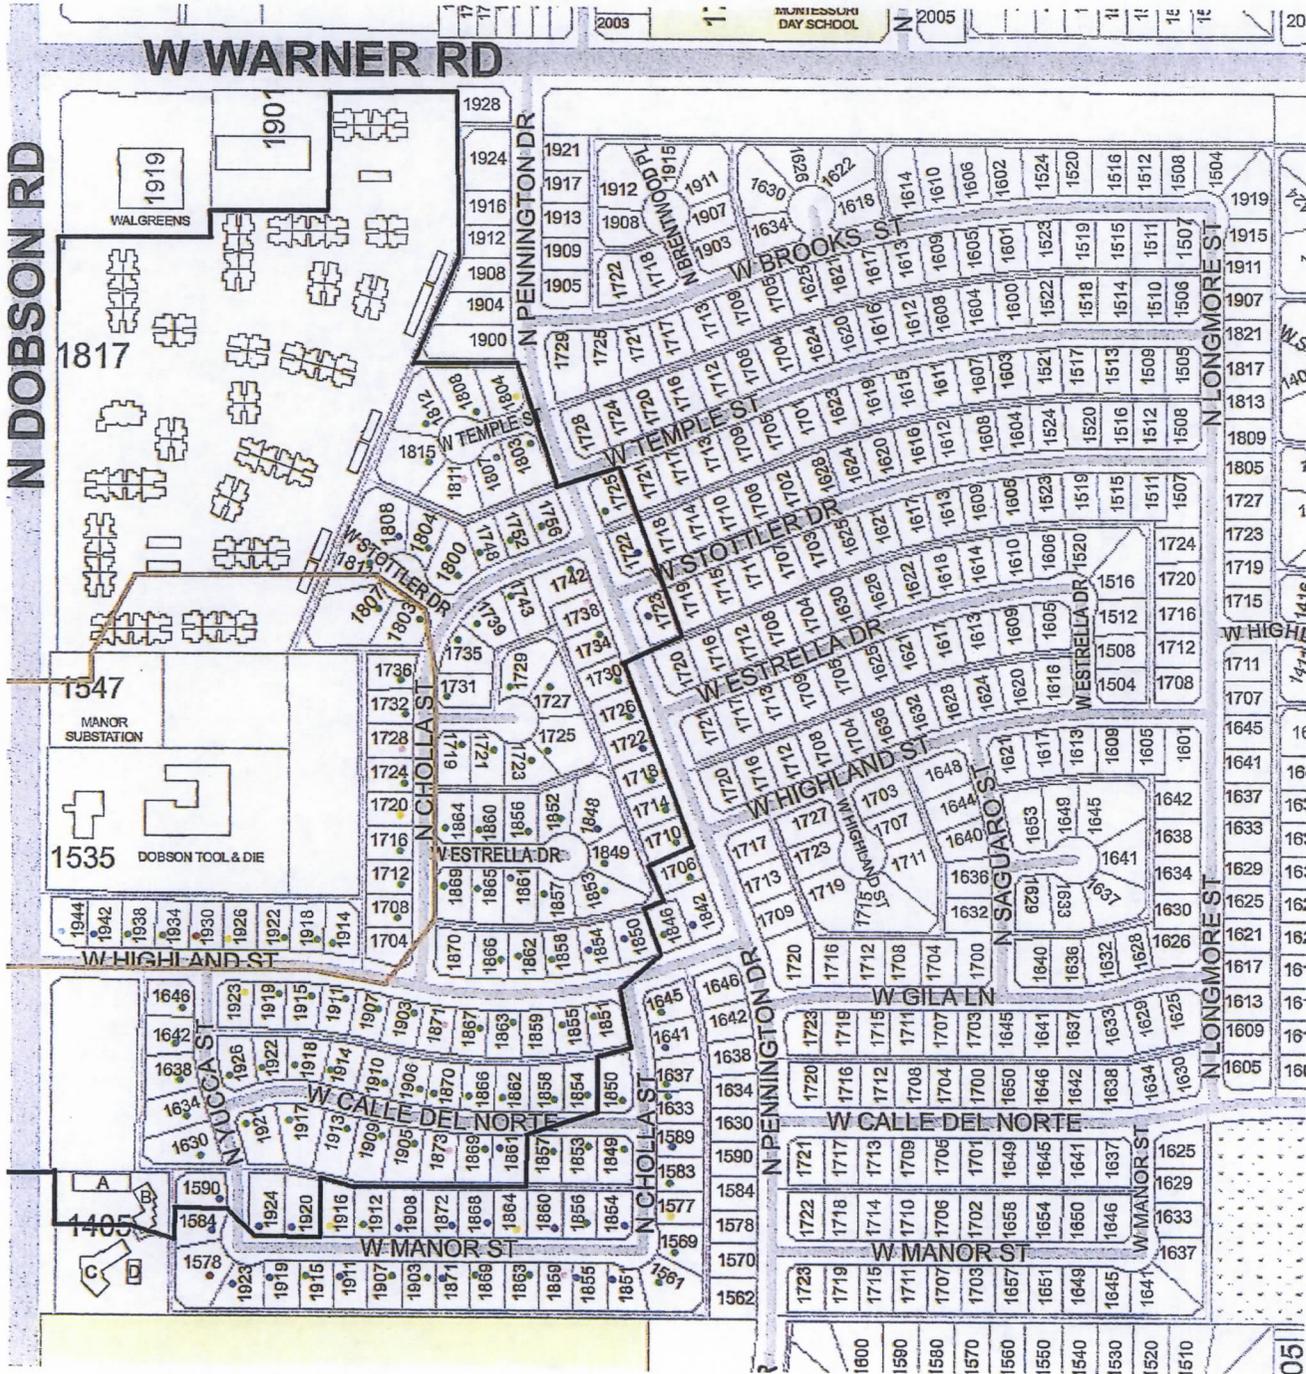

1. Any future expansion of additional operation visible from the exterior shall be subject to Commission recommendation and Council approval.
2. The use may continue as the basic industrial operation that existed at the time of annexation provided that the impact on the surrounding area, which will be residential, will not be more severe than it is presently.
3. The decorative masonry wall shall be continued along the north property line and along the entire east property line. The wall shall be constructed no later than the time that construction starts on abutting residential development.
4. Provide perimeter tree planting on the north and east.
5. Provide landscaping on the west side adjacent to the sidewalk.

Jodie Novak, Senior Planner:

I am writing in support of the Braaten family attaining the above referenced property for their K9 Center. I have been a client of Terry and Ginger Braaten for many years. They have always performed in the best professional and personal manner possible. I know these practices would follow through to their new business. The new K9 Center would be an exemplary addition to our community and I ask that it be approved by the city planners.

Please respond to Dwight Vettel <ikestr2002@yahoo.com>

History: This message has been forwarded.

Hello Jodie,

I'm am writing to you to give my support to the changing of the zoning of this property for the purpose of creating the Arizona K-9 Center.

I listened carefully to what the potential owners had to say at the informational meeting on July 30,2013 about how they would conduct their business if allowed to complete the purchase of the property. They addressed all of the potential issues of noise, smell, traffic on Dobson Road, number of animals allowed on the property at one time, and the upkeep of the property. I believe they have a good plan in place. They kept saying contact us or go over to the one brothers current facility in Tempe and check it out. This is a much smaller facility and is kept clean and order free.

I also listened to what the neighbors of the property had to say and believe they were letting their imaginations get out of control on some of the issues.

Issues -

Noise from dogs barking - Some of the people heard that there would 35-40 dogs allowed outside at one time to play in the play area behind the main building. When in fact they were told that only 3-5 dogs would be outside at one time for either play or training and that a trainer or handler would be outside with the dogs at all times. Yes, there might be 35-40 dogs residing at the facility, but they would not all be outside at the same time. Some people mentioned the issues at the Shawnee dog park. these two facilities are night and day to each other. The dog park is an uncontrolled environment while the K-9 center will be a controlled environment. This was a manufacturing plant until about 2 years ago. The machines used to manufacture the parts they made would be louder than a few dogs barking. The buildings are almost sound proof.

Smell - I'm sure that the new owners will maintain an environment that is safe for the dogs as well as the neighbors. After all they will be living on the property and I'm sure they will not want to smell the results of animal urine or poop all the time either. They said that they would have two garbage pickups scheduled and if necessary they would add more if necessary. They showed the environmentally safe chemicals they will use on the property to aid in keeping the smell under control. After the meeting, I took a drive around the property and down the alley ways between the homes and the K-9 center. I noticed that the home owners had large double size dumpsters behind their homes. I'm sure these are only picked up once a week. Imagine the smell these can put off especially during the summer months with grass clippings and normal household garbage. I believe the neighbors will first say that if they smell anything that it was coming from the K-9 facility before checking out their own dumpsters. I have seen this before when I lived in another state with a similar situation. Then it was found to be the neighbors dumpster that was putting off the foul smell.

Traffic issues on Dobson - I have lived in my house for 26+ years directly across the street from this facility. When the current company was in it's heyday of manufacturing, they had over 50 employees. These employees would park in front of my house on Rockwell and wait until the gates were opened. Never once did I see a backup of traffic on Dobson Road. The dog owners will not be parked on Dobson Road waiting for entry into the facility. They will be entering a few at a time between certain hours. The estimate given would be about 10 cars would be entering and exiting the facility, another fact that was

brought out during the information meeting that nobody heard. The neighbors were complaining about having trouble turning south on to Dobson from Highland. I have the same trouble turning north from Rockwell. A little patience and you can safely turn in either direction. I also talked with the current owner about the other potential offers he had received. One offer was to build a church on the property and the other was from Seton High and they wanted to level the property and build a soccer field. Now you can really talk about a potential issues with traffic.

In the weeks leading up to the information meeting, we received a letter from an anonymous person, bringing up the issues at the Shawnee dog park. Recently my wife saw another flyer posted on our mailbox by again an anonymous person suggesting voting against the facility. I feel these people really don't have a valid opinion if they are not willing to stand up and put their names on these flyers or letters. I'm sure they have not even contacted the potential owners to understand what their plan is.

Again, I fully support this proposed change of zoning. The owners of the K-9 facility have lived in the east valley for over 40 years. They would love to stay here and build another worth while business. They stated they have an open door policy with the current neighbors. I hope that if this is allowed to go through and that if anyone has an issue afterward will not just complain, but become part of the solution so that we can all live happily.

Thank you,

Dwight Vettel

Please respond to Aerik Braaten <aerikbraaten@yahoo.com>

History: This message has been replied to.

So that makes two concerned neighbors now.

Well I got a call today from Jennifer Johnson #480.209.8426. She and her boyfriend Kevin Jagiello live at 1922 W. Calle Del Noete. She said: "We are extremely excited about you moving into the community. We have 4 dogs and cant wait to use the new facilities. We cant make the meeting on the 30th but we will call, write, or email who ever we need to to help your cause." She was very nice and positive about everything.

Also, Mark has been trying to reach Virginia and shes not returning his calls. He just found out she is on vacation till the 29th. So that puts a bit of a hold up in our plans.

Dear Aerick,

It was a pleasure to speak with you this morning regarding the proposed zoning change for the property located at 1535 North Dobson Road in Chandler (Case No. DVR13-0017). As I mentioned to you in our conversation I am fully supportive of this change in zoning for the property. As a business owner I appreciate that way in which you have handled the process to date and your full disclosure of the intended use of the property and the way in which you intend to mitigate any areas of concern that area homeowners may have regarding the new use. As a sister to three members of the Phoenix police department (and two with non city use German Shepherds) I further appreciate your commitment to the needs of our community and first responders. As an owner of a large piece of property and an owner of livestock and companion animals I appreciate your commitment to the stewardship of both the acreage and the animals. Additionally, I think that this area is better suited to the service business you will be providing rather than the light industrial use that the property is currently used for and believe that in a predominantly residential area a service designation is a better fit than light industrial. I wish you every success in this venture and welcome your business to our neighborhood.

I am IN FAVOR of the zoning change as owner of 2723 West Colt Road, Chandler AZ 85224.

I am also IN FAVOR of the zoning changes as owner of a multi family unit directly across the street that my college aged daughter resides in at 2019 W Lemontree Place Unit 1204, Chandler AZ 85224.

As we discussed I will be out of the country and unable to attend the meeting in order to voice my support as the owner of two properties in the neighborhood but can be reached via email at any time.

Yours,

Tina Bork

Re: Case #DVR13-0017, AZ K9 Center, Nathan Braaten

Dear Ms. Novak,

We have been residents of the City of Chandler since 1997 and customers of Mr. Braaten's current business, Braaten Kennels/A-Way to Wag, since 2009. For this reason, we feel qualified to make informed comments on the proposed AZ K9 Center and its potential impact on the immediate neighborhood and business community within the City of Chandler.

Over the last four years, our interaction with Mr. Braaten and his business have always been 100 percent positive. He owns an attractive, well run business that provides a valuable service to the local community. We would like to highlight the following four areas:

1. Cleanliness: The outside of Mr. Braaten's business and the lobby/reception area have always been spotlessly clean. When we first visited his business, Mr. Braaten gave us a tour of the entire facility, and we found it to be equally clean. Of course, dogs will be dogs and there are no doubt "accidents" during the day, but they appear to be immediately cleaned up since we have never seen, or smelled, evidence of any such incidents. Which brings us to our next observation ...
2. Odors: We have never detected any offensive odors during the four years we have visited Mr. Braaten's business. We have occasionally seen Mr. Braaten or his staff cleaning up "accidents," but never detected any odors. That indicates to us that said "accidents" are dealt with immediately, so they do not lead to any offensive odors. This past week, we walked around the entire perimeter of Mr. Braaten's business, without his knowledge, and detected NO odors.
3. Noise: Mr. Braaten and his staff work diligently to keep noise to a minimum. Dogs bark, of course, particularly when their owners arrive to take them home. But Mr. Braaten and his staff have a way with the dogs, and quickly calm them down and stop their barking. We doubt we have ever heard barking

that lasts for more than about one minute (seriously). We visit the City of Chandler's Nozomi Bark Park almost every weekend, and we don't consider it noisy, there is more barking at the Nozomi Park than at Mr. Braaten's business.

4. Integrity: Over the approximately four years that we have been customers of Mr. Braaten's current business, we have found him to be a man of his word. Both he and his staff have kept every commitment they have ever made to us, whether delivering services or products for us and our dogs. It has been our experience that when Mr. Braaten says he will do something, he does it; and we expect nothing less regarding any commitments he has made to the City of Chandler regarding his proposed business.

In summary, we wholeheartedly believe that Mr. Braaten and his proposed AZ K9 Center would be valuable additions to the community. The AZ K9 Center would provide valuable services to local residents, and Mr. Braaten would be a great addition to the business community. As citizens of the City of Chandler, we would be glad to call Mr. Braaten our neighbor, and hope that we may do so in the very near future.

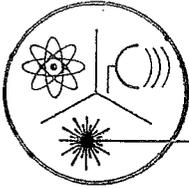

Sincerely,

William Baggenstoss

Dear Ms. Novak:

We are business owners residing in Chandler, Arizona. When we were choosing a site for our business, the City of Chandler rose to the top of our selection list because of its forward thinking and progressive philosophies. We were, and are, proud to be part of the same community that has embraced Intel and the Chandler Unified School District, which is one of the finest school districts in the State of Arizona. So, when we got word the Braaten family was considering opening The Arizona K9 Center in Chandler, we were both excited and supportive.

We have taken our beloved basset hound, Zoey, to Dog Day Care, run by Nathan Bratten for the last three and a half years. We would have no other organization care for our pet. The facility is always clean, always safe for both pets and their owners, relatively quiet, and run by an amazing and caring facilitator. The business has been the epitome of organization and efficiency. When we heard there was going to be an opportunity for a Chandler location, we were thrilled, because we could keep the same great caregivers for our dog and it would be right on our way to our Chandler office.

We wholly support bringing The Arizona K9 Center into the Chandler business community. We applaud the Braaten family for their energies and efforts. We believe this organization will be one more step of forward thinking on the part of the City of Chandler.

Best regards,

Regarding case #DVR13-0017 AZ K9 Center

Miss Novak:

I am writing to you today concerning the zoning of the AZ K9 Center in Chandler, Arizona. As an animal lover and proud member of the Chandler community, I feel it is my duty to urge you to allow AZ K9 to construct. This facility will do our community a wealth of good, from training dogs for therapy and Police duty to helping provide a safe place for pets throughout the day. I was very excited upon reading the Braaten family's plans for the center, and I approve of the zoning changes required. It seems that the responsible party for this center have put a large amount of effort into the details in order to assure that the facility is safe, efficient, and beneficial to the area. I see nothing but good coming from approving the zoning changes, and I hope that you will do our community a favor by allowing this revolutionary center its construction.

Re: Case # DVR13-0017 AZ K9 Center

Dear Sirs;

I have been a customer of Away to Wag for over 6 years and have known Nathan Braatan and his mother and father for longer than that.

I first used Nathan's services when my old Golden Retriever was unable to get up by herself and I needed to leave town. I was having trouble finding someone to care for her, when Nathan said bring her to me. I did and he did a wonderful job of caring for her and that meant literally carrying her around and catering to her needs. For once, when we returned, she was not in any hurry to go home. She felt at home with Nathan.

When we got our next Golden Retriever, it was a no brainer to use Nathan's services. This one was an 8 week old puppy when we got him through Rescue a Golden of Arizona. Nathan taught him to sit and obey the leash and not bark. He helped calm down a very rambunctious pup. My dog still adores him and really likes going to "Camp Nathan" (my words). I like to take him there and leave him for a day, just so he can socialize with other dogs and continue to be calm around all animals he meets.

Some things I really like about Nathan's facility and service is his adherence to a policy of taking only gentle dogs that intermingle well with others. All new dogs are pre-screened prior to acceptance into the facility, both to insure tranquility and to promote calmness in the animals. I have never had a problem with leaving my dog with him and, in fact he is the only one with whom I will leave my pet.

His facility is always clean and spotless. There are never any offensive odors and the animals are clean and well cared for at all times. His facility is manned 24 x 7, unlike many facilities that only have a human on premise part of the day. I whole heartedly recommend him to all my friends and acquaintances for care, boarding and training.

Far from being a nuisance, his facility would be a welcome addition to Chandler and the immediate community.

Regarding case #DVR13-0017 AZ K9 Center

I am in favor of the zoning change & want AZ K9 Center to come to Chandler. As a resident of Chandler for the past 18 years, I understand the importance of supporting local small businesses of my community. I believe AZ K9 Center has a lot of good to offer the community of Chandler such as services for the Chandler Police K9 & Assistance Dogs.

My dogs are a part of my family & are very important to me. I would not leave them with just anyone & checked many places before finding Nathan Braaten. He requires all dogs be current on vaccinations & go through a pre screening to make sure they can be social with other & a staff member is always their 24 hours a day. For the past 3.5 years Nathan has provided daycare, training, & boarding for my dogs. His facility has always been a clean safe place. I know when I leave my dogs with Nathan, I have nothing to worry about. He is great with my dogs & they love going to learn and play.

Thank You,

Michelle Tenney

Re: Case No. DVR13-0017
The Arizona K9 Center

Dear Ms. Novak:

My husband, Bill, and I are writing to ask that you please approve the zoning changes relative to the above-referenced case. We truly want The Arizona K9 Center to come to Chandler.

We have been bringing our dog, Hank, to Nathan Braaten's center in Tempe since Hank was a puppy (at least three years). Hank attends doggy day care every day, Monday through Friday, and is boarded there when Bill and I go out of town for vacations and holidays. The overall advantages of the new location and facility Nathan is seeking far outweigh his current facility.

Please let us know if you have any questions or require additional information.

Yours truly,

Nancy Rogitz

Regarding case# DVR13-0017 AZ K9 Center

Jodie Novak, Senior Planner
Planning and Zoning Commission
Chandler, AZ

Ms. Novak,

I am writing in support of the Braaten's K9 Center. The Braaten's have been for years and continue to be, hard working, honest, professional contributors to their community. Every business they own is well run, clean, up to date and successful. I believe that will also be the case of the K9 Center. Besides meeting a need for this type of service in our community it will greatly aid the Chandler K9 Officers. They have outlined how well they are prepared to be good neighbors and I believe they have covered all aspects of making that happen.

I am writing to encourage you to approve this zoning change for the Chandler K9 Center.

Sincerely,
Debra Lynch

To whom it may concern,

I am a homeowner as well as a resident in Chandler. I have lived in the southeast valley my entire life.

I have had the privilege and honor of knowing the Braaten family both personally and professionally.

I have stopped into the doggy day care facility in Tempe, each time I have stooped in it has been random and unannounced. The facility has always been clean and well maintained. The dogs have also been quiet and well mannered.

I would like you and all council members to know that I APPROVE of the zoning changes and I would like the AZ K9 to come to Chandler.

If you need any additional information from me, you can reach me at 602-620-7206, 3240 w. Sheffield ave. Chandler, AZ 85226.

Thank you allowing my voice to be heard. I plan on being at the council meeting when this issue is addressed.

Sincerely,
Theresa

Chandler City Council;

I am writing in regard case # DVR13-0017 AZ K9 Center

I have had commercial dealings with the Braaten family for many years. I have always been impressed with their honesty. Their intelligence and business acumen is impressive. Their businesses have been well run and successful.

I have employed Nathan Braaten as a dog trainer. He is a most remarkable young man. His education, temperament, and dedication work together to bring about almost unimaginable transformation in the dogs that he has trained.

I have reviewed the proposal for The Arizona K9 Center at 1535 N. Dobson Rd. and find it very impressive. It is very well thought out. Knowing their business history, I am confident that it will be developed just as outlined.

The Arizona K9 Center will be a remarkable asset for the City of Chandler. It will also be a great asset to the neighborhood.

Sincerely;

A handwritten signature in cursive script that reads "Daniel C. Mac Dougall M.D.".

City of Chandler,

I am writing in support of the new private dog facility "The Arizona K9 Center" proposed at 1535 N Dobson Road, Chandler, Arizona, to be run by the Braaten Family. As a resident of Chandler, I feel this facility would be beneficial to city of Chandler dog owners. For over the past 5 years I have been going to a nearby business that is next to "A Way to Wag" doggie day care center which is run by the Braaten Family. I've never been witness to any uncleanliness or barking at this facility and the business is on good terms with the other neighbors in the complex. In fact if I did not know it was there, I would not even know there was a doggie day care being run. Please consider approving the new "Arizona K9 Center" for the residents of Chandler.

Sincerely,

Vicki Lipski

Re: P&Z Case #DVR13-0017 AZ K9 CENTER

We understand that a group of neighbors has voiced opposition to an application by the family of Nathan, Aerik, Terry and Virginia Braaten for zoning changes that would allow the usage of the subject property as an upscale petcare facility. We have spoken with the Braaten family and have reviewed their application, and would like you to be aware of our strong endorsement of these people and their proposed business. It has been our experience that these are people of the highest professional and ethical standards, who not only care deeply for the wellbeing of animals but for the community in which they live and conduct business. We have worked especially closely with Virginia Braaten and know her to be an individual who is honest, trustworthy and thoroughly committed to upholding her word. We are also aware of the family's current Tempe location and the enthusiastic response it has received from many, many clients over its years in operation at this site. It seems that the Braatens' proposed facility in Chandler would bring a great deal to the community, not to mention the considerable value it would offer to the Chandler Police Department's K-9 service.

We are sure that you will give this proposal a hearing that is fair both to the applicants and the community; it would be unfortunate to see what appear to be overreactive objections—some of which seem to be based on misinformation—stand in the way of a project that could bring value and acclaim to your city. Thank you for the opportunity to voice our support.

Don Kirkland

Dear Ms. Novak:

We are business owners residing in Chandler, Arizona. When we were choosing a site for our business, the City of Chandler rose to the top of our selection list because of its forward thinking and progressive philosophies. We were, and are, proud to be part of the same community that has embraced Intel and the Chandler Unified School District, which is one of the finest school districts in the State of Arizona. So, when we got word the Braaten family was considering opening The Arizona K9 Center in Chandler, we were both excited and supportive.

We have taken our beloved basset hound, Zoey, to Dog Day Care, run by Nathan Bratten for the last three and a half years. We would have no other organization care for our pet. The facility is always clean, always safe for both pets and their owners, relatively quiet, and run by an amazing and caring facilitator. The business has been the epitome of organization and efficiency. When we heard there was going to be an opportunity for a Chandler location, we were thrilled, because we could keep the same great caregivers for our dog and it would be right on our way to our Chandler office.

We wholly support bringing The Arizona K9 Center into the Chandler business community. We applaud the Braaten family for their energies and efforts. We believe this organization will be one more step of forward thinking on the part of the City of Chandler.

Best regards,

Robert L. Metzger; President

TO WHOM IT MAY CONCERN,

I have been a resident in the Chandler area for 25 yrs and in that time have seen the great job the A-way to Wag Doggy Day Care has helped the community and above all the K-9 and returning veterans in supplying them with the well mannered and highly trained dogs. It would be a great shame if their company is not allowed to expand with their new location especially since the safety environment is top notch. I would definitely think, above all else, that you would want such a business in your City with all the returning veterans who so desperately need the dogs (according to Major General Rita Aargon) since the veterans gave so much to protect our Nation.

Jodie Novak, Senior Planner
Planning and Zoning Commission
Chandler

Dear Jodie Novak-

I am writing to you in support of the zoning changes that will allow AZ K9 Center (case # DVR13-0017) to come to Chandler.

I have known the Braaten family both professionally and personally for over 25 years. I cannot speak highly enough of them and feel that this center will be a great addition to the Chandler area. I am a dog owner myself, who has utilized their services several times in the past, have recommended them to others and will continue to use them in the future.

I hope that this exciting endeavor is allowed to become a reality.

Sincerely,

Monica McCue

August 27, 2013

To Whom It May Concern:

Hall Family Dentistry located at 7350 S. McClintock, Ste 105 in Tempe, Arizona is within a mile of A-way to Wag Canine Learning Center. We are writing this letter to let you know that we have never had any problems at all relating to this facility. We did not even know that they were located so close to our dental facility. We have never heard any dogs barking. There has never been any smell associated with the facility. We have a large dental complex at this location and none of the tenants has every voiced any concern. If you would like to talk directly to us we can be contacted at 480-345-0991 at your convenience.

Thank you

To whom it may concern,
my name is Jim Landoval, CO-Owner
of "A-A Barber Shop" and neighbor of
"A-Way To Wag" canine learning center.
In the four years as neighbors, A-Way
To Wag have never been a problem
with dog poop, smell or flies. They
clean and sanitize on the spot, always
very clean! Dog noise / barking is
minimal. The only time we hear
any barking is when the pet owner
pick the pet up to take it home.
Naturally the dog gets excited. Other
than that, we've never had a
problem. They're good business people
and know what they're doing!

Thank You,
Jim Landoval

To the Chandler City Council:

My name is Hong Chau Hixon. I own a dry cleaning/laundry business closely located to the A-Way To Wag Canine Learning Center. Since this company moved into our complex, I have never heard complaints or directly experienced barking or other dog noises, pet odors or related problems. Moreover, this company brought customers to my business that would have otherwise been unaware of our business or services. For these reasons, I would strongly urge your support for their desire to move into a new location in Chandler.

Thank you for the opportunity to provide input and please contact me in the event that further information is needed.

Sincerely,

Hong Chau Hixon

Ragtops Salon and Day Spa
1730 E Elliot Rd., Suite 6
Tempe, AZ 85284

To whom it may concern,

Ragtops is a very large and bustling hair salon and spa. We are located just 1 door down from the canine learning center. We have hundreds of clients coming in for spa treatments every week.

As neighbors to A-way to Wag Canine Learning Center for 4 years, we have never experienced any noise from barking dogs at all, nor have there ever been any issues with flies or poop or urine smells from the play area of the doggy play yard. We actually share the area next to the dogs play area and can attest to the fact that there are never any issues what so ever.

Remarkably, our 30 tenants and their clients find it curious that there is a question of barking dogs from the play area since there are never any dogs barking even though their outdoor play area is right on the court yard that is in the middle of the entire mall complex. We have met the head trainer of the day care and he is extremely experienced and has complete control of the center and the dogs. Many of our clients are also clients of the canine learning center and are always remarking of how well behaved the dogs are and how pleased they are with their pet's care.

If you have any further questions, please don't hesitate to call me at 480-838-9633.

July 22, 2013

Dear Neighbor,

I am writing to you as a fellow property owner and resident. Enclosed is a letter I received last week from the Arizona K-9 Center, who wants the city to rezone the former Dobson Tool and Die property at 1535 N. Dobson Road. The Arizona K-9 Center wants to build facilities for training, boarding, and private parks for visiting clients. The Center will operate from 7:00am to 7:00pm, seven days a week.

A facility of this size, with outdoor dog training and parks, will create a tremendous amount of disruptive noise. We need only to look at what happened to the homeowners/residents adjacent to the Shawnee Bark Park. The noise of barking dogs at that park has ruined the property values and peaceful lifestyle of the neighbors. Despite many abatement efforts, the city has been unable to control the noise from barking dogs and several city officials are even on record stating that they regret allowing barking dogs next to homes.

The noise from the Arizona K-9 Center will be even worse for neighbors than the Shawnee Bark Park because it will be privately owned and residents will have NO input or control of its operations and hours.

Chandler's Planning and Zoning Department and the Arizona K-9 Center will host an open house for this project at the location, date and time shown in the enclosed letter. Input from those affected is a crucial part of the zoning process, so I urge you to attend this meeting to protect our neighborhood.

If you cannot attend the meeting, I urge you to voice your objection to the rezoning by writing to the Planning and Zoning Commission care of the City Senior Planner, Jodie Novak at jodie.novak@chandleraz.gov or 215 E. Buffalo St., Chandler, AZ 85225.

A few minutes of your time will save our peaceful lifestyle and property values!

July 13, 2013

NEIGHBORHOOD MEETING NOTIFICATION LETTER

FOR ZONING CASE NO. DVR13-0017 ARIZONA K-9 CENTER

PROPERTY: 1535 N. DOBSON RD.

Dear Area Property Owner:

This letter is being sent to you to advise you of a neighborhood meeting related to a rezoning application I have filed with the City of Chandler's Planning Division. My name is Aerik Braaten and I am in the process of purchasing the property located at 1535 N. Dobson Road., the former Dobson Tool and Die Company. The property is located on the East side of Dobson Road and South of Warner Road next to the SRP electrical facility. The property is currently zoned PAD (for light industrial use and a single-family residence). I am requesting to change the zoning use of the property to PAD (for canine training/services and a single-family residence). My business focuses on canine training, indoor boarding, indoor/outdoor daycare, grooming, and a private training course. The residence on the property will be lived in by our family and the industrial warehouse will be converted to accommodate the business.

The property will mostly remain the same with the additions of vehicle parking/access areas mandated by the city, and new landscaping which will include multiple trees for a sound barrier and screening for the surrounding homes. At this time we are currently working through the City of Chandler's Rezoning process. Along with a copy of the proposed site plan, a narrative explaining our business, a plot map, and a warehouse floor plan are all attached with this letter.

I invite you to attend the neighborhood meeting where we will be able to answer any questions you may have about the proposed use. The meeting will be held as follows:

DATE: 7.30.2013

TIME: 6:00 P.M.

LOCATION: Downtown Chandler Community Center

125 E. Commonwealth Ave., Room # 101

If you are unable to attend the meeting and have comments or questions, please feel free to contact myself @ 623.695.4891 or Jodie Novak, Senior City Planner with City of Chandler @ 480.782.3060.

Thank you,

Aerik Braaten

I wrote a while back in opposition to the proposed rezoning of property for a dog park in a single family housing area. My wife attended the meeting and I E-mail Mayor Tibhraeny as well as the Council members. I also called the owner and left a message. I have not heard anything back as to whether or not the owner is still trying to push his way into our neighborhood despite the fact that no none wants him there. Do you know if this land is still being considered for rezoning?

Thank You for your time,

Mitch Keiper

K-9 center @ 1535 N. Dobson Road
Keiper, Mitchell to: jodie.novak@chandleraz.gov

07/23/2013 08:04 PM

From: "Keiper, Mitchell" <Mitchell.Keiper@Honeywell.com>
To: "jodie.novak@chandleraz.gov" <jodie.novak@chandleraz.gov>

I had called earlier today about the proposal to rezone property for canine training/services. I work nights and my wife says that she had talked to you when you called.

I will not be able to attend the meeting on 7/30/13 at 6 P.M. as I will be working.

I would like to take this time and tell you I oppose having a K-9 center in our area due to the noise it will generate. The letter I received stated that multiple trees will be installed as a sound barrier. The map we were given has an area for "Police K-9 Training". This tells me that there will be a lot of barking involved and no amount of landscaping will prevent that noise from penetrating our now quite neighborhood.

1. My wife also said that you mentioned a charter school or some other noisy business could eventually be put in. Why? I've lived here 7 years and didn't even know there was a business there. Why not have another quite business move in? Why does the City want to disturb our neighborhood and lower our housing values?
 2. My wife also said something about getting a petition going and maybe even contacting Mayor Jay Tibshraen.
 - 3.
 4. What other steps might I do to prevent this K-9 park from going through?
 - 5.
 6. Here is a picture of the land in question. There is only a wall and ally between the noisy K-9 park and people's homes. 7Am to 7 Pm Seven days a week. This is not acceptable. (note there is only one small opening just big enough for one vehicle going to and from Dobson Rd.)
 - 7.
 8. Thank you for your time,
 - 9.
- Mitch Keiper

Zoning Case No DVR13-0017

Karen to: jodie.novak

08/18/2013 05:07 PM

From: "Karen" <azbaseballmom@cox.net>
To: <jodie.novak@chandleraz.gov>

This email is sent to express our opposition of the proposed Zoning Case No DVR13-0017.

We attended the neighborhood meeting held on July 30 at the City of Chandler. This meeting was attended by far more residents than was expected as evidenced by the size of the room that was reserved and the reactions of the K-9 Center staff as well as the City Planner in attendance. While the operators of this proposed business seemed knowledgeable and pleasant, we, the residents, must trust our instincts.

We have lived in our home for over 22 years. A K-9 Center next to our home would be very disruptive. Our primary concerns are the affect on property value, the noise and the potential odor. There are other areas of the city that have experienced declining property values and disruption to the adjacent residents due to these conditions. One example, as the City is aware, is the area of the Shawnee Bark Park. We already experience dogs in our neighborhood that can be quite noisy. The addition of more canine scent in the area would certainly excite the residents pets and therefore increase the barking exponentially.

The type of business that the K-9 Center wants to create is a great idea. But, it should not be built adjacent to residential.

Sincerely,

Kurt and Karen Williams

Dog letter.doc

Dear Jodie,
Attached is a letter that explains our being against the AZ K-9 Center. Please make this a part of the permanent record. Hopefully our thoughts on this matter will be heeded. Putting a facility like this in the heart of a residential area will degrade the property values, the quality of life for the current residents, and make it much more difficult to sell our property if we choose to do so. Thank you for your consideration.
Sincerely, Randy and Pat Solo

Re: Proposal for Dog Facility at 1535 N. Dobson Rd. and its impact on residents quality of life, property values, and owners ability to sell affected properties.

Dear Jodie,

My wife and I live at 1942 W. Highland Street, just south of the proposed dog facility. We believe our proximity to the proposed use will negatively impact both our property value and our enjoyment of our home. We oppose the rezoning of the land at 1535 N. Dobson Rd. due to the following reasons.

1) Noise

One of the biggest negative effects of living next to a dog kennel or grooming business is the noise factor. When you live near a dog kennel, you are likely to hear a lot of barking, likely at all hours. If you have ever heard how annoying it can be when just one of your neighbor's dogs start barking in the middle of the night or even during the day when you are trying to sleep or concentrate on something, imagine how disturbing it would be when, at an inopportune moment, 10 or 15 dogs start barking at the same time. This in turn would cause other dogs in the neighborhood to join in. Many residents also like to leave windows open during the cooler weather. That might not be possible with the kennel nearby, if the noise is irritating to you.

We understand that the dog facility owners say there will be no noise problem. We don't believe that will be possible given the frequent use by the dogs of the outside park and training areas and the numbers of dogs in our neighborhood already.

2) Increased Traffic

Another detractor that comes with living next to a kennel is increased traffic. Although kennels may not necessarily be high-traffic businesses, they will require some traffic on a daily basis - most of it during rush hours. If you have small children or pets of your own, you may not want a lot of extra traffic driving near your house throughout the day. Many people in residential situations, and many potential buyers, do not like the idea of being close to business traffic on a regular basis. We live on a street that carries major ingress and egress traffic for the neighborhood. It is already difficult in the morning many times to get out of the driveway due to traffic on the street. Increased traffic on Dobson will cause further backups along Highland.

Another possibility, although remote, is that an additional stop light will be needed. That means additional expenditures by the city.

3) Safety

Depending on the type of kennel business, we also have concerns about safety. For example, if the kennel allows the dogs to go outside into the backyard or park to get some air, it is possible, if unlikely, that the animals may get out. Dogs have been known to dig under fences or jump over them, even taller ones, and if you are dealing with a large, dangerous breed, you may not be comfortable leaving your children outside to play. Also, sometimes even the gentlest of dogs can suddenly get out of control. What if a dangerous animal manages to escape? The front gate will be remaining open allowing escaping dogs a way to exit the property on to Dobson, a busy road. According to the pictures provided by the potential facility owner, many of the dogs are large breeds, which means that the potential for them to jump over fencing is increased.

4) Property Values and Taxes

Besides the factors that will negatively affect our quality of life while we live here, having a dog kennel next door will also hurt when reselling the property. Buyers will not want to live next to a dog kennel, even in the unlikely event that the noise, smell, and other negative factors are mitigated, and that would keep them from making offers on our property. If someone does make an offer, it may be for much lower than what the house would sell for in another location. Over time, this will drive property values lower and lower. This could also affect the neighborhood owners' ability to obtain financing or home equity loans.

5) Flies, Insects, and Other Pests

One of the most unpleasant aspects of living near a large group of animals is the insects they attract. Even the best facilities can have ticks, fleas, maggots, and flies. A swarm of flies, especially the biting ones, could have a serious impact on our quality of life and our ability to enjoy our outdoor spaces. These insects could also annoy or injure neighborhood children and pets if they go outside. While the potential owners assure us that they will be using effective chemicals to eliminate this problem, unfound feces, trash containers with fecal residue, and dogs carrying ticks unnoticed by their owners are all potential problems.

6) Chemicals

Chemicals and cleaners are a necessary part of taking care of any pets, the more animals, the larger amounts of these chemicals needed. What chemicals will be used by the facility? Will they create fumes or smells? Will they sting peoples eyes, cause a rash, lung problems, allergic reaction? These possibilities are impossible to gauge. Chlorine is typically a component of these cleaners and disinfectants. Chlorine is poisonous, and in fact was used in the first World War as a weapon. Even in weaker concentrations, such as in swimming pools, rashes, itching and worse have been known to occur in sensitive individuals. We are sure that the facility owners would keep drums of chemicals in approved storage areas, but leaking drums or other packaging may also be an issue.

7) Commercial Vehicles

Besides the addition of regular traffic, special waste removal vehicles and delivery trucks will need to visit the kennel regularly. Their frequent visits are not the only problem though. Unlikely as it may be, the potential for spills of waste or chemicals is very real. So is the sound made by the vehicles themselves. This sound is almost certain to cause the animals on the property to bark which in turn will make other dogs in the neighbor

bark, etc. etc. The handling of the chemicals of a dangerous nature, such as chlorine and other disinfectants, pesticides, and cleaning agents by loaders and drivers also poses a spill risk and a noise factor.

8) Chemical Storage

As a commercial facility, the owners will want to be profitable. That means they will probably purchase and store larger quantities of the cleaners, disinfectants, pesticides, etc. as it is more cost effective to buy in bulk. That in turn means the chemicals must be delivered and stored. The chances of a spill or leakage, remote as they may be, could occur when unloading or dispensing them. These undiluted chemicals could then find their way into the sewers or form a cloud of toxic fumes.

9) Neighborhood Pets

The effects of the dogs located within the facility on neighborhood dogs have already been mentioned, but what about the cats that make their home in the vicinity? The felines that are put out in the evening are likely to cause the dogs in the facility to bark, possibly for extended periods of time. Any chance that the cats can find uneaten food may cause them to explore the kennel with a similar effect. There is also the possibility of a confrontation between the different animals, unlikely as it may be. Not only would that provoke unwanted noise but may also result in injury to one or more of the pets. There are quite a few cats that roam the neighborhood every night searching for food and mates. Their sounds are discernable by humans, so they are certainly heard by the dogs.

10) Odors, Smells, and Air Quality

Dogs and their waste stink. Even the best intentioned person can miss small deposits of feces when cleaning up. Of course dog urine can't be cleaned up at all outdoors. While the potential new owners insist they will clean up the area regularly, even if cleaned up daily it still means up to 24 hours of smell from the waste until it is removed. Urine, even if watered down into the rocks and soil, will build up over time and the owners will be unable to mitigate the smell totally.

What about when it rains? Dogs don't wait to go until the rain stops. The rain will then wash some of the feces into the soil which will be impossible to remove. Even treating the area with chemicals might miss some waste. The result is likely to be a gradual increase in the foul smells emanating from the kennel over time. Also, the chemicals will have an odor that may be unpleasant, especially when mixed with the waste.

11) Impact on the Sewer System

Another potential problem, one more likely to occur than most, is the effect of putting all the harsh cleaners, disinfectants, deodorizers, and other potentially toxic chemicals into the sanitary sewer system. Is there a potential for a buildup of sewer gas if these liquids and powders accumulate over time? Will the bacteria and other organisms generate a smell? How about disruptions to local service if the pipes are corroded. Can the chemicals leech into the water supply? Is the city water system set up to handle all these chemicals? Is it possible that the water supply could be affected?

12) Police Presence

Training police dogs creates another possible problem for the neighborhood. Can the dogs be considered dangerous? After all, many aren't fully trained yet. Are drugs going

to be on the property at any time? What happens if an emergency arises during a training session and the dog and handler have to leave? Will sirens be sounding, even if it's the middle of the night? What about gunshots? Will firearms be discharged to help train the dogs? Will guns and ammunition be stored at the facility? What about lights for night training? Police dogs don't only work during the day. What noise level can neighbors expect from police dog training? Is it louder than regular training? More dangerous?

13) Potential for Changes

In addition to the factors already mentioned, there is also another problem. Assuming the kennel is profitable, it is likely the owners will want to expand, enlarge, or improve the facility. Additional kennel space can easily be created inside the facility without requiring additional permitting. This will mean more animals boarded and all that entails. Though the potential owners have 'no plans' to do this now, if additional profits are available or needed, it is a certainty that this will happen.

The addition of overhead light for nocturnal training of service and police dogs is also probable. The pets being boarded will most likely increase with all the additional noise and other problems that entails. The number of other issues that could arise due to expansion or change in ownership is large.

14) Complaints

Assuming that there is a problem, as an example barking dogs, what can a local resident do about it? The answer, hard as it is to believe, is NOTHING! Dogs are barking at two o'clock in the morning at a neighbors house, call the police, they will do something. If the dogs are barking at the kennel, the police and city can do nothing. The kennel is zoned as a kennel and noise is to be expected! Same with odors, traffic and all the rest. Once the kennel is there it is TOO LATE!

15) Other Possible Businesses

A lot is made of the fact that unless the property is rezoned PAD for this business, some other, possibly more disruptive, business will move in. It is unlikely that any other business that doesn't specialize in animals will have as many problems and nuisances associated with it. This plot of land is surrounded by residential areas, apartments to the north and single family dwellings to the east, west, and south. Even redevelopment as town homes or apartments would be preferable to housing large amounts of animals. We have lived in this house for 23 years, and we have never had an issue with any noise, smell, or traffic from this property before. That includes times when the property was a working tool and die facility.

In conclusion, for the above reasons we oppose the rezoning of the PAD to allow the creation of a kennel and dog training facility.

Thank you for your consideration.
Sincerely,

Randy and Pat Solo

History: This message has been replied to.

I am writing in regards to Zoning Case No. DVR13-0017 Arizona K-9 Center. Property: 1535 N Dobson RD.

Hello my name is Edmundo Padilla. I live at 1728 N Cholla St, Chandler AZ 85224. I work in downtown Phoenix at St Josephs Hospital and will be unable to attend this meeting due to my work schedule. I've been a part of the Chandler community for over 15yrs now and have lived at this location since 2005. I put much thought into this area before buying my home. I enjoy the peacefulness of my neighborhood very much and strongly oppose this facility being built behind my home. I have received Mr Braatens' letter and disagree this facility will not affect my neighbors and myself. It will create noise and odors in spite of the tree barriers Mr. Braaten has mentioned. Although I do love dogs, I do not believe this is the location for this type of facility.

Thank you,

Edmundo Padilla

To: Jodie.Novak@chandleraz.gov

History: This message has been replied to and forwarded.

Hello Jodie,

My name is John Goya, and I am a property owner whose backyard sits right behind the proposed Arizona K9 Center. I am aware that there will be some attempts to reduce the amount of noise coming out of the area, but I am still concerned about the potential noise levels coming out of the facility.

I know first hand that dogs are special to all of us, but with the experience with the residents within the area of Shawnee Bark Park, I am strongly opposed to the type of business that is proposed here.

Thank you for taking the time to hear my thoughts.

Regards,
-John Goya

Comments on Arizona K-9 Center (DVR13-0017)

Dear Planning and Zoning Commission (c/o Jodie Novak),

On behalf of my family, I urge you to deny the rezoning application for the Arizona K-9 Center, DVR13-0017. For over 21 years my family has owned and resided in a nearby home that will be adversely impacted by the proposed rezoning.

Although the applicant has done an admirable job with their application, a facility such as this is not well suited for a residential area. The noise of barking dogs from police canines, private training and the facility's private parks will disrupt this peaceful neighborhood and lower property values.

I see this issue similar to the Shawnee Bark Park in which several City officials admitted in the press that allowing barking dogs next to residences was a grave error. This will be worse than Shawnee in that the City will have no control over the hours of operations, number of dogs or ability to mitigate the noise.

I would also like to point out that the proposed facility, by virtue of its operations, will likely be in violation of City Code 11-10.1(B)(5) which prohibits, "Keeping, harboring or having custody within the City any dog which barks, howls or makes noises by day or night which disturbs the peace and quiet of any person or family in the neighborhood".

Finally, I would like to point out that I am not alone in my concern. Over two dozen property owners attended the community meeting held on July 30, 2013 - so many that it was standing room only. Nearly all expressed serious reservations about this project and most were outright against it.

Given the City's previous regrets about allowing barking dogs next to homes, the harm to property values, the likelihood of an ongoing violation of City Code, and the reluctance of property owners, the rezoning should not be approved.

Sincerely,

The Lund Family
Chandler, AZ

Rezoning at 1535 N Dobson Rd

Just letting you know I oppose it.

A noisy business like this needs to be outside the residential areas....or in an industrial park.

The location is not a good place for a dog business. Dogs make too much noise.

Hi Jodie,
Have done a little more thinking on this....

We've been waiting a long time for property values to come back and now there is a chance of people losing some of what they've gained when they see a business like this right in the middle of a residential area. Barking dogs are a huge nuisance. And, I would imagine the police wouldn't respond to any complaints since this location would be zoned for animals. Offices, that are occupied M-F during the day would be a much better use of the property. Animals, in the number this guy would want to have, should be outside any residential area.

Thanks,
Karen L Nixon

ORDINANCE NO. 4538

AN ORDINANCE OF THE CITY OF CHANDLER, ARIZONA, AMENDING THE ZONING CODE AND MAP ATTACHED THERETO, BY REZONING A PARCEL FROM PAD (MACHINE SHOP/TOOL AND DIE) TO PAD (DOG DAYCARE, BOARDING, GROOMING, TRAINING, AND RELATED USES) IN CASE (DVR13-0017 ARIZONA K-9 CENTER) LOCATED WITHIN THE CORPORATE LIMITS OF THE CITY OF CHANDLER, ARIZONA.

WHEREAS, application for rezoning involving certain property within the corporate limits of Chandler, Arizona, has been filed in accordance with Article XXVI of the Chandler Zoning Code; and

WHEREAS, the application has been published in a local newspaper with general circulation in the City of Chandler, giving fifteen (15) days notice of time, place and date of public hearing; and

WHEREAS, a notice of such hearing was posted on the property at least seven (7) days prior to said public hearing; and

WHEREAS, a public hearing was held by the Planning and Zoning Commission as required by the Zoning Code

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Chandler, Arizona, as follows:

SECTION I. Legal Description of Property:

See Attachment 'A'.

Said parcel is hereby rezoned from PAD (machine shop/tool and die) to PAD (dog daycare, boarding, grooming, training, and related uses), subject to the following conditions:

1. Development shall be in substantial conformance with Exhibit A Narrative, Exhibit B Site Plan, Exhibit C Landscape Plan, Exhibit D Floor Plan, and Exhibit E Grading & Drainage Plan kept on file in the City of Chandler Planning Division, in File No. DVR13-0017 ARIZONA K-9 CENTER, except as modified by condition herein.
2. Right-of-way dedications to achieve full half-widths, including turn lanes and deceleration lanes, per the standards of the Chandler Transportation Plan.

3. Undergrounding of all overhead electric (less than 69kv), communication, and television lines and any open irrigation ditches or canals located on the site or within adjacent right-of-ways and/or easements. Any 69kv or larger electric lines that must stay overhead shall be located in accordance with the City's adopted design and engineering standards. The aboveground utility poles, boxes, cabinets, or similar appurtenances shall be located outside of the ultimate right-of-way and within a specific utility easement.
4. Future median openings shall be located and designed in compliance with City adopted design standards (Technical Design Manual # 4).
5. Completion of the construction of all required off-site street improvements including but not limited to paving, landscaping, curb, gutter and sidewalks, median improvements and street lighting to achieve conformance with City codes, standard details, and design manuals.
6. The developer shall be required to install landscaping in the arterial street median(s) adjoining this project. In the event that the landscaping already exists within such median(s), the developer shall be required to upgrade such landscaping to meet current City standards.

SECTION II. Except where provided, nothing contained herein shall be construed to be an abridgment of any other ordinance of the City of Chandler.

SECTION III. The Transportation & Development Department of the City of Chandler is hereby directed to enter such changes and amendments as may be necessary upon the Zoning Map of said Zoning Code in compliance with this ordinance.

Jodie Novak
Senior Planner
Planning and Zoning Commission
215 E. Buffalo Street
Chandler, AZ 85225

Dear Ms. Novak:

We are business owners residing in Chandler, Arizona. When we were choosing a site for our business, the City of Chandler rose to the top of our selection list because of its forward thinking and progressive philosophies. We were, and are, proud to be part of the same community that has embraced Intel and the Chandler Unified School District, which is one of the finest school districts in the State of Arizona. So, when we got word the Braaten family was considering opening The Arizona K9 Center in Chandler, we were both excited and supportive.

We have taken our beloved basset hound, Zoey, to Dog Day Care, run by Nathan Bratten for the last three and a half years. We would have no other organization care for our pet. The facility is always clean, always safe for both pets and their owners, relatively quiet, and run by an amazing and caring facilitator. The business has been the epitome of organization and efficiency. When we heard there was going to be an opportunity for a Chandler location, we were thrilled, because we could keep the same great caregivers for our dog and it would be right on our way to our Chandler office.

We wholly support bringing The Arizona K9 Center into the Chandler business community. We applaud the Braaten family for their energies and efforts. We believe this organization will be one more step of forward thinking on the part of the City of Chandler.

Best regards,

Robert L. Metzger; President

Marilyn S. Metzger; Vice President

Subject: Comments for Chandler City Council

To: Hon. Mayor and Members of the Chandler City Council
Members, Chandler Planning & Zoning Commission

Re: P&Z Case #DVR13-0017 AZ K9 CENTER

We understand that a group of neighbors has voiced opposition to an application by the family of Nathan, Aerik, Terry and Virginia Braaten for zoning changes that would allow the usage of the subject property as an upscale petcare facility. We have spoken with the Braaten family and have reviewed their application, and would like you to be aware of our strong endorsement of these people and their proposed business. It has been our experience that these are people of the highest professional and ethical standards, who not only care deeply for the wellbeing of animals but for the community in which they live and conduct business. We have worked especially closely with Virginia Braaten and know her to be an individual who is honest, trustworthy and thoroughly committed to upholding her word. We are also aware of the family's current Tempe location and the enthusiastic response it has received from many, many clients over its years in operation at this site. It seems that the Braatens' proposed facility in Chandler would bring a great deal to the community, not to mention the considerable value it would offer to the Chandler Police Department's K-9 service. We are sure that you will give this proposal a hearing that is fair both to the applicants and the community; it would be unfortunate to see what appear to be overreactive objections—some of which seem to be based on misinformation—stand in the way of a project that could bring value and acclaim to your city. Thank you for the opportunity to voice our support.

Regarding case #DVR13-0017 AZ K9 Center

I am in favor of the zoning change & want AZ K9 Center to come to Chandler. As a resident of Chandler for the past 18 years, I understand the importance of supporting local small businesses of my community. I believe AZ K9 Center has a lot of good to offer the community of Chandler such as services for the Chandler Police K9 & Assistance Dogs.

My dogs are a part of my family & are very important to me. I would not leave them with just anyone & checked many places before finding Nathan Braaten. He requires all dogs be current on vaccinations & go through a pre screening to make sure they can be social with other & a staff member is always their 24 hours a day. For the past 3.5 years Nathan has provided daycare, training, & boarding for my dogs. His facility has always been a clean safe place. I know when I leave my dogs with Nathan, I have nothing to worry about. He is great with my dogs & they love going to learn and play.

Thank You,

Michelle Tenney

Re: Regarding case # DVR13-0017 - The AZ K9 Center

Dear Ms. Novak:

As a resident of Chandler, I am "for" the zoning request by AZ K9 Center, Case # CVR13-0017, requested by Hidden Acres, Inc. to allow a canine learning center located at 1535 North Dobson Road, Chandler, Arizona. I do not oppose their application and welcome The AZ K9 Center to the Chandler community.

Re: Case # DVR13-0017 AZ K9 Center

Dear Sirs;

I have been a customer of Away to Wag for over 6 years and have known Nathan Braatan and his mother and father for longer than that.

I first used Nathan's services when my old Golden Retriever was unable to get up by herself and I needed to leave town. I was having trouble finding someone to care for her, when Nathan said bring her to me. I did and he did a wonderful job of caring for her and that meant literally carrying her around and catering to her needs. For once, when we returned, she was not in any hurry to go home. She felt at home with Nathan.

When we got our next Golden Retriever, it was a no brainer to use Nathan's services. This one was an 8 week old puppy when we got him through Rescue a Golden of Arizona. Nathan taught him to sit and obey the leash and not bark. He helped calm down a very rambunctious pup. My dog still adores him and really likes going to "Camp Nathan" (my words). I like to take him there and leave him for a day, just so he can socialize with other dogs and continue to be calm around all animals he meets.

Some things I really like about Nathan's facility and service is his adherence to a policy of taking only gentle dogs that intermingle well with others. All new dogs are pre-screened prior to acceptance into the facility, both to insure tranquility and to promote calmness in the animals. I have never had a problem with leaving my dog with him and, in fact he is the only one with whom I will leave my pet.

His facility is always clean and spotless. There are never any offensive odors and the animals are clean and well cared for at all times. His facility is manned 24 x 7, unlike many facilities that only have a human on premise part of the day. I whole heartedly recommend him to all my friends and acquaintances for care, boarding and training.

Far from being a nuisance, his facility would be a welcome addition to Chandler and the immediate community.

Donald R. Williams

Planning and Zoning Commission Chandler

Regarding case #DVR13-0017 AZ K9 Center

Miss Novak:

I am writing to you today concerning the zoning of the AZ K9 Center in Chandler, Arizona. As an animal lover and proud member of the Chandler community, I feel it is my duty to urge you to allow AZ K9 to construct. This facility will do our community a wealth of good, from training dogs for therapy and Police duty to helping provide a safe place for pets throughout the day. I was very excited upon reading the Braaten family's plans for the center, and I approve of the zoning changes required. It seems that the responsible party for this center have put a large amount of effort into the details in order to assure that the facility is safe, efficient, and beneficial to the area. I see nothing but good coming from approving the zoning changes, and I hope that you will do our community a favor by allowing this revolutionary center its construction.

Regarding case # DVR13-0017 AZ K9 Center

Dear Jodie:

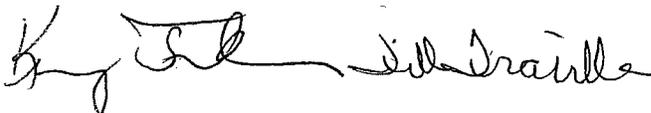

We are writing to support the rezoning efforts for the proposed Arizona K9 Center. We are in favor of the zoning changes to bring the K9 Center to Chandler.

We understand that the Arizona K9 Center (AZ K9) will be a family-run business (Braaten) and that they are committed to providing a clean, quiet, safe, and healthy environment. In addition, the property will serve as a personal residence which should mitigate any concerns for neighborhood noise, smell, or visual problems. Our family has known the Braaten family for over 20 years and can vouch for their commitment to these goals.

We believe the K9 Center will be a benefit to the community at large and support the requested zoning changes.

Thank you for your support.

Sincerely,

A handwritten signature in cursive script, appearing to read "Kerry and Jill Travilla".

Kerry and Jill Travilla

To whom it may concern,

I am a homeowner as well as a resident in Chandler. I have lived in the southeast valley my entire life.

I have had the privilege and honor of knowing the Braaten family both personally and professionally.

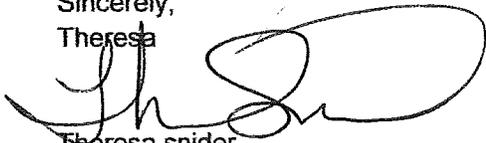

I have stopped into the doggy day care facility in Tempe, each time I have stooped in it has been random and unannounced. The facility has always been clean and well maintained. The dogs have also been quiet and well mannered.

I would like you and all council members to know that I APPROVE of the zoning changes and I would like the AZ K9 to come to Chandler.

If you need any additional information from me, you can reach me at _____, 3240 w. Sheffield ave. Chandler, AZ 85226.

Thank you allowing my voice to be heard. I plan on being at the council meeting when this issue is addressed.

Sincerely,
Theresa

Theresa snider

MAY 8 2014

880 West Harrison Street
Chandler, Arizona 85225

December 20th, 2013

To Whom it may concern:

I am writing on behalf of the Braaten family, with whom I have been acquainted for over 7 years. As a dog owner and long term resident of Chandler, I fully support the Braatens endeavor to open a dog care and training facility in the vicinity of Dobson and Warner Roads in Chandler. Nathan's extensive training knowledge and skill, his compassion for dogs, and success with his current daycare facility gives me great assurance that this facility will be an asset to our community.

Ginger is also a successful business owner and is very involved in the community. Her interest in opening the dog care center is simply to provide local pet owners with a safe, fun place for their pets to socialize. Also, as the Braatens will offer the Chandler police department an area in which to train their K9 officers, this can only serve to improve our community.

Having reviewed the Braaten's plans for the facility, I can only hope that they will be permitted to proceed with their business venture.

Sincerely,

A handwritten signature in black ink, appearing to be 'SS' with a horizontal line through it.

Sharon Stiles

880 West Harrison Street
Chandler, Arizona 85225

December 20th, 2013

To Whom it may concern:

I have been acquainted with the Braaten family for over 7 years and have learned of their desire to establish a dog care and training facility in the vicinity of Dobson and Warner Roads in Chandler. I personally believe they have developed a well thought out plan and am confident that they will be conscientious and reliable in fulfilling all responsibilities.

As I have been a resident of Chandler for over 16 years, I am looking forward to the development of this facility. The Braatens are successful business owners and have been involved in dog care for years. I have no doubts that they will operate the property with proper care and concern.

Sincerely,

David L. Stiles

Re: Regarding case # DVR13-0017 - The AZ K9 Center

Dear Ms. Novak:

As a resident of Chandler, I am "for" the zoning request by AZ K9 Center, Case # CVR13-0017, requested by Hidden Acres, Inc. to allow a canine learning center located at 1535 North Dobson Road, Chandler, Arizona. I do not oppose their application and welcome The AZ K9 Center to the Chandler community.

Sincerely,

Arizona K9 Center

Jason Jantzen To Me

Today at 2:08 PM

I am writing to express my support of the pending zoning for the Arizona K9 Center. I have been a resident of Chandler for fifteen years and have had the pleasure of watching the Chandler area develop and flourish in a carefully planned and methodical way unseen in not only other parts of Arizona, but in the entire country. Chandler is a city which I am proud to call my home and raise my children.

Having been briefed on the upcoming development plans for the Arizona K9 Center, I can think of no better addition to our community for the planned space. Their proposed work with dogs and children with special needs as well as for our service men and women in distress is not only a business that creates specialized jobs, but also gives back to our local community.

I hope you'll join me in my support of the Arizona K9 Center by approving their zoning request Thursday, May 9th.

Best Regards,

Jason W. Jantzen

Subject: Arizona K9 Center Support

Dear esteemed Mayor and Council,

This letter is to support the approval for the Arizona K9 Center and its cause. I have known the Braaten family since 1988 and they have always been supportive to K-9 causes and to the community in general. I have no doubts that this center will bring hope and adoption to the overwhelming neglect with K-9 companions in the Valley.

If there is anything I can do to demonstrate my support, please do not hesitate to contact me directly, 480.540.4866.

Kind regards,

Justin Timmons
Senior Project Manager

Re: Regarding case # DVR13-0017 - The AZ K9 Center

Dear Ms. Novak:

As a resident of Chandler, I am "for" the zoning request by AZ K9 Center, Case # CVR13-0017, requested by Hidden Acres, Inc. to allow a canine learning center located at 1535 North Dobson Road, Chandler, Arizona. I do not oppose their application and welcome The AZ K9 Center to the Chandler community.

Chandler, AZ 85225

Honorable Members of the Chandler City Council:

As a Chandler based business owner, I would like to express my strong support for the Arizona K9 Center project.

This new business is important to me because I believe it will provide a needed service to the residents of Chandler and its neighboring cities, and help continue Chandler's proud tradition of fostering small business and entrepreneurship. As a dog lover, finding a reputable and trustworthy facility to provide services for my dog is a priority. I am confident that, if approved, The Arizona K9 Center will be just the place to provide those valuable services.

I have known one of the owners of The Arizona K9 Center, Aerek Braaten, for over 20 years. Aerek has always been a trustworthy and honorable member of the community. SanTan Brewing Company, has done business with Aerek's current venture, The Real Party Bus, on several occasions when we've needed a safe and reliable method of transporting our patrons to various locations throughout the valley. I believe Aerek will bring the same level of integrity and reliability in his latest venture as he did in his last.

I am grateful for the opportunity and support that The SanTan Brewing Company has received from the City of Chandler over the years, and I hope that you will vote to extend that same support and opportunity to the Arizona K9 Center.

Sincerely,

Aaron Sanchez

Vice President / Co-Founder

SanTan Brewing Company

Subject: DVR13-0017, AZ Canine Learning Center

Dear Mayor Tibshraeny, Vice Mayor Huemann, Councilmembers: Donovan, Ellen, Hartke, Sellers, and Weninger,

This letter is in support for the rezoning of the parcel at "1535 N Dobson Rd" from light manufacturing to a pet care and training center.

I am a health professional who works both in Chandler and in the West Valley.

On all of my work days I depend on the services of "A-Way-To-Wag" to host, train, and feed my Havanese, Bailey.

I can assure you that Nathan Braaten, owner and trainer, is formally educated with many supportive clients who are enthused by his current and pending enterprise.

Outcomes for his exceptional behavioral management services beneficially contrast with outcomes for behavior management at alternative conventional kennels.

A broad array of his future training services will be incorporated and appreciated by local police K-9 units and by dependent individuals desiring companion pets.

I can assure concerned neighborhood residents that sights, sounds, and smells at the current location would meet the standards of a strictly monitored HOA.

I would know as I have been President and Vice-President of my HOA for 5 years.

Nathan isn't likely to deviate from these standards at the future "Az Canine Learning Center"!

Finally, I think tax revenues generated by the future "AZ Canine Learning Center" will be substantial and obviously appreciated by the City of Chandler.

Respectfully Submitted,

David P Ember DDS

To whom it may concern,

I am a small local business owner in Arizona and I want to show my support for the Arizona k9 center. This is a needed facility here in Arizona. I see all the dedication and love the people involved have put into getting this place up and running. I see not getting the zoning for this type of facility being a huge loss for the animals and the community.

Subject: Arizona K9 Center Support

Dear esteemed Mayor and Council,

This letter is to support the approval for the Arizona K9 Center and its cause. I have known the Braaten family since 1988 and they have always been supportive to K-9 causes and to the community in general. I have no doubts that this center will bring hope and adoption to the overwhelming neglect with K-9 companions in the Valley.

If there is anything I can do to demonstrate my support, please do not hesitate to contact me directly, 480.540.4866.

Kind regards,

Justin Timmons

Subject: Arizona K9 Center - Proposed Chandler Facility

Mayor and Chandler City Council Members,

Growing up in Arizona has been a true privilege, one I would not trade for anything in the world. A personal point of pride is sharing the fact that I both reside in and run a number of businesses from our great city of Chandler, Arizona.

As a 25 year plus resident and a Chandler based business owner, my sincere belief is that our representatives here in Chandler have the foresight to continue the successful management of our great city well into the future.

I would like this trend to continue by attracting additional business to our city, both large and small. With this said, I am expressing my sincere support for the Arizona K9 Center proposal including the most expedient process' with any zoning modifications requested by the operators and residents in the immediate vicinity so that the services can be added to the list of amenities our city has to offer the community and surrounding areas.

Additionally, I understand their processes and training of K9's would benefit our Police, Fire and Veterans as well as others in our community. This is a big plus that would only add to Chandler's great reputation.

If you have any questions whatsoever regarding this letter of support in favor of Arizona K9 Center, feel free to contact me directly.

Thank you for your time and consideration regarding my suggested approval in this matter.

RE: DVR13-0017, AZ Canine Learning Center

Dear Mayor Tibshraeny:

We approve of and support DVR13-0017, AZ Canine Learning Center, to be located at 1535 N. Dobson RD., Chandler, AZ.

We believe this organization and its Mission will be a credit to our city and further the goals of Chandler now and in the future. The collaboration with the police force, the service to people with disabilities, and the care given to animals in need are each worthy of support. The unique method of expanding their efforts in overall service is pioneering in the best way. There is a thoughtful and considerate plan in place, another star in Chandler's crown.

Please vote to approve at the May 8, 2014 Council Meeting at 7 pm.

May 8, 2014

Mayor and City Council of Chandler Members

Chandler, Arizona

Dear Mayor and City Council Members,

As a resident of Chandler, I would feel honored to have A-way to Wag Day Care and Boarding in our community. They will be serving the community in many ways. They will be helping our disabled with canine assist dogs. Our police and fire departments will have support with their animals. One on one training, doggy day care and boarding will also be available. They will be doing all of these things and many more. What may be most important to their immediate homeowners is that they are a conscientious and responsible neighbor.

One of their functions will positively enrich lives in many ways. It is very important to disabled or traumatized individuals to have canine assist and therapy dogs. Having this assistance will enable them to have more productive and better lives. This service is offered at A-way to Wag Day Care and Boarding. Our First Responders, Fire and Police as well as the people that are helped in disasters will benefit from having canine and training support from this facility. As a service to the community they will also assist our Chandler Canine Officers by providing a training area and hydrotherapy for their animals.

As a business, there function is desperately needed. They will keep temporarily displaced animals while their family is in the hospital or not otherwise able to care for them. A-way to Wag Day Care also provides one on one training for owners and their animals. **I have witnessed this training for my daughter Amanda's dog that was scared of other dogs. The**

dog was a lot calmer around other dogs after its session with the Nathan Braaten. Also when Amanda and I were for her dog training, they kept the premises very clean. We went outside for some training. After we returned, Nathan's assistant immediately cleaned up after a dog that had gone to the bathroom while we were outside. It was a little warm outside too and they gave Amanda's dog Bella some water. She spilled a little bit of it and they cleaned it up right away. They also provide doggy day care and boarding too.

The owners of the business are extremely considerate of their neighbors. This location will be a combination of private residence for the owners and a private K9 center. The owners will be living on site so management will be present 24/7. The dogs will be kept indoors in a 20,000 square foot air-conditioned warehouse day and night. On a rotational basis, the dogs will go outdoors to play. They will be accompanied by a trainer to insure that they are quiet. This outdoor play area will be confined to a 50 foot by 100 foot area that will be surrounded by a solid mason fence with trees and shrubbery. This area is limited to the daytime hours from 9 am to 6 pm. There are four acres surrounding the warehouse and play area as an additional buffer zone. The whole seven acre site will be enclosed by a solid mason fence. The center hours of operation will be normal business hours Monday-Friday from 6:00 am-7:00 pm, Saturday from 10:00 am-5:00 pm, and will be closed on Sundays. **Currently, the business is located in a shopping center in Tempe. I have been a customer at the salon close by in that same shopping center for several years, and I have never heard any dogs barking on my way to, from, or in the salon.**

In conclusion, I sincerely hope that the City Council supports the establishment of this business in Chandler; it will benefit the community immensely. I may be reached at my email address or home phone number listed below. Unfortunately, I will not be there to night as I am a teacher and I am giving a final exam from 7:10-9:00. My husband, Dave Richardon, will represent our family.

Regards,

Diane E.
