SECTION 1. PERMISSION GRANTED

1.1 **Definitions.** The terms, phrases, words and their derivatives used in this Agreement shall have the meanings given in Chapter 46 of the Chandler City Code as amended. Additional definitions for this Agreement include:

Call means the operations required to set up or establish, maintain, and terminate or release a connection through a telephone network in support of a communication between two or more stations. A call comprises a sequence of events that begins when an end user at an originating station initiates a call request to a switch that may work in conjunction with other switches to establish a connection to an end user at a destination station, and concludes when one party (user) terminates the connection.

Common carrier means a private company offering interstate and international communication services by wire or radio or the interstate or foreign transmission of energy to the general public on a non-discriminatory basis.

Conduit means a pipe of either metal, ceramic or plastic that is designed to protect buried cables.

Dark fiber means fiber optic cable that is in place but not in active use. Without the associated electronic equipment needed at both ends of the cable, the fiber remains "unlit" and inactive.

Information Service means the offering of a capability for generating, acquiring, storing, transforming, processing, retrieving, utilizing, or making available information via telecommunications.

IntraLATA Call refers to a telephone call within the same LATA (same region). IntraLATA is local telephone service. InterLATA refers to a call from one LATA to another, which can be within a state or from state to state (interstate).

Lit Fiber Service is a telecommunications service which is furnishing the optical transmission, conveyance or routing of voice, image, data, audio, video or any other information or signals by means of a fiber optic cable.

System means Company's infrastructure and communications facilities installed in the City of Chandler's Rights of Way ("ROW") and on other City of Chandler Public Property, including but not limited to conduit, fiber optic cables, splice cases, manholes, hand holes, and related and associated facilities.

Telecommunications means the transmission, between or among points specified by the user, of information of the user's choosing, without change in the form or content of the information as sent and received. However, the term does not include commercial mobile radio services, pay phone services, interstate services, cable services, information services, or the leasing of dark fiber for transmission purposes.

Telecommunications Services means the offering of telecommunications for a fee directly to the public regardless of the facilities used.

1.2. Grant. Subject to the provisions of this Agreement, the Chandler City Code, the Chandler City Charter, and Arizona and federal law, CITY grants to COMPANY nonexclusive and revocable rights and nonexclusive and revocable privileges as set forth in this Agreement to construct, install, operate, and maintain its System in the City of Chandler's Rights of Way ("ROW") and on other City of Chandler Public Property subject to mutually agreed upon terms and conditions at a time in the future when COMPANY submits applications for Encroachment Permits.

1.2.1 At any time during the term of this Agreement, COMPANY may apply to the CITY for Encroachment Permits which will set forth the specific location of COMPANY's System, fees, if any, for that location and other terms and conditions. CITY will approve, deny or conditionally approve, on a non-discriminatory basis, such applications based on the availability of space at the location sought by COMPANY, safety and other considerations in accordance with the City Code, applicable Rights-of-Way construction regulations and other applicable law.

1.2.2 Subject to obtaining the permission of the affected property owner, this Agreement also authorizes COMPANY to place its System on property owned by third parties, such as an electric utility company or other private property owners, provided, however, the System installed or constructed by COMPANY shall meet conditions set by applicable Rights-of-Way Construction regulations, and be placed underground in accordance with Section 47-4 of the Chandler City Code. Upon request from the City, COMPANY shall promptly furnish to CITY documentation of such permission from such other affected property owner. By executing this

Agreement, CITY does not waive any rights that it may have against any public utility or other property owner to require that such owners obtain prior approval from the CITY for such uses of their property or facilities, or that revenues received by any public utility or other property owner from COMPANY, by virtue of COMPANY use of their property or facilities be included in the computation of the use Agreement fees owed by such parties to CITY. Nothing contained in this paragraph or in this Agreement shall authorize COMPANY to enter into an Agreement with any third party that result in aerial overlash of existing plant whether owned or leased from a third party. Attachment is authorized only when it can be accomplished through existing infrastructure and requires no aerial overlash of existing infrastructure.

1.2.3 No component or part of COMPANY System shall be installed, constructed, located on, or attached to any property within the CITY until COMPANY has applied for and received approval for Encroachment Permits pursuant to Chapter 46 of the Chandler City Code. Additionally, COMPANY shall comply with all other provisions of the Chandler City Code, including but not limited to Chapter 35 regarding zoning, Chapter 47 regarding off-site construction and other applicable City regulations. No attachment to existing infrastructure is allowed if attachment will require aerial overlashing.

1.2.4 Any right or privilege claimed pursuant to this Agreement by COMPANY for any use in the City of Chandler's Rights of Way ("ROW") and on other City of Chandler Public Property shall be subordinate to any prior or subsequent lawful occupancy or use thereof by the CITY or any other governmental entity and shall be subordinate to any prior easements therein, provided however, that nothing herein shall extinguish or otherwise interfere with property rights established independently of this Agreement.

1.2.5 Nothing in this Agreement shall be construed to prevent the City from abandoning, altering, improving, repairing, or maintaining its facilities on the Right-of-Way, and for any or more of such purposes or any other lawful purpose requiring COMPANY, at the COMPANY's expense and no expense to the City, to remove, relocate or abandon in place COMPANY's Facilities in order to accommodate the activities of the City. The City shall not be liable for lost revenues sustained by COMPANY, however caused, because any activity of the City in the Right-of-Way, when such costs or lost revenues result from the construction, operation, and/or maintenance of City facilities and any other lawful activity on Right-of-Way, provided that the activities resulting in such costs or lost revenues are conducted in accordance with applicable laws and regulations.

1.3 Description of the Services, System and its Construction.

1.3.1 COMPANY uses its System to provide telecommunications and communications services, including Ethernet and transport data networking, enterprise data and voice services, high speed internet and virtual private networks. It does not provide services

that are considered Multichannel Video Programming Services, video services provided by an Open Video System or Cable Television Services.

- 1.3.2 COMPANY's Certificate of Convenience and Necessity ("CC&N") authorizes it to provide intrastate competitive telecommunications services, including local exchange services and intraLATA toll services.
- 1.3.3 COMPANY may have empty conduit and dark fiber customers within its routes in CITY.
- 1.3.4 COMPANY shall seek proper authority through the encroachment permit process before any construction in the City of Chandler's Rights of Way ("ROW") and on other City of Chandler Public Property.
- 1.3.5 COMPANY's method of construction shall be underground construction by trenching or boring conduit along with surface mounted hand holes for access to the fiber for splicing. Company will lease fiber as deemed necessary from other fiber providers and build off of their access points, allowing for service provision to business customers. This license will permit construction by the Company within the CITY's public right-of-way and it is the intent of the parties that COMPANY AND CITY will work to minimize the inconvenience to the citizens of Chandler and others who use the arterial streets. Prior to commencement of installation of the System, Company shall submit specifications for proposed manholes and pull boxes to the City for approval, which approval shall not be unreasonably delayed or withheld. All work on the System will be performed substantially in compliance with all lawful and reasonable Uniform Standard Specifications for Public Works Construction sponsored and distributed by the Maricopa Association of Governments as amended (hereinafter referred to as "MAG"), the City supplements to MAG and all lawful and reasonable requirements of the City Utility manual and will follow good practices for the industry.

Per City specifications, all conduits will be placed outside of the City of Chandler's Rights of Way ("ROW") and on other Public Property wherever possible. Company will, nonetheless, build the System in accordance with plans approved by the City of Chandler.

- 1.3.6 If COMPANY desires to change the components of any of the System, written approval of such change must be obtained from a representative of the City Engineer, which approval shall not be unreasonably withheld or delayed. Prior to commencement of installation of the System, Company shall submit specifications for proposed manholes and pull-boxes to the City for approval, which approval shall not be unreasonably delayed or withheld. All work on the System will be performed substantially in compliance with the Uniform Standard Specifications for Public Works Construction sponsored and distributed by the Maricopa Association of Governments as amended (hereinafter referred to as "MAG"), the City supplements to MAG and the City Utility manual, and will follow good practices for the industry.

- 1.3.7 COMPANY shall retain an independent testing company for any applicable MAG test as requested by City, subject to approval by CITY in its reasonable discretion, to test all materials outlined by MAG and the CITY'S supplements to MAG that will be used in construction of the System. The testing results will be sent to CITY directly and (three) 3 business days of obtaining results.
- 1.3.8 COMPANY's installation of the System shall be reasonably coordinated with other utilities and CITY to accommodate opportunities for common installation along with COMPANY's project as set forth in this Agreement. All installations shall be underground and in conduit as reasonably approved by the City Engineer. Provided, however, nothing herein shall require COMPANY to incur any material additional expense to accommodate common installations. The provisions relating to material additional expense in the foregoing sentence relate only to coordinated installations and are not applicable to any other section of this contract.

1.4 Location of the System.

- 1.4.1 At the time of proposed construction, COMPANY shall submit an Encroachment Permit Application(s) together with the details, plans and specifications for CITY review and approval, and pay all applicable application, review and inspection fees prior to any and all construction work performed pursuant to the rights granted under this Agreement including the installation, operation, maintenance, and location of any and all of the System. The proposed locations of COMPANY's planned initial installation of its System including related facilities or equipment is depicted on the map attached and made a part of this Agreement as Exhibit A ("Initial Routes") and shall be depicted more specifically on engineering drawings provided to the CITY with the submittal of the plans and specifications during the permitting process. Such Encroachment Permit(s) shall be identified by CITY log number and made a part hereof and referenced as a summary of its System location as Exhibit A and updated yearly.
- 1.4.2 Although the exact placement and location of COMPANY's System shall be determined by CITY through the Encroachment Permit process, COMPANY has expressed its intent and CITY has expressed its desire to have the System installed outside of the paved street areas whenever such location is feasible and reasonable. Further, it is the intent and desire of both parties that when it is necessary for the System to intersect CITY streets or be placed under paved areas, COMPANY shall use directional boring unless a deviation is authorized by the City Engineer.
- 1.4.3 If COMPANY desires to change the location of any of the System, including any related facilities or equipment, from that set forth in the initial Encroachment Permit

Application(s), COMPANY shall apply for and obtain approval for an amendment to the Encroachment Permit prior to installation and construction.

2.2.1 COMPANY shall first provide written notice to CITY of the identity of the proposed user or purchaser and a description of the proposed use or sale arrangement. In the event the lease or contract provides for the other entity to construct, install, operate or maintain any of COMPANY's System, no such arrangement shall proceed until the other entity enters into an agreement with the CITY for use of the CITY's Rights-of-Way.

2.2.2 COMPANY may not allow third parties to use its Facilities for any use that COMPANY itself does not have the authority under this License and Agreement.

2.2.3 COMPANY may enter into contracts with unrelated third party Telecommunications Corporations in the ordinary course of business for the resale of Telecommunications Services. Such contracts ("User Contracts") shall be subject to all requirements and provisions of this Agreement.

2.3 Co-location. COMPANY's installation of the System shall be reasonably coordinated with other utilities and CITY to accommodate opportunities for common installation along with COMPANY's project as set forth in this Agreement. All installations shall be in conduit as approved by the City Engineer.

2.4.1 COMPANY and CITY shall comply with all applicable laws as amended from time to time, including but not limited to, the Chandler City Code and the Chandler Charter and Arizona and federal law in the exercise and performance of its rights and obligations under this Agreement. If it is necessary for COMPANY to comply with any law or regulation of the FCC or the Arizona Corporation Commission ("ACC") to engage in the business activities anticipated by this Agreement, COMPANY shall

comply with such laws or regulations as a condition precedent to exercising any rights granted by this Agreement. Provided, however, no such law or regulation of the FCC or ACC shall enlarge or modify any of the rights or duties granted by this Agreement without a written modification to this Agreement.

2.4.2 To the extent that COMPANY uses the CITY's Right of Way or other Public Property to provide services other than intrastate Calls through its Fiber Optic Networks, use of the ROW or other Public Property is subject to the terms and conditions of this Agreement and any applicable permits and laws.

2.5 Reports.

2.5.1 Upon request, COMPANY shall provide to CITY copies of any communications and reports submitted by COMPANY to the FCC or any other federal or state regulatory commission or agency having jurisdiction in respect to any matters directly affecting enforcement of this Agreement.

2.6 Non-Interference.

2.6.1 The System to be constructed, installed, operated and maintained under this Agreement shall be located or relocated so as to interfere as little as possible with traffic or other authorized uses over, under or through in the City of Chandler's Rights of Way ("ROW") and on other City of Chandler Public Property. All phases of permitting, construction, traffic control, backfilling, compaction and paving, and the location or relocation of the System shall be subject to regulation by the CITY as described in MAG, City supplements to MAG, and the City of Chandler Utility Manual. COMPANY shall keep accurate construction and installation records of the location of all its System and facilities, both aboveground and underground within the CITY and furnish them to CITY within thirty (30) days of installation. COMPANY shall furnish such information in an electronic format compatible with the then current CITY electronic format.

2.6.2 COMPANY shall locate and relocate, at its own expense, any facilities, equipment or other encroachment installed or maintained in, on or under the City of Chandler's Rights of Way ("ROW") and on other City of Chandler Public Property as may be necessary to facilitate any public purpose or any CITY project whenever directed to do so by CITY in writing on a non-discriminatory basis. Such relocations shall be accomplished in accordance with the directions from CITY including the City's construction schedule and shall be pursuant to the same terms and conditions as the initial installation allowed pursuant to this Agreement and an Encroachment Permit. COMPANY shall reimburse the City for any direct or indirect damages, but not special, incidental, or consequential damages, incurred by the City as a result of

delays in locations or relocations as required by this paragraph if caused by COMPANY's negligence. It is agreed that COMPANY will be responsible for primary loss investigation, defense and judgment when this paragraph is applicable.

2.6.3 COMPANY agrees to obtain permits as required by this Agreement prior to removing, abandoning, relocating or necessary reconstructing of any portion of its System in the City of Chandler's Rights of Way ("ROW") and on other City of Chandler Public Property. Notwithstanding the foregoing, CITY understands and acknowledges there may be instances when COMPANY is required to make repairs that are of an emergency nature or in connection with an unscheduled disruption of the System. COMPANY will maintain any annual permits required by the CITY for such repairs. COMPANY will notify CITY, if practicable, before the repairs and will apply for and obtain the necessary permits the next business day after the repairs are initiated.

2.7 Reservation to CITY.

There is hereby reserved to CITY every right and power required pursuant to this Agreement to be herein reserved or provided by any ordinance or the Charter of the City, and COMPANY by its execution of this Agreement agrees to be bound thereby and to comply with any action or requirements of CITY in its exercise of such rights or power, heretofore or hereinafter enacted or established. Neither the granting of any Agreement nor any provision hereof shall constitute a waiver or bar to the exercise of any governmental right or power of CITY.

3.2 Annual Fee.

3.2.1 The parties acknowledge that applicable Arizona law prohibits the City from charging a recurring Right-of-Way Use Fee to providers of intrastate telecommunications services. Therefore, a Right-of-Way Fee will not be charged for the COMPANY's facilities that are used by the local network for intrastate telecommunications, *i.e.* those services where company operates and maintains that service (lit service) in accordance to an Arizona Certificate of Convenience and Necessity (CC&N).

- 3.2.2 If COMPANY places facilities that carry interstate traffic between and among the telecommunications corporation's interstate points of presence or leases its dark fiber to another carrier for purposes of carrying interstate traffic between and among that telecommunications corporation's interstate points of presence, then COMPANY shall pay CITY two dollars and three cents (\$2.03) per linear foot of the City of Chandler's Right-of-Way or City of Chandler's other Public Property for such use.

COMPANY will pay prorated annual fee by multiplying the annual footage fee, as adjusted, for the year of payment, by a fraction, the numerator which is the number of full months between the month of issuance of the permit and the next following anniversary date of this Agreement and denominator of which is twelve (12).

If COMPANY desires to change the location of any of the System, including any related facilities or equipment, from that set forth in the initial Encroachment Permit Application(s), COMPANY shall apply for and obtain approval for an amendment to the Encroachment Permit prior to installation and construction. In the event COMPANY determines that it will occupy a one (1) four inch (4") conduit owned by the CITY within the duct bank underneath the freeway within Chandler of which CITY has control, COMPANY shall pay to CITY Eighteen Thousand Dollars (\$18,000) per year for the term of the Agreement for such use, COMPANY is limited to using the conduit solely for installation and operation of the System as described in and in accordance with the terms of this Agreement. Payment shall be due on or before the first day of each year of the Term. CITY agrees that upon any extension, renewal or replacement of this Agreement, COMPANY shall be granted the right to occupy and use the afore-described conduit without any fee or charge for freeway access ("Freeway Crossing Fee") whatsoever. - 3.3 In Kind. This Agreement does not currently provide for any additional in-kind payments by COMPANY, however, should fees be owed under Section 3 above, the Parties may agree in writing that such new in-kind payments will be an offset to the fees owed. This subsection imposes no obligation on the CITY to agree to offset the fees in this Agreement or in any future agreement.

3.8 Performance Bond; Security Fund.

3.8.1 Performance Bond. COMPANY shall file and maintain until termination of this Agreement, a faithful performance bond in favor of CITY in amount that will be determined when COMPANY is being issued encroachment permits, to guarantee that COMPANY shall well and truly observe, fulfill and perform each and every term of this Agreement. In case of any breach of any condition of this Agreement, any amount of the sum in the bond, up to the whole thereof, may be forfeited to compensate CITY for any damages it may suffer by reason of such breach. Said bond shall be acknowledged by COMPANY, as principal, and by a corporation Agreement by the Arizona Insurance Commissioner to transact the business of a fidelity and surety insurance company as surety, and said bond shall be approved by CITY. CITY and COMPANY agree that the process and procedure for drawing upon, curing, and replenishing the performance bond shall be the same as set forth below for the security fund.

3.8.2 Security Fund. Prior to receiving any permit to construct, install, maintain or perform any work in the City of Chandler's Rights of Way ("ROW") and on other City of Chandler Public Property which requires an Encroachment Permit from the CITY pursuant to applicable City Codes, COMPANY shall deposit into a suitable interest-bearing account established by CITY, and COMPANY shall maintain on deposit through the term of this Agreement, the sum of not less than Fifty Thousand Dollars (\$50,000) as security for the faithful performance by it of all the provisions of this Agreement, and compliance with all orders, permits and directions of any agency of the CITY having jurisdiction over its acts or defaults under this Agreement and any Encroachment Permit issued pursuant thereto, and the payments by COMPANY of any fees, claims, liens and taxes due the CITY which arise by reason of the construction, operation or maintenance of the facilities. CITY shall have the full power of withdrawal of funds from the account except that all interest accrued shall be payable to COMPANY on demand. No withdrawals shall be made from the security fund account without the prior written approval of the City Manager and

prior written notice of intent to withdraw to COMPANY. This fund shall remain in effect throughout the period of construction of COMPANY's System. Notwithstanding the foregoing, the form of the Security Fund shall be either a bond, letter of credit, or other form of security acceptable to the City's Risk Manager.

3.8.3 Within thirty (30) days after notice to COMPANY that any amount has been withdrawn by CITY from the security fund pursuant to Section 4.6.2 above, COMPANY shall deposit a sum of money sufficient to restore such security fund to the original amount.

3.8.4 If COMPANY fails, within ten (10) business days of a notice of intent to withdraw from the security fund, to pay CITY any taxes or fees due and unpaid; or fails to repay to CITY, within such ten (10) business days of such notice, any damages, costs or expenses which CITY shall be compelled to pay by reason of any act or default of COMPANY in connection with this Agreement; or fails, within thirty (30) days of such notice of failure by CITY to comply with any provision of this Agreement which CITY reasonably determines can be remedied by an expenditure of the security, CITY may immediately withdraw the amount thereof, with interest from the security fund. Upon such withdrawal, CITY shall notify COMPANY of the amounts and date thereof.

3.8.5 COMPANY shall be entitled to the return of such security fund, or portion thereof, as remains on deposit upon completion of all construction of COMPANY's System as shown on Exhibit A, or upon termination of this Agreement at an earlier date, provided that there is then no outstanding default on the part of COMPANY. In the event additional construction in the City of Chandler's Rights of Way ("ROW") and on other City of Chandler Public Property is applied for, COMPANY shall again deposit a cash security deposit in an amount determined by the City Manager and not to exceed Fifty Thousand Dollars (\$50,000), before CITY issues the Encroachment Permit. Any funds that CITY erroneously or wrongfully withdraws shall be returned to COMPANY, with interest of one (1%) per month, within thirty (30) business days of such a determination.

3.8.6 The rights reserved to CITY, with respect to the security fund, are in addition to all other rights of CITY whether reserved by this Agreement or authorized by law, and no action, proceeding or exercise of a right with respect to such security fund shall affect any other right CITY may have.

3.9 Damage to Public Property.

Whenever the installation, removal, or relocation of any of COMPANY's System is required or permitted under this Agreement, and such installation, removal or relocation shall cause City of Chandler's Rights of Way ("ROW") and on other City of Chandler Public Property to be damaged, COMPANY, at its sole cost and expense, shall promptly repair and return Public Property in which the System components are located to a safe and satisfactory condition in accordance with applicable laws, with provisions in the City of Chandler Utility Manual and the Maricopa Association of Governments (hereinafter referred to as "MAG")

and the City's supplements to MAG, reasonably satisfactory to the City Engineer. If COMPANY does not repair the site as just described, then CITY shall have the option, upon fifteen (15) days prior written notice to COMPANY, to perform or cause to be performed such reasonable and necessary work on behalf of COMPANY and to charge COMPANY for the proposed costs to be incurred or the actual costs incurred by the CITY at CITY's standard rates, plus an administrative fee of fifteen percent (15%). Upon the receipt of a demand for payment accompanied by explanation of cost and fees incurred by CITY, COMPANY shall, within thirty (30) days, reimburse CITY for such costs. For any pavement cuts by COMPANY, COMPANY agrees to restore the pavement and to reimburse the CITY for all costs arising from the reduction in the service life of any public road, in accordance with the provisions of Chapter 46 of the Chandler City Code and the fees established by the CITY pursuant thereto. COMPANY agrees to pay within thirty (30) days from the date of issuance of an invoice and explanation of costs and fees from CITY.

3.10 Hazardous Substances.

In the event COMPANY releases to the environment Hazardous Substances under its control, to the extent that a governmental agency with jurisdiction requires reporting, investigation, cleanup or remedial measures to be taken, COMPANY shall, at its sole cost and expense, promptly undertake such required actions. If COMPANY discovers a Preexisting Environmental Condition, COMPANY shall immediately notify the CITY.

3.10.2 "Hazardous Substances" for purposes of this Agreement means those substances defined as toxic or hazardous substances, pollutants, or wastes by Environmental Laws and the following substances: gasoline, kerosene, or other petroleum products, toxic pesticides and herbicides, volatile solvents, materials containing asbestos or formaldehyde, and radioactive materials.

3.11 Public Emergency.
