

PURCHASING ITEM FOR COUNCIL AGENDA

MEMO NO. ST15-001

1. Agenda Item Number:

23

2. Council Meeting Date: July 10, 2014

TO: MAYOR & COUNCIL

3. Date Prepared: June 2, 2014

THROUGH: CITY MANAGER

4. Requesting Department: Transportation & Development

5. SUBJECT: Purchase of asphalt rubber crack sealant material from CrafcO, Inc., in an amount not to exceed \$200,000

6. RECOMMENDATION: Staff recommends City Council approve the utilization of Arizona Department of Transportation (ADOT) Contract No. ADSPO13-035060 for the purchase of asphalt rubber crack sealant material from CrafcO, Inc., in an amount not to exceed \$200,000.

7. BACKGROUND/DISCUSSION: The Streets Division is in need of purchasing approximately 446,600 pounds of asphalt rubber crack sealant material for the City's upcoming crack sealing and maintenance projects. The Poly Flex III material manufactured by CrafcO, Inc., a Chandler-based company, is an approved material for crack sealing work on City streets and has been used for more than 20 years. Poly Flex III crack sealant material is a very stable and durable product and is specially formulated to withstand the high temperatures of the Arizona heat. The product does not track on the streets and does not pick up or get carried into driveways, therefore reducing the amount of complaints the City receives when this work is performed. The City has been using a cooperative contract available to us through ADOT, which was awarded to CrafcO, Inc. Based on our history of utilizing this product and the above noted benefits, the Streets Division recommends continued use of this material.

8. EVALUATION PROCESS: In May 2012, ADOT awarded a cooperative contract to CrafcO, Inc., for the purchase of asphalt rubber crack sealant materials. One response was received from CrafcO, Inc., our current provider. The delivered price for this contract period was \$0.4478 per pound. Based upon the size of ADOT's contract, we have elected to use their cooperative contract pricing of \$0.4478 per pound. The Streets Division used \$200,000 of crack sealant material last year and proposes to use \$200,000 of material this year. The ADOT contract pricing is good until June 5, 2015, and there was no price increase when ADOT extended the contract.

9. FINANCIAL IMPLICATIONS:

Cost: \$200,000
Savings: N/A
Long Term Savings: N/A

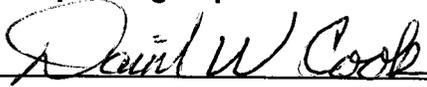

Acct No.: 101.3300.6513.0000 Fund: General Fund Program Name: Street Maintenance CIP Funded: No Funds: \$200,000

10. PROPOSED MOTION: Move City Council approve the utilization of Arizona Department of Transportation (ADOT) Contract No. ADSPO13-0350060 for the purchase of asphalt rubber crack sealant material from CrafcO, Inc., in an amount not to exceed \$200,000.
