ORDINANCE NO. 4624

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF CHANDLER, ARIZONA, TO AUTHORIZE AND APPROVE GRANTING A NO COST IRRIGATION EASEMENT THROUGH, OVER, UNDER AND ACROSS A PORTION OF ELLIS STREET, ADJACENT TO THE CONTINUUM PROJECT, TO SALT RIVER PROJECT TO PIPE AN EXISTING IRRIGATION DITCH AND ACCOMMODATE FUTURE DEVELOPMENT OF THIS AREA.

WHEREAS, as part of the improvements to the Continuum Project and adjacent parcels it is necessary to pipe an existing irrigation ditch owned by Salt River Project at Ellis Street; and

WHEREAS, Salt River Project requires an irrigation easement in order to pipe the existing ditch at this location; and

WHEREAS, the City of Chandler, Arizona, is willing to grant an irrigation easement at no cost to SRP for that purpose; and

NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Chandler, Arizona, as follows:

Section 1. That the City Council of the City of Chandler, Arizona authorizes and approves the granting of an irrigation easement at no cost to Salt River Project, through, over, under and across that certain property described and depicted in Exhibit "A" attached hereto and made a part hereof by this reference.

Section 2. That the granting of said irrigation easement shall be in a form approved by the City Attorney.

Section 3. That the Mayor of the City of Chandler, Arizona, is hereby authorized to execute the easement and this Ordinance on behalf of the City.

**KNOW ALL MEN BY THESE PRESENTS:**

That

**CITY OF CHANDLER**, ("Grantor"),  
an Arizona municipal corporation,

FOR AND IN CONSIDERATION OF THE SUM of One Dollar, and other valuable consideration, receipt of which is hereby acknowledged, do hereby grant to the **SALT RIVER PROJECT AGRICULTURAL IMPROVEMENT AND POWER DISTRICT**, ("Grantee"), an agricultural improvement district organized and existing under the laws of the State of Arizona, its successors and assigns, for itself and on behalf of the United States of America and as manager of the federal Salt River Reclamation Project, the non-exclusive right, easement and privilege to construct, reconstruct, operate and maintain an underground irrigation pipeline and irrigation turnout structure together with all the necessary and appurtenant facilities (collectively, the "Irrigation Facilities) through, over, under and across the following described property:

**Said easement being more particularly described on EXHIBIT A  
attached hereto and by reference made a part hereof.**

Grantee shall have the right, but not the obligation, to trim, cut and clear away trees or brush in the easement area whenever in its judgment the same shall be necessary for the convenient and safe exercise of the rights hereby granted. Grantor shall be responsible for the cost of removal of any trees or brush installed by Grantor that do not comply with the specifications in **Exhibit B**, attached hereto.

The Grantee shall at all times have the right of full and free ingress and egress to said easement for the purpose heretofore specified.

In the event the right, privilege and easement herein granted shall be abandoned and permanently cease to be used for the purpose herein granted, all rights herein granted shall automatically cease and revert to the Grantors, their heirs and assigns. This reversion is self-executing. However, in such event, and at Grantor's request, Grantee shall provide a quit claim deed or other recordable document sufficient to evidence the extinguishment of the easement and Grantee's interest in the real property described within this easement document.

The covenants and agreements herein set forth shall extend and inure in favor and to the benefit of and shall be binding on the heirs, successors in ownership and estate, assigns and lessees of the respective parties hereto.

Notwithstanding any of the aforesaid provisions, the easement rights granted herein shall be further subject to the following covenants, restrictions and conditions:

1. Grantor shall not erect, construct or permit to be erected or constructed any building, fence or other structure, drill any well or install swimming pools within the limits of said easement area, except Grantor reserves the right to construct, install, operate, maintain, repair, replace and reinstall surface parking areas, driveways, roadways, sidewalks, curbs and gutters, landscaping, irrigation lines, street lighting and public utilities in the easement area which comply with the specifications shown in Exhibit B attached hereto and by this reference made a part hereof, unless agreed to by Grantee in writing.
2. Other easements or permits for public utility purposes which Grantor grants in, upon, under, over and across the easement area described herein shall provide for compliance with the specifications shown in Exhibit B attached hereto and by this reference made a part hereof, unless agreed to by Grantee in writing.
3. In the event that any repair, maintenance, replacement or installation of the irrigation facilities and appurtenant conveniences will cause a disturbance or a disruption of any public street or paved roadway, Grantee shall notify Grantor, pursuant to existing practices, before Grantee undertakes any such action. In the event of an emergency, Grantee shall have use of any public street or paved roadway as it reasonably deems necessary and appropriate to correct, repair, replace or reconstruct irrigation facilities affected by the emergency and notify Grantor, pursuant to existing practices, as soon as practical after responding to the emergency. Grantee shall provide for advance warning signs, barricades, flagmen, flares, and other devices when necessary to protect the roadway user as set forth by the City Traffic Engineer in the latest edition of the "Manual on Uniform Traffic Control Devices" and any amendments and/or revisions thereto.
4. Grantor shall warrant and defend the rights, easements, and privileges hereby granted and the priority of this easement against all acts of the Grantor and no other, subject to any matter that may appear of record.

5. If, in its use of the easement area for any purpose, Grantee disturbs or damages any property or improvements of Grantor constructed in accordance with Exhibit B, all such property or improvements so disturbed or damaged shall be restored as close to its previous condition as is reasonably possible at the expense of Grantee.

6. In no event shall Grantee cause any irrigation facility to be located closer than two (2) feet from back of the curb (existing or as planned and made known to Grantee before the execution of this easement) for the adjacent public street or paved roadway, except at the point where the irrigation facility will intersect and cross under any such public street or paved roadway.

7. Nothing herein or within the attached Exhibit B shall be construed to prohibit Grantor from installing any intersecting public street or paved roadway, including any related surface parking areas, curbs and gutters, landscaping irrigation lines, street lighting and public utilities related thereto, which intersects with and crosses over that portion of Grantor's road right of way in which the easement area lies, as indicated in the attached Exhibit A; provided, Grantor shall coordinate with Grantee to assure that such facilities will not damage or unreasonably interfere with Grantee's irrigation facilities.

IN WITNESS WHEREOF, **THE CITY OF CHANDLER**, an Arizona municipal corporation, has caused its name to be executed by its duly authorized representative(s) this \_\_\_\_\_ day of \_\_\_\_\_, 20\_\_.
