PURCHASING ITEM FOR COUNCIL AGENDA

1. Agenda Item Number: 23

2. Council Meeting Date: May 14, 2015

TO: **MAYOR & COUNCIL**

THROUGH: **CITY MANAGER**

3. Date Prepared: April 21, 2015

4. Requesting Department: Management Services

5. SUBJECT: Amendment No. 2 to Contract No. WH3-890-3218 with HD Supply Waterworks for the purchase of water works supplies.

6. RECOMMENDATION: Staff recommends City Council approve Amendment No. 2 to Contract No. WH3-890-3218 with HD Supply Waterworks for the purchase of water works supplies in an amount not to exceed $300,000 for a term of one year.

7. BACKGROUND/DISCUSSION: This contract is for the City's annual requirements for the supply of a variety of water works products. The products are stocked in the City's Central Supply and used primarily by the Water Distribution Division. In addition to items stocked in Central Supply, Water Distribution will purchase some of the requested items directly from the vendor. Some of the products available under the contract include hydrants, valves, copper and brass fittings, as well as mechanical joints, fittings, and pipe and are used as needed by Municipal Utilities and Transportation and Development for both routine and emergency operations.

8. EVALUATION PROCESS: In April of 2013, City Council approved a contract with HD Supply Waterworks for water works supplies for a one year period with the option of up to four one year extensions. HD Supply Waterworks has agreed to extend for one additional year and requested a price adjustment for the extension term. Staff reviewed the adjustment request and found an overall price increase of 3.6% was reasonable based on staffs' review of letters from manufactures indicating an increased cost of material and production across the industry. HD Supply Waterworks provided large discounts on items ranging from 20-80% less than the bids received from other vendors.

Staff recommends extension of this contract for the term of June 1, 2015 through May 31, 2016. This is the second contract extension.

9. FINANCIAL IMPLICATIONS:

Cost: $300,000

Funds for the purchase of water works supplies will be from the Central Supply Inventory account 101.0000.1516 and charged back to individual cost centers as supplies are requested.

10. PROPOSED MOTION: Move City Council approve Amendment No. 2 to Contract No. WH3-890-3218 with HD Supply Waterworks for the purchase of water work supplies in an amount not to exceed $300,000 for a term of one year.
