EXHIBIT A SCOPE OF WORK

CONSULTANT shall provide a construction cost audit for the expansion of the Ocotillo Water Reclamation Facility (OWRF) with a new treatment system and supporting areas located immediately north of the existing OWRF, including the following:

- provision of a Fair Market Estimate of the project scope proposed by the CMAR to be self-performed
- review of subcontractor and vendor quotations for conformance to fair market pricing
- review of entire GMP package for duplication of scope and cost among the CMAR contractors, subcontractors and vendors, and
- provide a GMP Analysis Report

Fair Market Estimate

The initial step to kick-off this task will be to meet with the appropriate members of the project team and establish, in detail, exactly what scope(s) of work are being self-performed by the Sundt-McCarthy Joint Venture.

CONSULTANT currently understands the self-performed work to be approximately \$61M comprising the following:

- General Conditions (approx. \$4M)
- General Requirements (approx. \$4.9M)
- Maintenance of Plant Operations (MOPO's) (approx. \$1M)
- Civil (approx. \$3M)
- Demolition (approx. \$50K)
- Non-Potable Water Replacement (approx. \$300K)
- Storm Drain Piping (approx. \$30K)
- Yard Pipe (approx. \$9.4M)
- Concrete & Reinforcing (approx. \$8.6M)
- Metals (approx. \$2.1M)
- Plastics (approx. \$260K)
- Specialties (approx. \$45K)
- Equipment (approx. \$18.9M)
- Special Construction (approx. \$245K)
- Conveyance (approx. \$60K)
- HVAC (approx. \$1.1M)
- Plumbing (approx. \$285K)
- Mechanical Process Pipe (approx. \$6.9M)
- FAT / Witness Testing (approx. \$25K)

Once the self-performed scope of work is fully verified, CONSULTANT will discuss the appropriate available design documentation for use and will establish estimate format(s), communication protocols and the schedule for completion and detailed reviews and reconciliation of the independent Fair Market Estimate.

Review of Quotations

CONSULTANT will implement a fair and reasonable process for the review, discussion, negotiation and reporting of pricing and conformance that includes collation and analysis of cost data, detailed review of subcontractor and vendor bid abstracts and open dialogue and communication with appropriate

members of the project team. In addition, CONSULTANT will perform detailed comparisons with cost data from similar project types and from projects where either Sundt and/or McCarthy have acted as the CMAR.

Review of Entire GMP Package

Building upon the steps outlined for the 'Review of Subcontractor & Vendor Quotations for Conformance to Fair Market Pricing' CONSULTANT will perform a highly detailed analysis of the proposals, stated inclusions and exclusions for all scopes of work to identify and resolve and duplication of scope and cost among the CMAR's proposed contractors, subcontractors and vendors. This analysis will involve line-by-line reviews of all bid abstracts and bid tabulations prepared by Sundt McCarthy JV.

As with other steps in the Cost Audit process open dialogue and communication with appropriate members of the project team will be implemented to ensure a diligent and comprehensive review is achieved.

GMP Analysis Report

CONSULTANT will prepare a formal written report to the City of Chandler that encompasses all of the aforementioned Cost Audit methodologies including findings, results and any formal recommendations to the team to help enhance the success of the Ocotillo Water Reclamation Facility (OWRF).

Additional Alternate Scope

Upon notification from the City, CONSULTANT will provide subcontractor bidding assistance and oversight including detailed subcontractor bid abstract reviews, clarification of scope items (as needed) with subcontractors, formal reporting on bids received and on the due diligence review process that was implemented.

It is anticipated that this scope of work will be only for the project scope proposed by the CMAR to be self-performed.
