**PURCHASING ITEM
FOR
COUNCIL AGENDA**

1. Agenda Item Number:

23

2. Council Meeting Date:
September 24, 2015

TO: MAYOR & COUNCIL

3. Date Prepared: August 18, 2015

THROUGH: CITY MANAGER

4. Requesting Department: City
Manager/Economic Development Division

5. SUBJECT: Agreement with the Northern Arizona Center for Entrepreneurship and Technology (NACET) for Innovations Incubator management services and request to utilize Strategic Economic Development Opportunities (SEDO) appropriation for Innovations Incubator Management.

6. RECOMMENDATION: Staff recommends City Council approve Agreement No. CM5-918-3561 with NACET for Innovations Incubator management services, in the amount of \$250,000, for one year, with the option of up to four one-year extensions, and approval of a transfer of SEDO appropriation from the General Fund Non-Departmental Capital cost center designated reserve to the Innovations cost center for the Innovations Incubator Management in the amount of \$125,000.

7. BACKGROUND/DISCUSSION: In 2009, the City approved a lease for the establishment of the Innovations Incubator with the goal to support and accelerate the creation of high-wage technology jobs through the delivery of value-added services, equipment and physical space that entrepreneurs normally would not have access to.

While Innovations is a desirable real estate option for entrepreneurial companies, it lacks the value-added services needed to satisfy "Best Practice" standards. Beyond common sense, these best practices are supported by empirical research. For example, a statistically valid survey of U.S. business incubators found that "Top-performing incubation programs often share common management practices. Practices most represented among high-achieving programs are having a written mission statement, selecting clients based on cultural fit, selecting clients based on potential for success, reviewing client needs at entry, showcasing clients to the community and potential funders, and having a robust payment plan for rents and service fees. All of these practices are highly correlated with client success" (Lewis et al., 2011).

In an effort to provide a top of class business incubation program which truly supports the needs of our small business community, not just those housed at Innovations, staff issued a Request for Proposal seeking a qualified incubator operator. NACET, a Flagstaff, AZ based 501(c)3, that provides business incubation management consulting services was identified as the most advantageous submittal. NACET maintains multiple operations around Arizona and has a track record of connecting with community stakeholders by aligning incubation activities with other business development activities already residing within the community. This unique approach of integrating stakeholders is especially relevant in Chandler as unique resources such as Gangplank and TechShop reside in the community and can benefit from a strong incubation partner, programing and services.

As part of the agreement, a Scope of Work has been established to ensure compliance with industry best practices and timely delivery of service. Major aspects of this planned Scope of Work Include:

- Reporting
- Stakeholder introductions
- Mentor recruitment to develop a local mentor network of 25+ individuals
- Advisory Board development to build an 8-person local advisory board
- New client outreach and recruitment for both resident and non-resident clients
- Client counseling for existing clients transitioning to regular counseling and program requirements
- Outreach events, lunch seminars and training events
- Marketing and communications plan launch

8. EVALUATION: In May 26, 2015, staff issued Request for Proposal No. CM5-918-3561 for Innovations Incubator management services. Notification was sent to all registered vendors. Five proposals were received from the following offerors:

- SenseAgility Group, LLC
- The Business Plumber, LLC
- Arizona Business Advisors, LLC
- LSI Business Development, Inc.
- Northern Arizona Center for Entrepreneurship and Technology (NACET)

The Evaluation Committee reviewed the proposals in accordance with the evaluation criteria and recommends award to NACET. The NACET team manages several successful incubators in Arizona, aligning incubation activities with established business development activities. The approach to the Scope of Work, combined with the unique qualifications of NACET staff, represents the most advantageous offer to the City in accordance with the evaluation criteria for incubation management consulting services.

The term of this agreement is October 1, 2015, through September 30, 2016, with the option of up to four one-year extensions.

9. FINANCIAL IMPLICATIONS:

The Fiscal Year (FY) 2015-16 budget includes a designated reserve of \$1,000,000 for SEDO, primarily intended to provide funding for economic development agreements or other opportunities which were not known at the time the budget was adopted. The \$1,000,000 is appropriated in the Non-Departmental Capital cost center and requires Council approval to move the appropriation to the cost center in which it will be spent on a particular project or agreement.

The Economic Development Division would like to utilize \$125,000 of this appropriation to fund a portion of the Innovations Incubator management services.

A budget of \$125,000 currently exists in the Innovations cost center and the remaining budget funding requires a Strategic Economic Development Opportunities reserve (SEDO) (101.1291.5921) transfer of \$125,000 to the Innovations cost center (101.1590.5219).

Cost: \$250,000
