7. BACKGROUND/DISCUSSION: The City has an existing contract with Utility Construction Company, Inc., for the replacement of damaged streetlights as a result of traffic accidents or rust, and new miscellaneous streetlight installations to increase lighting levels in older developed areas. This agreement is used on an as-needed basis, and quantities are estimated based on past history.

Staff is requesting that this contract be extended for one year for the term of October 1, 2015, through September 30, 2016, in the amount of \$225,000. (The City has received very good service from Utility Construction Company, Inc., to date.)

8. EVALUATION PROCESS: On September 11, 2014, City Council approved an agreement with Utility Construction Company, Inc., for streetlight pole replacement for a one-year period with the option of up to four one-year extensions. Utility Construction Company, Inc., has agreed to extend for one additional year at the same terms, conditions, and pricing.

Staff recommends extension of this agreement for the term of October 1, 2015, through September 30, 2016. This is the first extension of the agreement.
