

MEMORANDUM **Planning Division - CC Memo No. 15-108**

DATE: SEPTEMBER 24, 2015
TO: MAYOR AND COUNCIL
THRU: MARSHA REED, ACTING CITY MANAGER
 JEFF KURTZ, PLANNING ADMINISTRATOR
 KEVIN MAYO, PLANNING MANAGER
FROM: SUSAN FIALA, CITY PLANNER
SUBJECT: DVR15-0021 HABITAT FOR HUMANITY
 Introduction and Tentative Adoption of Ordinance No. 4655

Request: Rezoning from Medium Density Residential (MF-1) to Planned Area Development (PAD) for single-family residential with Preliminary Development Plan (PDP) for a single-family residence with modified setbacks

Location: 334 South Dakota Street

Applicant: Tana Nichols, Habitat for Humanity

Project Info: 5,663 sq. ft. lot

RECOMMENDATION

Upon finding the request to be consistent with the General Plan and the South Arizona Avenue Corridor Area Plan, Planning Commission and Planning Staff recommend City Council approve the Rezoning and Preliminary Development Plan subject to conditions.

BACKGROUND

Habitat for Humanity Central Arizona is an affiliate of Habitat for Humanity International whose goal is to eliminate substandard housing. The organization plans to construct a single-family home on a vacant lot. Council approved several other Habitat for Humanity single-family homes in the surrounding residential area in 2008 and 2009.

The property is located at 334 South Dakota Street. The approximately 5,663 sq. ft. lot is located on the west side of Dakota Street, south of Frye Road. This block of Dakota Street is mainly characterized by single-family homes, with several duplexes on the west side of Dakota Street.

Dakota Street is one-way southbound, with a right-of-way of 20 ft., which functions more similar to an alley rather than a local residential street.

GENERAL PLAN/AREA PLAN

The property is located within the South Arizona Avenue Corridor Area Plan boundaries with a land use category of Low Density Residential. This land use category encourages new single-family infill with a target density of 0 to 5.9 dwelling units per acre. The Area Plan recommends that areas designated for Low Density Residential and located south of Frye Road be rezoned where necessary to allow a single-family home as a permitted use in order to encourage the development of vacant single-family lots.

REZONING/PRELIMINARY DEVELOPMENT PLAN

The request is to rezone from Medium Density Residential District (MF-1) to Planned Area Development (PAD) for single-family residential with Preliminary Development Plan (PDP) approval. The PAD will allow the use of a single-family home on the lot and modify the MF-1 minimum front and rear yard setbacks to provide adequate buildable area for the single-family residence. The proposed setbacks include a 10 ft. front yard, 5 ft. rear yard, and 20 ft. side yards.

A two-story home with 1,610 sq. ft. of livable area is proposed. Due to the orientation of the lot, a side-entry floor plan is offered to be similar in design with the front elevation of existing homes. This 'alternate' layout of the MM1610 model provides a porch and concrete patio area fronting Dakota Street and a two-car side-entry garage. A photograph representing a completed MM1610 model is included in the Booklet.

A variety of paint palettes are provided for the future homeowner selection. Six ft. tall concrete block walls would be constructed at the rear and north side yards. Front yard walls are typically permitted up to 3 ft. tall, a request is to increase the wall height to 6 ft. The 6 ft. wall would extend from the concrete patio, north to the north property line. A 3 ft. tall wall along the south property line would remain. Front yard landscape includes decomposed granite, shrubs, and a tree. Additional details can be found within the attached Development Booklet.

DISCUSSION

Planning Staff finds the request for a single-family home is compatible with the character of the neighborhood and is a viable solution to a small infill site. Many properties in this MF-1 zoned area contain single-family homes. The request is consistent with the South Arizona Avenue Corridor Area Plan land use designation and maintains compatibility with adjacent uses. The Area Plan promotes this type of infill project that maximizes a property's viability and maintains compatibility with adjacent uses.

PUBLIC / NEIGHBORHOOD NOTIFICATION

- This request was noticed in accordance with the requirements of the Chandler Zoning Code.
- A neighborhood meeting was held on July 21, 2015. Two residents of the same household attended to obtain more information on the request and voice concerns related to crime in the neighborhood including burglary and dog poisoning.
- As of the writing of this memo, Planning Staff is not aware of opposition to the request.
