**SUBJECT:**        INTRODUCTION AND TENTATIVE ADOPTION OF ORDINANCE NO. 4700 ADOPTING BY REFERENCE THE 2015 EDITIONS OF THE INTERNATIONAL BUILDING, PLUMBING, MECHANICAL, RESIDENTIAL, FUEL GAS, ENERGY CONSERVATION, EXISTING BUILDING, SWIMMING POOL AND SPA CODES, AND THE 2014 EDITION OF THE NATIONAL ELECTRICAL CODE WITH LOCAL AMENDMENTS

RECOMMENDATION: Staff recommends introduction and tentative approval of Ordinance No. 4700 adopting by reference the 2015 editions of the International Building, Plumbing, Mechanical, Residential, Fuel Gas, Energy Conservation, Existing Building, Swimming Pool and Spa Codes, and the 2014 edition of the National Electrical Code with local amendments.

BACKGROUND/DISCUSSION: The City of Chandler adopts model codes, with some local amendments, to govern construction, remodeling, and renovation of structures within the city. The model codes are developed and published by the International Code Council and the National Fire Protection Association and are adopted by the vast majority of jurisdictions in the USA and some jurisdictions in several other countries. These codes are developed in a public process which includes participation of many technical experts and affected organizations. The codes are updated through committee and public hearings on a continuous basis to keep abreast of research on building performance and advances in technology. New editions are published on a three year cycle.

The Chandler Board of Appeals met six times over this past fall and winter during which staff presented a briefing of the significant changes to each code along with any proposed local amendments and/or changes from past amendments. The Board recommended that City Council adopt the 2015 codes with amendments proposed by staff at their meeting of February 26, 2016. Staff met with Jackson Moll, Vice President of Municipal Affairs for Home Builders Association of Central Arizona, privately on two occasions to discuss any home builder concerns, and he attended one of the Board of Appeals meetings. The City's Building Official has also participated in a number of meetings with other building officials from the valley, arranged by Salt River Project to discuss possible coordination of adoption dates and local amendments, one of which was attended by Mr. Moll. Mr. Moll and his organization have not expressed concerns with any specific provisions of the proposed codes or amendments and have provided a letter to that affect.

The local amendments proposed by staff and supported by the Board of Appeals are very minimal in comparison to some jurisdictions, as we believe the model codes are well vetted through the national hearing processes. The amendments that are recommended are primarily to align the code with State Statutes, local zoning regulations, and long standing local fire sprinkler requirements where there is conflict or confusion between regulations. We have also proposed minor changes to the energy conservation code to address homebuilder's concerns.

Re: 2015 Building Code Update

Dear Mr. Boose:

Thank you very much for the opportunity to meet with you over the course of the past several months to discuss the 2015 building code adoption. The Home Builders Association of Central Arizona ("HBACA") is very appreciative of the City's effort to include the HBACA and other interested parties in the code adoption process and the willingness to engage in open and thoughtful dialogue regarding the code adoption and our proposed amendments.

From our first meeting in October 2015, the HBACA has consistently expressed concern about the increase in the cost of construction attributable to the 2015 codes, particularly the International Energy Conservation Code. However, we believe that the proposed amendments the City has included in the code adoption package will mitigate some of these concerns. Therefore, the HBACA supports the amendments as proposed in the adoption package.

On behalf of the home builders in Chandler, thank you again for the opportunity to meet and discuss the code adoption package. Please feel free to contact me directly with any questions or concerns.

Very truly yours,

29-2-12. Subsection 109.2 "Schedule of Permit Fees" is hereby deleted in its entirety and replaced with a new Subsection 109.2 to read as follows:

*109.2. Permit Fees.* Permit fees, if any, shall be adopted by the City by resolution.

29-2-13. Section 111 "Certificate of Occupancy" is hereby amended by adding a new Subsection 111.5 to read as follows:

*111.5 Certificate of Completion.* A Certificate of Completion may be issued at completion of permitted work when:

- a. The work authorized does not change the scope of an existing certificate of occupancy or;

b. the work authorized does not result in a building ready for occupancy.

A Certificate of Completion alone shall not authorize occupancy of a building.

29-2-14. Section 113, "Board of Appeals", Section 114, "Violations", and Section 115, "Stop Work Order" are hereby deleted in their entirety and Section numbers 113, 114 and 115 are hereby reserved.

29-2-15. Section 116 "Unsafe Structures and Equipment", is hereby amended by deleting Subsection 116.5 "Restoration" in its entirety and adding new subsections 116.5 through 116.11 to read as follows:

*116.5. Recordation of Notice.* If compliance with the notice is not satisfied within the time specified therein, and no appeal has been properly and timely filed, the building official shall file in the office of the county recorder a certificate describing the property and certifying (i) that the building is a dangerous building and (ii) that the owner has been so notified. Whenever the corrections ordered shall thereafter have been completed, or the building demolished so that it no longer exists as an unsafe building on the property described in the certificate, the building official shall file a new certificate with the county recorder certifying that the building has been demolished or all required corrections have been made so that the building is no longer unsafe, whichever is appropriate.

*116.6 Repair, Vacation and Demolition.* The following standards shall be followed by the building official (and by the board of appeals if an appeal is taken) in ordering the repair, vacation or demolition of any unsafe building or structure:

1. Any building declared as an unsafe building under this code shall be made to comply with one (1) of the following:

(a) The building shall be repaired in accordance with this code; or

(b) The building shall be demolished at the option of the building owner; or

(c) If the building does not constitute an immediate danger to the life, limb, property or safety of the public it may be vacated, secured and maintained against entry.

2. The structure or equipment determined to be unsafe by the building official is permitted to be restored to a safe condition. To the extent that repairs, alterations or additions are made or a change of occupancy occurs during the restoration of the structure, such repairs, alterations, additions or change of occupancy shall comply with the requirements of Section 105.2.2 and Chapter 34.

3. If the building or structure is in such condition as to make it immediately dangerous to the life, limb, property or safety of the public or its occupants, it shall be ordered to be vacated.

*116.7. Notice to Vacate.* Every notice to vacate shall, in addition to being served as provided in subsection 116.3, be posted at or upon each exit of the building and shall be in substantially the following form:

DO NOT ENTER

UNSAFE TO OCCUPY

It is a misdemeanor to occupy this building, or to remove or deface this notice.

Building Official

..... of .....

Whenever such notice is posted, the building official shall include a notification thereof in the notice issued under subsection 116.3, reciting the emergency and specifying the conditions which necessitate the posting. No person shall remain in or enter any building which has been posted, except that entry may be made to repair, demolish or remove such building under permit. No person shall remove or deface any such notice after it is posted until the required repairs, demolition or removal have been completed and a certificate of occupancy issued pursuant to the provisions of this code.

*116.8. Failure to Commence Work.* Whenever the repair or demolition is not commenced within thirty (30) days after any final notice or order issued under this code becomes effective:

1. The building official shall cause the building described in such notice and order to be vacated by posting at each entrance thereto a notice reading:

DANGEROUS BUILDING

DO NOT OCCUPY

It is a misdemeanor to occupy this building, or to remove or deface this notice.

Building Official

..... of .....

2. No person shall occupy any building which has been posted as specified in this section. No person shall remove or deface any such notice so posted until the repairs, demolition or removal ordered by the building official have been completed and a Certificate of Occupancy issued pursuant to the provisions of this code.

3. The building official may, in addition to any other remedy herein provided, cause the building to be repaired to the extent necessary to correct the conditions which render the building unsafe as set forth in the notice; or, if the notice required demolition, to cause the building to be sold and demolished or demolished and the materials, rubble and debris therefrom removed and the lot cleaned. Any such repair or demolition work shall be accomplished and the cost thereof paid and recovered in the manner hereinafter provided in this code. Any surplus realized from the sale of any such building, or from the demolition thereof, over and above the cost of demolition and of cleaning the lot, shall be paid over to the person or persons lawfully entitled thereto.

*116.9. Extension of Time to Perform Work.* Upon receipt of an application from the person required to conform to the notice and by agreement of such person to comply with the notice if allowed additional time, the building official may grant an extension of time, not to exceed an additional one hundred twenty (120) days, within which to complete said repair, rehabilitation or demolition, if the building official determines that such an extension of time will not create or perpetuate a situation imminently dangerous to life or property. The building official's authority to extend time is limited to the physical repair, rehabilitation or demolition of the premises and will not in any way affect the time to appeal the notice.

*116.10 Interference with Repair or Demolition Work Prohibited.* No person shall obstruct, impede or interfere with any officer, employee, contractor or authorized representative of this jurisdiction or with any person who owns or hold any estate or interest in any building which has been ordered repaired, vacated or demolished under the provisions of this code; or with any person to whom such building has been lawfully sold pursuant to the provisions of this code, whenever such officer, employee, contractor or authorized representative of this jurisdiction, person having an interest or estate in such building or structure, or purchaser is engaged in the work of repairing, vacating and repairing, or demolishing any such building, pursuant to the provisions of this code, or in performing any necessary act preliminary to or incidental to such work or authorized or directed pursuant to this code.

*116.11. Abatement and Cost Recovery.* Unless timely appealed to the board of appeals, a notice issued pursuant to subsection 116.3 shall constitute a final abatement order. The failure to comply with the terms of such notice, in addition to constituting a violation of the Code of the City of Chandler, shall permit the City to institute the abatement and cost recovery provisions set forth in Section 26-11, Code of the City of Chandler.

29-2.16. Chapter 1 is hereby amended by adding a new Section 117 to read as follows:

*Section 117. Fireplaces.*

*117.1. Fireplace standards adopted.* Notwithstanding any code provision to the contrary, it shall be unlawful for anyone to construct, install, convert or alter any fireplace, stove or any other recreational or aesthetic solid fuel burning devise unless such device and its installation is certified by a nationally recognized testing agency as satisfying the requirements of 40 Code of Federal Regulations, Part 60, Subpart AAA as in effect on July 1, 1990.

29-2-17. Section 903 "Automatic Sprinkler Systems" is hereby amended by deleting Sections 903.2 through 903.2.10 in their entirety, reserving Section Number 903.2.10 and adding new Sections 903.2 through 903.2.9 to read as follows:

*903.2. Where required.* Subject to the exceptions set forth herein, approved automatic sprinkler systems shall be provided in the locations within the City described in this Section. Installation of fire sprinkler systems shall be performed by an Arizona licensed fire protection contractor.

*Exceptions:*

1) An automatic sprinkler system is not required for spaces or areas in telecommunications buildings used exclusively for telecommunications equipment, associated electrical power distribution equipment, batteries and standby engines, provided those spaces or areas are equipped throughout with an automatic smoke detection system in accordance with Section 907.2 and are separated from the remainder of the building by not less than 1-hour fire barriers constructed in accordance with Section 707 of the International Building Code or not less than 2-hour horizontal assemblies constructed in accordance with Section 711 of the International Building Code, or both.

2) An automatic sprinkler system is not required for buildings or structures which were constructed and in use prior to September 11, 1996 and for which a change in use or occupancy of any structure has not occurred as set forth in Section 102.3. Any change in use or occupancy of these buildings shall refer to the 2015 International Existing Building Code to determine if fire sprinklers will be required with the change.

3) In addition to the general authority granted to the fire code official pursuant to Section 104.9, the fire code official shall have discretion to exempt other facilities from automatic sprinkler system requirements where the size, intended use, and extent of use of the facility does not warrant the installation of fire sprinklers and alternate methods to secure public safety are provided. Such other facilities may include, but are not limited to:

(1) Enclosed structures which are less than three thousand (3,000) square feet in size, at least fifty (50) percent open on the sides and used to protect humans, animals, or property from the sun or elements.

(2) Structures which are less than three hundred (300) square feet in size used to monitor access to a larger facility, site, or area.

(3) Structures temporarily used for a period not to exceed two (2) years for onsite storage or maintenance purposes provided that the structure is not used for Group A, E, F, H or I occupancies.

*903.2.1 Group A.* An automatic sprinkler system shall be provided throughout all buildings and all portions of all Group A occupancies.

*903.2.2 Group B.* An automatic sprinkler system shall be provided throughout all buildings and all portions of all Group B occupancies.

*903.2.3 Group E.* An automatic sprinkler system shall be provided throughout all buildings and all portions of all Group E occupancies.

*903.2.4 Group F.* An automatic sprinkler system shall be provided throughout all buildings and all portions of all Group F occupancies.

*903.2.5 Group H.* An automatic sprinkler system shall be provided throughout all buildings and all portions of all Group H occupancies.

*903.2.6 Group I.* An automatic sprinkler system shall be provided throughout all buildings and all portions of all Group I occupancies.

*903.2.7 Group M.* An automatic sprinkler system shall be provided throughout all buildings and all portions of all Group M occupancies.

*903.2.8 Group R.* Subject to the exceptions set forth herein, an automatic sprinkler system shall be provided throughout all buildings and all portions of all Group R occupancies.

*Exceptions:*

1. An automatic sprinkler system is not required for Group R-3 occupancies that are single family detached residences or multiplexes that contain less than three (3) dwelling units within the structure.

2. An automatic sprinkler system is not required for Group R-4 occupancies occupied by less than six (6) persons not related by blood, marriage or adoption.

*903.2.9. Group S.* An automatic sprinkler system shall be provided throughout all buildings and all portions of all Group S occupancies.

*Exception:* S-2, one story, grade level, open parking structures that are entirely open, except for structural columns, on all four sides.

29-2.18. Subsection 903.2.11 "Specific building areas and hazards" is hereby amended to read as follows:

In all occupancies, including all Group U occupancies larger than three thousand (3,000) square feet, an automatic sprinkler system shall be installed for building design or hazards in the locations set forth in sections 903.2.11.1 through 903.2.11.6.

29-2.19. Subsection 912.2 "Location" is hereby amended to read as follows:

*912.2 Location.* With respect to hydrants, driveways, buildings and landscaping, fire department connections shall be so located that fire apparatus and hose connected to supply the system will not obstruct access to the buildings for other apparatus. The location of fire department connections shall be located on private property six (6) to ten (10) feet behind curb (of street) at a permanent entrance to site or as otherwise approved by the fire chief."

29-2.20. Section 3109 "Swimming Pool Enclosures and Safety Devices" is hereby deleted in its entirety and replaced with a new section 3109.1 to read as follows:

*3109.1 General.* The design and construction of pools and spas shall comply with the International Swimming Pool and Spa Code.

SECTION 3. That, effective July 1, 2016, Article III of Chapter 29, Code of the City of Chandler is hereby deleted in its entirety and replaced with a new Article III of Chapter 29 to read as follows:

### **ARTICLE III. NATIONAL ELECTRICAL CODE**

29-3. - National Electrical Code adopted.

The City Council of Chandler adopts by reference the National Electrical Code, 2014 edition, ("NEC") and incorporates it herein as if fully set out in this Article III of Chapter 29 with the additions, insertions, deletions and changes set forth herein. The term "code" or "NEC" without further description when used in the portions of the NEC which are not amended and in this Article III of Chapter 29 shall mean the NEC as amended herein by the additions, insertions, deletions and changes set forth and adopted herein. Whenever the code refers to publications of the International Code Council, which have been adopted by the City, such references shall be to the version of the publications as amended by the City.

29-3.1 Section 690.47 (D) "Additional Auxilliary Electrodes for Array Grounding" is amended by deleting the words "and as close as practicable to the location of roof mounted PV arrays" from the first sentence.

SECTION 4. That, effective July 1, 2016, Article IV of Chapter 29, Code of the City of Chandler is hereby deleted in its entirety and replaced with a new Article IV of Chapter 29 to read as follows:

### **ARTICLE IV. - INTERNATIONAL PLUMBING CODE**

29-4. - International Plumbing Code adopted.

The City Council of Chandler adopts by reference the International Plumbing Code, 2015 edition, ("IPC") and incorporates it herein as if fully set out in this Article IV of Chapter 29 with the additions, insertions, deletions and changes set forth herein. The term "code" or "IPC" without further description when used in the portions of the IPC which are not amended and in this Article IV of Chapter 29 shall mean the IPC as amended herein by the additions, insertions, deletions and changes set forth and adopted herein. Whenever the code refers to publications of the International Code Council, which have been adopted by the City, such references shall be to the version of the publications as amended by the City.

29-4.1. Subsection 101.1 "Title" is hereby amended by inserting The City of Chandler Arizona as Name of Jurisdiction.

29-4.2. Subsections 106.6.2 and 106.6.3 entitled "Fee schedule" and "Fee refunds", respectively, are hereby deleted in their entirety and replaced with new Subsections 106.6.2 and 106.6.3 to read as follows:

106.6.2. *Fee schedule.* Permit fees, if any, shall be adopted by the City by resolution.

106.6.3. *Fee refunds.* The building official is authorized to establish a refund policy.

29-4.3. Section 108 "Violations" and Section 109 "Means of Appeal", are hereby deleted in their entirety and Section numbers 108 and 109 are hereby reserved.

29-4.4. Section 410.4 "Substitutions" is amended by deleting the second sentence and replacing it with the following:

In all other occupancies where drinking fountains are required, water dispensers connected to the potable water system shall be permitted to be substituted for the first required fountain and any water dispenser shall be permitted to be substituted for not more than 50 percent of the required number of drinking fountains.

29-9.6. Section 115 "Unsafe Buildings and Equipment", is hereby amended by deleting subsection 115.5 entitled "Restoration" in its entirety and adding new subsections 115.5 through 115.11 to read as follows:

*115.5. Recordation of Notice.* If compliance with the notice is not satisfied within the time specified therein, and no appeal has been properly and timely filed, the building official shall file in the office of the county recorder a certificate describing the property and certifying (i) that the building is a dangerous building and (ii) that the owner has been so notified. Whenever the corrections ordered shall thereafter have been completed, or the building demolished so that it no longer exists as an unsafe building on the property described in the certificate, the building official shall file a new certificate with the county recorder certifying that the building has been demolished or all required corrections have been made so that the building is no longer unsafe, whichever is appropriate.

*115.6 Repair, Vacation and Demolition.* The following standards shall be followed by the building official (and by the board of appeals if an appeal is taken) in ordering the repair, vacation or demolition of any unsafe building or structure:

1. Any building declared as an unsafe building under this code shall be made to comply with one (1) of the following:
  - (a) The building shall be repaired in accordance with this code; or
  - (b) The building shall be demolished at the option of the building owner; or
  - (c) If the building does not constitute an immediate danger to the life, limb, property or safety of the public it may be vacated, secured and maintained against entry.
2. The structure or equipment determined to be unsafe by the building official is permitted to be restored to a safe condition. To the extent that repairs, alterations or additions are made or a change of occupancy occurs during the restoration of the structure, such repairs, alterations, additions or change of occupancy shall comply with the requirements of subsection 105.2.2.
3. If the building or structure is in such condition as to make it immediately dangerous to the life, limb, property or safety of the public or its occupants, it shall be ordered to be vacated.

**115.7. Notice to Vacate.** Every notice to vacate shall, in addition to being served as provided in subsection 115.3 be posted at or upon each exit of the building and shall be in substantially the following form:

**DO NOT ENTER**

**UNSAFE TO OCCUPY**

It is a misdemeanor to occupy this building, or to remove or deface this notice.

Building Official

..... of .....

Whenever such notice is posted, the building official shall include a notification thereof in the notice issued under subsection 115.3, reciting the emergency and specifying the conditions which necessitate the posting. No person shall remain in or enter any building which has been posted, except that entry may be made to repair, demolish or remove such building under permit. No person shall remove or deface any such notice after it is posted until the required repairs, demolition or removal have been completed and a certificate of occupancy issued pursuant to the provisions of this code.

**115.8. Failure to Commence Work.** Whenever the repair or demolition is not commenced within thirty (30) days after any final notice or order issued under this code becomes effective:

1. The building official shall cause the building described in such notice and order to be vacated by posting at each entrance thereto a notice reading:

**DANGEROUS BUILDING**

**DO NOT OCCUPY**

It is a misdemeanor to occupy this building, or to remove or deface this notice.

Building Official

..... of .....

2. No person shall occupy any building which has been posted as specified in this section. No person shall remove or deface any such notice so posted until the repairs, demolition or removal ordered by the building official have been completed and a Certificate of Occupancy issued pursuant to the provisions of this code.

3. The building official may, in addition to any other remedy herein provided, cause the building to be repaired to the extent necessary to correct the conditions which render the building unsafe as set forth in the

notice; or, if the notice required demolition, to cause the building to be sold and demolished or demolished and the materials, rubble and debris therefrom removed and the lot cleaned. Any such repair or demolition work shall be accomplished and the cost thereof paid and recovered in the manner hereinafter provided in this code. Any surplus realized from the sale of any such building, or from the demolition thereof, over and above the cost of demolition and of cleaning the lot, shall be paid over to the person or persons lawfully entitled thereto.

*115.9. Extension of Time to Perform Work.* Upon receipt of an application from the person required to conform to the notice and by agreement of such person to comply with the notice if allowed additional time, the building official may grant an extension of time, not to exceed an additional one hundred twenty (120) days, within which to complete said repair, rehabilitation or demolition, if the building official determines that such an extension of time will not create or perpetuate a situation imminently dangerous to life or property. The building official's authority to extend time is limited to the physical repair, rehabilitation or demolition of the premises and will not in any way affect the time to appeal the notice.

*115.10. Interference with Repair or Demolition Work Prohibited.* No person shall obstruct, impede or interfere with any officer, employee, contractor or authorized representative of this jurisdiction or with any person who owns or hold any estate or interest in any building which has been ordered repaired, vacated or demolished under the provisions of this code; or with any person to whom such building has been lawfully sold pursuant to the provisions of this code, whenever such officer, employee, contractor or authorized representative of this jurisdiction, person having an interest or estate in such building or structure, or purchaser is engaged in the work of repairing, vacating and repairing, or demolishing any such building, pursuant to the provisions of this code, or in performing any necessary act preliminary to or incidental to such work or authorized or directed pursuant to this code.

*115.11. Abatement and Cost Recovery.* Unless timely appealed to the board of appeals, a notice issued pursuant to subsection 115.3 shall constitute a final abatement order. The failure to comply with the terms of such notice, in addition to constituting a violation of the Code of the City of Chandler, shall permit the City to institute the abatement and cost recovery provisions set forth in Section 26-11, Code of the City of Chandler.

29-9.7. Chapter 1 "Scope and Administration" is hereby amended by adding a new Section 118 to read as follows:

*Section 118. Fireplaces.*

118.1. Fireplace standards adopted. Notwithstanding any code provision to the contrary, it shall be unlawful for anyone to construct, install, covert or alter any fireplace, stove or any other recreational or aesthetic solid fuel burning devise

unless such devise and its installation is certified by a nationally recognized testing agency as satisfying the requirements of 40 Code of Federal Regulations, Part 60, Subpart AAA as in effect on July 1, 1990.

29-9.8. Subsection 302.2 "Additional codes" is hereby amended by deleting reference to the International Property Maintenance and International Private Sewage Disposal Codes.
