The County and City are collectively referred to as the **Parties** or individually as a **Party**.

STATUTORY AUTHORIZATION

1. A.R.S. Section 11-251 and Sections 28-6701 *et seq.* authorize the County to lay out, maintain, control and manage public roads within the County.

5. The City is currently developing design plans to improve the Project under the City's CIP Project No. ST1306.
6. When completed, the Project will improve Queen Creek Road from McQueen Road to Gilbert Road and Cooper Road from Queen Creek Road to Nightingale Lane. The proposed improvements include the following:
 - 6.1 Widening Queen Creek Road to six thru lanes with raised landscape median, curb, gutter, and sidewalk;
 - 6.2 Widening Cooper Road to four thru lanes with a raised median, curb, gutter, and sidewalk;

- 6.3 Storm water drainage;
 - 6.4 Traffic signal, traffic signal interconnect, and streetlights;
 - 6.5 Private utility coordination and relocation;
 - 6.6 New and/or restored landscaping and irrigation;
 - 6.7 New and/or rehabilitated public water, sanitary sewer, reclaimed water;
 - 6.8 Right-of-way and easement acquisition.
- 7. The Projects are Major Arterials and will be designed to the City standards.
 - 8. A subsequent intergovernmental agreement will be prepared to identify the role and responsibilities of each party to complete the construction of the project.

PURPOSE OF THE AGREEMENT

- 9. The purpose of this Agreement is to identify and define the responsibilities of the County and the City for the Project, including cost sharing, design, construction, construction management, rights-of-way acquisition, utility relocation, and annexation of the Project and Project Area.
- 10. **Responsibilities of the County:**
 - 10.1 The County shall issue no fee permits to the City for the Project and related work conducted within the County's jurisdictional boundaries.
 - 10.2 The County shall assist with the acquisition of right-of-way in fee and related easements within the County's jurisdiction necessary for the Project, as requested by the City, and shall, as needed, authorize the County's Legal Representative (which may be the County Attorney's Office or outside counsel, depending upon availability of resources within the County Attorney's Office) to initiate, prosecute and perform all acts in the manner required by law to condemn property and obtain an Order of Immediate Possession in the County that is deemed necessary for the Project ("Real Estate Support"). When a property to be acquired extends into both municipal and county jurisdiction, the County and the City shall confer and attempt to develop a plan whereby all the needed property can be acquired in a single action, rather than have two litigations proceed at the same time against an owner.
 - 10.3 The County shall provide Real Estate Support within a realistic timeframe as determined by the accessibility of available agents and timely delivery of right-of-way requirements and related easements being provided by the City design.
 - 10.4 The County shall determine whether the method of compensation by the City for the costs that is prescribed in Paragraphs 10.6.1 through 10.6.5 shall be direct payment by the City to the County's vendor or shall be a reimbursement to the County.
 - 10.5 The County shall invoice the City on a monthly basis for any expenses that are not subject to direct payment.
 - 10.6 The County shall provide invoice notification that includes an itemization of expenses being requested for payment.

- 10.7 At the time of the City's request pursuant to Paragraph 10.2.3, the County shall assume all responsibility for the management of the acquisition, in accordance with the statutes, policies, and procedures that govern the County's ability to acquire the land rights.
- 10.8 The County shall consent to and approve the annexation by the City of all the Project Area located within the unincorporated area of the County that is improved as part of the Project, including, but not limited to, such additional property needed for the Project as is acquired by the County for public roadway, whether by purchase, condemnation or dedication.

11. Responsibilities of the City:

- 11.1 The City shall act as the lead agency for the Project.
- 11.2 The City shall conduct right-of-way related activities that include, but are not limited to, the following:
 - 10.2.1 The City shall identify required right-of-way, parcel numbers and property owners.
 - 10.2.2 The City shall be responsible for contacting property owners, submitting an offer to property owners for the acquisition of the right-of-way, negotiating with property owners for the acquisition of right-of-way and paying property owners for the right-of-way. If the City's negotiations result in the successful acquisition of all or a portion of the needed right-of-way, the City shall also be responsible for all escrow fees and related costs. The City shall conduct all activities required pursuant to Section 10.2.2 in a timely manner in order for it to comply with the requirements of Section 10.2.4.
 - 10.2.3 If the City is unsuccessful in acquiring all required right-of-way from property owners, the City shall, at least seven (7) months prior to the City needing access to the required right-of-way to begin construction, request the County commence condemnation proceedings to acquire the right-of-way and related easements needed for the Project. The City acknowledges that the County needs at least seven (7) months prior to construction to begin condemnation proceedings due to statutory requirements, time needed to complete necessary tasks and potential staff constraints. The seven (7) month timeline is contingent on adequate staffing for County Facilities Management Department's Real Estate Division, Maricopa County Attorney's Office and by all information provided by the City to the County being current and sufficient to proceed on with acquisition/condemnation processing.
 - 10.2.4 At the time of the City's request pursuant to Paragraph 10.2.3, the City shall provide to the County recordable legal descriptions, maps, and exhibits required by the County to complete right-of-way acquisitions.

- 10.2.5 At the time of the City's request pursuant to Paragraph 10.2.3, the City shall cease and desist all contact with the property owners, and shall convey to the County all responsibility for the management of the necessary right-of-way acquisitions or condemnation for the Project.
- 10.2.6 The City shall refer any and all escalation of questions and concerns with the acquisition of the Project to the management of the County Facilities Management Department's Real Estate Division.
- 10.2.7 The City shall provide any information requested by the County as to its proposed construction or related issues in order to assist in the County's acquisition of the property.
- 11.3 The City shall conduct utility coordination and relocation activities.
- 11.4 The City shall manage the design and construction of the Project.
- 11.5 The City shall be solely responsible for all costs and fees associated with the Project, including but not limited to attorney's fees and costs.
- 11.6 The City shall pay directly to the County's vendor or reimburse the County as determined pursuant to Paragraph 9.4 of the this Agreement for all expenses incurred by the County for Real Estate Support, including, but not limited to:
 - 10.6.1 Title Examinations and Reports
 - 10.6.2 Property Appraisals
 - 10.6.3 Cost of acquisition of property or easements, including escrow and closing costs
 - 10.6.4 Cost of condemnation proceedings if needed
 - 10.6.5 All related attorney's fees and costs provided by Maricopa County
- 11.7 Notwithstanding the provisions of section 10.6, above, reimbursement to the County for the stipulated cost of acquisition of property or easements in excess of 30% of the County's most current appraised fair market value shall require authorization by the Chandler City Council.
- 11.8 Notwithstanding the provisions of section 10.7 above, the City, at the County discretion and pursuant to Paragraph 9.4, shall pay directly to the County's vendor or reimburse the County directly for the full cost of acquisition as determined by any non-stipulated judgment entered in a condemnation case filed by Maricopa County pursuant to the terms of this Agreement.
- 11.9 The City shall pay County for any expenses incurred after receiving an itemized invoice related to the acts performed pursuant to this Agreement.
- 11.10 The City shall remit all authorized payments as identified in this Agreement within thirty (30) days of the receipt of an invoice.

11.11 Upon issuance of the construction contract notice to proceed, the City shall assume responsibility and liability for construction, operation, maintenance and other aspects of the Project until annexation is complete.

11.12 Upon completion of the Project, the City shall assume all rights of ownership and responsibility for operation and maintenance of the Project Area and shall complete the annexation of the Project and Project Area within ninety (90) days or such time as can legally be annexed.
