SUBJECT: RESOLUTION NO. 4941 AMENDING THE CITYWIDE FEE SCHEDULE

RECOMMENDATION

Staff recommends adoption of Resolution No. 4941 amending the Citywide Fee Schedule, effective July 1, 2016.

BACKGROUND/DISCUSSION

Each year, departments review their fees to determine if any updates are necessary that require modifying, eliminating, or adding a new fee. In 2013, the City Code was amended to add several new requirements to establish or change City fees. The Summary of Proposed New and Modified Fees were posted on the City’s web site on March 11, 2016 (Attachment 1) for 60 days in accordance with the City Code, which expanded the requirements of the Arizona Revised Statutes. Additionally, as required by City Code, a Notice of Intention to Amend the Citywide Fee Schedule (Attachment 2) has been published in the Arizona Republic as well as through social media to alert the public of the proposed changes and the date of the Council action item, May 12, 2016, to allow for Council discussion and public comment.

The proposed changes include new, modified or deleted fees in the following sections of the Citywide Fee Schedule:

- Section 2, Chandler Municipal Airport.
- Section 5, Parks and Recreation.
- Section 6, Transportation & Development – Development Services.

In addition, certain administrative edits are being made to the Citywide Fee Schedule to clarify City Code references, fee descriptions and units used to determine how the fee is charged, but have no change to the fee itself.

Due to the number of new, modified or deleted fees, they have been grouped into categories to simplify the presentation and aid in Council's review of the proposed changes. Page numbers are referenced to help locate the fee changes on the Summary of Proposed Fees (SPF) and redlined Citywide Fee Schedule (CFS).

- **Airport Ground Lease Fees** (p.1 SPF, p.5 CFS): recommend changing from a fixed per square foot rate, to a negotiable methodology with a minimum rate. This flexible strategy will ensure market value for land.

- **Park and Recreation Fees** (p. 1-13 SPF, p.17-25 CFS):
 - a. Special Event Fees Relating to New Rentals, and Requests for Additional Resources and Event Participation – recommend changes that include new fee options associated with rentals for open grass space, run/walk park race routes, onsite electrician requests, on-call facility maintenance standby and the rental of vendor booth space. The new fees will meet the demands to secure reserved space and resources at a City park or event for private or public use. Also recommended is an entry fee for the Parade of Lights due to the profound interest in the event, with 100% of the revenue going to the parade winners.

 - b. Special Event Rates Expanded to Add Commercial and Non-Profit, as well as Discounts for Specific Rentals – recommend changes to maintain consistency with existing fees, some special event rates only had Resident and Non-Resident fees, so Commercial and Non-Profit is being added as well. These fees include the showmobile/portable stage, loss of public use, cleaning deposits based on number of participants, showmobile/portable stage and canopy/tent deposits, and Tumbleweed Park fees for the main park, festival area, red shed theater, road closure, parking fields A-C, and restroom and park maintenance staff.

Additionally, feedback on the financial impact event producers were facing with existing fees resulted in recommended discounted rates for set-up, tear down and contributors into the Enhanced Municipal Services District (EMSD) system (20% off event hourly rate). These proposed fees would apply to special recreation sites, downtown east event area and the downtown library plaza. Furthermore, a rate decrease is proposed for the bike and skate park rental to better meet the market rate.

- c. Facility Rental Fee Increases and a Program Fee Structure Revision – recommend fee adjustments to bring fees from below the average market rate to the middle average market. The increase in facility rental fees that accommodate specific user interest at the exclusion of others include two sections of multipurpose room, large pavilion rental (Arrowhead/Folley), one small or medium pavilion rental, entire cluster complex medium pavilion rentals (Desert Breeze-3), ball field fees

with no lights, tennis pro court rentals, and half of a multipurpose room rental. Additionally, the fee structure for the Environmental Education Exploration program is revised to include all direct costs of the program.

- d. Tennis Center Consolidated Rental Fees – recommended changes consolidate and eliminate several Tennis Center rental fees and create new fees to better identify the rental service offered. These programs and services provide an opportunity for individuals to drop in and play tennis or enhance their skill level or knowledge through private lessons. The elimination and consolidation of these fees is consistent with other valley tennis centers fees for lighted court with ball machine rental and tennis pro quarterly rental passes. The new fees recommended will better identify what is included in a rental including tennis ball machine with court and lights, and tennis pro court rentals with lights.
- **Transportation & Development – Development Services Fees** (p.30-32 SPF, p.14-20 CFS):
 - a. Civil Plan Review Fees Related to Minor Land Divisions and Recording Documents – recommend increased fee to reflect additional staff time in processing plats and a new fee for minor land divisions, and recommend new recording fees which are charged by Maricopa County.
 - b. Building Plan Review Fee Increases – recommend increases in hourly rates for special services to better reflect organizational costs to provide those services, and changing fire sprinkler fee from percentage of permit to hourly, no matter how many sprinkler heads. These changes will simplify fee calculations.
 - c. Inspection Fee Increases – recommend increases in hourly rates for special services to better reflect organizational costs (after hours, re-inspections). Eliminating breathing air replenishment system permit fees, and hourly fees for solar (move to miscellaneous as a flat fee).
 - d. Miscellaneous New, Modified and Eliminated Fees – recommend increases to demolition permit, electrical service, and administrative fee for standard plans to better reflect costs to provide these services; reducing annual facilities permit fee to reflect actual cost to provide this service; adding flat fees previously charged as hourly for solar (revenue neutral), appeal to the building official and changing miscellaneous low cost projects from value based to flat fee. Proposing new fee for temporary occupancy permits to reflect costs incurred and to encourage timely project completion and a new flat fee for cases where no other fees apply.

FINANCIAL IMPLICATIONS

The amendments to the Citywide Fee Schedule are estimated to generate approximately \$160,000 within the General Fund and Airport Enterprise Fund revenues. This is purely an estimate given the infrequent use of many of the fees being added or modified.

PROPOSED MOTION

Staff recommends motion to adopt Resolution No. 4941 amending the Citywide Fee Schedule, effective July 1, 2016.

- i. Owner-Occupied Hangar \$0.630/SF of Hangar
 - a. This component is based on the operations and maintenance costs of airport common use area for based aircraft.
 - b. The actual annual charge will be based upon the actual square footage of any hangars in the through-the-fence area with taxilane access and which are designed for, or capable of aircraft storage. "Actual hangar area" is established by the plans approved by the City. It is the hangar owner's responsibility to provide Airport Management with a copy of the approved plans or plan sheet showing the approved square footage of the hangar.
 - c. An owner occupied hangar is one that is owned or controlled by the property owner. Conditions for meeting this criteria include:
 - i) The hangar is owned by and its use is controlled exclusively by the applicant. This ownership can be through either:
 - Fee simple ownership; or
 - A long-term lease for the hangar property with a lease term of 10+ years. In this arrangement, the actual annual charge will be equal to the Owner occupied hangar fee described in paragraph 2.8(a).i.a. and b. of this section. However, the annual charge will change to the Non-owner occupied hangar fee described in paragraphs 2.8(a).ii.a. and b. of this section, if any one of the following conditions occur: (a) the long-term hangar lease is terminated prior to the expiration of a 24-month period; or (b) if a new lease entity assumes the long-term lease and the new entity can't provide a viable connection to the prior long-term lessee (i.e., business acquisition, merger, etc.). The Non-owner occupied fee will be in effect for that hangar for any further leasing activity while the then current property owner retains ownership of the hangar. If the long-term hangar lease is terminated before 24 months and the hangar owner provides evidence that only their owned and controlled aircraft will be stored in the hangar, the rate will remain at the Owner occupied hangar fee described in paragraphs 2.8(a).i.a. and b. of this section and will remain at this rate until another change in occupancy status occurs.
 - ii) The aircraft is owned or otherwise controlled by the property owner for which evidence can be provided including:
 - Evidence of clear ownership of the aircraft showing the property owner as aircraft owner. This can be through FAA aircraft registration or other official documentation regarding the ownership or registration of an aircraft.

CITY OF CHANDLER
FEE SCHEDULE
Effective – ~~January~~ July 14, 2016

- Proof of at least 25% ownership and equal control of the aircraft which shall be affirmed through signature of all owners on the required aircraft control entity form, which shall be provided by Airport Management. In the event of arrangements for an aircraft in which there are multiple owners or partners, a copy of the agreement must be presented to Airport Management. These arrangements for aircraft management, aircraft leasing, interchange agreements, joint ownership agreements or time-sharing agreements must substantially reflect the general guidelines and tenets for the appropriate arrangement as detailed in the National Business Aircraft Association's (NBAA) document titled *2001 NBAA Aircraft Operating & Leasing Package*. The agreements, regardless of aircraft size, must also include the general verbiage requirements detailed in Section (a)(1) and (a)(2) of the *Federal Aviation Regulations (FAR) Part 91.23 – Truth in Leasing*.
- d. Property owners shall notify Airport Management in writing prior to a hangar being used to store an aircraft. The "Annual Access Privilege/Operations & Maintenance Fee - Owner Occupied Hangar" fee will be applied for the period beginning with the first day of the month following receipt of the written notice. This fee shall apply for any part of a month in which an aircraft is stored in the hangar and shall continue until the property owner provides evidence that the aircraft or hangar is no longer owned by the property owner.
- ii. Non-Owner Occupied Hangar.....\$0.950/SF of Hangar
 - a. This component is for any off airport hangar property that is occupied by an aircraft not owned or controlled by the property owner. This condition applies to any situation where an aircraft is in a hangar through a lease or other type of agreement. It also applies to situations in which an aircraft is stored in the hangar that is owned by the property owner AND an aircraft is stored the hangar that is not owned by the property owner. The annual charge is based upon the Owner Occupied Hangar rate described in paragraphs 2.8(a).i.a. and b. plus 50% of that rate.
 - b. The actual annual charge will be based upon the actual square footage of any hangars in the through-the-fence area with taxilane access and which are designed for, or capable of aircraft storage. "Actual hangar area" is established by the plans approved by the City. It is the hangar owner's responsibility to provide Airport Management with a copy of the approved plans or plan sheet showing the approved square footage of the hangar.
 - c. Upon written notification by property owner and aircraft owner to Airport Management, advising a hangar will be occupied by an aircraft controlled by any entity other than the property owner, the "Annual Access Privilege/Operations & Maintenance Fee - Non-owner Occupied" annual charge will become effective in the following manner:
 - i) If the hangar was previously registered as being occupied with an aircraft controlled by the property owner, the Non-owner rate and registration begins with the first day of the following calendar month; or

CITY OF CHANDLER
 FEE SCHEDULE
 Effective – ~~January~~ July 14, 2016

- ii) If the hangar was previously registered as having no aircraft being stored (reference paragraph 2.8(a).i.c.), the Non-owner rate and registration begins with the first day of the following calendar month; or
- iii) If the hangar was previously registered as having a non-owner aircraft, the Non-owner rate will remain in effect and uninterrupted.

The non-owner rate applicable to any of these conditions will continue for 6-months and will expire on the last day of the 6th month of that term regardless of any changes in the aircraft owner status during that 6-month period. The hangar status shall be automatically registered for another 6-month period as a "Non-owner occupied" hangar – *unless*- the property owner provides written evidence changing the status of the hangar at least 14 calendar days prior to the current expiration date. Notice changing the status of the hangar is the full responsibility of the property owner.

- (b) Annual User Fee
 - i. Turbine Engine Aircraft & Helicopters having a gross take-off weight greater than 7,000 pounds - per aircraft based in Airpark \$800.00
 - ii. Multi-Engine Aircraft & Helicopters having a gross take-off weight greater than 2,500 pounds but less or equal to 7,000 pounds – per aircraft based in Airpark \$390.00
 - iii. Single-Engine Aircraft & Helicopters having a gross take-off weight that is less or equal to 2,500 pounds - per aircraft based in Airpark \$290.00
- (c) Annual Taxiway User Fee - per square foot fee for the total area reserved for Airport access use by licensee's members \$0.245
- (d) Fuel Flowage Fee - All Aircraft (total gallons fee based on gallons/month)
 - i. All gallons per month..... \$0.15 Per Gallon

(e) Fees Adjustments
 The Annual Access Privilege/Operations & Maintenance Fee shall be adjusted annually, without further City Council action, on January 1st of each year subsequent to adoption of this Resolution No. 4505 by an amount equal to the percentage increase, if any, in the Consumer Price Index (CPI-U, Western Region - All items) over the previous 12-month period ending the calendar month prior to the adjustment date; *except that*, at the fourth adjustment date, and every fourth adjustment date thereafter, the rate shall only be adjusted (increased or decreased) upon action of City Council taken upon completion of a review of the appropriateness of the rate structure. In no event shall the rate be increased more than ten (10%) per cent over any twelve (12) month period between anniversary dates, unless otherwise approved by City Council. Should the annual change in the CPI-U indicate a decline, the fee shall not diminish.

2.9 City Owned, Aviation Fuel Service, Retail Prices
 The retail price of aviation fuel shall be per methodology contained below:

- (a) The Minimum Retail Fuel Price is determined by: dividing the annual cost of providing self-serve fueling services by the number of gallons sold for a base cost. A contingency reserve factor equal to the current Retail Fuel Flowage Fee per gallon is added to the base cost. This amount is added to a) the sum of the wholesale cost of the fuel (including all related fees), b) the sum of the federal and state fuel excise taxes and c) county/local privilege taxes.
- (b) The Maximum Retail Fuel Price is determined by obtaining the current advertised aviation self-serve fuel prices for the Phoenix metropolitan area. The second highest fuel price is determined from all currently advertised fuel prices and \$0.05 is added.
- (c) The Final Fuel Price shall be reflective of an amount that is competitive with the other self-serve fuel vendors in the local market. The pump price will be set with the highest price being the Maximum Retail Fuel Price, but in no case will it be less than the Minimum Retail

5.2 Department Registration Based Class, Program and Activity Fees [Ch.§31-21.B]

The formulas presented below may include a factor rate, program supplies and costs, or staff costs. The factor rate is a multiplier that allows the standardization of the program fee over different instructors paid at different rates so that the program as a whole over the entire system meets its cost recovery target. The program supplies and costs include all elements of the program including such things as materials, field trips and transportation, food, contractual scorekeepers/officials. The staff costs include any part-time/temporary staff hired to coordinate, oversee or maintain any element of the program.

5.2.1 Community Recreation Program (CRP) Classes: Devau – The formula for establishing the fee to participants for special interest classes, such as, arts/crafts, pom and cheer, dance, Spanish, photography, martial arts, ceramics, musical instrument skills, etc., is:

$$\text{Class Length} + \text{Prep Time} \times \# \text{ of days} \times 2.5 \text{ Factor Rate} + \$3 \text{ Admin} = \text{participant cost}$$

5.2.2 CRP Classes: Contractual – The formula for establishing the fee to participants for special interest classes, such as, financial planning, computer skills, women's self-defense, public speaking, advanced robotics, etc., is:

$$\text{Instructor Fee} + 28\% \text{ of Instructor Fee} = \text{participant cost}$$

5.2.3 Tumbleweed Recreation Center (TRC) Fitness Classes – The formula for establishing the fee to participants for classes, such as, zumba, racketball, yoga, spin, pilates, tai chi, etc., is:

$$\text{Class Length} + \text{Prep Time} \times \# \text{ of days} \times 4.5 \text{ Factor Rate} + \$3 \text{ Admin} = \text{participant cost}$$

5.2.4 TRC Fitness Training – The formula for establishing the fee to participants for individual training is:

$$\text{Instructor Fee} = \text{participant cost} \quad (\text{City receives 50\% of fee from instructor})$$

5.2.5 Personal Training – Individual Participant Cost = 1.75 factor rate x instructor fee (Individual Personal Training Session Fee)

$$\text{Personal Training – Group (maximum of 2)} \quad \text{Participant Cost} = \frac{2.5 \text{ factor rate} \times \text{instructor fee}}{2(\text{Group Training Session paid per person})}$$

$$\text{Personal Training – 10 Session Package} \quad \text{Participant Cost} = \text{Individual Personal Training Session Fee} \times 9 \text{ sessions}$$

CITY OF CHANDLER
 FEE SCHEDULE
 Effective – January-July 14, 2016

(Pay for 9 and receive 1 session free)

- 5.2.6 Camp Challenge (participants with disabilities) – The formula for establishing the fee is:

$$\frac{\text{Program Supplies and Costs + Staff Costs}}{\text{Minimum \# of Participants}} \times 15\% \text{ cost recovery} = \text{participant cost}$$

- 5.2.7 Camps, Adult Sports, and Aquatics – The formula for establishing the fee to participants for classes, such as, building blocks, field trips, intercession and summer camps, adult leagues (i.e., softball, volleyball, etc.), aqua fit, aquatics certification classes plus appropriate Red Cross fee (if applicable), recreation swim teams, semi-private swim lessons, etc., is:

$$\frac{\text{Program Supplies and Costs + Staff Costs} + \text{Appropriate Red Cross Fee (if applicable)}}{\text{Minimum \# of Participants}} = \text{participant cost}$$

- 5.2.8 Programs and services that address specific user interest offered at fair market value. The formula for establishing the fee to participants for lessons, leagues, and tournaments such as cardio tennis, mixed doubles league, singles and doubles tournaments, etc. is:

Fair Market Value = participant cost

- 5.2.9 Group Swim Lessons – The formula for establishing the fee is:

$$\frac{\text{Program Supplies and Costs + Staff Costs} + \text{Red Cross Learn to Swim fee}}{\text{Minimum \# of Participants}} \times 85\% \text{ cost recovery} = \text{participant cost}$$

- 5.2.10 Chandler Youth Sports Association (CYSA) – The formula for establishing the fee for the CYSA affiliates ball field light use is:

$$\text{Total Cost of Hours of Athletic Light usage during Primary Season} \times 50\% \text{ cost recovery} = \text{reimbursement to the City}$$

2.8 Through-the-Fence Access Fees

- (a) Annual Access Privilege/Operations & Maintenance Fee (*Amd by Res. 4505*)

Payments for this charge are made on a quarterly basis and are due by the tenth of January, April, July and October of each calendar year. Payments, administration and contact with Airport Management on Through-the-Fence issues shall be as follows:

- If the through-the-fence area is a property with a single through-the-fence user, a single point-of-contact for that single property owner is responsible for payment, administration and contact with Airport Management.

CITY OF CHANDLER
FEE SCHEDULE
Effective – July 1, 2016

- If the through-the-fence area is a property with multiple through-the-fence users on that site, then an association formed by those owners is the responsible party for payment and contact with Airport Management.

If payments are more than 30 days past due, all gate access for that property will be denied until payment is received by the City of Chandler.

- i. Owner-Occupied Hangar..... \$0.630/SF of Hangar
 - a. This component is based on the operations and maintenance costs of airport common use area for based aircraft.
 - b. The actual annual charge will be based upon the actual square footage of any hangars in the through-the-fence area with taxilane access and which are designed for, or capable of aircraft storage. "Actual hangar area" is established by the plans approved by the City. It is the hangar owner's responsibility to provide Airport Management with a copy of the approved plans or plan sheet showing the approved square footage of the hangar.
 - c. An owner occupied hangar is one that is owned or controlled by the property owner. Conditions for meeting this criteria include:
 - i) The hangar is owned by and its use is controlled exclusively by the applicant. This ownership can be through either:
 - Fee simple ownership; or
 - A long-term lease for the hangar property with a lease term of 10+ years. In this arrangement, the actual annual charge will be equal to the Owner occupied hangar fee described in paragraph 2.8(a).i.a. and b. of this section. However, the annual charge will change to the Non-owner occupied hangar fee described in paragraphs 2.8(a).ii.a. and b. of this section, if any one of the following conditions occur: (a) the long-term hangar lease is terminated prior to the expiration of a 24-month period; or (b) if a new lease entity assumes the long-term lease and the new entity can't provide a viable connection to the prior long-term lessee (i.e., business acquisition, merger, etc.). The Non-owner occupied fee will be in effect for that hangar for any further leasing activity while the then current property owner retains ownership of the hangar. If the long-term hangar lease is terminated before 24 months and the hangar owner provides evidence that only their owned and controlled aircraft will be stored in the hangar, the rate will remain at the Owner occupied hangar fee described in paragraphs 2.8(a).i.a. and b. of this section and will remain at this rate until another change in occupancy status occurs.
 - ii) The aircraft is owned or otherwise controlled by the property owner for which evidence can be provided including:
 - Evidence of clear ownership of the aircraft showing the property owner as aircraft owner. This can be through FAA aircraft registration or other official documentation regarding the ownership or registration of an aircraft.

CITY OF CHANDLER
 FEE SCHEDULE
 Effective – July 1, 2016

- Proof of at least 25% ownership and equal control of the aircraft which shall be affirmed through signature of all owners on the required aircraft control entity form, which shall be provided by Airport Management. In the event of arrangements for an aircraft in which there are multiple owners or partners, a copy of the agreement must be presented to Airport Management. These arrangements for aircraft management, aircraft leasing, interchange agreements, joint ownership agreements or time-sharing agreements must substantially reflect the general guidelines and tenets for the appropriate arrangement as detailed in the National Business Aircraft Association's (NBAA) document titled *2001 NBAA Aircraft Operating & Leasing Package*. The agreements, regardless of aircraft size, must also include the general verbiage requirements detailed in Section (a)(1) and (a)(2) of the *Federal Aviation Regulations (FAR) Part 91.23 – Truth in Leasing*.
- d. Property owners shall notify Airport Management in writing prior to a hangar being used to store an aircraft. The "Annual Access Privilege/Operations & Maintenance Fee - Owner Occupied Hangar" fee will be applied for the period beginning with the first day of the month following receipt of the written notice. This fee shall apply for any part of a month in which an aircraft is stored in the hangar and shall continue until the property owner provides evidence that the aircraft or hangar is no longer owned by the property owner.
- ii. Non-Owner Occupied Hangar \$0.950/SF of Hangar
- a. This component is for any off airport hangar property that is occupied by an aircraft not owned or controlled by the property owner. This condition applies to any situation where an aircraft is in a hangar through a lease or other type of agreement. It also applies to situations in which an aircraft is stored in the hangar that is owned by the property owner AND an aircraft is stored the hangar that is not owned by the property owner. The annual charge is based upon the Owner Occupied Hangar rate described in paragraphs 2.8(a).i.a. and b. plus 50% of that rate.
 - b. The actual annual charge will be based upon the actual square footage of any hangars in the through-the-fence area with taxilane access and which are designed for, or capable of aircraft storage. "Actual hangar area" is established by the plans approved by the City. It is the hangar owner's responsibility to provide Airport Management with a copy of the approved plans or plan sheet showing the approved square footage of the hangar.
 - c. Upon written notification by property owner and aircraft owner to Airport Management, advising a hangar will be occupied by an aircraft controlled by any entity other than the property owner, the "Annual Access Privilege/Operations & Maintenance Fee - Non-owner Occupied" annual charge will become effective in the following manner:
 - i) If the hangar was previously registered as being occupied with an aircraft controlled by the property owner, the Non-owner rate and registration begins with the first day of the following calendar month; or

CITY OF CHANDLER
 FEE SCHEDULE
 Effective – July 1, 2016

- ii) If the hangar was previously registered as having no aircraft being stored (reference paragraph 2.8(a).i.c.), the Non-owner rate and registration begins with the first day of the following calendar month; or
- iii) If the hangar was previously registered as having a non-owner aircraft, the Non-owner rate will remain in effect and uninterrupted.

The non-owner rate applicable to any of these conditions will continue for 6-months and will expire on the last day of the 6th month of that term regardless of any changes in the aircraft owner status during that 6-month period. The hangar status shall be automatically registered for another 6-month period as a "Non-owner occupied" hangar – *unless*- the property owner provides written evidence changing the status of the hangar at least 14 calendar days prior to the current expiration date. Notice changing the status of the hangar is the full responsibility of the property owner.

(b) Annual User Fee

(d) Fuel Flowage Fee - All Aircraft (total gallons fee based on gallons/month)

- i. All gallons per month..... \$0.15 Per Gallon

(e) Fees Adjustments

The Annual Access Privilege/Operations & Maintenance Fee shall be adjusted annually, without further City Council action, on January 1st of each year subsequent to adoption of this Resolution No. 4505 by an amount equal to the percentage increase, if any, in the Consumer Price Index (CPI-U, Western Region - All items) over the previous 12-month period ending the calendar month prior to the adjustment date; *except that*, at the fourth adjustment date, and every fourth adjustment date thereafter, the rate shall only be adjusted (increased or decreased) upon action of City Council taken upon completion of a review of the appropriateness of the rate structure. In no event shall the rate be increased more than ten (10%) per cent over any twelve (12) month period between anniversary dates, unless otherwise approved by City Council. Should the annual change in the CPI-U indicate a decline, the fee shall not diminish.

2.9 City Owned, Aviation Fuel Service, Retail Prices

The retail price of aviation fuel shall be per methodology contained below:

- (a) The Minimum Retail Fuel Price is determined by: dividing the annual cost of providing self-serve fueling services by the number of gallons sold for a base cost. A contingency reserve factor equal to the current Retail Fuel Flowage Fee per gallon is added to the base cost. This amount is added to a) the sum of the wholesale cost of the fuel (including all related fees), b) the sum of the federal and state fuel excise taxes and c) county/local privilege taxes.
- (b) The Maximum Retail Fuel Price is determined by obtaining the current advertised aviation self-serve fuel prices for the Phoenix metropolitan area. The second highest fuel price is determined from all currently advertised fuel prices and \$0.05 is added.
- (c) The Final Fuel Price shall be reflective of an amount that is competitive with the other self-serve fuel vendors in the local market. The pump price will be set with the highest price being the Maximum Retail Fuel Price, but in no case will it be less than the Minimum Retail

5.2 Department Registration Based Class, Program and Activity Fees [Ch.§31-21.B]

The formulas presented below may include a factor rate, program supplies and costs, or staff costs. The factor rate is a multiplier that allows the standardization of the program fee over different instructors paid at different rates so that the program as a whole over the entire system meets its cost recovery target. The program supplies and costs include all elements of the program including such things as materials, field trips and transportation, food, contractual scorekeepers/officials. The staff costs include any part-time/temporary staff hired to coordinate, oversee or maintain any element of the program.

- 5.2.1 Community Recreation Program (CRP) Classes: Devau – The formula for establishing the fee to participants for special interest classes, such as, arts/crafts, pom and cheer, dance, Spanish, photography, martial arts, ceramics, musical instrument skills, etc., is:

Class Length + Prep Time x # of days x 2.5 Factor Rate + \$3 Admin = participant cost

- 5.2.2 CRP Classes: Contractual – The formula for establishing the fee to participants for special interest classes, such as, financial planning, computer skills, women’s self-defense, public speaking, advanced robotics, etc., is:

Instructor Fee + 28% of Instructor Fee = participant cost

- 5.2.3 Tumbleweed Recreation Center (TRC) Fitness Classes – The formula for establishing the fee to participants for classes, such as, zumba, racketball, yoga, spin, pilates, tai chi, etc., is:

Class Length + Prep Time x # of days x 4.5 Factor Rate + \$3 Admin = participant cost

- 5.2.4 TRC Fitness Training – The formula for establishing the fee to participants for individual training is:

Instructor Fee = participant cost (City receives 50% of fee from instructor)

- 5.2.5 Personal Training – Individual Participant Cost = 1.75 factor rate x instructor fee (Individual Personal Training Session Fee)

Personal Training – Group (maximum of 2) Participant Cost = 2.5 factor rate x instructor fee divided by 2(Group Training Session paid per person)

Personal Training – 10 Session Package Participant Cost = Individual Personal Training Session Fee x 9 sessions (Pay for 9 and receive 1 session free)

CITY OF CHANDLER
 FEE SCHEDULE
 Effective – July 1, 2016

5.2.6 Camp Challenge (participants with disabilities) – The formula for establishing the fee is:

$$\frac{\text{Program Supplies and Costs + Staff Costs}}{\text{Minimum \# of Participants}} \times 15\% \text{ cost recovery} = \text{participant cost}$$

5.2.7 Camps, Adult Sports, and Aquatics – The formula for establishing the fee to participants for classes, such as, building blocks, field trips, intercession and summer camps, adult leagues (i.e., softball, volleyball, etc.), aqua fit, aquatics certification classes plus appropriate Red Cross fee (if applicable), recreation swim teams, semi-private swim lessons, etc., is:

$$\frac{\text{Program Supplies and Costs + Staff Costs} + \text{Appropriate Red Cross Fee (if applicable)}}{\text{Minimum \# of Participants}} = \text{participant cost}$$

5.2.8 Programs and services that address specific user interest offered at fair market value. The formula for establishing the fee to participants for lessons, leagues, and tournaments such as cardio tennis, mixed doubles league, singles and doubles tournaments, etc. is:

$$\text{Fair Market Value} = \text{participant cost}$$

5.2.9 Group Swim Lessons – The formula for establishing the fee is:

$$\frac{\text{Program Supplies and Costs + Staff Costs} + \text{Red Cross Learn to Swim fee}}{\text{Minimum \# of Participants}} \times 85\% \text{ cost recovery} = \text{participant cost}$$

5.2.10 Chandler Youth Sports Association (CYSA) – The formula for establishing the fee for the CYSA affiliates ball field light use is:

$$\text{Total Cost of Hours of Athletic Light usage during Primary Season} \times 50\% \text{ cost recovery} = \text{reimbursement to the City}$$

Website Posting: Notice of Proposed Increase in Fees and/or Public Hearings

NOTICE IS HEREBY GIVEN THAT at a Regular Meeting of the Chandler City Council to be held in the Council Chambers, 88 E Chicago Street, on Thursday, May 12, 2016 at 7:00 p.m., it is the Council's intention to amend the Citywide Fee Schedule effective July 1, 2016 for certain Airport, Parks and Recreation, and Transportation & Development fees. In addition, certain administrative corrections and edits to the Fee Schedule will be considered. This item will appear on the action portion of the Council agenda to allow an opportunity for public comment.

A copy of the document supporting the amended fees was posted on the City Clerk's official posting board and on the City's web site on March 11, 2016.

Posted date: April 25, 2016

The City of Chandler is planning to consider new or modified fees for various services in approximately 60 days. These fees include proposed changes to fees charged by the Community and Neighborhood Services Department, the Transportation & Development Department, and the Chandler Municipal Airport. Details on the fees to be considered can be found by clicking [here](#). Details on the specific date and time for the City Council action on these proposed new or modified fees will be posted 15 days prior to the meeting scheduled for May 12, 2016.

Special Event Fees Relating to New Rentals, and Requests for Additional Resources and Event Participation						
City Wide Fee Schedule Reference: Inserted into Section 5.1.4 (k) - p.19	Miscellaneous Special Event Fees - Open Grass Space Rental - Community and Regional Parks	General Public	none currently	\$30/hr - Commercial	New fee would allow current nonreservable open grass space to be rented by groups wishing to hold activities for private or public usage, such as a running club gathering, nonprofit clinic, etc. Proposed fees recommended is based on market rate research. Only applies to groups that make money. The proposed new fee supports Category 3-Exclusive Use of Programs, Services and Facilities (Market Rate or 100%+ Direct Cost Recovery).	Other City Fee Ranges: Mesa: \$15-18/hr less than 200 people \$100-120/hr more than 500 people Gilbert: \$10-20/hr
City Wide Fee Schedule Reference: Inserted into Section 5.1.4 (nn) p.20	Miscellaneous Special Event Fees - Run/Walk (i.e., 5K/10K) Park Race Route Fee	Event Producers/Organizers	none currently	\$100/route - Residential and Non-Residential \$150/route - Commercial	The routes proposed have an impact on the park from trash to parking to limiting other park users of the same space. Requests from event producers to host runs/walks in our parks have been increasing each year with an average of 6 from October to December and 3 from April to May. The proposed new fee supports Category 3-Exclusive Use of Programs, Services and Facilities (Market Rate or 100%+ Direct Cost Recovery).	Tempe: \$250-\$1,500/day (non-commercial) \$250-\$3,000/day (commercial) Mesa: \$1,200/day (nonprofit) \$2,000/day (commercial) Scottsdale: \$120/location Gilbert: \$150-\$425/half day \$300-\$850/full day Glendale: \$10 (commercial)
City Wide Fee Schedule Reference: Inserted into Section 5.1.4 (oo) p.20	Miscellaneous Special Event Fees - Parade of Lights Entry Fee	General Public	none currently	\$25/entry	The fee is recommended due to the profound initial interest from the community to participate in the Parade of Lights. With space limitations and a last minute drop out/cancellation rate of approximately 15% each year, this fee is highly desired. By implementing a fee, the hope is to get 100% participation from those that have committed to participate. The revenue received from the fees would be applied back to the winners of the nine judged categories of the parade. The proposed new fee supports Category 5-Enhanced Contractual Programs and Services.	Tempe: \$30-\$160 Gilbert: \$75-\$100 Glendale: \$25 Phoenix: \$75-\$400 Payson: \$25

The proposed revised fee includes all costs that go into conducting these programs and is broken down based on the total program time. Groups with less than the maximum number of students will complete a lecture + 3-4 activities vs. a lecture + 2 activities. In order to be in line with the Fee Policy, staff recommends keeping the fee based on class size rather than charging a per student fee. (ex. \$22.50 staff cost / 10 students + \$1.33 supply fee = \$3.58 per student. 30 students x \$3.58/per student = \$107.40, generating more than the required 50-65% cost recovery of the programs direct costs). Civil Plan Review Fees Related to Minor Land Divisions and Recording Documents						
City Wide Fee Schedule Reference: 6.5.2(c) - p.30 6.5.2(d) - p.30	Civil Engineering Subdivision Review Fees [§48-7] - Final Plat Plus, per lot	Developers who intend to subdivide 4 or more lots, tracts or parcels of land are required to submit a subdivision map (final plat) for review and recording.	\$785.00 per plat \$7.85 per lot	\$850.00 per plat \$8.50 per lot	Title Companies no longer handle the plat recording process for the developer. Engineering and City Clerk staff now handle the extra administrative efforts to process, scan, and record plats and CC&Rs. The actual cost to record plats and CC&Rs is based on the current government fee imposed by the Maricopa County Recorder (see e, and f). Note: Fees collected are dependent upon development and the number of plats in for review. The calculated increase is based on the additional administrative effort by job class over the current fee. 0.5 hour City Clerk Staff, \$15.00 0.5 hour Engineering Civil Plan Review Staff, \$16.50 1 hour Engineering GIS Staff, \$30.00	Other City Fee Ranges: Gilbert: \$1,220 plus \$24.35/lot. Tempe: \$1,576.51 plus \$23.74/lot.
City Wide Fee Schedule Reference: Inserted into Section 6.5.2(e) - p.30	Civil Engineering Subdivision Review Fees [§48-7] - Minor Land Division Review and Recording	Developers who intend to subdivide (or adjust lot lines, etc.) fewer than 4 lots, tracts or parcels of land are required to submit a minor land division map for review and recording.	None currently for Civil Review	\$340.00 per minor land division map	Minor Land Divisions (MLD's) require about the same effort as final plats to process (although typically fewer sheets). Historically, we've only charged \$315 total for both Planning and Civil staffs efforts on MLD's and want to now charge a separate fee for Civil. Planning will still charge \$315, but more effort is required from Civil for this process. Since we are increasing final plats by 8%, we increased the Planning fee of \$315 by 8% to arrive at \$340. Note: Fees collected are dependent upon development and the number of MLD's in for review.	Gilbert: \$1,220 plus \$24.35/lot. Mesa: \$1,296 plus \$26/lot, unit, tract or parcel.
