

**PURCHASING ITEM
FOR
COUNCIL AGENDA**

1. Agenda Item Number:

31

2. Council Meeting Date:
June 23, 2016

TO: **MAYOR AND COUNCIL**

3. Date Prepared: June 2, 2016

THROUGH: **CITY MANAGER**

4. Requesting Department: Community Services

5. **SUBJECT:** Purchase of Spray Pad Equipment at Desert Breeze Park

6. **RECOMMENDATION:** Staff recommends City Council approve the purchase of spray pad equipment for Desert Breeze Park from Landscape Structures, Inc., utilizing The Cooperative Purchasing Network (TCPN) Contract No. R5202, in the amount of \$69,345.40.

7. **BACKGROUND/DISCUSSION:** Desert Breeze Park is a forty-seven (47) acre Community Park originally developed in 1990 and is one of Chandler's most popular parks. In addition to the variety of amenities offered at this park, one of the most popular amenities is the water spray pad. Since its construction more than 25 years ago, the spray pad equipment has deteriorated and is unfortunately no longer serviceable. During the FY 15-16 budget process, funding was allocated to renovate and improve the entire spray pad. This equipment will be installed under a separate contract which will improve access, surfacing, and landscaping associated with the spray pad. As to not interfere with the use of this popular amenity, construction will begin on November 1st after the spray pad is closed for the season and will be completed prior to its re-opening on April 1, 2017.

A contract for the installation of the spray pad equipment is anticipated to be brought before the City Council for approval during the fall of 2016.

8. **EVALUATION:** TCPN competitively solicited and awarded a contract for playground systems, installation, service, and related items. The City has a current Intergovernmental Agreement with TCPN allowing for cooperative use of its contracts and the Contract has the appropriate cooperative provisions. In October, 2015, Project Agreement No. PR1610.201 was awarded to J2 Engineering Environmental Design for the design of the Desert Breeze Spray Pad renovation project, which included the recommendation of equipment to be used. J2 recommended the installation of Water Play Solutions Corporation equipment for its innovative features, durability, ease of maintenance, as well as its aesthetic fit with the theme of the park. Staff concurs with the recommendation.

Staff reviewed the project schedule and costs and found that utilizing the TCPN contract and purchasing the spray pad equipment directly from Landscape Structures, Inc., who is the only authorized vendor in Arizona for this equipment, will not only offer significantly discounted pricing (12%) but it also minimizes potential project delays that could affect the park's visitors. The term of the TCPN contract is July 1, 2012, through June 30, 2017.

9. FINANCIAL IMPLICATIONS:

Cost: \$69,345.40

Savings: N/A

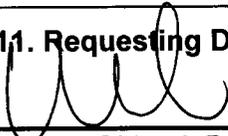

Long Term Costs: N/A

<u>Acct. No.:</u>	<u>Fund:</u>	<u>Program Name:</u>	<u>CIP Funded:</u>	<u>Funds:</u>
401.4580.6611.0000.6PR530	Gen. Govt. Cap. Proj.	Existing Comm. Park Impr.	Yes	\$69,345.40

10. **PROPOSED MOTION:** Move City Council approve the utilization of The Cooperative Purchasing Network (TCPN) Contract No. R5202, with Landscape Structures, Inc., for the Desert Breeze Park spray pad, in the amount of \$69,345.40.
