

Mayor Jay Tibshraeny's Neighborhood Excellence Awards Application

NOMINATION

Our complex has participated in this event now for the past 9 years. This coming event will be our 10th annual, so it is a perfect time for our community to be showcased. In addition to the visits that Chandler Public Safety makes, we purchase food, snacks, and games for the kids, among many other things. We have raffle prizes ranging from safety equipment such as smoke alarms and flashlights to gift cards. We always have a clown or face painter that joins us, and this is a popular event in our community.

What makes our GAIN event special is that the members of the Chandler Public Safety family often stay and hang out with us for a while. Our community members really enjoy chatting with them and getting to know them as people. I am always impressed at the ease in which your officers and firefighters interact with our owners. It is amazing to see community members and Public Safety officials getting along and building camaraderie, trust, and respect for each other. By far, every year, this event is our community's favorite, and a huge part of that can be attributed to the contribution of the City of Chandler Public Safety.

Since we have been participating in GAIN, there has been a marked difference in the interaction of the members of our community. It is not uncommon to pass through our streets and see groups of neighbors out in the common area chatting and enjoying the company of each other. This is a direct result of our board of directors encouraging community involvement with annual, traditional events such as GAIN.
