6. RECOMMENDATION: Staff recommends that Council approve Contract Amendment No. 2 in the amount of \$4,970 to Aztec Engineering for the Ryan Road Paving project, Project No. ST0330-201, for a revised contract total of \$51,216.

7. BACKGROUND/DISCUSSION: This contract is to design the Ryan Road Paving project from Arizona Avenue to McQueen Road. The purpose of this project is to pave the road with asphalt to eliminate the dust problem associated with the existing gravel/dirt road. The scope of this design contract includes the Environmental Determination, the Design Concept Report and the paving design documents.

This paving project is part of the regional air quality program to reduce dust pollution. The road improvements do not include curb, sidewalk, street lighting or landscaping. These additional improvements will be the responsibility of adjacent landowners when the properties are developed. Paving costs will be reimbursed through a Congestion Mitigation and Air Quality (CMAQ) federal grant.

The original intent was for this project to be bid and administered by the City of Chandler. The Arizona Department of Transportation (ADOT) will now be bidding and administering the project and is requiring that the plans and specifications be revised to their bidding standards and requirements. Contract amendment No.1 was for revisions to the plans and contract specifications.
