MEMORANDUM

Public Works Department - Airport - Memo No. AP07-076

DATE: JUNE 14, 2007
TO: MAYOR AND COUNCIL
THRU: W. MARK PENTZ, CITY MANAGER
PAT MCDERMOTT, ASSISTANT CITY MANAGER
DANIEL W. COOK, ACTING PUBLIC WORKS DIRECTOR
FROM: GREG CHENOWETH, AIRPORT MANAGER
SUBJECT: RESOLUTION NO. 4085 AUTHORIZING THE CITY TO ENTER INTO A GRANT AGREEMENT WITH THE ARIZONA DEPARTMENT OF TRANSPORTATION (ADOT) ACCEPTING GRANT NUMBER E7F79 IN THE AMOUNT OF \$7,175 FOR FUNDING TO CONDUCT A FEDERAL AVIATION REGULATION (FAR) PART 150 NOISE COMPATIBILITY STUDY

RECOMMENDATION: Staff recommends the Council pass and adopt Resolution No. 4085 authorizing the City to enter into a grant agreement with the Arizona Department of Transportation (ADOT) accepting grant number E7F79 in the amount of \$7,175 for funding to conduct a Federal Aviation Regulation (FAR) Part 150 Noise Compatibility Study.

BACKGROUND/DISCUSSION: The City received notification of a state grant offer (ADOT Grant Number E7F79) in the amount of \$7,175 to conduct a FAR Part 150 Noise Compatibility Study.

The Federal Aviation Administration requires airports to update Airport Master Plans and FAR Part 150 Noise Compatibility Study when the airport grows beyond certain parameters of the previous studies. The Chandler Municipal Airport use statistics have reached the point that updates to these studies were necessary. The Airport Master Plan was recently updated and the FAA awarded grant number AIP 3-4-0008-17-2006 to update the FAR Part 150 Noise Compatibility Study. This study update is scheduled to begin in August 2007 and will require approximately 12 months to complete.

This ADOT grant represents the State's local matching share to the FAA grant.

FINANCIAL IMPLICATIONS: The FAR Part 150 Noise Compatibility Study is included in the Capital Improvement Program. Staff identified the City's local matching share of \$7,175 with acceptance of the FAA grant.

ADVISORY COMMITTEE VOTE: At the May 9, 2007 regular meeting, the Airport Commission voted 5 to 0 recommending acceptance of ADOT Grant agreement No. E7F79.

PROPOSED MOTION: Move to pass and adopt Resolution No. 4085 authorizing the City to enter into a grant agreement with the Arizona Department of Transportation (ADOT) accepting grant number E7F79 in the amount of \$7,175 for funding to conduct a Federal Aviation Regulation (FAR) Part 150 Noise Compatibility Study

If the Sponsor is required under law to have a Single Audit, this Project shall be considered for inclusion in the scope of examination.

The Sponsor shall keep all project accounts and records which fully disclose the amount and disposition by the recipient of the proceeds of the grant, the total cost of the Project in connection with which the grant is given or used, and the amount or nature of that portion of the cost of the Project supplied by other sources, and such other financial records pertinent to the Project. The accounts and records will be kept in accordance with A.R.S. 35-214.

The State shall not reimburse any costs incurred after the date of termination.

Termination for Convenience

When the continuation of the Project will not produce beneficial results commensurate with the further expenditure of funds or when funds are not appropriated or are withdrawn for use hereunder, the State may terminate this Agreement. In the case where continuation of the Project will not produce beneficial results, the State and the Sponsor shall mutually agree upon the termination either in whole or in part. In the case where funds are no longer available or have been withdrawn or not appropriated, or the Project is no longer in the State's best interest, the State shall have the right of termination at its sole option. The State shall not reimburse any costs incurred after receipt of the notice of termination. The Governor pursuant to Arizona Revised Statutes Section 38-511 hereby puts all parties on notice that this Agreement is subject to cancellation.

In the event of any action, this indemnification shall include, but not be limited to, court costs, expenses of litigation and reasonable attorney's fees.

Required Provisions Deemed Inserted

Each and every provision of law and clause required by law to be inserted in this Agreement shall be read and enforced as though it were included herein, and if through mistake or otherwise any such provision is not inserted, or is not correctly inserted, then upon the application of either party, this Agreement shall forthwith be physically amended to make such insertion or correction.

Property of the Sponsor and State

Any materials, including reports, computer programs or files and other deliverables created under this Agreement are the sole property of the Sponsor. The Contractor/Consultant is not entitled to a patent or copyright on these materials and may not transfer the patent or copyright to anyone else. The Sponsor shall give the State unrestricted authority to publish, disclose, distribute and otherwise use at no cost to the State any of the material prepared in connection with this grant.

The useful life of a Planning Grant is considered to be the period from acceptance of the grant offer by the Sponsor until the grant is closed by the State.
- 3) The Sponsor certifies in this Agreement that it is a political subdivision of the State and is the public agency with control over a public-use Airport and/or on behalf of the possible future development of an Airport and is eligible to receive grant funds for the development or possible development of an Airport under its jurisdiction.

This will be done in a manner acceptable to the State. The Sponsor shall not sell, lease, encumber or otherwise transfer or dispose of any part of its title or other interests in the property shown on Exhibit A, Airport Property Map, to this application, or to that portion of the property upon which State funds have been expended, for the duration of the terms, conditions and assurances in this Agreement without approval by the State. If the transferee is found by the State to be eligible under Title 49, United States Code, to assume the obligations of this Agreement and to have the power, authority and financial resources to carry out such obligations, the Sponsor shall insert in the contract or document transferring or disposing of Sponsor's interest and make binding upon the transferee all the terms, conditions and assurances contained in this Agreement.

- 8) **Public Hearings:** In Projects involving the location of an Airport, an airport runway or a major runway extension, the Sponsor has afforded the opportunity for public hearings for the purpose of considering the economic, social and environmental impacts of the Airport or runway location and its consistency with goals and objectives of such planning as has been carried out by the community and it shall, when requested by the State, submit a copy of such hearings to the State.

The Sponsor shall maintain accurate records of all labor, equipment and materials used in this Project and that upon reasonable notice, shall make available to the State, or any of their authorized representatives, for the purpose of audit and examination all records, books, papers or documents of the recipient relating to work performed under this Agreement. - 1) The Sponsor shall maintain a current Airport Layout Plan (ALP) of the Airport, which shows building areas and landing areas, indicating present and planned development and to furnish ADOT an updated ALP of the Airport as changes are made. If the planning performed under this Agreement directs a change in on-airport land use to a non-aeronautical land use or a change in the Airport Reference Code, that change must be approved by FAA and ADOT Aeronautics and will require a new/updated Airport Layout Plan forwarded for re-validation/approval.

- 2) The Sponsor shall be required to prepare an ALP for update or revalidation in accordance with current FAA and ADOT Aeronautics Division standard guidelines. The ALP will indicate any deviations from FAA design standards as outlined in current FAA Advisory Circulars, orders or regulations. A copy of the ALP in electronic format shall be forwarded to the Aeronautics Division after authentication by FAA or the ADOT Aeronautics Division.
- 3) The Sponsor shall assure that any and all changes to the Airport property boundaries, together with any off-site areas owned or controlled by the Sponsor and which support the Airport or its operations, are recorded on the ALP and on the Airport Property Map.

Immediate Vicinity Land Use Restriction

To restrict the use of land, adjacent to or in the immediate vicinity of the Airport, to activities and purposes compatible with normal Airport operations and to take appropriate action including the adoption of appropriate zoning laws. In addition, if the Project is for noise compatibility or to protect the 14 CFR Part 77 imaginary surfaces of the Airport, the Sponsor will not cause or permit any change in land use, within its jurisdiction, that will reduce its compatibility, with respect to the Airport, of the noise compatibility program measures or the imaginary surfaces of the Airport upon which State funds have been expended.

Airport Operation

- 1) The Sponsor shall promote safe airport operations by clearing and protecting the approaches to the Airport by removing, lowering, relocating, marking and/or lighting existing airport hazards and to prevent, to the extent possible, establishment or creation of future airport hazards. The Sponsor shall take appropriate action to assure such terminal airspace as is required to protect instrument and visual operations to the Airport (including established minimum flight altitudes) will be adequately cleared and protected by preventing the establishment or creation of future airport hazards. The Sponsor shall promptly notify airmen of any condition affecting aeronautical use of the Airport.
- 2) The Sponsor further agrees to operate the Airport for the use and benefit of the public and to keep the Airport open to all types, kinds and classes of aeronautical use without discrimination between such types, kinds and classes; provided that the Sponsor shall establish such fair, equal and nondiscriminatory conditions to be met by all users of the Airport as may be necessary for the safe and efficient operation of the Airport; and provided further, that the Sponsor may prohibit any given type, kind or class of aeronautical use of the Airport if such use would create unsafe conditions, interfere with normal operation of aircraft, or cause damage or lead to the deterioration of the runway or other Airport facilities.
- 3) In any agreement, contract, lease or other arrangement under which a right or privilege at the Airport is granted to any person, firm or corporation to conduct or engage in any aeronautical activity for furnishing services to the public at the Airport, the Sponsor shall insert and enforce provisions requiring said person, firm or corporation:
 - a) to furnish services on a reasonable and not unjustly discriminatory basis to all users thereof and charge reasonable and not unjustly discriminatory prices for each unit or service;
 - b) and be allowed to make reasonable and nondiscriminatory discounts, rebates or similar types of price reductions to volume purchasers;

- c) each Fixed Based Operator (FBO) and Air Carrier at the Airport shall be subject to the same rates, fees, rentals and other charges as are uniformly applicable to all other FBOs and Air Carriers making the same or similar uses of the Airport and utilizing the same or similar facilities;
 - d) each Air Carrier using such Airport shall have the right to service itself or to use any FBO that is authorized or permitted by the Airport to serve any Air Carrier at the Airport.
- 4) The Sponsor shall not exercise or grant any right or privilege which operates to prevent any person, firm or corporation operating aircraft on the Airport from performing any services on its own aircraft with its own employees (including but not limited to maintenance, repair and fueling) that it may choose to perform. In the event the Sponsor itself exercises any of the rights and privileges referred to in this assurance, the services involved will be provided on the same conditions as would apply to the furnishing of such services by a commercial aeronautical operator authorized by the Sponsor under these provisions.
- 5) The Sponsor shall suitably operate and maintain the Airport and all facilities thereon or connected therewith which are necessary for Airport purposes and to prohibit any activity thereon which would interfere with its use for aeronautical purposes and to operate essential facilities, including night lighting systems, when installed, in such manner as to assure their availability to all users of the Airport; provided that nothing contained herein shall be construed to require that the Airport be operated and maintained for aeronautical uses during temporary periods when snow, flood or other climatic conditions interfere substantially with such operation and maintenance.
- 6) The Sponsor shall not permit an exclusive right for the use of the Airport by any person providing, or intending to provide, aeronautical services to the public. For purposes of this paragraph, providing services at an Airport by a single FBO shall not be construed as an "exclusive right" if:
- a) it would be unreasonably costly, burdensome or impractical for more than one FBO; and
 - b) if allowing more than one FBO to provide such services would require a reduction of space leased pursuant to an existing agreement between a single FBO and the Airport.
- Note: Aeronautical activities that are covered by this paragraph include, but are not limited to: charter flights, pilot training, aircraft rental, sightseeing, air carrier operations, aircraft sales and services, aerial photography, agricultural spraying, aerial advertising and surveying, sale of aviation petroleum products whether or not conducted in conjunction with any other aeronautical activity, repair and maintenance of aircraft, sale of aircraft parts, and any other activities which because of their direct relationship to the operation of aircraft can be regarded as an aeronautical activity.
- 7) The Sponsor shall terminate any exclusive right to conduct an aeronautical activity now existing at the Airport before any grant of any assistance from the State. However, there shall be no limit on the duration of the assurances regarding Exclusive Rights and Airport Revenue so long as the Airport is used as an Airport. There shall be no limit on the duration of the terms, conditions, and assurances with respect to real property acquired with State funds.
- 8) Airport Pavement Preservation Program: The Sponsor certifies that they have implemented an effective pavement preservation management program at the Airport for the replacement, reconstruction or maintenance of pavement at the Airport. The Sponsor assures that it shall use this program for the useful life of the pavement constructed, reconstructed or repaired with financial assistance from the State and provide such reports on pavement condition and pavement management programs as may be required by the State.

Sponsor Transactions

The Sponsor shall refrain from entering into any transaction which would deprive the Sponsor of any of the rights and powers necessary to perform any or all of the covenants made herein, unless by such transaction the obligation to perform all such covenants is assumed by another public agency eligible to assume such obligations and having the power, authority and financial resources to carry out such obligations; and, if an arrangement is made for management or operation of the Airport by an agency or person other than the Sponsor, the Sponsor shall reserve sufficient powers and authority to insure that the Airport will be operated and maintained in accordance with these covenants or insure that such an arrangement also requires compliance therewith.

Airport Revenues

The Sponsor shall maintain a fee and rental structure for the facilities and services at the Airport which will make the Airport as self-sustaining as possible under the circumstances existing at the particular Airport, taking into account such factors as the volume of traffic and economy of collection. All revenues generated by the Airport (and any local taxes established after Dec 30, 1987), will be expended by it for the capital or operating costs of the Airport; the local airport system; or the local facilities which are owned or operated by the owner or operator of the Airport and which are directly or substantially related to the actual air transportation of passengers or property, on or off the Airport.

Disposal of Land

- 1) For land purchased under a grant for airport development purposes (it is needed for aeronautical purposes, including runway protection zones, or serve as noise buffer land; and revenue from the interim use of the land contributed to the financial self-sufficiency of the Airport), the Sponsor shall apply to the State and FAA for permission to dispose of such land. If agreed to by the State and/or FAA, the Sponsor shall dispose of such land at fair market value and make available to the State and FAA an amount that is proportionate to the State and FAA's share of the cost of the land acquisition. That portion of the proceeds of such disposition, which is proportionate to the share of the cost of acquisition of such land, shall be (a) reinvested in another eligible airport development Project or Projects approved by the State and FAA or (b) be deposited to the Aviation Trust Fund if no eligible Project exists.
- 2) Disposition of such land shall be subject to the retention or reservation of any interest or right therein necessary to ensure that such land will only be used for purposes, which are compatible with noise levels associated with operation of the Airport.

Planning Agreements

- 1) The Sponsor agrees to provide and maintain competent supervision to complete the Project in conformance with Exhibit A of this Agreement.
- 2) The Sponsor shall include in all published material in connection with the planning Project a notice that the material was prepared under a grant provided by the Arizona Department of Transportation, Aeronautics Division. The terms, conditions and assurances shall remain in effect until grant closure. The Sponsor shall give the State unrestricted authority to publish, disclose, distribute and otherwise use any of the material prepared in connection with this grant.
- 3) The Sponsor shall submit to the State, for review and approval, a copy of the request for proposals used in the selection of a consultant(s) prior to the award of the contract.

- 4) The Sponsor shall make planning material available for examination by the public and agrees that no material prepared with funds under this Project shall be subject to copyright in the State of Arizona. That approval of this Project grant or approval of the planning material developed as a part of this grant does not constitute or imply assurance or commitment on the part of the State to approve pending or future application for a State grant or funding.
- 5) The Sponsor shall appoint a Planning Advisory Committee (PAC) for this Project, which will have the opportunity to furnish information, and review the plan as it is developed. Members of the PAC shall be as deemed appropriate to address the special issues of the Project, except that at least one member shall be a non-aviation citizen of the area, and one shall be a representative of the ADOT, Aeronautics Division (ADOT). An invitation will be given to the affected military installations to participate on the Planning Advisory Committee.
- 6) The Sponsor shall hold a minimum of three meetings throughout the Project development, including a minimum of two meetings between the Sponsor, the consultant, and the PAC. A minimum of one public meeting shall be held during the planning process. The Sponsor may not accomplish the final acceptance of the plan until ADOT Aeronautics has reviewed and approved the work performed.
- 7) If the planning performed under this Agreement covers an existing or future airport not located on properties owned or leased by the Sponsor, the Sponsor agrees to obtain full control of the property for a period of not less than twenty (20) years. All changes to Airport ownership or to any Airport lease shall be approved by the State.
- 8) The Sponsor shall grant the State the right to review and approve the Sponsor's employment of consultants and their subcontractors to do all or any part of the Projects in this Agreement.
- 9) At the completion of the Project, the Sponsor agrees to provide an electronic copy, in a format usable by ADOT Aeronautics of final plans, planning documents, and/or other published materials produced as a result of this planning Project.
