

**PURCHASING ITEM  
FOR  
COUNCIL AGENDA**

**1. Agenda Item Number:**  
**33**

**2. Council Meeting Date:**  
September 6, 2007

**TO: MAYOR & COUNCIL**

**3. Date Prepared:** August 16, 2007

**THROUGH: CITY MANAGER**

**4. Requesting Department:** Municipal Utilities

**5. SUBJECT:** Approve use of Pima County contract with Peoria Pest Control for treatment of manholes in an amount not to exceed \$100,000.

**6. RECOMMENDATION:** Recommend approval to use Pima County contract with Peoria Pest Control for treatment of manholes in an amount not to exceed \$100,000.

**7. HISTORICAL BACKGROUND/DISCUSSION:** The City has 16,200 sewer manholes. Historically, Wastewater Collection exterminated roaches in the manholes with a boron dust. The boron has a life of approximately two months per application. The insecticide paint used in manholes is warranted for two years. Municipalities, which were once exempt from the state laws governing pesticide licensing and application, are now required to obtain these licenses to apply pesticides. Municipal Utilities determined the most cost effective solution for controlling roaches in City owned manholes is to engage the services of a licensed exterminator to apply insecticide paint to the manholes.

Wastewater Collection plans to paint one-half of the City owned manholes each year.

**8. EVALUATION PROCESS:** The requested service has been bid by Pima County. On June 22, 2006 Council originally approved use of this contract. Pima County's contract has been extended one year, through October 31, 2008 with no price increase. Staff is requesting approval to use Pima County's contract through October 31, 2008. Using the Pima County contract will save City of Chandler costs associated with the bid process.

**9. FINANCIAL IMPLICATIONS:**

Cost: \$100,000

Savings: Bid Cost

Long Term Costs: N/A

<u>Acct. No.</u>	<u>Fund Name</u>	<u>Program Name</u>	<u>CIP Funded</u>	<u>Funds</u>
