7. HISTORICAL BACKGROUND/DISCUSSION: The City of Chandler Storage Area Network (SAN) and Network Attached Storage (NAS) require support for the hardware and software. These systems store production databases and other city data that is accessed on a daily basis by users and citizens. The SAN/NAS need support in case a hardware failure occurs or the software needs to be updated for performance.

8. EVALUATION PROCESS: In July 2006, Council awarded a one-year contract to EMC with provisions to extend for four additional one-year periods if mutually agreed upon. The current contract expires July 31, 2008 and the Contractor has agreed to extend the contract for the second of four additional one-year periods.
