**7. HISTORICAL BACKGROUND/DISCUSSION:** Each year citizens make requests to the Community Services Department for improvements in many of our City's existing parks. Because of the Arizona climate as well as the increasing awareness of skin cancer caused by harmful ultra-violet rays from sunlight, one of the most popular requests that staff receives is shade for playgrounds. This project will provide for the installation of six (6) shade structures. One will be installed at each of the following parks: Maggio Ranch, Navarrete, Pine Shadows, Stonegate, Sunset and Snedigar Skate Park. The shade structures will be designed to provide shade over the existing playground equipment at each of the parks except for Snedigar Skate Park, where it will be designed to provide sun protection for skaters and spectators.

**8. EVALUATION PROCESS:** Mohave Educational Services Cooperative (MESC) issued a cooperative bid for the purchase and installation of pre-engineered shade structures. A multiple award was made to Shade 'N Net of Arizona, Inc. and Sun Ports International. The Parks Division has received pricing under this contract from Shade 'N Net of Arizona, Inc. to install six (6) shade structures for Maggio Ranch, Navarrete, Pine Shadows, Stonegate, Sunset and Snedigar Skate Park. Work under this contract will include installation of the shade structures as well as concrete footings, powder coating of the structure, and hauling away excess dirt from the site. By utilizing the Mohave contract, the City is able to expedite the purchase and installation of the shade structures.
