**CITY OF CHANDLER,
an Arizona municipal corporation,**

hereinafter called Grantor, for and in consideration of the sum of One Dollar, and other valuable consideration, receipt of which is hereby acknowledged, does hereby grant and convey to **SALT RIVER PROJECT AGRICULTURAL IMPROVEMENT AND POWER DISTRICT**, an agricultural improvement district organized and existing under the laws of the State of Arizona, its agents, employees, contractors and permittees and its and their respective successors and assigns, hereinafter called the Grantee, a non-exclusive easement in, upon, over, under, across, through and along the lands hereinafter described (such lands hereinafter described being sometimes referred to herein as the "Easement Parcel") to construct, install, reconstruct, replace, remove, repair, operate and maintain underground electrical conductors, conduits, pipes, cables, vaults, pads, switching equipment, enclosures, manholes and transformers and all other appliances, appurtenances and fixtures (collectively "Facilities") for the transmission and distribution of electricity and for all other purposes connected therewith at such locations and elevations, in, upon, over, under, across, through and along the Easement Parcel as Grantee may now or hereafter deem convenient or necessary from time to time, together with the right of ingress and egress to, from, across and along the Grantor's Property. Grantee is hereby authorized to permit others to use the Easement Parcel for additional Facilities jointly with or separately from the Grantee for their purposes.

The lands in, upon, over, under, across, through and along which this easement is granted are situated in the County of Maricopa, State of Arizona, and are more particularly described as:

Grantor's Property:

That portion of the Southeast quarter of Section 35, Township 1 South, Range 5 East of the Gila and Salt River Base and Meridian, more particularly described in Instrument No. 97-0303781, records of Maricopa County, Arizona.

Easement Parcel:

Said easement described on Exhibit A4, attached hereto and by this reference made a part hereof.

CAUTION: Facilities placed within the Easement Parcel may contain high voltage electrical equipment. Notice is hereby given that the location of underground electrical conductors or facilities must be verified as required by Arizona Revised Statutes, Section 40-360.21, et. seq., Arizona Blue Stake Law, prior to any excavation. Notice is also hereby given that any activity performed within the Easement Parcel shall comply with the Arizona Overhead Powerline Safety Law, Arizona Revised Statutes 40-360.41-45.

Grantor shall maintain a clear area that extends 3.00 feet from and around all edges of all transformer pads and other equipment pads, and a clear operational area that extends 12.00 feet immediately in front of all transformer and other equipment openings provided however, that such clear areas shall be confined to within the Easement Parcel. No obstruction, trees, shrubs, fixtures or permanent structures shall be placed within said areas.

Grantor shall not construct, install or place, or permit to be constructed, installed or placed any building or other structure, plant any trees, drill any well, store materials of any kind, or lower ground level by more than one (1) foot of cut or raise ground level by more than two (2) feet of fill, within the area of the Easement Parcel. Grantor reserves the right to use the Easement Parcel for such purposes as landscaping, paved parking, vehicle parking, sidewalks and/or driveways, provided these do not interfere with the efficient and safe operation and maintenance of Grantee's Facilities, including access thereto. Buildings, above-ground structures, or pools are prohibited.

Grantee shall have the right to construct, modify and maintain access openings, at its expense, at such locations and of such dimensions as determined by Grantee and Grantor in existing or future walls or fences within the Easement Parcel. Grantor shall not unreasonably withhold said approval. Grantor shall have the right to install gates across said openings and Grantor and Grantee shall have the right to use said gates, provided that any locked gates be subject to joint access by Grantor and Grantee by provision of a multiple locking device.

Subject to the provisions set forth herein, Grantor reserves the right to use and occupy the Easement Parcel for any purpose consistent with the rights and privileges above granted, provided, however, that such use shall not unreasonably interfere with Grantee's right and ability to construct, access, maintain and use the Facilities, or endanger any of the Facilities or the use thereof.

Grantee shall have the right (but not the obligation) to trim, cut and clear away trees, brush or other vegetation on the Easement Parcel whenever in its judgment the same shall be necessary for the convenient and safe exercise of the rights herein granted.

In the event Grantee records a document to formally abandon the easement granted herein, all Grantee's rights hereunder shall cease, except the right to remove any and all property placed upon the Easement Parcel within a reasonable time subsequent to such abandonment.

The covenants and agreements herein set forth shall extend and inure in favor and to the benefit of and shall be binding on the heirs, administrators, executors, personal representatives, legal representatives, successors (including successors in ownership and estate), assigns and lessees of the Grantor and Grantee.

**CITY OF CHANDLER,
an Arizona municipal corporation,**

hereinafter called Grantor, for and in consideration of the sum of One Dollar, and other valuable consideration, receipt of which is hereby acknowledged, does hereby grant and convey to **SALT RIVER PROJECT AGRICULTURAL IMPROVEMENT AND POWER DISTRICT**, an agricultural improvement district organized and existing under the laws of the State of Arizona, its agents, employees, contractors and permittees and its and their respective successors and assigns, hereinafter called the Grantee, a non-exclusive easement in, upon, over, under, across, through and along the lands hereinafter described (such lands hereinafter described being sometimes referred to herein as the "Easement Parcel") to construct, install, reconstruct, replace, remove, repair, operate and maintain underground electrical conductors, conduits, pipes, cables, vaults, pads, switching equipment, enclosures, manholes and transformers and all other appliances, appurtenances and fixtures (collectively "Facilities") for the transmission and distribution of electricity and for all other purposes connected therewith at such locations and elevations, in, upon, over, under, across, through and along the Easement Parcel as Grantee may now or hereafter deem convenient or necessary from time to time, together with the right of ingress and egress to, from, across and along the Grantor's Property. Grantee is hereby authorized to permit others to use the Easement Parcel for additional Facilities jointly with or separately from the Grantee for their purposes.

The lands in, upon, over, under, across, through and along which this easement is granted are situated in the County of Maricopa, State of Arizona, and are more particularly described as:

Grantor's Property:

That portion of the Northwest quarter of Section 2, Township 2 South, Range 5 East of the Gila and Salt River Base and Meridian, more particularly described in Instrument No. 88-0396520 and 87-0749775, records of Maricopa County, Arizona.

Easement Parcel:

Said easement described on Exhibit A5, attached hereto and by this reference made a part hereof.

CAUTION: Facilities placed within the Easement Parcel may contain high voltage electrical equipment. Notice is hereby given that the location of underground electrical conductors or facilities must be verified as required by Arizona Revised Statutes, Section 40-360.21, et. seq., Arizona Blue Stake Law, prior to any excavation. Notice is also hereby given that any activity performed within the Easement Parcel shall comply with the Arizona Overhead Powerline Safety Law, Arizona Revised Statutes 40-360.41-45.

Grantor shall maintain a clear area that extends 3.00 feet from and around all edges of all transformer pads and other equipment pads, and a clear operational area that extends 12.00 feet immediately in front of all transformer and other equipment openings provided however, that such clear areas shall be confined to within the Easement Parcel. No obstruction, trees, shrubs, fixtures or permanent structures shall be placed within said areas.

Grantor shall not construct, install or place, or permit to be constructed, installed or placed any building or other structure, plant any trees, drill any well, store materials of any kind, or lower ground level by more than one (1) foot of cut or raise ground level by more than two (2) feet of fill, within the area of the Easement Parcel. Grantor reserves the right to use the Easement Parcel for such purposes as landscaping, paved parking, vehicle parking, sidewalks and/or driveways, provided these do not interfere with the efficient and safe operation and maintenance of Grantee's Facilities, including access thereto. Buildings, above-ground structures, or pools are prohibited.

Grantee shall have the right to construct, modify and maintain access openings, at its expense, at such locations and of such dimensions as determined by Grantee and Grantor in existing or future walls or fences within the Easement Parcel. Grantor shall not unreasonably withhold said approval. Grantor shall have the right to install gates across said openings and Grantor and Grantee shall have the right to use said gates, provided that any locked gates be subject to joint access by Grantor and Grantee by provision of a multiple locking device.

Subject to the provisions set forth herein, Grantor reserves the right to use and occupy the Easement Parcel for any purpose consistent with the rights and privileges above granted, provided, however, that such use shall not unreasonably interfere with Grantee's right and ability to construct, access, maintain and use the Facilities, or endanger any of the Facilities or the use thereof.

Grantee shall have the right (but not the obligation) to trim, cut and clear away trees, brush or other vegetation on the Easement Parcel whenever in its judgment the same shall be necessary for the convenient and safe exercise of the rights herein granted.

In the event Grantee records a document to formally abandon the easement granted herein, all Grantee's rights hereunder shall cease, except the right to remove any and all property placed upon the Easement Parcel within a reasonable time subsequent to such abandonment.

The covenants and agreements herein set forth shall extend and inure in favor and to the benefit of and shall be binding on the heirs, administrators, executors, personal representatives, legal representatives, successors (including successors in ownership and estate), assigns and lessees of the Grantor and Grantee.

**CITY OF CHANDLER,
an Arizona municipal corporation,**

hereinafter called Grantor, for and in consideration of the sum of One Dollar, and other valuable consideration, receipt of which is hereby acknowledged, does hereby grant and convey to **SALT RIVER PROJECT AGRICULTURAL IMPROVEMENT AND POWER DISTRICT**, an agricultural improvement district organized and existing under the laws of the State of Arizona, its agents, employees, contractors and permittees and its and their respective successors and assigns, hereinafter called the Grantee, a non-exclusive easement in, upon, over, under, across, through and along the lands hereinafter described (such lands hereinafter described being sometimes referred to herein as the "Easement Parcel") to construct, install, reconstruct, replace, remove, repair, operate and maintain underground electrical conductors, conduits, pipes, cables, vaults, pads, switching equipment, enclosures, manholes and transformers and all other appliances, appurtenances and fixtures (collectively "Facilities") for the transmission and distribution of electricity and for all other purposes connected therewith at such locations and elevations, in, upon, over, under, across, through and along the Easement Parcel as Grantee may now or hereafter deem convenient or necessary from time to time, together with the right of ingress and egress to, from, across and along the Grantor's Property. Grantee is hereby authorized to permit others to use the Easement Parcel for additional Facilities jointly with or separately from the Grantee for their purposes.

The lands in, upon, over, under, across, through and along which this easement is granted are situated in the County of Maricopa, State of Arizona, and are more particularly described as:

Grantor's Property:

That portion of the Northeast quarter of Section 2, Township 2 South, Range 5 East of the Gila and Salt River Base and Meridian, more particularly described in Instrument No. 2007-0621065, records of Maricopa County, Arizona.

Easement Parcel:

Said easement described on Exhibit A3, attached hereto and by this reference made a part hereof.

CAUTION: Facilities placed within the Easement Parcel may contain high voltage electrical equipment. Notice is hereby given that the location of underground electrical conductors or facilities must be verified as required by Arizona Revised Statutes, Section 40-360.21, et. seq., Arizona Blue Stake Law, prior to any excavation. Notice is also hereby given that any activity performed within the Easement Parcel shall comply with the Arizona Overhead Powerline Safety Law, Arizona Revised Statutes 40-360.41-45.

Grantor shall maintain a clear area that extends 3.00 feet from and around all edges of all transformer pads and other equipment pads, and a clear operational area that extends 12.00 feet immediately in front of all transformer and other equipment openings provided however, that such clear areas shall be confined to within the Easement Parcel. No obstruction, trees, shrubs, fixtures or permanent structures shall be placed within said areas.

Grantor shall not construct, install or place, or permit to be constructed, installed or placed any building or other structure, plant any trees, drill any well, store materials of any kind, or lower ground level by more than one (1) foot of cut or raise ground level by more than two (2) feet of fill, within the area of the Easement Parcel. Grantor reserves the right to use the Easement Parcel for such purposes as landscaping, paved parking, vehicle parking, sidewalks and/or driveways, provided these do not interfere with the efficient and safe operation and maintenance of Grantee's Facilities, including access thereto. Buildings, above-ground structures, or pools are prohibited.

Grantee shall have the right to construct, modify and maintain access openings, at its expense, at such locations and of such dimensions as determined by Grantee and Grantor in existing or future walls or fences within the Easement Parcel. Grantor shall not unreasonably withhold said approval. Grantor shall have the right to install gates across said openings and Grantor and Grantee shall have the right to use said gates, provided that any locked gates be subject to joint access by Grantor and Grantee by provision of a multiple locking device.

Subject to the provisions set forth herein, Grantor reserves the right to use and occupy the Easement Parcel for any purpose consistent with the rights and privileges above granted, provided, however, that such use shall not unreasonably interfere with Grantee's right and ability to construct, access, maintain and use the Facilities, or endanger any of the Facilities or the use thereof.

Grantee shall have the right (but not the obligation) to trim, cut and clear away trees, brush or other vegetation on the Easement Parcel whenever in its judgment the same shall be necessary for the convenient and safe exercise of the rights herein granted.

In the event Grantee records a document to formally abandon the easement granted herein, all Grantee's rights hereunder shall cease, except the right to remove any and all property placed upon the Easement Parcel within a reasonable time subsequent to such abandonment.

The covenants and agreements herein set forth shall extend and inure in favor and to the benefit of and shall be binding on the heirs, administrators, executors, personal representatives, legal representatives, successors (including successors in ownership and estate), assigns and lessees of the Grantor and Grantee.

hereinafter called Grantor, for and in consideration of the sum of One Dollar, and other valuable consideration, receipt of which is hereby acknowledged, does hereby grant and convey to **SALT RIVER PROJECT AGRICULTURAL IMPROVEMENT AND POWER DISTRICT**, an agricultural improvement district organized and existing under the laws of the State of Arizona, its agents, employees, contractors and permittees and its and their respective successors and assigns, hereinafter called the Grantee, a non-exclusive easement in, upon, over, under, across, through and along the lands hereinafter described (such lands hereinafter described being sometimes referred to herein as the "Easement Parcel") to construct, install, reconstruct, replace, remove, repair, operate and maintain underground electrical conductors, conduits, pipes, cables, vaults, pads, switching equipment, enclosures, manholes and transformers and all other appliances, appurtenances and fixtures (collectively "Facilities") for the transmission and distribution of electricity and for all other purposes connected therewith at such locations and elevations, in, upon, over, under, across, through and along the Easement Parcel as Grantee may now or hereafter deem convenient or necessary from time to time, together with the right of ingress and egress to, from, across and along the Grantor's Property. Grantee is hereby authorized to permit others to use the Easement Parcel for additional Facilities jointly with or separately from the Grantee for their purposes.

The lands in, upon, over, under, across, through and along which this easement is granted are situated in the County of Maricopa, State of Arizona, and are more particularly described as:

Grantor's Property:

A portion of Sections 35 and 36, Township 1 South, Range 5 East AND Sections 1 and 2, Township 2 South, Range 5 East of the Gila and Salt River Base and Meridian, Maricopa County, Arizona.

Easement Parcel:

Said easement described on Exhibit A, attached hereto and by this reference made a part hereof.

CAUTION: Facilities placed within the Easement Parcel may contain high voltage electrical equipment. Notice is hereby given that the location of underground electrical conductors or facilities must be verified as required by Arizona Revised Statutes, Section 40-360.21, et. seq., Arizona Blue Stake Law, prior to any excavation. Notice is also hereby given that any activity performed within the Easement Parcel shall comply with the Arizona Overhead Powerline Safety Law, Arizona Revised Statutes 40-360.41-45.

Grantor shall maintain a clear area that extends 3.00 feet from and around all edges of all transformer pads and other equipment pads, and a clear operational area that extends 12.00 feet immediately in front of all transformer and other equipment openings provided however, that such clear areas shall be confined to within the Easement Parcel. No obstruction, trees, shrubs, fixtures or permanent structures shall be placed within said areas.

Grantor shall not construct, install or place, or permit to be constructed, installed or placed any building or other structure, plant any trees, drill any well, store materials of any kind, or lower ground level by more than one (1) foot of cut or raise ground level by more than two (2) feet of fill, within the area of the Easement Parcel. Grantor reserves the right to use the Easement Parcel for such purposes as landscaping, paved parking, vehicle parking, sidewalks and/or driveways, provided these do not interfere with the efficient and safe operation and maintenance of Grantee's Facilities, including access thereto. Buildings, above-ground structures, or pools are prohibited.

Grantee shall have the right to construct, modify and maintain access openings, at its expense, at such locations and of such dimensions as determined by Grantee and Grantor in existing or future walls or fences within the Easement Parcel. Grantor shall not unreasonably withhold said approval. Grantor shall have the right to install gates across said openings and Grantor and Grantee shall have the right to use said gates, provided that any locked gates be subject to joint access by Grantor and Grantee by provision of a multiple locking device.

Subject to the provisions set forth herein, Grantor reserves the right to use and occupy the Easement Parcel for any purpose consistent with the rights and privileges above granted, provided, however, that such use shall not unreasonably interfere with Grantee's right and ability to construct, access, maintain and use the Facilities, or endanger any of the Facilities or the use thereof.

Grantee shall have the right (but not the obligation) to trim, cut and clear away trees, brush or other vegetation on the Easement Parcel whenever in its judgment the same shall be necessary for the convenient and safe exercise of the rights herein granted.

In the event Grantee records a document to formally abandon the easement granted herein, all Grantee's rights hereunder shall cease, except the right to remove any and all property placed upon the Easement Parcel within a reasonable time subsequent to such abandonment.

The covenants and agreements herein set forth shall extend and inure in favor and to the benefit of and shall be binding on the heirs, administrators, executors, personal representatives, legal representatives, successors (including successors in ownership and estate), assigns and lessees of the Grantor and Grantee.
