3 REGISTRATION TIPS AND HELPFUL HINTS

Start your engines...Registration is almost here and we've pulled together these helpful hints so you know how to navigate the system, what to expect and how to optimize your registration experience.

1 Plan "must attend" activities ahead of time by taking advantage of the 'Wish List' feature

Wish List allows you to make a list of all the exciting activities you would like to register for this season while registration is still closed. Click the 'Wish List' button alongside the activity details. Once registration officially opens you simply login, review your wish list and add all final selections to cart to complete your registration.

2 Register multiple participants for the same active with a 1-click to cart

Simply register one participant then, after completing the fees step, click 'Register Another Participant for this Activity' link provided at the bottom of the page. You will be returned to this step for the next participant. You can use this process to register as many participants as necessary.

3 Express Lane shop when registering for multiple activities

Click the 'Add to Cart & Continue Shopping' link at the bottom of the page to be autorouted back to Activity Search.
