

KEEP IT CLEAN CANpaign

Garbage and Grass

CHANDLER CITY CODE: CHAPTER 44

"Residential customers shall be responsible for maintaining trash and recycling containers in a clean and sanitary condition."

-  **BAG-n-TIE** garbage, grass, and yard clippings.
-  **DOUBLE BAG-n-TIE** garbage if necessary to reduce spills and leakage.
-  **SPRAY-RINSE** container on occasion to reduce odors and dirty, grimy build-up.

CLEANING THE CONTAINER...

Using a non-hazardous cleaning solution is recommended. The following is a natural solution that is simple to use AND also cost effective. What you will need:

- ✓ Water hose
- ✓ Scrub brush or spray nozzle
- ✓ Dishwashing liquid soap or Borax detergent
- ✓ Baking soda (used as an abrasive cleanser AND odor eater!)

Directions: Spray container, wash with natural solution, and spray-rinse container. Air dry the container with lid open.
