

GOAL Area: Health and Safety: *(Strengthen communities to be healthy, resilient and safe places for residents and businesses)*

Chandler received 64.2 points out of 100.

Contributions to community health and safety include:

- Chandler has an active Citizen Emergency Response Team which harnesses the power of individual citizens through education, training, and volunteer service to make Chandler safer, stronger, and better prepared to respond to the threats of terrorism, crime, public health issues, and disasters of all kinds.
- Chandler has entered into mutual aid agreements with neighboring communities to provide and receive assistance during emergencies.
- The Mayor implemented a new initiative called Health Connect that promotes financial, physical and mental health through a community-wide awareness campaign for residents and businesses.
- Chandler has invested heavily in developing bike lanes and trails in our City and has been recognized as a Bicycle Friendly Community by the League of American Bicyclists.
- The City has a long standing joint-use partnership with the Chandler Unified School District which has allowed for the joint use of facilities such as swimming pools, parks and libraries.
