

Event Report

2020-21 School Year

The 8th Annual Operation Back to School Chandler event looked a little bit different this year. Due to concerns about COVID-19, the event was moved to a drive-thru style distribution. Backpacks were distributed at four schools throughout Chandler. Over 36 organizations participated, sponsored or donated items for the event. We also reached a record high in the number of backpacks distributed. Our families were made up of about 95% CUSD families and 5% of non CUSD families. This year we were able to incorporate technology through the use of web-based registration which increased efficiency, improving the accessibility and overall experience for our families.
