(404) 639-3286

As a protective public health measure, I will extend the current order temporarily halting residential evictions until at least March 31, 2021. The COVID-19 pandemic has presented a historic threat to our nation's health. It has also triggered a housing affordability crisis that disproportionately affects some communities.

Despite extensive mitigation efforts, COVID-19 continues to spread in America at a concerning pace. We must act to get cases down and keep people in their homes and out of congregate settings — like shelters — where COVID-19 can take an even stronger foothold.
