

Free Landscaping & Irrigation Workshops

Chandler • Arizona
Where Values Make The Difference

Mayor Jay Tibshraeny & City Council

***FREE to Chandler Utility Customers
Offered Spring and Fall - Topics Include:***

Composting 101

Come learn the process of turning yard waste and organic food scraps into vital nutrients for your garden soil. Compost reduces the need for commercial soil amendments and chemical fertilizers.

Create Your Own Oasis

Each two-class series will teach you the basics about landscaping in our desert. You will learn the concepts of design, how to plan for small spaces, the desert plant palette, plant selection and plant combinations.

Rainwater Harvesting

A Certified Water Harvesting Practitioner will show you how to design an earth-friendly yard to collect and utilize rainwater from roofs, driveways, patios and sidewalks that can reduce your water consumption.

Pruning & Maintaining Your Landscape

This easy-to-understand workshop will teach you about proper plant selection, planting, staking and pruning techniques to keep plants healthy & looking great.

Vegetable Gardening thru the Seasons

Get your garden growing in our unique desert environment. Learn how to prepare beds, the proper planting seasons, and working with our environmental challenges for a bountiful harvest.

Water Smart Workshops

These classes will walk you through efficient landscape watering, irrigation components, how to design and install a system, how to program your irrigation timer, and how to troubleshoot when problems arise. Visit www.chandleraz.gov/water for complete details.
