

On May 17th, 2022, the City of Chandler Library Board will formally consider the revision of the library's copy and print fees. The library's copy and print fees have not been adjusted in well over a decade. To better align with reduced supply costs and to better serve the Chandler community, the Chandler Library proposes lowering copy fees from \$.20 per page to \$.10 per page, black and white printer fees from \$.20 per page to \$.10 per page, and color printing from \$1.00 per page to \$.25 per page.

The chart below specifies which fees are to be voted for revision at the May 17, 2022 Library Board meeting.

Copies	\$.10 per page
Printing (black and white)	\$.10 per page
Printing (color)	\$.25 per page
