KANOPY

Download the Kanopy app to your smart device and log in with your library card to access a variety of films and documentaries.

The Art and Science of Pruning
(Episode 13 of The Science of Gardening)

Have you ever seen a tree cut painted with tar or another sealant? Or seen a crown chopped completely bare? Both are common practices that we now know are harmful to the plant. Using applied plant physiology and science-based guidelines, learn the best timing and methods for pruning that will lead to healthy tree growth for the long term. (30 mins.).

SEED LIBRARY @ SUNSET

You can now visit the Seed Library at the Chandler Sunset Library!

Here is what you need to know:

- 3 packets of seeds per month for each household.
- No obligation to return anything but encouraged to donate seeds from healthy harvests.
- Completely free.
- Availability determined by supply & season.

FLIPSTER

Full-page issues of popular magazines. Read online or download the Flipster app for free in your app store!
