The City of Chandler Development Services Department makes no warranties, written or implied, regarding the information on this map.

The FAA traffic pattern airspace tracks can vary by 1/2 mile or more on either side.

Except when landing or taking off, airport pilots are required to remain at or above 1,000' when flying over urban areas.

Except when landing or taking off, helicopters must maintain an altitude that allows for a safe landing without causing hazard to persons or property on the ground. Chandler Municipal Airport encourages helicopter pilots to remain at or above 600' when flying over urban areas.
