My Dashboard – Team Message

1. From the top menu, clicking “My Teams” will take you to the screen below. Here you can edit your team message. A team message can include info such as practices, meet-ups, meetings, parties, etc. Just remember, these are public to league coordinators and anyone that views the schedule.

The screenshot displays the 'Options for Team # 1' dashboard. At the top, a blue navigation bar contains links for 'Home', 'Public Links', 'My Teams' (circled in red), 'My Games', and 'Account', along with a gear icon for settings. The main content area is titled 'Options for Team # 1' and is divided into two sections: 'Team Roster' and 'Team Message'. The 'Team Roster' section includes a 'Manage Team Roster' button and a text box explaining that users can view, print, or download the roster to Excel. The 'Team Message' section features a text box with instructions on how to enter and save a message for the team's schedule page. Below the text box is a 'Help & Formatting Tips' link. At the bottom, there are controls for 'Background Color' (with a color picker and 'Set Color' button) and 'Message Width' (set to 'Regular'). A rich text editor toolbar is visible, containing options for font size (10pt), bold, italic, underline, text color, background color, link, unlink, list, table, undo, redo, and source code.
