An Independent Licensee of the Blue Cross Blue Shield Association

City of Chandler
Preferred Provider Organization Saver White Medical Option Benefit Plan

Your employer sponsors a self-funded Employee Health Care Plan (“the Plan”) to provide its employees with healthcare coverage. The Plan is established by your employer and is maintained pursuant to a written document called a Plan Document.

Your employer has contracted with Blue Cross® Blue Shield® of Arizona (BCBSAZ) to provide certain administrative claims processing and utilization management services for this Preferred Provider Organization (PPO) benefit plan. Benefits under the Plan are paid from the general assets of the Plan Sponsor. BCBSAZ, an independent licensee of the Blue Cross and Blue Shield Association, provides administrative claims payment services only and does not assume any financial risk or obligation with respect to claims.

BCBSAZ may also have a contract with your employer to provide stop-loss insurance to the Plan. The stop-loss insurance may be “aggregate” stop-loss, which reimburses the Plan whenever claims on all employees exceed a specified level in a Plan year, “specific” stop-loss, which reimburses the Plan whenever claims on any covered person exceeds a specified level; or a combination of both.

BCBSAZ is an independent contractor and shall not for any purpose be deemed an agent of your employer or the employer’s Plan Administrator, nor shall BCBSAZ and your employer be deemed partners, joint venturers or governed by any legal relationship other than that of independent contractor. In this book, BCBSAZ refers to the administrative services agreement and/or stop loss insurance agreement with your employer as a group master contract.

This Benefit Book describes the benefits for employees and their dependents that are eligible for and have elected coverage, under the PPO benefit plan. BCBSAZ may distribute a similar Benefit Book for insured employer groups and self-funded employer groups.

This PPO benefit plan gives you access to a network of providers that have agreed to negotiated discounts with BCBSAZ or a local Blue Cross and/or Blue Shield plan if covered services are rendered outside of Arizona.

Please note: Not all services are covered. As this is a self-funded employer healthcare plan, benefits provided in this PPO plan may not include all benefits required for those healthcare plans which are not self-funded. Read this Benefit Book carefully to understand the benefits and limitations of the PPO benefit plan.

DEFINITIONS

“Allowed Amount” means the total amount of reimbursement allocated to a covered service and includes both the BCBSAZ payment and the member cost-share payment. BCBSAZ calculates deductible and coinsurance based on the Allowed Amount, less any access fees or prior authorization charges. BCBSAZ uses the Allowed Amount to accumulate toward any out-of-pocket maximum that applies to the member’s benefit plan. The Allowed Amount does not include any balance bills from noncontracted providers. The Allowed Amount is neither tied to, nor necessarily reflective of, the amounts providers in any given area usually charge for their services. The table below shows how BCBSAZ determines the Allowed Amount.

Type of Provider	Type of Claim	Basis for Allowed Amount
Providers contracted with BCBSAZ as plan network providers	Emergency and non-emergency	Lesser of the provider’s billed charges or the applicable fee schedule, with adjustments for any negotiated contractual arrangements and certain <i>“Claims Editing Procedures and Pricing Guidelines.”</i>
Providers contracted with a vendor	Emergency and non-emergency	Generally, the lesser of the provider’s billed charges or the vendor’s fee schedule, with adjustments for any negotiated contractual arrangements.
Providers contracted with another Blue Cross or Blue Shield Plan (“Host Blue”)	Emergency and non-emergency	Lesser of the provider’s billed charges or the price the Host Blue plan has negotiated with the provider.
Noncontracted providers in Arizona, including providers contracted with another BCBSAZ network but not as a plan network provider for this benefit plan	Non-emergency	Lesser of the provider’s billed charges or the applicable fee schedule, with adjustments for certain <i>“Claims Editing Procedures and Pricing Guidelines.”</i>
Noncontracted providers (outside Arizona)	Non-emergency	Lesser of the provider’s billed charges or the amount the Host Blue would pay the nonparticipating provider. In the event that the Host Blue has not established an amount it would pay the nonparticipating provider, the Allowed Amount is based on the applicable fee schedule, with adjustments for certain <i>“Claims Editing Procedures and Pricing Guidelines.”</i>
Noncontracted ground ambulance providers, including providers contracted with another BCBSAZ network, but not contracted as a plan network provider for this benefit plan, in and outside Arizona	Emergency	The allowed amount is based upon the ambulance provider’s billed charges.
Noncontracted providers in an in-network facility (in and outside Arizona)	Non-emergency and non-ancillary	The Qualifying Payment Amount, as defined by federal law, is the allowed amount. If you sign a consent for a noncontracted provider to perform services at an in-network facility, you are responsible for the difference between the Qualifying Payment Amount and the provider’s billed charges.
Noncontracted providers, excluding air ambulance, in and outside Arizona	Emergency	The Qualifying Payment Amount, as defined by federal law, is the allowed amount.
Noncontracted air ambulance providers in and outside Arizona	Emergency and non-emergency	Lesser of the provider’s billed charges or the applicable BCBSAZ fee schedule, with adjustments for certain <i>“Claims Editing Procedures and Pricing Guidelines.”</i> The member’s cost share will be based on the lesser of the provider’s billed charges or the Qualifying Payment Amount, as defined by federal law.

“Ancillary Services” are services that include emergency medicine, anesthesiology, pathology, radiology, neonatology, certain laboratory services, or as otherwise required by law.

“Bariatric Surgery” means a surgical procedure to promote weight loss for the treatment of morbid obesity. Bariatric Surgery also includes any revisions to an eligible bariatric surgical procedure.

“BCBSAZ” or “We” means Blue Cross Blue Shield of Arizona, when acting as the issuer of insurance coverage or as the administrator of a group benefit plan. Within this Benefit Book, “BCBSAZ” or “We” may also include contracted vendors, when a contracted vendor is performing functions on behalf of BCBSAZ. Blue Cross Blue Shield of Arizona is an independent licensee of the Blue Cross and Blue Shield Association. BCBSAZ is a not-for-profit corporation organized under the laws of the state of Arizona as a hospital, medical, dental, and optometric services corporation and is authorized to operate a healthcare services organization as a line of business.

“Behavioral Health Benefits” means benefits for services to treat behavioral health conditions that are classified as behavioral health conditions based on generally recognized independent standards of current mental health, including the most current version of the Diagnostic and Statistical Manual of Mental Disorders (DSM), or the most current version of the International Classification of Diseases (ICD).

“Benefit Book” means this document.

“Benefit Plan” means the document describing the benefits and terms of coverage that the sponsor of a Group health plan provides to its Group members and their dependents. Your BCBSAZ plan includes this book and your summary of benefits and coverage (SBC), your application for coverage, any plan that is issued to replace this plan and any rider, amendment, or modification to this plan.

Many Group health insurance plans (other than government plans, church plans, and certain other types of plans) must comply with the federal Employee Retirement Income Security Act of 1974 (ERISA). If your Group health insurance plan is subject to ERISA, your plan sponsor must maintain a summary plan description and provide the summary plan description to you upon written request. While your plan sponsor may include this Benefit Book as part of its summary plan description, this Benefit Book is not a summary plan description.

“Billed Charges” means:

- For a provider that has a participation agreement governing the amount of reimbursement, the amount the provider routinely charges for a service;
- For a provider that has no participation agreement governing the amount of reimbursement, the lowest amount that the provider is willing to accept as payment for a service.

“Blue Distinction®” is a national designation awarded by Blue Cross and Blue Shield (BCBS) Plans to recognize providers that demonstrate expertise in delivering quality specialty care—safely, effectively, and cost-efficiently.

“Chiropractic Benefits Administrator (CBA)” means the independent company that administers chiropractic benefits for BCBSAZ. The CBA develops and manages the BCBSAZ network of chiropractic providers, processes chiropractic claims, determines medical necessity, and handles utilization management, grievances, and appeals related to chiropractic services.

“Contract Holder” means the person to whom the benefit plan is issued. Any other person approved for coverage with the Contract Holder under this plan is a dependent. Under Group coverage, the Contract Holder is the member who is eligible for coverage because of his or her affiliation with a group.

“Cosmetic” means surgery, procedures, or treatment and other services performed primarily to enhance or improve appearance, including but not limited to, and except as otherwise required by federal or state law, those surgeries, procedures, treatments, and other services performed in the absence of a functional impairment of a body part or organ as documented in the medical record, even if such services will improve emotional, psychological, or mental condition or function.

“Cost Share” means the member’s financial obligation for a covered service. Depending on the plan type, Cost Share may include one or more of the following: access fee, balance bill, coinsurance, copay, deductible, and prior authorization charges.

“Custodial Care” means health services and other related services that meet any of the following criteria:

- Are for comfort or convenience;
- Are provided to support or assist with activities of daily living, including, for example, personal hygiene, nutrition, or other self-care;
- Are provided when acute care is not required or do not require continued administration by licensed skilled medical personnel, such as a licensed practical nurse (LPN), registered nurse (RN), or licensed therapist; **or**
- Do not seek to cure.

“Diagnosis Related Grouping (DRG)” means a method for reimbursing hospitals for inpatient services. A DRG amount can be higher or lower than the actual billed charge because it is based on an average for that grouping of diagnoses and procedures.

“Domiciliary Care” is a supervised living arrangement in a home-like environment for individuals who are unable to live independently and who need assistance with activities of daily living, such as bathing, dressing, and food preparation.

“Evidence-based Criteria” means medical, pharmaceutical, dental, and administrative criteria, which are based on industry-standard research and technology. These criteria help BCBSAZ determine whether a service, procedure, device, or drug meets the industry standard for medical necessity and/or is a covered benefit. Criteria may include prescription medication or service limitations. BCBSAZ ensures that Evidence-based Criteria is reviewed regularly and updated in response to changes and advancements in the healthcare industry. Decisions are based on the Evidence-based Criteria in effect at the time of service. You can obtain additional information by calling the Customer Service number on your ID card. BCBSAZ contracted vendor(s) may establish Evidence-based Criteria of their own for services the vendor provides or administers pursuant to the vendor’s contract with BCBSAZ.

“Fee Schedule” means proprietary schedule of provider fees compiled by BCBSAZ or BCBSAZ’s contracted vendors. BCBSAZ or BCBSAZ’s contracted vendors develop proprietary schedules of fees based on annual reviews of information from numerous sources including, but not limited to: Medicare fee schedules from the Centers for Medicare and Medicaid Services (CMS), BCBSAZ’s or the contracted vendor’s historical claims experience, pricing information that may be available to BCBSAZ or the vendor, information and comments from providers, and negotiated contractual arrangements with providers. BCBSAZ and/or BCBSAZ’s contracted vendors may change their fee schedules at any time without prior notice to members. If the allowed amount is based on a Fee Schedule, a change to the Fee Schedule may result in higher member cost share.

“Gender-affirming Care” means treatment for gender dysphoria, including hormone replacement therapy and testing to monitor safety, psychotherapy, surgical treatment, and other medical services required by federal or state law.

“Group” means the association, employer, trust, or other entity that sponsors the group benefit plan on behalf of its employees or participants.

“Member” or “You” means an individual, employee, participant, or dependent covered under a benefit plan.

“Pharmacy Coverage Guidelines” means pharmaceutical and administrative criteria that are developed from review of published peer-reviewed medical and pharmaceutical literature and other relevant information and to help determine whether a medication or other products, such as devices or supplies are eligible for benefits under the *“Pharmacy Benefit.”* Pharmacy Coverage Guidelines are available by going to www.azblue.com under prescription medications and then Pharmacy Coverage Guidelines. Guidelines are also available by calling the Pharmacy Benefit Customer Service number listed on your ID card.

“Physician” for purposes of classifying benefits and member cost shares in this benefit plan, means a properly licensed MD, DO, DPM, or DC.

“Plan Network” means the network of providers contracted to provide services to members of this benefit plan. Plan Network providers are also referred to as in-network providers. See your SBC and ID card for the name of the Plan Network for this benefit plan.

“Primary Care Provider (PCP)” means a healthcare professional who is contracted with BCBSAZ as a PCP and generally specializes in or focuses on the following practice areas: internal medicine, family practice, general practice, pediatrics, or any other classification of provider approved as a PCP by BCBSAZ. Your benefit plan does not require you to have a PCP or to have a PCP authorize specialist referrals.

“Prior Authorization” is a review done by BCBSAZ to approve a service, treatment plan, doctor visit, or medication before you make the appointment or fill the prescription. Some services and medications require

this review in order for the service or medication to be covered under your plan. If an out-of-network provider does not get a prior authorization from BCBSAZ for a service that requires it, you are subject to either a prior authorization charge or a complete loss of benefit. If you have to pay a prior authorization charge, it does not count toward the calendar-year deductible or out-of-pocket maximum.

“Provider” means any properly licensed, certified, or registered person or facility furnishing medical care to you, such as a doctor, hospital, laboratory, or other health professional. A Provider can be related to a member.

“Rehabilitation Services” are services that help a person restore skills and functioning for daily living lost due to injury or illness.

“Respite Care” is the provision of short-term, temporary relief of the daily routine and stress to provide those who are caring for family members a personal break from their role as caregiver.

“Service” means a generic term referencing some type of healthcare treatment, test, procedure, supply, medication, technology, device, or equipment.

“Specialist” means either a physician or other healthcare professional who practices in a specific area other than those practiced by PCPs, or a properly licensed, certified, or registered individual healthcare provider whose practice is limited to rendering behavioral health services. For purposes of cost share, this definition of Specialist does not apply to dentists. BCBSAZ does not require you to obtain an authorization or referral to see a Specialist.

“Summary of Benefits and Coverage (SBC)” means a federally required document in a specified template with information on applicable access fees, coinsurance percentages, copays, deductible amounts, other cost-sharing amounts, benefits, exclusions, limitations, and other important information.

“Telehealth Services Administrator (TSA)” means Amwell, an independent company contracted with BCBSAZ to provide contracted providers, an interactive web platform allowing members to interact with providers, and technical support for telehealth services (i.e., BlueCare Anywhere) covered under this plan.

“Telehealth Services from BlueCare Anywhere” means medical and behavioral health services provided online via video using a computer, tablet, smartphone, or other mobile device through the telehealth services administrator. BlueCare Anywhere is BCBSAZ’s telehealth service.

“Telehealth Services from In-network Providers” means services delivered through interactive qualified electronic media.

UNDERSTANDING THE BASICS

Your Responsibilities

Before you receive services:

- Know how much cost share you will have to pay.
- Know the limits and exclusions on coverage.
- Know your coverage.

- Cost-share amounts
- Identification numbers
- Important phone numbers and addresses
- Who is covered

Changes

You will be notified of any changes to this plan as required by law. You will be provided with 60 days advance written notice of material modifications to this plan.

Covered Services

To be covered, a service or item must be all of the following:

- A benefit of this plan;
- Approved when prior authorization is required;
- Medically or dentally necessary as determined by BCBSAZ or BCBSAZ's contracted vendor(s);
- Not excluded under any provision of this plan;
- Not experimental or investigational as determined by BCBSAZ or BCBSAZ's contracted vendor(s) (does not apply to covered services as part of an approved clinical trial);
- Provided while this benefit plan is in effect and while the person claiming benefits is eligible for benefits;
and
- Rendered by an eligible provider acting within the provider's scope of practice, as determined by BCBSAZ or BCBSAZ's contracted vendor(s).

Experimental or Investigational Services

BCBSAZ, or BCBSAZ's contracted vendor, in its sole and absolute discretion, decides whether a service or item is experimental or investigational. A service or item is considered experimental or investigational unless it meets all of the following criteria:

- The improvement resulting from the service or item must be attainable outside the investigational setting;
- The scientific evidence must permit conclusions concerning the effect of the service or item on health outcomes;
- The service or item must be as beneficial as any established alternative;
- The service or item must have final approval from the appropriate governmental regulatory bodies (unless otherwise required by applicable law, final approval of a regulatory body does not, in and of itself, qualify a service or item for coverage) if applicable; **and**
- The service or item must improve the net health outcome.

In addition to classifying a service or item as experimental or investigational using the above criteria, BCBSAZ or its contracted vendor may also classify the service or item as experimental or investigational if any one or more of the following apply:

- Published reports and articles in authoritative (peer-reviewed) medical and scientific literature show that the prevailing opinion among experts is that further studies or clinical trials are necessary to determine maximum tolerated dose, toxicity, safety, appropriate selection, efficacy or efficacy as compared with the standard treatment for the diagnosis;
- The provider rendering the service or item documents that the service or item is experimental or investigational; **or**
- The service or item cannot be lawfully marketed or used without full (unrestricted) approval of appropriate governmental regulatory bodies and approval for marketing or use has not been given at the time the service or item is submitted for prior authorization or rendered.

Health Savings Account (HSA)

This benefit plan is a high deductible health plan designed for use with an HSA, which is a tax-exempt trust or custodial account established with a qualified financial institution. A member uses the funds in the HSA to pay for qualified medical expenses and provide savings for the future. You must satisfy certain criteria to be eligible to open an HSA. Enrolling in this plan does not automatically qualify you to open an HSA. Check with your tax or legal advisor regarding whether you satisfy these criteria. BCBSAZ is not an HSA trustee or custodian and does not provide tax, legal, or investment advice about HSAs. You cannot set up an HSA with BCBSAZ. BCBSAZ does not make any contributions to the HSA. Federal and state regulations governing HSAs are subject to change.

Members with HSAs are responsible to tell BCBSAZ about any changes that apply to their health plan accruals. Sometimes members may have adjustments in their actual incurred expenses for services of which BCBSAZ is unaware. For example, a provider may choose to discount all patients' cost share by 2% if the patient pays cash on the day of service. Or, a member may have a discount coupon for the member's share of the cost of a drug. If your out-of-pocket costs are reduced after you or your provider submits a claim, you must tell BCBSAZ about the reduction so BCBSAZ can properly adjust your deductible and out-of-pocket maximum. If you do not tell us about these arrangements, it could result in inaccurate accumulations and jeopardize your status as an HSA-eligible individual.

Federal laws allow waiver of minimum deductible requirements applicable to qualified high deductible health plans for services and medications provided for a preventive purpose. If your deductible is waived for a service or item that is not provided for a preventive purpose, you may be ineligible to contribute or withdraw funds from your health savings account and you may be subject to a tax penalty on funds withdrawn from your health savings account. Contact BCBSAZ if your deductible is being waived for a service or item you are receiving for a non-preventive purpose.

Medically Necessary

BCBSAZ, or BCBSAZ's contracted vendor, in its sole and absolute discretion, decides whether a service is medically necessary based on the following definition. A medically necessary service is a service that meets all of the following requirements:

- Is consistent with the diagnosis or treatment of a symptom, illness, disease, or injury;
- Is not primarily for the convenience of a member or a provider;
- Is the most appropriate site, supply, or service level that can safely be provided; **and**
- Meets BCBSAZ's or its contracted vendor's "*Medical Necessity Guidelines and Criteria*" in effect when the service is gets prior authorization or is rendered. If no such guidelines or criteria are available, BCBSAZ or its contracted vendor will base its decision on the judgment and expertise of a medical professional or medical consultant retained by BCBSAZ or the vendor.

Medical Necessity Guidelines and Criteria

BCBSAZ uses evidence-based criteria to make medical necessity decisions. Call the Customer Service number on your ID card for additional information on evidence-based criteria. BCBSAZ contracts with vendors to administer some or all of the benefits covered under this plan. These contracted vendors make medical necessity determinations based on their own medical necessity criteria, which are also available to you on request.

Decisions about medical necessity may differ from your provider's opinion. A provider may prescribe, order, recommend, or approve a service that BCBSAZ decides is not medically necessary and therefore is not a

covered benefit. You and your provider should decide whether to proceed with a service that is not covered. If you have an adverse determination, refer to the “*Explanation of Benefits (EOB) Form and Monthly Member Health Statement*” and the “*Appeal and Grievance Process*” sections. Also, not all medically necessary services are covered benefits under this plan. All benefit plans have exclusions and limitations on what is covered. A service may be medically necessary and still excluded from coverage.

PROVIDERS

Know your provider's network and eligibility status before you receive services.

Provider Directory

The BCBSAZ provider directory is available online at www.azblue.com. If you do not have Internet access, would like to request a paper copy of the directory, or have questions about a provider's network participation, call BCBSAZ Customer Service at the number on your ID card before you receive services.

Provider Eligibility and Network Status

To be eligible for coverage, a service must be rendered by an eligible individual provider acting within his or her scope of practice, and, when applicable, performed at an eligible facility that is licensed or certified for the type of procedure and services rendered.

Eligible Providers

Not all medical professionals are eligible providers. Eligible providers include the properly licensed, certified, or registered providers listed below, when acting within the scope of their practice and license. Scope of practice is determined by the regulatory oversight agency for each health profession. It means the procedures, actions, and processes that a licensed or certified medical professional is legally allowed to perform based on the individual's specific education and experience and demonstrated competency. For example, neurosurgery would not be within the scope of practice for a dentist.

Benefits may also be available from other healthcare professionals whose services are mandated by federal or Arizona law, or who are accepted as eligible by BCBSAZ. The fact that a service is rendered by an eligible provider does not mean that the service will be covered. Not all eligible providers are contracted to participate in the plan network.

Choosing a Provider

Your costs will be lower when you use an in-network provider. Before receiving scheduled services, verify the network status of all providers who will be involved in your care, such as assistant surgeons, anesthesiologists, and radiologists, as well as the facility where the services will be performed.

Network Status

In-Network Providers (Contracted)

In-network providers are the following: (1) Except as noted in this Benefit Book, healthcare providers licensed in the United States who have a plan network contract with BCBSAZ (or with a vendor that has contracted with BCBSAZ to provide or administer services for members of this benefit plan); and (2) Except as noted in this Benefit Book, out-of-state healthcare providers licensed in the United States who have a PPO contract with a Blue Cross and/or Blue Shield plan other than BCBSAZ.

In-network providers will file your claims with BCBSAZ or the applicable out-of-state Blue Cross and/or Blue Shield plan. The provider's contract generally prohibits the provider from charging more than the allowed amount for covered services. However, when there is another source of payment, such as liability insurance, all providers may be entitled to collect their balance bill from the other source, or from proceeds received from the other source. The provider's contract does allow the provider to charge you up to the provider's billed charges for noncovered services. We recommend that you discuss costs with the provider before you obtain noncovered services. BCBSAZ and/or the out-of-state Blue Cross and/or Blue Shield plan directly reimburse in-network providers for your benefit plan's portion of the allowed amount for covered services. You are responsible to pay your member cost share directly to the provider.

Except for emergencies, in-network providers must render covered services in the United States for the services to be considered in-network and subject to in-network member cost share. If an in-network provider renders covered services outside the United States, the services will be considered out-of-network and subject to out-of-network member cost share, including balance bills (except for emergencies).

Locating an In-Network Provider: Check the plan network provider directory at www.azblue.com to locate an in-network provider who offers the services you are seeking, and contact the provider for an appointment. If you cannot get an appointment with an in-network provider, contact Customer Service at the number on your ID card.

Out-of-Network Providers (Contracted and Noncontracted)

Out-of-network providers are: (1) Providers who are contracted with BCBSAZ or a Host Blue plan as "Participating" only providers; (2) Providers who are contracted with BCBSAZ but do not have a plan network contract (such as BCBSAZ PPO-only Providers); (3) Eligible providers who have no contract with BCBSAZ or a Host Blue plan (Noncontracted providers); (4) Providers who are contracted with Blue Cross Blue Shield Global® Core; and (5) Providers who submit a laboratory, DME/medical supply, air ambulance, or specialty pharmacy claim to a Host Blue plan and do not have a PPO contract with that plan.

- *Participating-only Providers:* Participating-only providers are contracted with BCBSAZ or a Host Blue plan as "Participating" and are not contracted as PPO or Preferred providers. Participating-only providers are out-of-network providers. Participating-only providers will submit your claims to the plan with which they are contracted. Except for emergency services, and ancillary services provided in an in-network facility, if you receive covered services from a Participating-only provider, you will pay out-of-network cost share. However, you will not have to pay the balance bill because the provider is contracted.
- *Providers Contracted with BCBSAZ who are not in the Plan Network:* Some BCBSAZ providers are contracted with BCBSAZ for certain networks, but are not contracted as plan network providers. For purposes of this benefit plan, they are considered noncontracted and will be treated like any other noncontracted provider described below. For example, BCBSAZ PPO-only providers are noncontracted providers. They may, but are not required to, submit your claims to BCBSAZ. Except for emergency services, and ancillary services provided in an in-network facility, if you receive covered services from a provider who is contracted with BCBSAZ, but not contracted as a plan network provider, you will pay out-of-network cost share. BCBSAZ will send any claim payments to you, and you are responsible to pay the provider. Because these providers are considered noncontracted, they may balance bill you like any other noncontracted provider.

- **Noncontracted Providers:** Eligible providers who have no provider participation agreement with BCBSAZ or any Host Blue plan are noncontracted providers. Noncontracted providers are out-of-network providers. Except for emergency services, and ancillary services provided in an in-network facility, if you receive covered services from an eligible noncontracted provider, you will pay out-of-network cost share and the balance bill. Noncontracted providers may bill you up to their full billed charges. The difference between the noncontracted provider's billed charges and payment under this benefit plan may be substantial. Please check with the noncontracted provider regarding the amount of your financial responsibility before you receive services.

Except for claims covered by the No Surprises Act, or unless BCBSAZ agrees to pay the provider directly, BCBSAZ will send payment to you for whatever benefits are covered under your plan, and you will be responsible for paying the out-of-network provider.

- **Providers Contracted with Blue Cross Blue Shield Global® Core:** Providers who are contracted with Blue Cross Blue Shield Global Core are out-of-network providers. For covered services from these providers, you will pay out-of-network cost share (except for emergency services), plus the balance bill.

Eligible Provider Status and Payment – Summary Table Subject to all terms and conditions noted in this section.

Difference between billed charges and BCBSAZ member reimbursement may be substantial.	BCBSAZ reimburses the member or the provider the allowed amount, less any member cost share.
Noncontracted emergency service providers—in and outside Arizona (must be eligible providers)	Out-of-network	No (provider may elect to do so as a courtesy to member)	Yes. If the provider disputes the allowed amount, the provider must resolve the dispute with BCBSAZ directly.	BCBSAZ reimburses the provider the allowed amount, minus your cost share.

*Except as noted in this Benefit Book

Sample Differences in Financial Responsibility Based on Provider Choice

The following example shows how out-of-pocket expenses can differ depending on the provider you choose. This example is provided for demonstration purposes only. Your savings may vary depending on your benefit plan and your chosen provider. In this example, the member has already satisfied the calendar-year deductible and has a 20% coinsurance for an in-network provider and 40% coinsurance for an out-of-network provider.

Billed Charges	Allowed Amount	Financial Responsibility	In-Network Providers 20% Coinsurance	Out-of-Network (Noncontracted) Providers 40% Coinsurance
\$1,000	\$400	This benefit plan pays:	\$320	\$240
		You pay:	\$ 80 coinsurance amount	\$160 coinsurance +\$600 balance bill \$760

Prior Authorization for Out-of-Network Providers

BCBSAZ does not guarantee that every specialist or facility will be in your plan network. Not all providers will contract with health insurance plans. If you believe or have been told there is no in-network provider available to render covered services that you need, you may ask your treating provider to request prior authorization of in-network cost share for services from an out-of-network provider. BCBSAZ will not issue this prior authorization if we find that an in-network provider is available to treat you. The section on “*Prior Authorization*” explains how to make this request.

Continuing Care from an Out-of-Network Provider

You may be able to receive benefits at the in-network level for services provided by an out-of-network provider under the circumstances described below. Continuity of care benefits (explained below) are subject to all other applicable provisions (terms) of your benefit plan. To request continuity of care, call the Customer Service number on your ID card.

New Members

A new member may continue an active course of treatment with an out-of-network provider during the transitional period after the member’s effective date if the member has:

- A life-threatening disease or condition, in which case the transitional period is not more than 30 days from the effective date of coverage; or
- Entered the third trimester of pregnancy on the effective date of coverage, in which case the transitional period includes the covered provider services for the delivery and any care related to the delivery for up to 6 weeks from the delivery date; **and**

The member’s provider agrees, in writing, to:

- Accept the BCBSAZ allowed amount applicable to covered services as if provided by an in-network provider, subject to the cost-share requirements of this benefit plan;
- Provide BCBSAZ with any necessary medical information related to your care; **and**
- Comply with BCBSAZ’s policies and procedures as applicable, including those surrounding prior authorization, network referrals, claims processing, quality assurance, and utilization review.

Current Members

If an in-network provider’s contract with BCBSAZ is terminated or non-renewed (except for reasons of medical incompetence or unprofessional conduct) a member may continue an active course of treatment with that provider until the treatment is complete or for 90 days from the notice provided to the member, whichever is shorter. This continuity of care timeframe extends through a new policy year period if the member remains enrolled in this benefit plan.

An active course of treatment means the member is:

- Determined to be terminally ill and is receiving treatment for such illness from such provider or facility;
- In the third trimester of pregnancy on the effective date of the provider’s termination, in which case the transitional period includes the covered Provider services for the delivery and any care related to the

- delivery for up to six weeks from the delivery date;
- Pregnant and undergoing a course of treatment for the pregnancy from the provider or facility;
- Scheduled to undergo non-elective surgery from the provider, including receipt of postoperative care from such provider or facility with respect to such a surgery;
- Undergoing a course of institutional or inpatient care from the provider or facility; **or**
- Undergoing a course of treatment for a serious and complex condition from the provider or facility.

The member's provider agrees, in writing, to:

- Accept the BCBSAZ allowed amount applicable to covered services as if provided by an in-network provider, subject to the cost-share requirements of this benefit plan;
- Provide BCBSAZ with any necessary medical information related to your care; **and**
- Comply with BCBSAZ's policies and procedures as applicable, including those surrounding prior authorization, network referrals, claims processing, quality assurance, and utilization review.

Out-of-Area Services

Overview

BCBSAZ has a variety of relationships with other Blue Cross and/or Blue Shield Licensees. Generally, these relationships are called "Inter-Plan Arrangements." These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross and Blue Shield Association. Whenever you access healthcare services outside the geographic area BCBSAZ serves, the claim for those services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described below.

When you receive care outside of BCBSAZ's service area, you will receive it from one of two kinds of providers. Most providers ("participating providers") contract with the local Blue Cross and/or Blue Shield Plan in that geographic area ("Host Blue"). Some providers ("nonparticipating providers") do not contract with the Host Blue. We explain below how BCBSAZ pays both kinds of providers.

Inter-Plan Arrangements Eligibility – Claim Types

All claim types are eligible to be processed through Inter-Plan Arrangements, as described above, except for all dental care benefits (except when paid as medical claims/benefits), and those prescription drug benefits or vision care benefits that may be administered by a third party contracted by BCBSAZ to provide the specific service or services.

BlueCard® Program

Under the BlueCard Program, when you receive covered services within the geographic area served by a Host Blue, BCBSAZ will remain responsible for doing what we agreed to in the contract. However, the Host Blue is responsible for contracting with and generally handling all interactions with its participating providers.

When you receive covered services outside BCBSAZ's service area and the claim is processed through the BlueCard Program, the amount you pay for covered services is calculated based on the lower of:

- The billed charges for covered services; **or**
- The negotiated price that the Host Blue makes available to BCBSAZ.

Often, this "negotiated price" will be a simple discount that reflects an actual price that the Host Blue pays to your healthcare provider. Sometimes, it is an estimated price that takes into account special arrangements with your healthcare provider or provider group that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of healthcare providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing also take into account adjustments to correct for over- or under-estimation of past pricing of claims, as noted above. However, such adjustments will not affect the price BCBSAZ has used for your claim because they will not be applied after a claim has already been paid.

Special Cases: Value-Based Programs

BlueCard Program

If you receive covered services under a value-based program inside a Host Blue's service area, you will not be responsible for paying the provider for any of the provider incentives, risk-sharing, and/or care coordinator fees that are a part of such an arrangement, except when a Host Blue passes these fees to BCBSAZ through average pricing or fee schedule adjustments. Additional information is available upon request. Provider incentives, risk-sharing, and care coordinator fees are incorporated into the premium and/or contribution percentage members pay for coverage.

Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees

Federal or state laws or regulations may require a surcharge, tax, or other fee that applies to insured and/or self-funded accounts. If applicable, BCBSAZ will include any such surcharge, tax, or other fee as part of the claim charge passed on to you.

Nonparticipating Providers Outside BCBSAZ's Service Area

- **Liability Calculation:** When covered services are provided outside of BCBSAZ's service area by nonparticipating providers, the amount you pay for such services will normally be based on either the Host Blue's nonparticipating provider local payment or the pricing arrangements required by applicable state law. In these situations, you may be responsible for the difference between the amount that the nonparticipating provider bills and the payment BCBSAZ will make for the covered services as set forth in this paragraph. Federal or state law, as applicable, will govern payments for out-of-network emergency services.
- **Exceptions:** In certain situations, BCBSAZ may use other payment methods, such as billed charges for covered services, the payment we would make if the healthcare services had been obtained within our service area, or a special negotiated payment to determine the amount BCBSAZ will pay for services provided by nonparticipating providers. In these situations, you may be liable for the difference between the amount that the nonparticipating provider bills and the payment BCBSAZ will make for the covered services as set forth in this paragraph.

Blue Cross Blue Shield Global Core Program

If you are outside the United States (hereinafter "BlueCard service area"), you may be able to take advantage of Blue Cross Blue Shield Global Core program when accessing covered services. Blue Cross Blue Shield Global Core program is unlike the BlueCard program available in the BlueCard service area in certain ways. For instance, although Blue Cross Blue Shield Global Core program assists you with accessing a network of inpatient, outpatient, and professional providers, the network is not served by a Host Blue. As such, when you receive care from providers outside the BlueCard service area, you will typically have to pay the providers and submit the claims yourself to obtain reimbursement for these services.

If you need medical assistance services (including locating a doctor or hospital) outside the BlueCard service area, you should call the Service Center at (800) 810-BLUE (2583) or call collect at (804) 673-1177, 24 hours a day, 7 days a week. An assistance coordinator, working with a medical professional, can arrange a physician appointment or hospitalization, if necessary.

- **Inpatient Services:** In most cases, if you contact the Service Center for assistance, hospitals will not require you to pay for covered inpatient services, except for your cost-share amounts. In such cases, the hospital will submit your claims to the Service Center to begin claims processing. However, if you paid in full at the time of service, you must submit a claim to receive reimbursement for covered services. You must contact BCBSAZ to obtain prior authorization for non-emergency inpatient services.
- **Outpatient Services:** Physicians, urgent care centers, and other outpatient providers located outside the BlueCard service area will typically require you to pay in full at the time of service. You must submit a claim to obtain reimbursement for covered services.
- **Submitting a Blue Cross Blue Shield Global Core Claim:** When you pay for covered services outside the BlueCard service area, you must submit a claim to obtain reimbursement. For institutional and professional claims, you should complete a Blue Cross Blue Shield Global Core claim form and send the claim form with the provider's itemized bill(s) to the Service Center (the address is on the form) to initiate claims processing. Following the instructions on the claim form will help ensure timely processing of your

claim. The claim form is available from BCBSAZ, the Service Center or online at www.bcbsglobalcore.com. If you need assistance with your claim submission, you should call the Service Center at (800) 810-BLUE (2583) or call collect at (804) 673-1177, 24 hours a day, 7 days a week.

Services Received on Cruise Ships

If you receive healthcare services while on a cruise ship, you will pay in-network cost share, and the allowed amount will be based on billed charges. A cruise ship claim is not considered an out-of-country claim. Claims should be submitted and processed through BCBSAZ, not through the Blue Cross Blue Shield Global Core program. Please call the Customer Service number on the back of your ID card for more information, or mail copies of your receipts to the BCBSAZ general correspondence address listed at the front of this book.

PRIOR AUTHORIZATION

When Is Prior Authorization Required

Not all services or medications require prior authorization. Prior authorization is not required for emergency services or urgent care services. If it is required, your treating provider must obtain it on your behalf before rendering services. If prior authorization is not obtained for medications that require it, the medications will not be covered. Prior authorization may be required for services to be covered when provided in certain settings.

On the BCBSAZ website, you'll find a list of services that need prior authorization at [azblue.com/individualsandfamilies/resources/forms](https://www.azblue.com/individualsandfamilies/resources/forms) and medications that need prior authorization at [azblue.com/Pharmacy](https://www.azblue.com/Pharmacy), or call the Customer Service number on your ID card. BCBSAZ may change the services that require prior authorization by posting a revised listing of medications and services at www.azblue.com.

How to Obtain Prior Authorization

Ask your treating provider to contact BCBSAZ for prior authorization before you receive services and medications that require it. Your provider must contact BCBSAZ because he or she has the information and medical records we need to make a benefit determination. BCBSAZ will rely on information supplied by your provider. If that information is inaccurate or incomplete, it may affect the decision on your request or claim.

Factors BCBSAZ Considers in Evaluating a Prior Authorization Request for Services or Medications

Some of these factors may not be readily identifiable at the time of prior authorization, but will still apply if discovered later in the claim process and could result in denial of your claim:

- Applicability of other benefit plan provisions (limitations, exclusions, and benefit maximums);
- If the treating provider is in-network;
- Whether the service is dispensed in the appropriate care setting;
- Whether the service is medically necessary or investigational; **and**
- Whether your coverage is active.

Prescription Medication Exception

If a covered medication requires prior authorization, but you must obtain the medication outside of BCBSAZ's prior authorization hours, you may have to pay the entire cost of the medication when it is dispensed. In such cases, you can file a reimbursement claim with BCBSAZ and have your treating provider request prior authorization on the next business day. Your claim for the medication will not be denied for lack of prior authorization, but all other exclusions and limitations of your plan will apply.

Prior Authorization for In-Network Cost Share for Services from an Out-of-Network Provider

If there is no in-network provider available to deliver covered services, your treating provider may contact BCBSAZ and ask for prior authorization for the in-network cost share for services from an out-of-network provider. BCBSAZ will evaluate whether there is an in-network alternative. If BCBSAZ determines that an in-network provider is available to treat you, BCBSAZ will not provide prior authorization for in-network cost share for services from your out-of-network provider of choice.

Prior authorization for in-network cost share for services from an out-of-network provider is a process separate from prior authorization for services. If you want an out-of-network provider to render services that require prior authorization, and you also want to be eligible for the in-network cost share, you must ensure that your provider makes two separate prior authorization requests: one for the service itself and one for use of the out-of-network provider. If BCBSAZ provides you prior authorization for the in-network cost share, your services will be subject to the in-network cost share. You will still be responsible for any balance bill, plus your in-network cost share.

If BCBSAZ Provides Prior Authorization for Your Service

You and your provider will receive a letter explaining the scope of the prior authorization. Payment will be made for the service that has received prior authorization in accordance with plan benefits.

If BCBSAZ Denies Your Prior Authorization Request

Denial of prior authorization is an adverse benefit determination. As explained in the *“Notice of Determination”* section of this book, BCBSAZ will send you a notice explaining the reason for the denial, and your right to appeal the BCBSAZ decision. Information on where to file an appeal is in the BCBSAZ Appeal and Grievance Guidelines.

If your request for prior authorization for a service is denied because BCBSAZ decides that the service is not medically necessary, remember that BCBSAZ's interpretation of medical necessity is a benefits determination made in accordance with the provisions of this plan. Your provider may recommend services or treatment not covered under this plan. You and your provider should decide whether to proceed with the service or procedure if BCBSAZ denies prior authorization.

CLAIMS INFORMATION

Filing Claims

In-network providers will file claims for you. Noncontracted providers may file your claims for you but have no obligation to do so. Make sure you or your providers file all your claims so BCBSAZ can track your covered expenses and properly apply them toward applicable deductibles, coinsurance, out-of-pocket maximums, and benefit maximums.

If you choose to pay a provider on a direct pay basis and submit a receipt to BCBSAZ, BCBSAZ will credit your deductibles and out-of-pocket maximums as required by applicable law. You must submit a receipt that includes the amount paid, the procedure and diagnosis codes for the services rendered, and a notation indicating direct payment. If you choose to pay a contracted provider for a covered service on a direct pay basis, the provider will not submit the claim to BCBSAZ for processing under this benefit plan.

Time Limit for Claim Filing

A complete claim, as described below, must be filed within 1 year from the date of service. Any claim not filed with all required content within the 1-year period is an untimely claim. BCBSAZ will deny untimely claims from contracted providers based on the terms of the provider's contract. BCBSAZ will deny untimely claims from members except for the following situations:

- Medicare or another carrier was the primary payer on a claim where BCBSAZ was secondary payer, and the delay was caused by the need to coordinate benefits with the primary payer.
- The member can show good cause for delay.
Examples of good cause:
 - ◆ BCBSAZ gave the member wrong information about the filing date;
 - ◆ The member did not have legal capacity;
 - ◆ The member had an extended illness that prevented the member from filing the claim; **or**
 - ◆ Other similar situations outside the member's reasonable control.

Complete Claims

Claim forms are available from BCBSAZ. Go to the "Forms" section of the "Member" area of www.azblue.com or call the Customer Service number on your ID card. BCBSAZ may reject claims that are filed without complete information needed for processing. If BCBSAZ rejects a submitted claim due to lack of information, BCBSAZ will notify you or the provider who submitted the claim. Lack of complete information may also delay processing. A complete claim includes, at a minimum, the following information:

- Billed charges
- Date of service(s)
- Diagnosis code
- Group number
- Member ID number
- Member name
- Name of provider
- Patient name
- Patient's birth date
- Procedure code
- Provider ID number

Medical and Dental Records and Other Information Needed to Process a Claim

Even when the claim has all information listed above, BCBSAZ may need to request medical or dental records or coordination of benefits information to make a coverage determination. If BCBSAZ has requested medical records or other information from a third party, BCBSAZ will suspend claim processing while the request is pending. BCBSAZ may deny a claim for lack of timely receipt of requested records.

Explanation of Benefits (EOB) Form and Monthly Member Health Statement

After your claim is processed, BCBSAZ and/or any contracted vendors that process claims will send you an EOB. Most EOBs are consolidated and sent to you in a monthly member health statement rather than as single EOBs. Your BCBSAZ EOBs also will be available through the member portal on www.azblue.com. An EOB shows services billed, whether the services are covered or not covered, the allowed amount, and the application of cost-sharing amounts. Carefully review your EOB for any discrepancies or inconsistencies with

the amounts your provider actually collects from you or bills to you. If you paid more cost share than required for a covered service, the provider will be responsible for refunding you. BCBSAZ and/or any contracted vendors will also send your in-network provider the information that appears on your EOB. Save the EOB for your personal records. BCBSAZ or any contracted vendor may charge a fee for duplication of claims records.

Notice of Determination

If your request for prior authorization is denied, or your claim is denied in whole or in part, you will receive a notice of adverse benefit determination. In most cases, your EOB or monthly statement will serve as the notice and will:

- Describe additional material or information, if any, needed to perfect the claim and the reasons such material or information is necessary,
- Describe applicable grievance/appeal procedures,
- Disclose any internal rule, guideline or protocol relied on in making the adverse determination (or state that such information is available free of charge upon request),
- Explain the scientific or clinical judgment for the determination (or explain that the information is available free of charge upon request), if the denial is based on medical necessity or experimental treatment or similar limit,
- Reference the specific plan provision on which the determination is based, **and**
- State the specific reason(s) for the adverse benefit decision (e.g., not covered because the provider is ineligible or because services are not covered under this benefit plan).

Pharmacy Prescriptions; Submission of Claims by Members

When you submit a prescription to a retail, mail order, or specialty pharmacy, it is possible that the pharmacy could tell you that you are not eligible for coverage, that your medication is not covered, or that you have to pay more for the medication than you think you should pay. If this happens, you can:

- Call the Pharmacy Benefit Customer Service number on your ID card for assistance, **or**
- Pay the pharmacy for the medication, and then submit a claim to BCBSAZ for reimbursement.

If you submit a claim to BCBSAZ, BCBSAZ will review your request to determine if you should be reimbursed for some or all of the money you paid to the pharmacy and will send you an EOB. If BCBSAZ denies your claim, you will receive a document describing your appeal rights along with the EOB. Submitting a prescription to a pharmacy is not considered to be a claim and will not result in an EOB.

Coupons, patient assistance programs, and other discount programs are occasionally used by members, providers, and pharmacies to reduce out-of-pocket member costs associated with prescription medications. Coupons, patient assistance programs, and other discount programs do not count toward your deductible and out-of-pocket maximum. Your deductible and out-of-pocket maximum balances may be adjusted at any time to reflect the actual amount paid for that prescription after discounts have been applied.

Time Period for Claim Decisions

Post-Service Claims

Within 30 days of receiving your claim for a service that was already rendered, BCBSAZ will send you an EOB adjudicating the claim, or a notice that BCBSAZ has requested records needed to make a decision on your claim. Except for claims covered by the No Surprises Act, if BCBSAZ cannot make a decision on your claim within 30 days, BCBSAZ may extend the initial processing time by 15 days by notifying you, within the initial 30-day period, of the need for an extension, the decision date, and any additional information that may be needed for the decision. You or your provider will have at least 45 days to submit any requested information.

Pre-Service Claims

When you request coverage for a service that has not yet been rendered (prior authorization), BCBSAZ will make a prior authorization decision within a reasonable time period considering the medical circumstances, but not later than 10 business days from receipt of the prior authorization request. If BCBSAZ requires more time to make a prior authorization decision, BCBSAZ may extend the time by an additional 15 days by notifying you, within the initial 10-day period of need for an extension, the expected decision date, and any additional information needed for the decision. You and your provider will have at least 45 days to submit any requested information.

Concurrent Care Decisions

BCBSAZ may require that your provider submit a plan of care. Based on that plan, BCBSAZ may provide prior authorization for a certain number of visits or services over a certain period of time. You may request prior authorization for additional periods of care. If your request involves urgent care and is made at least 24 hours prior to the expiration of the existing plan of care, BCBSAZ will make a determination as soon as possible in accordance with medical exigencies, but no later than 24 hours after receipt of the request. If your request is not made at least 24 hours prior to the expiration of the existing plan of care, BCBSAZ will make a determination as soon as possible in accordance with medical exigencies but no later than 72 hours after receipt of the request. If prior authorization is denied, you may appeal the denial in the same way you appeal any other coverage denial.

Urgent Requests for Prior Authorization

When your provider submits an urgent prior authorization request, a determination will be made as soon as possible, but no later than 72 hours after receipt of the request. Federal law defines an “urgent” medical situation as the following:

- One in which application of the “non-urgent” time periods could seriously jeopardize the member’s life, health, or ability to regain maximum function, **or**
- One, which, in the opinion of a physician with knowledge of the member’s medical condition, would subject the member to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim.

GENERAL PROVISIONS

Appeal and Grievance Process

Members may participate in BCBSAZ's appeal and grievance processes, which are described in detail in the BCBSAZ Appeal and Grievance Guidelines, a separate document provided to you. You do not have to pay any fees or charges to file or pursue an appeal or grievance with BCBSAZ. You may obtain another copy of the BCBSAZ Appeal and Grievance Guidelines by visiting us at www.azblue.com or by calling Customer Service at the number on your ID card.

If you receive a bill from an out-of-network provider for services provided at an in-network facility and want to dispute the amount of the bill, you may be able to initiate a dispute resolution process defined under Arizona law. This process is not available for all balance bills. To initiate the dispute resolution process or to appeal a denial of prior authorization for urgently needed services you have not yet received, please call Customer Service at the number on your ID card.

Billing Limitations and Exceptions

When there is another source of payment such as a liability insurer, in-network providers may be entitled to collect any difference between the allowed amount and the provider's billed charges from the other source or from proceeds received from the other source, pursuant to A.R.S. § 33-931.

A.R.S. § 33-931 may give providers medical lien rights independent of this benefit plan or any contract with BCBSAZ. BCBSAZ is not a party to any collection dispute that may arise under the provisions of A.R.S. § 33-931.

Blue Cross and Blue Shield Association

You hereby expressly acknowledge and agree to the following:

- i. This benefit plan constitutes a contract between the Group and BCBSAZ, which is an independent corporation operating under a license from the Blue Cross and Blue Shield Association ("Association"), an association of independent Blue Cross and Blue Shield Plans permitting BCBSAZ to use the Blue Cross and/or Blue Shield service marks in the state of Arizona;
- ii. BCBSAZ is not contracting as the agent of the Association;
- iii. In accepting the benefits of this plan, you are not relying on any representations by the Association or any other Blue Cross or Blue Shield plan, other than BCBSAZ; **and**
- iv. You will not seek to hold the Association or any Blue Cross and Blue Shield plan other than BCBSAZ, accountable or liable for BCBSAZ's obligations herein.

Claims Editing Procedures and Pricing Guidelines

BCBSAZ uses systems to verify benefits, eligibility, claims accuracy, and compliance with BCBSAZ coding and pricing guidelines and evidence-based criteria. BCBSAZ uses claims coding and editing logic to process claims and determine allowed amounts. BCBSAZ regularly updates its systems, claims and pricing guidelines and edits, and evidence-based criteria.

Confidentiality and Release of Information

We have processes and systems to safeguard sensitive or confidential information and to release such information only in accordance with federal and state law. If you wish to authorize someone to have access to your information, you can download the Confidential Information Release Form (CIRF) from www.azblue.com or call BCBSAZ Customer Service and request a hard copy of the CIRF form.

Court or Administrative Orders Concerning Dependent Children

When a member is not the custodial parent of a child, but is required by a court or administrative order to provide health benefits to that child, BCBSAZ will provide benefit information to the custodial parent, permit the custodial parent to submit claims for the child and make payments directly to the custodial parent, provider or state agency as applicable.

Access to Information Concerning Dependent Children

BCBSAZ is not a party to domestic disputes. Parental disputes over dependent coverage and information must be resolved between the parents of the dependent child. Under Arizona law, both parents have equal

rights of access to information about their children, unless there is a court order denying such access. Absent a copy of such order and subject to the confidentiality provisions described above, BCBSAZ provides equal parental access to information.

Discretionary Authority

BCBSAZ has discretionary authority to determine extent of coverage under the terms of this benefit plan.

Provider Treatment Decisions and Disclaimer of Liability

While rendering services to you, in-network providers are independent contractors and not employees, agents, or representatives of BCBSAZ. Their contracts with BCBSAZ address reimbursement and administrative policies. Each provider exercises independent medical judgment in deciding what services to provide you and how to provide them. BCBSAZ's role is limited to administration of the benefits under this benefit plan. Your provider may recommend services or treatment not covered under this benefit plan. You and your provider should decide whether to proceed with a service that is not covered.

BCBSAZ has no control over any diagnosis, treatment, care or other services rendered by any provider and disclaims any and all liability for any loss or injury to you caused by any provider by reason of the provider's negligence, failure to provide treatment or otherwise.

Lawsuits

There is an appeal process for resolving certain types of disputes with members. You are encouraged to use the appeal process before filing a lawsuit, as issues can often be resolved when you provide more information through the appeal process. By providing this notice BCBSAZ does not waive, but expressly reserves all applicable defenses available under federal and Arizona law.

Legal Action and Applicable Law

This contract is governed by, construed, and enforced in accordance with applicable federal law and the laws of the state of Arizona, without regard to conflict of laws principles. This Benefit Book and the contract between BCBSAZ and the sponsor of your group health plan were issued in Arizona to a group headquartered in Arizona.

Any dispute arising directly or indirectly out of the plan must be resolved by binding arbitration to the fullest extent permitted by applicable law. You agree that neither class or collective claims, nor class action or collective action procedures, will be asserted in, or will apply to, any dispute that arises out of this benefit plan. You irrevocably and unconditionally waive, to the fullest extent permitted by applicable law, any right to a trial by jury in any dispute arising out of or relating to this benefit plan.

Jurisdiction and Venue: Jurisdiction and venue for any legal action or other proceeding that arises out of or relates to the contract or this benefit plan shall be in any court of competent jurisdiction in the state of Arizona.

Lawsuits by BCBSAZ: Sometimes, BCBSAZ has an opportunity to join class action lawsuits, where third party payers (insurance companies) assert that an entity's conduct resulted in higher payments by the insurance company than otherwise would have been required. BCBSAZ reviews these cases and makes a good faith decision based on the unique facts of each case whether to join the case. BCBSAZ may also bring lawsuits against vendors or other entities to recover various economic damages. When BCBSAZ participates as a plaintiff and recovers damages, those funds are not returned to individual members, but are instead retained by BCBSAZ to reduce overall administrative costs. This paragraph is not intended to limit or waive any claims BCBSAZ may have against any person or entity.

Non-Assignability of Benefits

Except as otherwise specified in this section, the benefits contained in this plan, and any right to reimbursement or payment arising out of such benefits, are not assignable or transferable, in whole or in part, in any manner or to any extent, to any person or entity. You shall not sell, assign, pledge, transfer or grant any interest in or to these benefits, or any right of reimbursement or payment arising out of these benefits, to any person or entity. Any such purported sale, assignment, pledge, transfer, or grant is not enforceable against BCBSAZ and imposes no duty or obligation on BCBSAZ. If you receive Covered Services from an out-of-network Provider and wish to assign your payment to the Provider, you or the Provider may submit the documents requesting assignment to BCBSAZ. BCBSAZ, at our sole discretion, will determine whether to honor the assignment and, if approved, remit any payment due directly to the Provider.

No Surprises Act

The federal “No Surprises Act” protects you from surprise balance bills from out-of-network providers in certain situations.

- **Emergencies:** When you receive emergency care from out-of-network providers, your financial responsibility will be determined in the same way as if you received the care from network providers. Also, out-of-network providers can’t balance bill you for the difference between the allowed amount and the billed charge.
- **Non-emergency services at network facilities:** The same emergencies rule above applies if you receive services from out-of-network providers while you are at a network facility, such as a hospital or outpatient surgery center, unless the provider gives you a legally-required notice and you give consent in accordance with the law. If you give this consent, you will pay the out-of-network cost share and any balance bill, and the No Surprises Act dispute process won’t apply.
- **Disputes:** If out-of-network Providers want to dispute the amount BCBSAZ pays them, they are required to resolve the dispute with us. As long as you pay your required cost-share amount, they can’t collect any other amounts from you.

If you would like more information on the No Surprises Act, or if you feel that you have incorrectly received a balance bill, the federal government has created the following website:

www.cms.gov/nosurprises

Medicaid Reimbursement

Member acknowledges that state Medicaid agencies, including the Arizona Health Care Cost Containment System (AHCCCS), (collectively referred to as “Medicaid Agencies”) are considered payers of last resort for healthcare expenses of individuals who are Medicaid beneficiaries. Member further acknowledges that AHCCCS does, and other state Medicaid Agencies may, have a legal right to reimbursement of expenditures that the Medicaid Agencies have made on behalf of a member who was also a Medicaid Beneficiary, not to exceed the lesser of the member’s benefits under this plan or the Medicaid Agencies’ payment. Member acknowledges and agrees that BCBSAZ shall reimburse Medicaid Agencies or their designees, for the health claims of a member who was also a Medicaid Beneficiary on the date of service, to the extent required by law.

Member Notices and Communications

BCBSAZ sends notices and other communications to members by U.S. mail to the last address on file with BCBSAZ Customer Service. BCBSAZ may also elect to send some notices and communications electronically if the member has consented to electronic receipt. Notice is deemed complete when sent to the member’s last address of record, as follows:

- On delivery, if hand-delivered;
- If mailed, on the earlier of the day actually received by the member or 5 days after deposit in the U.S. mail, postage prepaid; **or**
- If transmitted electronically, on the earlier of the day of actual receipt or 24 hours after electronic transmission to the member’s email address of record.

Payments Made in Error

If BCBSAZ erroneously makes a payment or over-payment to you or on your behalf, BCBSAZ may obtain reimbursement from you or the provider or BCBSAZ may offset the amount owed against a future claim arising from any covered service. Payments made in error by BCBSAZ do not constitute a waiver concerning the claim(s) at issue or of any right of BCBSAZ to deny payment for noncovered services.

Plan Amendment

There is no guarantee of continued benefits as outlined in this plan. This plan may be amended and benefits may be added, deleted, or changed upon notice to the group and/or contract holder or as required to comply with federal or state laws. Some mandated benefits or other plan provisions may be required or unavailable

based on the size of the group. At the time of renewal, if your group changes size, it may result in loss of a benefit that is currently available or inclusion of a benefit not currently available. Please review and retain this book, any replacement books, any SBCs, all riders and amendments, and other communications concerning your coverage.

Retroactive Changes

BCBSAZ reserves the right to make certain retroactive amendments to this benefit plan, as may be permitted under applicable federal and state law. You will receive notice of any such amendments.

Prescription Medication Rebates

BCBSAZ participates in contracts with pharmaceutical companies to receive rebate payments based on the volume and/or market share of pharmaceutical products utilized by BCBSAZ members. These rebate contracts are subject to renegotiation and/or termination from time to time at BCBSAZ's sole discretion.

The rebates BCBSAZ receives are not reimbursable to you. Your group receives either: (a) a credit against administrative costs/fees or (b) the prescription medication rebate dollar amount attributable to your group.

Rebates received by BCBSAZ may result in the overall cost of a particular medication falling below the amount you pay for such medication pursuant to the coverage described in this benefit plan. Other discount programs offered by a pharmacy may result in members of the public paying a lower cost for some medications than you pay under this benefit plan.

Provider Contractual Arrangements

The BCBSAZ allowed amount reflects any contractual arrangements negotiated with a provider. Contractual arrangements vary based on many factors. For that reason, plan network providers have varying compensation levels based on the provider's agreement to accept a certain reimbursement rate. This means that your in-network cost share for a particular service can vary based on the network provider you choose, because not all providers have the same negotiated reimbursement rate for the same service. For information on your estimated cost share for a particular service, please call Customer Service at the number on your ID card. You will need to provide the name of the provider and the diagnosis and procedure code to receive an estimated cost share. The estimated cost share is only an estimate and the actual cost share may vary from the estimated cost share based on factors such as the services actually performed and the place where the services are actually rendered.

Release of Records

Subject to federal or Arizona law, the member agrees that BCBSAZ may obtain, from any provider, insurance company or third party, all records or information relating to the member's health, condition, treatment, prior health insurance claims or health benefit program. Failure to provide records needed to adjudicate a claim can result in denial of the claim.

Cost of Records

In order to process your claims, BCBSAZ may need to obtain copies of your health records from your provider. In-network providers generally cannot charge you for providing BCBSAZ with health records. Noncontracted providers have no contractual obligation to provide records to BCBSAZ free of charge. If you receive services from a noncontracted provider who charges for record preparation or the cost of copies, you will need to arrange with your provider to obtain any records required by BCBSAZ and pay any applicable fees.

Rescission of Coverage

In the event of fraud or intentional misrepresentation of material fact, coverage for any person ineligible to be on the benefit plan as described in the group master contract will be rescinded, that is, as never having been in effect. Premiums paid for the coverage for the ineligible person will be refunded, minus any claims paid for that person. BCBSAZ is entitled to recover claim payments that exceed the amount of premium paid. Such rescission does not affect the coverage of those persons on the benefit plan who remain eligible for coverage.

BCBSAZ will give a 30-day written notice of its intent to rescind, during which time the person may protest the decision by writing to BCBSAZ at the address indicated in the notice and explaining why a rescission is not appropriate or allowable. A member's eligibility to enroll in the group's health plan is not based on the

member's health status. An omission or misrepresentation of health information in your application for group coverage is not a basis for rescission of your group coverage.

Statement of ERISA Rights

(Does Not Apply to Government Plans, Church Plans or Other Non-ERISA Qualified Plans)

As a member of a group health insurance benefit plan, you are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 (ERISA). For purposes of ERISA, your group is the **"Plan Administrator."** BCBSAZ is not the Plan Administrator. ERISA provides that all members shall be entitled to:

- Receive information about your plan and benefits: Under ERISA, you are entitled to examine, without charge, at the Plan Administrator's office and other locations, such as worksites and union halls, all documents governing the plan that are available from the Plan Administrator, including insurance contracts and collective bargaining agreements and a copy of the latest annual report (Form 5500 Series) filed by the plan with the U.S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration. Upon written request to the Plan Administrator, you may obtain copies of the plan documents, including insurance contracts and collective bargaining agreements and copies of the latest annual report (Form 5500 Series), and updated summary plan description. The Plan Administrator may charge you for the copies.
- Continue group health plan coverage: COBRA is the term we use for federal and state laws that regulate continuation of healthcare coverage for you, your spouse or dependents if there is a loss of coverage under the plan as a result of a qualifying event. Unless you have an agreement with your employer to pay your COBRA premiums, you or your dependents will be responsible for full payment of the premium to continue coverage under your group plan. Review your Benefit Book and talk to your benefits administrator about your COBRA continuation coverage rights.
- Prudent actions by plan fiduciaries: In addition to creating certain rights for group members, ERISA also imposes certain duties on the "plan fiduciaries," those responsible for administration of the health plan. The plan fiduciaries have a duty to operate the plan prudently and in the interest of you and other members.
- Enforce your rights: No one, including your employer, your union or any other person, may fire you or otherwise discriminate against you in any way to prevent you from obtaining a benefit or exercising your rights under ERISA. If your claim for a benefit is denied in whole or in part, you have a right to know why it was denied, obtain copies of documents related to the decision (at no charge) and appeal any denial, all within the time periods required by ERISA.

Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suit in a Federal court. In such a case, the court may require the Plan Administrator to provide the materials and pay you a fee for any delay unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a federal or state court. In addition, if you disagree with the plan's decision or lack thereof concerning the qualified status of a domestic relations order or a medical child support order, you may file suit in Federal court. If it should happen that plan fiduciaries misuse the plan's money or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor or you may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds your claim is frivolous.

- Assistance with your questions: If you have any questions about your plan, you should contact the Plan Administrator. If you have any questions about this statement or about your rights under ERISA or if you need assistance in obtaining documents from the Plan Administrator, you should contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor, listed in your telephone directory or the Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington, D.C., 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Pension and Welfare Benefits Administration.

Third-Party Beneficiaries

The provisions of this benefit plan are only for the benefit of those covered under this plan. Except as may be expressly set forth in this book, no third party may seek to enforce or benefit from any provisions of this benefit plan.

Your Right to Information and Availability of Notice of Privacy Practices

You have the right to inspect and copy your information and records maintained by BCBSAZ, with some limited exceptions required by law. If you choose to review your medical records in person, BCBSAZ will require a reasonable amount of time to research and retrieve the records before scheduling a time with you to review the records.

The BCBSAZ “Notice of Privacy Practices” describes how BCBSAZ may use and disclose your information to administer your health plan. It also describes some of your individual rights and BCBSAZ’s responsibilities under federal privacy regulations. BCBSAZ mails a copy of this Notice of Privacy Practices to your address shortly after you enroll for coverage with BCBSAZ. You can also view the “Notice of Privacy Practices” by visiting the BCBSAZ website, www.azblue.com, and clicking on the Legal link at the bottom of the home page. If you would like BCBSAZ to mail you another copy of the “Notice of Privacy Practices,” please call the Customer Service number on your ID card, or call (602) 864-4400 or (800) 232-2345 to make your request.

Subrogation

Your employer sponsors a self-funded Employee Health Care Plan (“the Plan”) that provides its employees and their dependents (“Participants”) with healthcare coverage. BCBSAZ performs claims administration for the Plan and now also provides subrogation recovery services for the Plan as described in this section.

Here is the way subrogation works. Sometimes you and/or your dependent (“you”) require hospital and/or medical services due to an injury in an accident or due to a condition caused by another person’s negligence. In such cases, the person causing the accident (“third party”) is responsible for payment of your hospital and medical expenses. The Plan, who pays for your covered hospital and medical services, has the right to recover these payments from the third party or from you if you have recovered from the third party. When the Plan exercises its rights to be reimbursed, the process is known as subrogation, recovery and/or reimbursement (“subrogation”).

During the subrogation process, BCBSAZ, on behalf of the Plan, will continue to pay your covered hospital and medical services on behalf of the Plan just as it always has. However, if a third party is legally obligated to pay for your expenses, the Plan will then exercise its rights to be reimbursed for 100% of what the Plan paid without any reduction for attorneys’ fees and/or court costs and regardless of whether you were made whole. In addition, the Plan has first priority from any judgment, payment or settlement.

The Plan’s rights apply to any settlement of a claim regardless of whether anyone has started litigation. Any right a Participant might have to be “made whole”, (i.e., to be fully compensated for his/her injuries prior to any right the Plan has to recover its cost) is superseded by the Plan’s subrogation rights. The Plan may subrogate against all money that you or anyone recovers regardless of the source of the money and regardless of where the money is located and/or regardless of how it is held. The Plan will also have the first right of recovery out of any recovery or settlement amount you are able to obtain even if you or your attorney believes that you have not been made whole for your losses or damages by the amount of recovery or settlement.

You must promptly execute and deliver any documents relating to settlement of claims, settlement negotiations or litigation when the Plan asks you to so the Plan can exercise its subrogation rights. Also, you or your legal representative must (1) promptly notify the Plan in writing of any settlement negotiations before you enter into any settlement agreement, (2) disclose to the Plan any amount recovered from any person or entity that may be liable and (3) not make any distributions of settlement or judgment proceeds without the Plan’s prior written consent. No waiver, release of liability or other documents executed by you without such written notice to the Plan shall be binding upon the Plan.

MEMBER COST SHARING

Members pay part of the costs for benefits received under this plan. Depending on your particular benefit plan, the service you receive, and the provider you choose, you may have an access fee, balance bill, coinsurance, copay, deductible, or some combination of these payments. Each cost-share type is explained below. This section, the benefit descriptions in this book, and your SBC explain which cost-share types apply to each benefit. BCBSAZ uses your claims to track whether you have met certain cost-share obligations. We apply claims based on the order in which we process the claims and not based on date of service.

Balance Bill

The balance bill refers to the amount you may be charged for the difference between a noncontracted provider's billed charges and the allowed amount. Any amounts paid for balance bills do not count toward deductible, coinsurance, or the out-of-pocket maximum. Except for emergency services, and ancillary services provided in an in-network facility, noncontracted providers have no obligation to accept the allowed amount. You are responsible to pay a noncontracted provider's billed charges, even though BCBSAZ will reimburse your claims based on the allowed amount. Depending on what billing arrangements you make with a noncontracted provider, the provider may charge you for full billed charges at the time of service or seek to balance bill you for the difference between billed charges and the amount that BCBSAZ reimburses you on a claim.

Benefit Maximums

Some benefits may have a specific benefit maximum or limit based on the number of days or visits, type, timeframe (calendar year or benefit plan), age, gender, or other factors. If you reach a benefit maximum, any further services are not covered under that benefit, and you may have to pay the provider's billed charges for those services. However, if you reach the benefit maximum on a particular line of a claim, you will be responsible for paying only up to the allowed amount for the remaining charges on that line of the claim. All benefit maximums are included in the applicable benefit description.

Calendar-Year Deductible (Individual and Family)

A calendar-year deductible is the amount each member must pay for covered services each January through December before the benefit plan begins to pay for covered services. The deductible applies to every covered service unless the specific benefit section says it does not apply. The deductible is calculated based on the allowed amount. Amounts you pay for copays and access fees do not count toward the deductible.

If you have family coverage, there is also a calendar-year deductible for the family. The family deductible must be met before the Plan begins paying for benefits (except for Preventive Services). If you have individual coverage, the individual deductible must be met before the Plan begins paying for benefits (except for Preventive Services).

Your benefit plan has two different deductibles, a deductible that applies to services received from in-network providers and a separate deductible that applies to services received from out-of-network providers. Amounts applied to the in-network deductible will also apply to meet the out-of-network deductible. However, the amounts applied to the out-of-network deductible **do not** apply to meet the in-network deductible. Deductible amounts are shown on your SBC.

The family deductible must be met on a family policy before the Plan will pay for covered services for any individuals covered through that policy.

Coinsurance

Coinsurance is a percentage of the allowed amount that you pay for certain covered services after meeting any applicable deductible. BCBSAZ subtracts any applicable prior authorization charges from the allowed amount before calculating coinsurance. Coinsurance applies to every covered service unless the specific benefit section says it does not apply. BCBSAZ normally calculates coinsurance based on the allowed amount. There is one exception. If a hospital provider's billed charges are less than the hospital's DRG reimbursement, BCBSAZ will calculate your coinsurance based on the lesser billed charge.

Copay

A copay is a specific dollar amount you must pay to the provider for some covered services. If a copay applies to a covered service, you must pay it when you receive services. Different services may have different copay

amounts and are shown on your SBC. Usually, if a copay does not apply, you will pay applicable deductible and coinsurance.

Out-of-Pocket Maximum (Individual and Family)

An out-of-pocket maximum is the amount each member must pay each year before the plan begins paying 100% of the allowed amount on covered services, for the remainder of the calendar year. The payments listed below do not count toward the out-of-pocket maximum. You must keep paying them even after you reach your out-of-pocket maximum:

- Amounts above a benefit maximum
- Any amounts for balance billing
- Any amounts for noncovered services
- Any charges for lack of prior authorization

If you have family coverage, there is an out-of-pocket maximum for your family. Amounts applied to each member's out-of-pocket maximum also apply to the family out-of-pocket maximum. The family maximum is applied in the same way as the individual maximum described above and is subject to the same rules. When the family has met its family out-of-pocket maximum, it also satisfies the out-of-pocket maximum requirements for all the individual members.

Prior Authorization Charges

You must make sure that your out-of-network provider obtains prior authorization from BCBSAZ for a service that requires it. If your out-of-network provider does not obtain required prior authorization from BCBSAZ, you are subject to a prior authorization charge or complete loss of your benefit. Applicable prior authorization charges are shown on your SBC. Amounts applied as prior authorization charges do not count toward the calendar-year deductible or out-of-pocket maximum.

DESCRIPTION OF BENEFITS

Please review this section for an explanation of covered services and benefit-specific limitations and exclusions. Also, be sure to review the information about covered services in “*Understanding the Basics*” and refer to “*What is Not Covered*” for general exclusions and limitations that apply to all benefits. BCBSAZ does not determine whether a service is covered under this benefit plan until after services are provided and BCBSAZ receives a complete claim describing the services actually rendered.

If you receive services from a noncontracted provider, you also pay the balance bill. Professional services provided in the member's home must be rendered by an eligible provider. Your cost share will vary depending on the type of provider and the provider's network status.

Applicable cost share is waived for maternity services covered under the "*Preventive Services*" benefit and delivered by an in-network provider. If you receive these services from an out-of-network provider, the services will be covered through your maternity benefit and you will pay the out-of-network cost share. If you receive services from a noncontracted provider, you also pay the balance bill.

Your cost-share obligations may be affected by the addition of a newborn or adopted child, as described in the "*Plan Administration*" section of this book. If you have coverage only for yourself and no dependents, addition of a child will result in a change from individual coverage to family coverage, and you may be required to pay additional premium. If you currently have individual coverage, when a child is added to your plan, you will also be required to meet a family deductible and out-of-pocket maximum.

Benefit-Specific Definition: "**Global Charge**" is a fee charged by the delivering provider that may include certain prenatal, delivery and postnatal services.

Benefit Description: Maternity benefits are available for covered services related to pregnancy. This includes certain screening tests such as prenatal ultrasounds, alpha-fetoprotein (AFP), rubella immunity, Hepatitis B and HIV exposure, blood type, anemia, urinary tract disease or infections,

sexually transmitted diseases and others as determined by BCBSAZ. Certain tests, including some genetic screening, may not be covered. For a complete listing of covered prenatal screening, please call BCBSAZ Customer Service at the number on your ID card. Covered maternity services are available from birthing centers.

Maternity benefits are available for the expense incurred by a birth mother, including a surrogate, who is not a member, for the birth of any child legally adopted by a member, if all of the following requirements are met:

- The member adopts the child within one year of birth;
- The member is legally obligated to pay the costs of birth; **and**
- The member has provided notice to BCBSAZ within 60 days of the member's acceptability to adopt children.

This adopted child maternity benefit is secondary to any other coverage available to the birth mother. Contact Customer Service at the number on your ID card to receive a BCBSAZ adoption packet.

Statement of Rights Under the Newborns' and Mothers' Health Protection Act: Under federal law, group health plans and health insurance issuers offering group health insurance coverage may not restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the plan or issuer may pay for a shorter stay if the attending provider (e.g., your physician, nurse midwife or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under federal law, plans and issuers may not set the level of benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under federal law, require that a physician or other healthcare provider obtain authorization for prescribing a length of stay of up to 48 hours for the mother and newborn child following a normal vaginal delivery or 96 hours for the mother and newborn child following a cesarean section delivery. However, to use certain providers or facilities, or to reduce your out-of-pocket costs, you may be required to obtain prior authorization. For information on prior authorization, call the Customer Service number on your ID card.

The P&T Committee is comprised of licensed pharmacists and doctors from within the community. The P&T Committee takes into consideration safety, effectiveness, and current use in therapy information when making decisions regarding coverage. Call the Pharmacy Benefit Customer Service number on your ID card to request any of the following:

- A list of covered medications that require prior authorization;
- A list of covered vaccines;
- A list of specialty medications;
- An exception to BCBSAZ prescription medication limitations;
- Information on the assigned cost-share tier of a covered medication;
- Other information about this pharmacy benefit.

Your Cost Share:

In-Network:

Medications Obtained From Retail/Mail Order Pharmacies: You pay in-network deductible. After you satisfy the deductible, you pay a tier 1, 2, 3, or 4 copay for most medications. After you satisfy the deductible, you pay the greater of the tier 3 copay or 50 percent coinsurance for compounded medications.

You may obtain up to a 90-day supply of covered medications. Not all medications are available for more than a 30- or 60-day supply. Your cost share will vary depending on the type of pharmacy, the quantity, and the tier of the medication.

No exceptions will be made regarding the assigned tier of a medication. BCBSAZ may change the tier of a medication at any time without notice. Other than as noted in this section, no exceptions will be made concerning the cost share you will pay, regardless of the medical reasons requiring use of a particular medication, even when there is no equivalent medication on a lower tier or if you are unable to take a medication on the lower tier for any reason.

Your cost share is waived for preventive medications and for covered vaccines. Under 45 CFR § 147.130, BCBSAZ will determine: 1) which medications are considered preventive and for which your cost share is waived; and 2) which vaccines are covered and for which your cost share is waived. For a list of covered preventive medications, go to the "Guidance Regarding Preventive Medications" section on www.azblue.com.

Your cost share is waived for all FDA-approved female contraceptive methods when prescribed by your provider and obtained from an in-network pharmacy, including the following:

- Condoms

- FDA-approved emergency contraception for members of any age
- FDA-approved generic oral, patch, vaginal ring and injectable contraceptives
- FDA-approved brand oral, patch, vaginal ring and injectable contraceptives with no generic equivalent components
- Sponges and spermicides

Contraceptives must be prescribed for or include the purpose of contraception and not be prescribed solely for some other medical reason to be covered with no member cost share.

For certain covered preventive medications and items obtained from an in-network pharmacy, your cost share is waived for the generic version of the medication or item and you pay applicable cost share for the brand-name version of the medication or item. You may request an exception for waiver of cost share for the brand name version of a preventive medication or item obtained from an in-network pharmacy. See the “Benefit Description” section below for information about the exception process. Contact the Pharmacy Benefit Customer Service number on your ID card for information on whether a drug is considered a preventive medication.

“**Generic Medications**” are medications defined as generic by the national database system used by BCBSAZ to pay prescription claims.

“**Medication Synchronization**” is defined as the coordination of medication refills for a patient taking two or more medications for a chronic condition that are being dispensed by a single network pharmacy to facilitate the synchronization of the patient’s medications for the purpose of improving medication adherence.

“**PBM**” means the independent pharmacy benefit manager that contracts with BCBSAZ to administer the prescription medication benefits covered under this benefit plan.

Off-label use of an FDA approved drug will only be considered for payment (as not being experimental or investigational), also includes off-label cancer medications, on a case by case basis considering the facts and circumstances of the clinical situation, when approved by BCBSAZ or BCBSAZ’s contracted vendor with medical evidence to support the fact that the benefits of the use of the drug outweigh the risks. The Plan Administrator reserves the right to seek independent medical review of the request for off label drug use.

If a medication is not processing at the pharmacy, you or your physician/provider may request an exception by calling the Pharmacy Benefit Customer Service number on your ID card 24 hours per day, 7 days per week, 365 days per year. There is no guarantee that BCBSAZ and/or the PBM will authorize an exception. Reasons for requesting an exception include but are not limited to the following: quantity, age, gender, dosage and/or frequency of refill limitations, requests for waiver of cost share for brand name medications or devices taken or used for a preventive purpose.

If you are currently obtaining a covered medication from the network mail order pharmacy, you have the option to receive that medication from a retail pharmacy. Please call Pharmacy Benefit Customer Service at the number on your ID card if you need assistance with this issue. Also, if you are currently obtaining a specialty medication from a specialty pharmacy and need to receive that medication from a retail pharmacy instead, please contact Pharmacy Benefit Customer Service. BCBSAZ will decide whether you are eligible to receive the specialty medication from a retail pharmacy instead of a specialty pharmacy.

Certain members, as determined by BCBSAZ or the PBM, will be required to participate in the Designated Prescription Network Program to obtain coverage of certain medications under this benefit plan. FF. SPECIALTY MEDICATIONS

Your Cost Share: You pay in-network deductible and coinsurance.

Benefit-Specific Definitions: “**Specialty Medications**” are medications that treat chronic or complex conditions. BCBSAZ and/or the PBM determine which medications are Specialty Medications.

“**Specialty Pharmacy**” is a pharmacy contracted with BCBSAZ and/or the PBM to dispense Specialty Medications to members.

Benefit Description: Benefits are available for Specialty Medications obtained from a Specialty Pharmacy contracted with BCBSAZ. Coverage of Specialty Medications and limitations on these medications are determined by current evidence-based criteria and Pharmacy Coverage Guidelines, and may change at any time without prior notice. If a member obtains a specialty medication from an eligible provider other than a Specialty Pharmacy, the medication is excluded from coverage under this benefit, but may be covered under another benefit and subject to the cost-sharing provisions and prior authorization requirements of that benefit.

If you are currently obtaining a specialty medication from a Specialty Pharmacy, you may be able to receive that medication from a retail pharmacy instead. Please contact Pharmacy Benefit Customer Service. BCBSAZ and/or the PBM will determine whether you are eligible to receive the specialty medication from a retail pharmacy instead of a Specialty Pharmacy.

If you are taking 2 or more prescription medications for a chronic condition, you may request early or short refills of eligible covered medications by calling the Pharmacy Benefit Customer Service number on your ID card and requesting enrollment in the BCBSAZ medication synchronization program.

Benefit-Specific Exclusions:

PLAN ADMINISTRATION

Changes to Your Information

If you do not tell us about changes, correspondence from BCBSAZ may not reach you in a timely manner. Also, you may have to reimburse BCBSAZ for claims payments we make on behalf of you or your dependents, if you or your dependents became ineligible but incurred claims before you gave us notice. You may also have to pay costs incurred by BCBSAZ for collection of claims payments made after you or your dependents became ineligible.

Notify City of Chandler Human Resources about changes to the following:

- An unmarried disabled dependent age 26 or older who is no longer disabled
- Eligibility of you or your dependents for Arizona Health Care Cost Containment System (AHCCCS) or other Medicaid coverage during the term of this contract
- Eligibility of you or your dependents for basic health plan (BHP) coverage during the term of this contract
- Eligibility of you or your dependents for individual coverage purchased through a federal or state Exchange.
- Eligibility of you or your dependents for Medicare during the term of this contract
- Eligibility of you or your dependents for the Children's Health Insurance Program (CHIP) coverage during the term of this contract
- Individuals being added to the benefit plan: Spouse, newborns, adopted children, children placed for adoption, stepchildren
- Individuals removed from the benefit plan due to divorce or death
- Other medical coverage that you or your dependents add or lose, including any changes in benefits
- Your mailing address or phone number

Coordination of Benefits (COB)

If you have benefits under another group health plan, and the other group plan is the primary payer, then the combined benefit payments from all coverages cannot be more than the greater of the primary payer's or BCBSAZ's allowed amount. If your other group health insurance does not include a COB provision, the other group coverage pays first. If your other group health insurance provides for COB, the following rules will be used to determine which coverage will pay first:

- If the person who received care is covered as an active employee under one plan and as a dependent under another, the employee coverage pays first.
- If the person who received care is a dependent child, then the plan of the parent whose birthday occurred earlier in the calendar year covers the child first.
- If both parents have the same birthday, the benefits of the plan that has covered a parent longer covers the dependent child first.
- If the dependent child's parents are legally separated or divorced, the following applies:
 - ♦ If there is no applicable court decree, the custodial parent's coverage pays first. If the custodial parent has remarried, the stepparent's coverage pays second. The non-custodial parent's coverage pays last.
 - ♦ If the parents have joint custody, then the plan of the parent whose birthday occurred earlier in the calendar year pays first.
 - ♦ If a court decree specifies the parent who is financially responsible for the child's healthcare expenses, the specified parent's coverage pays first.
- If the person who receives care is covered as an active employee under one benefit plan and as an inactive employee under another, the coverage through active employment pays first.
- If one of the plans determines the order of benefits based upon the gender of a parent and as a result, the plans do not agree on the order of benefit determination, the plan with the gender rule shall determine the order of benefits.

When none of the above applies, the coverage you have had for the longest continuous period of time pays first (see *"Non-Duplication of Benefits"*).

If you have coverage under Medicare, Medicare guidelines will be used to determine the primary payer. If the provider accepts assignment from Medicare, the combined payments by Medicare and BCBSAZ will not exceed the Medicare allowed amount. If the provider does not accept assignment from Medicare the combined payments by Medicare and BCBSAZ will not exceed the provider's billed charges. If the provider opts-out of Medicare, BCBSAZ is the primary payer.

BCBSAZ does not coordinate benefits for services covered by the *"Pharmacy Benefit."* For this benefit, BCBSAZ will pay primary, without regard to the member's other coverage.

Non-Duplication of Benefits

If services are covered under this benefit plan and one or more other group benefit plans that are issued or administered by BCBSAZ, the rules described in *"Coordination of Benefits"* will be used to determine which coverage pays first. Payment of the claim will be subject to all applicable deductibles, coinsurance and copays. The combined benefit payments will not exceed the amount that BCBSAZ would have paid if you had no other coverage.

If services are covered under this benefit plan and one or more BCBSAZ individual contracts, benefits will be paid first under the individual contract. Payment of the claim will be subject to all applicable deductibles, coinsurance and copays. The combined benefit payments will not exceed 100% of the amount BCBSAZ would have paid if you had no other coverage. BCBSAZ does not coordinate benefits with non-group coverage provided by an insurance plan other than BCBSAZ.

BCBSAZ does not coordinate benefits for services covered by the *"Pharmacy Benefit."* For this benefit, BCBSAZ will pay primary, without regard to the member's other coverage.

Continuation of Coverage

Under applicable law, it is the group's responsibility to inform employees and dependents of the availability, terms and conditions of continuation of coverage available under COBRA. COBRA laws require most employers that sponsor a group health plan to offer employees and their covered dependents the opportunity for a temporary extension of health coverage (called "continuation coverage") at group rates in certain instances where coverage under the plan would otherwise end. Continuation of coverage is available when an employee is absent from employment by reason of service in the uniformed services, as defined by applicable federal law. You must check with your plan administrator to determine if you qualify for continuation coverage.

Disability Extension of Benefits

BCBSAZ determines total disability in its sole and absolute discretion and will provide a copy of the criteria used to make this decision upon request. Eligibility to continue coverage for a disabling condition is subject to periodic review by BCBSAZ.

- **Group Discontinuation:** If you are totally disabled on the date that the Group discontinues coverage through BCBSAZ, medical expense benefits will continue, for the disabling condition only, for a period not to exceed 12 months from the date of termination. To ensure an orderly extension of benefits and timely processing of your claims, it is important to provide BCBSAZ with written notice of the disabling condition no later than 31 days after such termination. You do not waive your right to extended benefits if you do not notify BCBSAZ; however, BCBSAZ cannot pay claims until notice is received.

When you provide notice, you will be required to also provide reports satisfactory to BCBSAZ that show the date of your termination, the condition that resulted in you becoming totally disabled and that you have been totally disabled from that condition from the time of such termination. You are eligible for this extension of benefits whether covered as an active employee, the dependent of an active employee or a qualified COBRA beneficiary on the date the Group discontinues coverage through BCBSAZ.

- **Individual Termination:** If you are totally disabled on the date your coverage terminates under this benefit plan, medical expense benefits will continue, for the disabling condition only, for a period not to exceed 12 months from the date of termination. You do not waive your right to extended benefits if you do not notify BCBSAZ; however, BCBSAZ cannot pay claims until notice is received.

When you provide notice, you will also be required to provide reports satisfactory to BCBSAZ that show the date of your termination, the condition that resulted in you becoming totally disabled and that you have been totally disabled from that condition from the time of such termination.

If you are eligible for an extension of benefits because of an individual termination as described above and you elect continuation coverage under COBRA, the extension of benefits shall run concurrently with your continuation coverage under COBRA, until the 12-month extension of benefits period is exhausted. Because these provisions run concurrently, please contact your employer before making any changes to or terminating your COBRA continuation coverage.

An extension of benefits ends when you are no longer totally disabled, or become eligible for, or covered under, any other group benefit plan with like benefits.

Leave of Absence

Please refer to City of Chandler Statement of Eligibility as approved by Resolution No. 4995.

Medical Support Orders

Coverage is available to a child of the contract holder in accordance with any court order or administrative order issued by a court of competent jurisdiction that requires the contract holder to provide health benefits coverage for such child. The order must clearly specify the name of the contract holder, the name and birth date of each child covered by the order and the time period to which the order applies. Following receipt of the above information from the Group, BCBSAZ will add the child to the contract holder's coverage, subject to BCBSAZ's guidelines for adding dependent children, as outlined above. If the contract holder does not have family coverage, the contract holder is required to enroll for family coverage and pay any additional required premium.

Benefit-Specific Eligibility for Non-members

Under the following limited circumstances, a non-member may be eligible to receive benefits under this plan:

- If a transplant recipient is covered under this plan and the donor is not a member, the donor may be eligible for limited benefits. (See benefit description for "*Transplants – Organ – Tissue – Bone Marrow Transplants and Stem Cell Procedures*.”)
- If a non-member is pregnant with a baby that is to be adopted by a member of this plan, the non-member may be eligible for maternity benefits under the following circumstances:
 - ♦ The child is adopted by a member within 1 year of birth;
 - ♦ The member is legally obligated to pay the costs of birth; **and**
 - ♦ The member notified BCBSAZ that a court has certified the member as acceptable to adopt within 60 days of the court order or the effective date of this plan, whichever occurs later.

This benefit is considered secondary to any other coverage available to the birth mother.
