Date: February 12, 2026

To: Mayor and Council

From: Matt Dunbar, Budget & Policy Director *MD*

Subject: Fiscal Year (FY) 2025-26 General Fund Revenue Summary, Sales Tax Collection Report, and Expenditure Reports through January 2026

Attached are the FY 2025-26 General Fund Revenue and Expenditure Reports for the period ending January 31, 2026.

Included with this memo are the following attachments:

- Attachment 1 – General Fund Revenue Summary
- Attachment 2 – Local Sales Tax Revenue Five-Year Comparison
- Attachment 3 – Local Sales Tax Revenue by Class
- Attachment 4 – Local Sales Tax Revenue Month-by-Month Comparison to Prior Year
- Attachment 5 – General Fund Expenditure Summary

The General Fund Revenue Summary (Attachment 1) gives a budget to actual comparison of revenues through January 2026. This month reflects a 3.3% increase in total General Fund revenues from the budgeted revenues we would have anticipated being received to date based on historical trends, and a 2.4% decrease over the same period of the prior year.

Collections in State and Local Transaction Privilege Tax (TPT) or Sales Tax (Attachments 1-4) shown in this report reflect December TPT reported/received in January. Year to date (YTD) collections in Local TPT and Urban Revenue Sharing all came in slightly below anticipated budget through January, while State Shared Tax and Vehicle License Tax came in slightly over budget. It is important to note that fluctuations related to development/contracting are considered one-time, since once the developments are completed, the related permit and local TPT collections cease. The Local TPT collections through January 2026 reflect a small decrease of 0.7% below budget, and a 5.5% decrease compared to prior-year actuals which was anticipated with the complete removal of the residential rental tax. Also, when

comparing the TPT collections received in January 2026 to the same month in the prior year, collections are down 6.1%.

Finally, the FY 2025-26 General Fund Expenditure Summary (Attachment 5) report reflects the percentage of adjusted budget expended and encumbered through January 2026. This report then compares this spending percentage to the prior fiscal year. Overall department spending resulted in 61.7% spending through January 2026, compared to 61.3% for the same period last year.

Should you have any questions regarding this information, please contact Dawn Lang at x2255 or Matt Dunbar at x2256.

Adopted Budget: Includes estimated reserves for encumbrance carryforward from the previous fiscal year and full Council approved reserve/contingency established in the budget.

Adjusted Budget: Includes movement of estimated reserves for encumbrance appropriation to departments based on actual end-of-year encumbrances and Council approved contingency transfers. Reserves/Contingency appropriation cannot be spent from

NOTE: The total Adopted budget compared to the total Adjusted budget always equals when viewing **all** funds. When looking at the General Fund only, it is not uncommon for the amounts to differ. This is due to estimated carryforward appropriation, personnel adjustment appropriation or Council approved contingency transfers being moved to other funds, as directed by Council and authorized by the Budget Resolution.
