Chandler • Arizona

CITY OF CHANDLER

2011 – 2012 Consolidated Annual Performance Report

Mission

The mission of the City of Chandler Neighborhood Resources Division is to strengthen and enrich the community by providing high quality services and resources through:

- Educational programs
- Neighborhood revitalization
- Resident empowerment
- Promotion and celebration of diversity
- City code enforcement
- Subsidized housing assistance

What is the Consolidated Annual Performance Report (CAPER)?

As a recipient of federal funds from the US Department of Housing and Urban Development (HUD), the City of Chandler is required to publish an annual performance report detailing activities that took place during the most recent program year with those federal funds. The purpose of this report is to measure Chandler's success in meeting the priority needs, goals and strategies described in the City's 2010-2014 Five-Year Consolidated Plan.

FY 2011-2012 saw an increased focus on improving neighborhoods in the City of Chandler's low to moderate-income census tracts through the implementation of Community Development Block Grant (CDBG), Home Investment Partnership Program (HOME), and Neighborhood Stabilization Program (NSP) funded activities. CDBG funds were used to improve aging infrastructure through projects such as the installation of energy efficient street lights which significantly improved lighting quality in a broad CDBG designated area affecting several neighborhoods. Additionally, the CDBG funded Blight Elimination Program established a process to market the availability of federally funded rehabilitation programs to homeowners who are faced with code violations. The CDBG funded Blight Elimination Program also provided an option for owners of blighted properties in Chandler's low-mod Census Tracts. Efforts resulted in the demolition and removal of five vacant dilapidated structures in those neighborhoods. Simultaneously, HOME and NSP funds facilitated the acquisition, rehabilitation and resale of twelve homes to first time homebuyers in a number of these same areas, which served to continue stabilization and revitalization.

Chandler neighborhoods continue to benefit from the efforts of Mayor Tibshraeny and the City Council who support neighborhood improvement programs such as the expansion of the Traditional Neighborhood Academy and the implementation of "Neighborhood Connect", the first on-line community meeting for neighborhoods. In order to demonstrate how the City's programs and activities work together in carrying out our objectives, the annual performance report includes activities funded with non-federal funds.

CITY OF CHANDLER

2011 – 2012 Consolidated Annual Performance Report

EXECUTIVE SUMMARY

HOUSING

- Provided emergency home repairs for 70 low and moderate-income homeowners through a CDBG-funded nonprofit-managed program.
- Twelve first-time buyers bought homes assisted through the NSP1, and HOME funded Chandler Community Land Trust Program.
- Provided HOME and CDBG-funded housing rehabilitation for single family homeowners which resulted in: exterior improvements for 9 homes; moderate rehabilitation for 7 homes and ADA accessibility modifications for 2 households, improving the home's livability for their disabled occupants.
- Made improvements to Chandler Public Housing Stock, using CDBG funds that benefitted 56 families occupying Public Housing Units.

HOUSING AFFORDABILITY

- Provided Housing Choice Vouchers for 487 households.
- Operated 303 units of affordable public housing.
- Partnered with Newtown Community Development Corporation on the delivery of housing counseling and foreclosure prevention services in City offices, as well as the provision of 19 first time homebuyer classes for 289 participants.

NON-HOUSING COMMUNITY DEVELOPMENT

- Finalized Phase I of CDBG-funded street light upgrade resulting in the installation of 685 brighter, more energy efficient lights and a safer environment for low to moderate-income neighborhoods.
- Tracked progress of Chandler Christian Community Center's building expansion to increase food storage capability and operational space.
- Code Enforcement inspected 832 properties for blight in CDBG areas. 247 code enforcement cases were opened under the Blight Elimination Program. 23 vacant deteriorating structures were boarded and secured in low to moderate-income areas. Code also implemented the Voluntary Demolition Program, eliminating 5 vacant blighted structures.

HOMELESSNESS

- CDBG and Social Service Funding provided 18,897 bed nights of shelter for the homeless.
- CDBG, Social Service Funding and Youth Enhancement Program funding provided 6,125 bed nights of shelter for domestic violence victims.
- Social Service Funding provided referrals for 5,971 individuals.
- CDBG funds provided funds to 7 emergency and transitional shelter programs. These programs assisted 485 homeless individuals, families and victims of domestic violence.
- Collaborated on the MAG Homeless Committee regarding the Homeless Street Count, participated in the Project Connect event in July 2011, and hydration stations throughout the summer months.
- Through For Our City, a collaboration of local government, non-profits and faith-based organizations, developed the Chandler Homeless Advocacy Team to partner on programs that assist Chandler's homeless population.

SPECIAL POPULATIONS

- CDBG funds supported a program that provided 519 individuals with crisis care and medical detoxification in a substance abuse emergency.
- General Fund resources, funded:
 - ✓ Three programs that provided 57 victims of domestic violence with shelter and supportive services that allowed them to gain self-sufficiency.
 - ✓ Seven programs that provided 1,134 disabled youth and adults with various services.
 - ✓ Four programs that provided 883 seniors with assistance to meet their basic needs, including food, clothing and transportation.

ANTI-POVERTY AND HUMAN SERVICES

- Provided funds to assist 1,175 low-income Chandler residents with tax assistance through the Volunteer Income Tax Assistance Program (VITA).
- Operated the Chandler Public Housing Youth Program, which provided educational and skill building programs to encourage youth to become involved in positive activities, complete homework and participate with the Chandler Boys and Girls Club team sports. CDBG and General Funds benefitted 487 youth participating in this program.
- Provided 202 families with emergency financial assistance to prevent evictions and utility shut-offs through the Community Services of Arizona Community Action Program.
- The Child Crisis Center assisted 88 families through services such as foster care, adoption and emergency shelter programs. The Center's Resource Center operated a variety of activities such as play groups, children's anger management, active parenting classes, parenting a child with ADHD and baby care.
- Utilized CDBG funding to provide attorneys and legal advocates, at no cost, to resolve civil legal problems for 22 low-income Chandler residents through Community Legal Services.

LOCAL / LEVERAGE RESOURCES

- The Acts of Kindness program collected voluntary donations through the City of Chandler utility bill program and employee donations. The program allocated funds to 7 programs that collectively served 4,923 Chandler residents.
- The Social Services Fund committed funds to 14 programs that collectively served over 58,585 Chandler residents.
- The Youth Enhancement Program committed funds to 23 programs that served 36,011 youth and their families.
- The Veterans Transportation program committed funds to one agency that served our disabled and low-income military veterans and their families.
- Code Enforcement used General Funds to remove graffiti from nearly 2,000 locations within the City of Chandler. Other efforts included addressing 16 neighborhood nuisance cases such as dead tree removal and removing weeds. Nine property owners complied by abating these issues.

See the funding table on page 10 for a complete list of CDBG projects funded, amounts expended, and number of persons assisted.

CITY OF CHANDLER

2011 – 2012 Consolidated Annual Performance Report

HOUSING

CDBG and HOME Funding Assisted 144 Low and Moderate-income Households with Housing Rehabilitation, Emergency Home Repair Assistance and Public Housing improvements.

The City utilized CDBG and HOME funds for substantial housing rehabilitation, exterior improvements, ADA accessibility modifications, emergency home repair services and rehabilitation for public housing stock. These programs are operated by the City of Chandler with the exception of the Emergency Home Repair program.

- **Housing Rehabilitation Program:** provides substantial repairs such as electrical and plumbing systems, heating and cooling, roof repairs and other items that make a home dangerous or uninhabitable.
- **Exterior Improvement Program:** addresses roofing, painting, landscaping and other exterior elements that visibly impact the home and the neighborhood.
- **ADA Accessibility Program:** modifies bathrooms, doorways and other areas to improve accessibility for a disabled family member. **Emergency Home Repair Program:** assists with repairs that represent an imminent threat to health and safety such as roof leaks, plumbing leaks or HVAC repairs. This program was operated by a local non-profit.
- **Chandler's Public Housing Section** made exterior improvements at various public housing sites including bathroom upgrades and sewer clean-outs.

Accomplishments Housing Units	0-30% Very Low	31-50% Low	51-80% Moderate	\$ Spent
CDBG				
Housing Rehab				\$62,427
Exterior Improvements		4	5	\$176,457
Home Modifications- ADA	2			\$21,058
Emergency Home Repair	42	28		\$249,700
Public Housing Improvements	36	4	16	\$252,926
HOME				
Housing Rehab	1	1	5	\$311,027
Total	81	37	26	\$1,073,595

First-Time Homebuyer Programs

Newtown Community Development Corporation provided first-time homebuyer programs utilizing Neighborhood Stabilization Program (NSP) and HOME funds.

- **Chandler Land Trust:** The Community Land Trust provides a homeownership opportunity where the land is held in a community trust. The buyer purchases the improvements, making the home more affordable, especially for lower income homebuyers.
- **Down Payment Assistance (DPA):** \$10,000 in NSP funds provided 1 homebuyer with the additional financial assistance needed to ensure home affordability.

Accomplishments	31-50% Low	51-80% Moderate	\$ Spent
Land Trust, NSP 1		6	*\$502,767
Land Trust, HOME	2	4	*\$411,628
DPA, NSP 1		1*	\$10,000
Total	2	10	\$924,395

* Represents homebuyer that also participated in Newtown's Community Land Trust program and are included in the number served under the Accomplishments category of Land Trust HOME.

Public Housing and Housing Choice Vouchers

The Chandler Public Housing Authority (PHA) responds to the needs of extremely low income, low-income and moderate-income families. The Public Housing program and Section 8 program are designated by HUD as "High Performing." The City's PHA manages 303 public housing units and 487 Housing Choice Vouchers. In addition, the Housing and Redevelopment Division operates 4 scattered-site senior homes in gated, designated adult communities as a non-federal affordable housing venture.

Two-thirds of the City's 303 public housing units are more than 40 years old. While overall management and capital improvement of these apartments is well-implemented, CDBG funding is a crucial resource to assist with renovation and maintenance issues that cannot be addressed with current funding.

CITY OF CHANDLER

2011 – 2012 Consolidated Annual Performance Report

2011 Housing Goals

- Increase homeownership through first-time homebuyer and down payment assistance programs.
- Increase the quality of owner-occupied housing through rehabilitation assistance to low and moderate-income households.
- Increase the habitability of owner-occupied housing with emergency home repair assistance.
- Increase the supply of affordable owner-occupied housing and permanent affordable rental housing through acquisition of existing housing stock that is sold or rented to low and moderate-income households.
- Preserve affordability of decent, safe and sanitary rental housing through the Housing Choice Voucher Program.
- Increase the supply of affordable housing stock by continuing to partner with agencies to acquire and rehabilitate housing for purchase and/or rental.
- Assist homeowners at risk of foreclosure by partnering with nonprofit housing counseling agencies to provide foreclosure prevention services in Chandler.

NOTE: Chandler is a member of the Maricopa HOME Consortium. Chandler's housing, homeless and special needs activities are officially planned and reported through the Consortium. Activities are presented here to portray a complete description of Chandler's activities.

CDBG PUBLIC SERVICES ACTIVITIES - HOMELESSNESS

Addressing the needs of homeless families and individuals is a high-priority of the City as identified through a 2007 Human Services Needs Assessment. During the program year, the City provided CDBG support to seven nonprofit organizations that offer shelter and services to homeless individuals and families and victims of domestic violence. In addition, the City actively participated in the Maricopa Association of Governments Continuum of Care; the annual regional homeless street count; Homeless Connect project; and hydration stations during the summer months. Additional shelter and services were funded with leverage resources from the City's general fund, described on pages 20 through 25.

Public Services Activities/Homelessness

- **A New Leaf - La Mesita Family Homeless Shelter** is the only emergency shelter in the East Valley that delivers comprehensive services in a single location for homeless families with children. The shelter provided 31 Chandler families with emergency shelter and case management services. Families may stay at the shelter up to 120 days.
- **A New Leaf - The East Valley Men's Center** provides the only beds for single, adult, homeless men in the East Valley and served 15 homeless Chandler individuals. EVMC maintains 84 shelter beds in a highly structured environment that requires each resident to remain sober, save money and make progress towards achieving self-identified goals for economic and social self-sufficiency. EVMC's unique program is free and predicated on each resident finding and keeping gainful employment; and making a commitment to stay in the program and get off the streets.
- **Labor's Community Service Agency** – Transitional Housing provided monthly utility costs for 5 Chandler families occupying transitional housing units. The transitional housing program assists homeless families to address their social and financial responsibilities through comprehensive case management. These services are designed to move the family from homelessness to permanent housing. Families in transitional housing work toward self-sufficiency during the year, upgrading or maintaining long-term employment and children moving up a grade level.
- **Save the Family Homeless Families Intervention** provided housing and case management to 32 Chandler families. The goal of the program is to move previously-homeless families towards self-sufficiency and permanent housing. Clients work toward their self-sufficiency goals while maintaining full-time employment criteria necessary to fulfill their self-sufficiency goals.

CITY OF CHANDLER

2011 – 2012 Consolidated Annual Performance Report

- **Central Arizona Shelter Services** – The Adult Shelter provided an estimated 225 homeless Chandler adults with emergency shelter and supportive services.
- **Save the Family FACES Program** provided intervention education services necessary to Chandler families for successful transitioning from homelessness to permanent housing. FACES served 32 transitioning families.
- **The UMOM New Day Shelter** provided Chandler families with emergency shelter services. In addition to shelter and program services, UMOM staff provided case management, counseling and childcare to 10 homeless individuals.

2010 Homeless Goals & Accomplishments

The City of Chandler made significant progress in addressing homeless goals. Chandler's success is reflected in the following:

- Supported prevention and education programs that provide financial and case management assistance to those facing homelessness.
- Provided financial and technical support to programs that provide emergency and transitional shelter for homeless individuals and families and victims of domestic violence.
- Supported regional MAG Continuum of Care activities to serve the homeless including the Chandler Project Connect event in July, 2011, and hydration stations during summer months.
- Prioritized funding and support to the homeless population as identified in the city wide Human Services Needs Assessment, cited as the second highest priority population category.
- Collaborated with MAG Homeless Committee on analyzing, revising, and improving future Homeless Street Counts.
- Partnered with the faith-based community, homeless advocates, service providers and other volunteers to create the Chandler Homeless Advocacy Team (CHAT) to combine resources in order to offer additional services to Chandler's homeless population.

CITY OF CHANDLER

2011 – 2012 Consolidated Annual Performance Report

PUBLIC SERVICES ACTIVITIES/NON HOMELESSNESS AND SPECIAL POPULATIONS

CDBG Public Services – Non Homeless and Special Populations

During the 2011-12 Program Year, the City allocated 15% of its CDBG funding for public services activities. In addition to shelter and services for the homeless and City-operated resource and referral programs, the City utilized CDBG funding to support 3 programs to meet the needs of poverty-level households and special populations.

- **City of Chandler Housing Afterschool Program** – Provided afterschool and daily recreation programs for 487 youth residing with their families in public housing. The Chandler Boys and Girls Club partnered with the Housing Youth Program, utilizing the recreation room as an official clubhouse. A Club leader worked with the housing staff to provide programming and activities. An annual Family Fun Fest was one of those activities – providing residents an opportunity to meet their neighbors. Additionally, field trips to local points of interest, special site events, youth team sports and arts and crafts were provided which enhanced recreation services.
- **Community Legal Services** – Legal Advocacy for Low-Income Chandler Residents provided free legal advice. Attorneys and legal advocates worked to resolve civil legal problems for 631 low-income Chandler residents. Services included self-resolution instruction, document review, advice clinics and direct representation. The program assisted residents with a variety of legal issues including consumer/finance, family law, health, housing, income maintenance and education.
- **Community Bridges Inc.'s (CBI)** – Mobile outreach program provided call responses from Chandler's police and fire department, 24 hours a day, 7 days a week. CBI's mobile outreach team, including an EMT and a peer support specialist who responded to each call and attempted to engage and assess the participant. Assessment results were discussed with a Triage RN at CBI's facility to determine if the patient should be transported. 443 patients were transported to CBI's new Access Point /Transition Point facilities which opened in March, 2012. Both facilities provide 24/7 support for individuals experiencing a behavioral health crisis and helps individuals who need more than 23-hour crisis stabilization. Access Point provides a front door to the behavioral health system offering assessment for on-going services, brief intervention and coordination of care through contracted network providers. Transition Point provides level III time – limited residential stays of 3 to 5 days for individual adults who need targeted overnight support, medical detoxification or planning for transition back to the community.

2011 Human Services and Anti-poverty Goals

To arrest further economic decline and assist households in crisis, funding was directed to human services intervention and prevention strategies to meet the basic needs of Chandler's low and moderate-income households:

- Food and clothing.
- Emergency and transitional shelter with services.
- Crisis assistance to move through personal and systemic barriers.
- Credit and housing counseling.
- Job skills development programs.
- Asset-building strategies.
- Assistance navigating social and economic systems.
- Physical and mental health services.
- Eviction and foreclosure prevention programs.
- Rental assistance.

CITY OF CHANDLER

2011 – 2012 Consolidated Annual Performance Report

Addressing Underserved Needs

In addition, the City has staffed a faith-based coalition named "For Our City" which partners with local nonprofits to meet community and nonprofit needs. There are approximately 100 faith-based organizations that help identify gaps in community services and help provide assistance to meet those gaps.

The City of Chandler participated in the Chandler Project Connect event in July, 2011 held at Chandler Christian Church. The project focused on people experiencing homelessness and those at risk of homelessness by providing meals, basic needs, and social service resources such as birth certificates, and access to apply for food stamps, disability, veterans, and medical benefits. There were 253 people in attendance, with 80 children represented not in attendance, and 55 people were identified as Chandler residents.

Addressing the Needs of Poverty-Level Households

In addition to CDBG-funded activities, the City endorsed several actions to address obstacles toward meeting the needs of poverty-level households. For example, Chandler partnered with Community Services of Arizona, CARE Center, Sun Lakes Country Club and First Credit Union to provide the Volunteer Income Tax Assistance (VITA) program. The program provided free income tax assistance and banking resources to assist low-income persons with obtaining eligible Earned Income Tax Credits. Chandler's VITA program utilized 47 volunteers who donated 2,130 hours and assisted more than 1,175 residents in filing their tax returns which resulted in \$1,412,305 in refunds.

Under a Mayor's initiative, Neighborhood Services staff facilitated the development of the Traditional Neighborhood Academy, part of a planning process which expanded leadership training for non-HOA neighborhoods, previously, available only for HOA neighborhoods. Non-HOA neighborhood leaders were connected with resources to enhance community livability. In addition, the City requested that the non-profit Live Love serve as mentors to these leaders. As a result, on Live Love Day, April 21, 2012, more than 800 volunteers completed 110 projects in Traditional Neighborhoods, many of which are located in Chandler low to moderate-income census tracts. Projects on Live Love Day included neighborhood cleanups, exterior painting of residences, landscape installation and maintenance.

Additional human services activities and programs are described on pages 22 through 27. The activities and programs assisted the City's most vulnerable individuals and families. The City is committed to implementing broader-based goals that utilize and leverage local resources effectively.

Foreclosure Prevention and Housing Counseling Efforts

The City of Chandler and Newtown continued their partnership to provide foreclosure prevention counseling through Newtown's certified counselors in FY 2011-2012. Each Wednesday a counselor from Newtown holds office hours in the Neighborhood Resources Office in Chandler to meet with individuals facing foreclosure. In addition, Newtown meets with their first time homebuyer clients in the City's office space to provide enhanced customer service to their clients.

CDBG Program Expenditure Summary

FY 2011-12 Entitlement	FY 2011-12 Program Income	Prior Year Balance	FY 2011-12 Total Revenue	Expenditures	Balance
\$ 1,269,874	\$ 14,250	\$ 1,483,943	\$2,768,067	\$ 1,680,337**	\$1,087,730 **

CITY OF CHANDLER

2011 – 2012 Consolidated Annual Performance Report

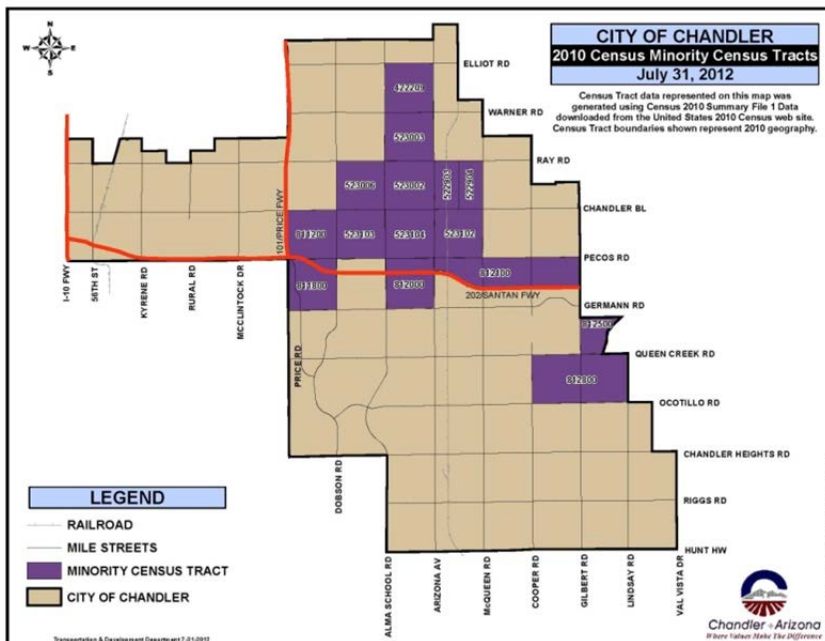

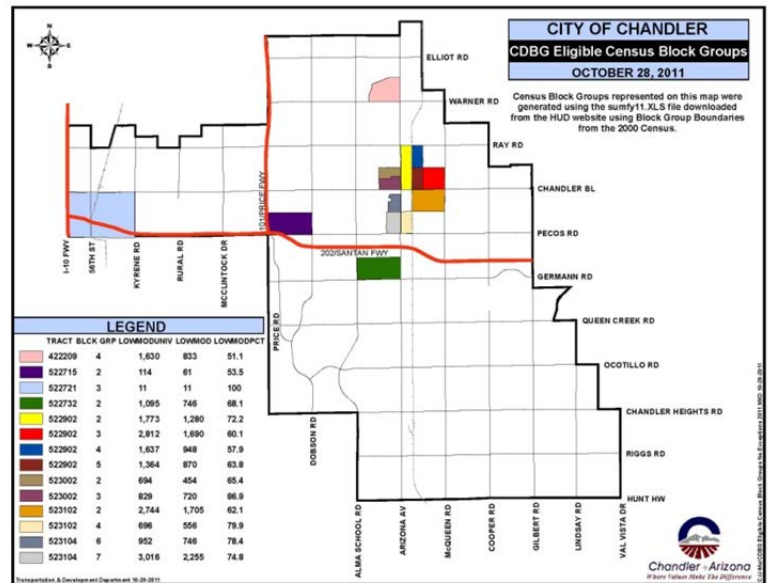

GEOGRAPHIC DISTRIBUTION OF ACTIVITIES

Community Development Target Areas

There are fourteen Community Development Target Areas in Chandler. Community Development Target Areas are Census Tract Block Groups where at least 51% of the population is low- or moderate-income.

- 19,367 households reside in these target areas.
- 57% of the people are Hispanic or Latino.
- 48% of the people are minorities, and may also be Hispanic or Latino.
- 70% of households are low or moderate-income.

During 2011-2012, the Moderate Rehabilitation, Exterior Improvement and Home Modification Programs were available throughout the City including the Target Areas. No projects or programs were funded exclusively in the Target Areas. CDBG and HOME funded housing rehabilitation and Emergency Home Repair assistance was provided to 36 owner-occupied households in the Target Areas, improving the quality of life for area residents.

Areas of Minority Concentration

Areas of minority concentration are those in which the proportion of minorities is 10% or more than the proportion of minorities as a whole. According to the 2010 Census, the total percentage of minorities as a whole is 26.7%. Consequently, those areas with a minority population of more than 29.37% are areas of minority concentration in Chandler. According to the 2010 Census, 15 Census Tracts meet the definition of areas of minority concentration. A portion of eight of the fifteen Census Tracts are areas where at least 51% of the population is predominantly low to moderate-income.

CITY OF CHANDLER

2011 – 2012 Consolidated Annual Performance Report

GEOGRAPHIC DISTRIBUTION OF ACTIVITIES

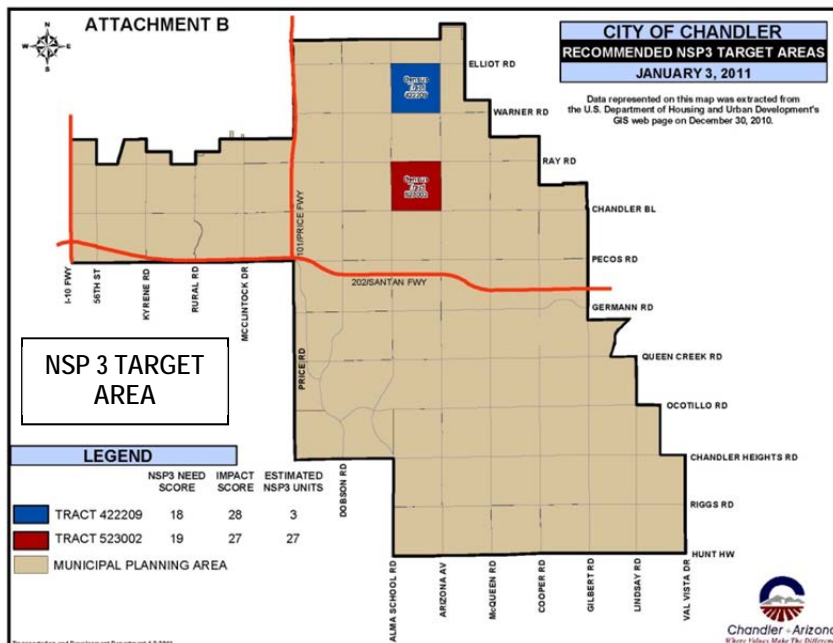

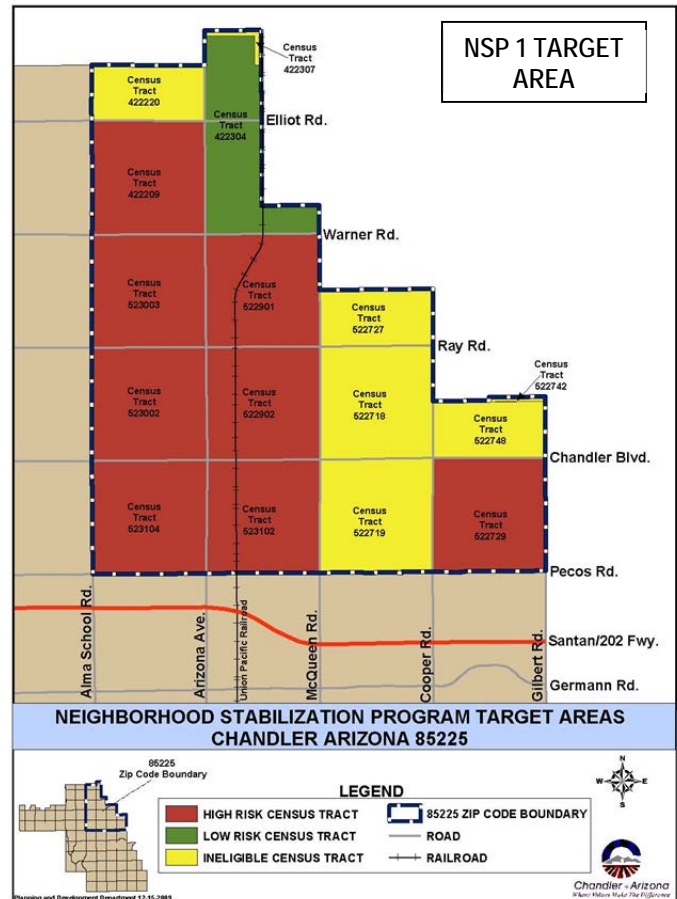

NSP 1 Target Area

The Target Area for NSP 1 was quite broad including most of Chandler's 85225 zip code. The NSP 1 Target Area map illustrates that most of this area is identified as a high-risk. NSP 1 funds used specifically in this area resulted in a total investment of more than \$2 million in funds through June, 2012. The funds were used by nonprofit organizations to purchase and rehabilitate foreclosed homes.

Since the program's inception, 6 homes were purchased by Affordable Rental Movement (ARM) of Save the Family. These homes have been made available to working poor families. The homes are managed by ARM, providing long-term stability for the neighborhoods where the homes are located.

Six homes were purchased by Newtown CDC for use in their first-time homebuyer program. After the homes are rehabilitated, they are sold to income eligible first-time homebuyers using the community land trust model of homeownership. The Chandler Community Land Trust holds the land in trust, allowing the homeowner to purchase the home built on the property. This makes homeownership more affordable for these moderate-income homebuyers. Newtown will continue to service the affordability of these units through a ground lease for a 99-year period.

Both of these programs purchased vacant, foreclosed homes that were a blight within the community and revitalized the homes into housing that will enhance long-term neighborhood stability.

NSP 3 Target Area

The HUD Mapping tool and process for determining Target Areas for NSP 3 required the City to focus its efforts and outcomes in a more concentrated area compared to NSP 1. The NSP 3 map to the left illustrates these areas and the number of homes expected to be purchased in each area, representing a total NSP 3 investment of \$1,332,011.

Chandler's NSP 3 activities include Newtown's Acquisition/Rehabilitation/Resale Community Land Trust program as well as a Homebuyer Assistance program for first-time homebuyers. Save the Family's Affordable Rental Movement will purchase vacant foreclosed properties located within a small target area for redevelopment that will create new rental housing units.

CITY OF CHANDLER

2011 – 2012 Consolidated Annual Performance Report

Fair Housing

The City of Chandler is committed to fair housing for all. As part of Chandler's five year planning process, the City created a new Analysis of Impediments (AI) to Fair Housing Choice in 2010.

The following activities took place during April, 2012 to publicize Fair Housing Month and promote fair housing in Chandler:

1. Council Proclamation during a regular City Council meeting;
2. Information on the City website promoting Fair Housing;
3. Two public service announcement slides on the city cable channel;
4. Housing staff sent out 78 notices announcing a Fair Housing workshop presented by AZ Fair Housing Partnership on April 11, 2012 from 9 to 2 pm in Phoenix AZ;
5. Provided fair housing information;
6. Through the City's Community Development and Public Housing/Section 8 webpages for tenants, homebuyers and landlords;
7. In English, Spanish and other languages on the Public Housing / Section 8 website;
8. Via an informational video demonstrating discrimination examples and characteristics;
9. Publicized and attended a regional fair housing training event;
10. Provided space at City offices for HUD Certified Counselors to assist residents with becoming a homebuyer and with foreclosure prevention issues;
11. Supplied public housing and Section 8 recipients copies of *Fair Housing, It's Your Right, Ten Most Common Mistakes* and a City fair housing complaint form, both of which were included in all briefing packets; and
12. Provided referrals to customers who think they may have been discriminated against.

Lead-Based Paint Activity

The City of Chandler has taken actions to evaluate and reduce lead-based paint hazards. Although only 3% of the total housing stock in the City of Chandler is at risk of lead-based paint, the City educates and provides information to all recipients of federally funded housing programs on the hazards of lead based paint.

All recipients of federally funded programs receive a copy of the manual, "Protect Your Family From Lead Based Paint."

All rehabilitation programs or projects that involve housing units constructed before 1980 include lead hazards testing and abatement in accordance with HUD's Lead Based Paint Regulation 24 CFR Part 35 et, al.

Educational materials on lead-based paint are available at the Community Development Division and Public Housing Office.

Outreach to Minority and Women-Owned Businesses

As stipulated by HUD Regulation 24 CFR Part 84, the City of Chandler includes contract language, requiring developers to ensure a good faith effort to involve minority and women-owned business as contractors and subcontractors in federally funded projects. The City of Chandler includes the Minority and Women-Owned business outreach requirements in all applicable contract language with sub-recipients. Sub-recipients forward flyers, Request for Proposals and other program documents to specific minority and women-owned business organizations. The City provides sub-recipients with technical assistance to locate specific minority and women-owned business organizations depending upon the type of outreach efforts conducted.

CITY OF CHANDLER

2011 – 2012 Consolidated Annual Performance Report

Monitoring

The primary intention of monitoring is to ensure sub-recipients are complying with all Federal and City regulations governing their administrative, financial, and programmatic operations; while making sure performance goals are achieved on schedule and within budget. The City is responsible for managing the day-to-day operations of grant and sub-grant supported activities; providing technical assistance and dialogue to ensure the successful delivery of important resident services. This oversight proved essential during FY 2011-12, especially for nonprofits severely impacted by the economy and budget cuts. Agencies were periodically monitored for compliance utilizing a variety of sub-recipient auditing methods. The City of Chandler also conducts internal departmental audits to ensure funds are properly utilized and accounted for. Below is a partial list of Federal requirements that are reviewed as part of an on-going comprehensive monitoring plan:

- Organizational Capacity
- Compliance with Contract Requirements
- Affirmative Marketing
- MBE/WBE Outreach
- Non-Discrimination and Equal Access
- Section 504 of the Rehabilitation Act of 1973
- Drug Free Workplace
- Records Retention
- Employee Verification
- Financial Audits and Reports
- Internal Controls
- Accounting Records
- Match (for HOME-funded activities)
- Program Income Tracking
- CHDO Proceeds (for HOME funded activities)
- Environmental Review
- Procurement
- Section 3
- Federal Labor Standards
- Housing Rehabilitation Standards
- Lead Based Paint Hazards
- Relocation
- Affordability (for HOME funded activities)
- Program Beneficiaries
- HPRP Supplement

The City will build on its efforts to assist partner agencies achieve their goals and improve community services through frequent technical assistance, mandatory, Pre-Contract Orientations, training and on-going dialogue. In addition, City staff, HHSC and volunteers will continue to tour agencies and services for insight into community needs, specific agency operations, successes and challenges, and to ensure that allocated dollars are invested in activities as proposed by partner agencies.

Citizen Participation Plan

The City of Chandler's Citizen Participation Plan follows the regulations applicable under submittal requirements at 24 CFR 91.105. For 2011-12, the City will hold one public hearing and welcomes public comments.

The public hearing meeting will be held:

- August 16, 2012 in the Chandler City Council Chambers.

The public hearing will be announced through an advertisement in the Arizona Republic and posted in public locations including the City Clerk's office, the Neighborhood Resources Division office and at the main branch of Chandler Public Library.

The Notice includes meeting location; date, time, key staff contacts, lists the topics to be considered and provides the beginning and ending dates of the 15-day comment period. In addition to welcoming comments at the public hearing, citizens are invited to submit their comments in writing. The notice also includes locations where the draft CAPER will be available for review including the City's website at www.chandleraz.gov/communitydev, the Neighborhood Resources Division's office and at the Chandler Main Library. Additional information is included outlining the request process for citizens who need accommodations for a disability.

Comments received during the public comment period will be incorporated into this document. See page 32 (Attachment 4) for a summary of comments received regarding the 2011-12 CAPER comment period.

Overcoming Regulatory Barriers

The City has closely examined methods to reduce regulatory barriers to affordable housing development. One important strategy identified methods for incorporating affordable housing into downtown and area redevelopment plans.

The City established a goal of 1,000 new housing units in the downtown area through the South Arizona Avenue Corridor study. The goal introduced a mix of households to the downtown area, and created a vibrant urban-living environment. Streetscape improvements to Arizona Ave. were finalized in 2011-2012. Continued improvements, in the corridor, will address blight conditions in the area.

Balancing the need to redevelop existing neighborhoods is an opportunity to examine regulatory barriers and build new strategies for mixed-income and mixed-use development.

Over the last few years, Habitat for Humanity Central Arizona has supplied modern, energy-efficient homes in some of the city's older neighborhoods just south of downtown. The City Council approved loans for Habitat in 3 installments for the purchase of property to build 5 homes within 3 years of each installment. The loans were forgiven when Habitat fulfilled the condition of completing the homes within the applicable time limits.

Homes built to Green Building Council LEED (Leadership in Energy and Environmental Design) standards were also eligible for infill incentives. Energy Star-rated homes were eligible to receive a 50 percent reimbursement in impact fees while LEED-certified homes qualified for a 100 percent impact-fee reimbursement. As a result 15 homes were built and sold to qualified buyers. Most of the homes are located along Delaware Street south of Frye Road, Fairview and Kesler streets near Arizona Avenue, and Dakota Street south of Frye Road.

CITY OF CHANDLER

2011 – 2012 Consolidated Annual Performance Report

PERFORMANCE MEASUREMENTS

Performance Measurement System

As part of the performance measurement system, the City requests sub-recipients to include a performance measurement strategy in their funding proposals. The strategy quantifies the long-term and short-term goals, activities, outputs and outcomes for goal achievement. The methodology requires sub-recipients to demonstrate the services proposed will enhance the lives of clients residing in the City. In addition to requesting client demographics and including individuals and households projections, the City requests annual unit-of-service projections.

The City requires sub-recipients to provide quarterly updates, demonstrating levels of accomplishment toward meeting the original goals and objectives outlining the outputs and activities. The quarterly report measures project achievements applicable to projected outcomes, clients/households served and units-of-service. During the monitoring process, City staff evaluates program year-to-date achievements versus projected achievements. The quarterly monitoring assessment assists in determining and mitigating any unforeseen barrier/challenge developments.

During this program year, the City measured its progress associated with housing, community development and related goals established in the Five-Year Consolidated Plan. In addition to the City's progress, nonprofit and private-sector organizations implement activities that address Consolidated Plan needs. When organizations are seeking resources that require a Certification of Consistency with the Five-Year Consolidated Plan, the City reviews the organizations' program or project, and then issues a Certification.

CITY OF CHANDLER

2011 – 2012 Consolidated Annual Performance Report

Addressing High Priority Housing Needs

Chandler's Five-Year Consolidated Plan estimated unmet housing needs for high-priority population groups. The highest priority needs are associated with all residents that earn less than 30% and renters that earn less than 50% of the Area Median Income. The table below compares Chandler's Annual Goals with 2011-12 accomplishments. The City of Chandler surpassed annual goals in the majority of categories.

PERFORMANCE MEASUREMENTS

Addressing Priority Non-Housing Community Development Needs

The City identified 2 types of public facilities, 11 public service activities, 2 Economic Development activities and 2 Administration and Planning activities as a high priority in the Five-Year Plan. The Plan also identified medium-level priorities. During 2011-2012, the City expended CDBG funds on 3 public facility projects, 1 street light project and provided 53 public services. The City made progress toward the Five-Year Plan's goals and helped meet the needs of Chandler's low and moderate-income residents. General Fund resources targeted low and moderate-income populations and leveraged CDBG funding to significantly impact needs as detailed on pages 22 through 27.

CITY OF CHANDLER

2011 – 2012 Consolidated Annual Performance Report

PERFORMANCE MEASUREMENTS

Addressing the Housing and Supportive Services Needs of Special Populations

Special needs populations are particularly vulnerable and experience a host of housing and supportive service concerns. The City addressed housing needs by facilitating home modification and housing rehabilitation programs for special populations. Housing and supportive services activities provided by or funded by Chandler addressed the needs of 8,012 (unduplicated) special needs individuals during the program year. The General Fund resource investment targets vulnerable populations and leverages CDBG funding to maximize program impact for the City's special needs population as detailed on pages 22 through 27.

Table 6 – Progress Towards 2010 – 2014 HUD Consolidated Plan Special Populations Needs					
	Population	Goals		Accomplishments	
		5-Year Plan	Annual	2011-2012	% of Annual Goal

CITY OF CHANDLER

2011 – 2012 Consolidated Annual Performance Report

Program Income

During 2011-2012, the City received program income from its housing rehabilitation programs:

- CDBG-funded activities - \$14,250
- HOME-funded activities - \$37,493
- The City has 45 outstanding loans that require repayment of principal.
- The outstanding principal amount of these loans is \$421,522.

The City of Chandler offers 3 housing rehabilitation programs to assist low and moderate-income Chandler residents improve their living conditions and enhance the condition of the surrounding neighborhood including: The Moderate Rehabilitation; Exterior Improvement Loan; and Home Modifications for Persons with Disabilities Programs. Program income is received by these programs through payments, from loans repaid to the City or when a home is sold or transferred prior to the forgiveness period. The City has 77 outstanding loans that may be forgiven in whole or in part over the next 15 years. The outstanding principal amount of these loans is 2,378,856.

During FY 2011-12, the City conducted a comprehensive review of program guidelines and made revisions to increase program accessibility for income-eligible applicants while ensuring clients don't under-utilize their own assets as a source of income to rehabilitate their own home. For example, the Moderate Rehabilitation Program guidelines previously required the maximum Loan To Value (LTV) ratio not exceed 90% of the total value of the home, which includes the first mortgage lien and the rehabilitation loan amount combined. Recognizing the depreciation of current housing values, guidelines were revised to limit the LTV at 100% and in limited circumstances, 110% when the homeowner can demonstrate long term stability and creditworthiness.

Participants in the City's Moderate Rehabilitation Program receive a zero interest loan of up to \$50,000, partially forgiven over the life of the loan. Payment terms of up to 15 years are determined by the loan amount and family's household income. A family with a household income of 51% - 80% Area Median Income (AMI) will repay 50% of the total loan. Households with an income of 31% - 50% AMI will repay 25% of the total loan amount. Households whose income is 30% or less are not required to make payments on their housing rehabilitation loans. If the family meets all of the loan requirements, the loan is forgiven at the end of the loan term. These deferred loans are secured and carry other program restrictions. A loan may be assumed by a direct lineal descendent in the case of a borrower's death or incapacitation. If assumed, the terms and conditions of the original loan remain in place and the property must remain owner-occupied.

Any loan will be due and payable in full if the property is sold, transferred or rented during the loan term. If the owner sells or moves out of the home before the loan is entirely forgiven or paid off, the loan balance including both the forgivable and payable portions of the loan must be repaid to the City before the lien will be released.

Minimizing Displacement

City staff works with all programs and projects to identify alternatives to activities that may cause displacement. To minimize displacement and relocation, the City follows a written Residential Anti-Displacement and Relocation Assistance Plan. The policy states that the City of Chandler will make reasonable efforts to ensure that activities undertaken with CDBG and HOME program funds will not cause unnecessary displacement. The City administers the CDBG, HOME and NSP Programs so that careful consideration is given during the planning phase to avoid displacement. For example, the first-time homebuyer programs are restricted to acquiring homes that are vacant or are a voluntary sale by the owner-occupant. Non-voluntary displacement, of any nature, is reserved as a last resort when no other alternative is available and the activity is determined necessary to carry out a specific goal or objective that benefits the public.

CITY OF CHANDLER

2011 – 2012 Consolidated Annual Performance Report

RECOVERY ACT PROGRAMS

Community Development Block Grant – Recovery (CDBG-R)

On August 18, 2009, the City of Chandler received notification from HUD of \$376,240 available under the Community Development Block Grant Program Recovery (CDBG-R) Program. The funds were part of \$1.5 billion designated for this purpose by Title XII of the 2009 American Recovery and Reinvestment Act (Recovery Act).

The City identified the Knox Road Traffic Calming Project as the CDBG-R Recovery Act Fund Project. Work commenced on the Knox Road Traffic Calming Project in, May 2010. Work included the installation of median islands, a raised crosswalk with decorative pavers, enhanced landscaping, improved catch basins, ADA accessible ramps and driveways and other improvements. The project was finalized in the spring of 2011. In this quarter, final punch list work, which consisted of installation of a final drainage channel to facilitate the flow of storm water and maintain the historical flow patterns was completed. This final phase of work was necessary to improve drainage at Knox Rd. and Evergreen Street. Construction is now complete.

Through June 30, 2012, the total number of jobs created on the project equaled 17.37 full time equivalent positions (FTEs).

Neighborhood Stabilization Program NSP-1

In 2008, the City of Chandler received Neighborhood Stabilization Program, or NSP 1 funds from HUD in the amount of \$2,415,100. Chandler's NSP 1 activities include funding for Newtown Community Development Corporation to acquire/rehabilitate and resale foreclosed housing units under their Community Land Trust Program, as well as funding for Newtown for housing counseling for their clients, and a down payment assistance program.

In addition, the Affordable Rental Movement (ARM) of Save the Family was awarded funding to acquire and rehabilitate six housing units to be added to their permanent affordable rental housing program. The City of Chandler established a Land Bank area and designated NSP 1 funding for activities associated with the Land Bank including acquisition and demolition costs, as well.

In the spring of 2011, the City analyzed the status of these projects and in a desire to expend funds prior to the expenditure deadline, made the decision to reallocate funds from projects which were not expending funds, to those that were. Funds for the reallocation were taken from the Land Bank acquisition and demolition programs as no foreclosed properties were able to be purchased in the Land Bank area during the grant term.

Through this reallocation, Newtown's acquisition/rehabilitation/resale program was awarded an additional \$143,800 in funds for their program and an additional \$4,500 for down payment assistance. It is anticipated that an additional one to two houses can be acquired by Newtown using the allocation and one additional family can be provided down payment assistance.

In the 2011-2012 year, Newtown acquired, rehabilitated and resold six homes to first time home buyers. In addition, they provided down payment assistance to one buyer. ARM of Save the Family concluded their activities funded with Chandler funding in 2011. In terms of administration, a great deal of staff time was spent in developing revised grant agreements and monitoring and processing sub-recipient payments.

Homeless Prevention and Rapid Re-Housing Program (HPRP)

In 2009, the City of Chandler received \$575,271 in Homeless Prevention and Rapid Re-Housing Program funds (HPRP) from HUD. The program is designed to address the growing homeless population specifically created by the recession. This targeted population consists of people who were historically economically stable, but had suffered job loss or a similar sudden economic shock. This population is more likely to regain employment, and as a result, HPRP assistance has a strong temporary focus.

In October of 2009, the City contracted with eight nonprofits to provide HPRP assistance to Chandler residents. As of June 30, 2012, 100% of Chandler's total HPRP allocation was expended. These expenditures have assisted 841 individuals and 307 households.

The 9 non-profit agencies that participated in Chandler's HPRP funding expended the majority of their funding on homeless prevention activities. However, in the final reallocation of funds, Chandler specifically requested that the funds be reallocated to agencies who could offer rapid re-housing assistance to homeless individuals and families. Through this reallocation process, 6 homeless families were housed and are now benefiting from case-management services and more stable housing conditions.

The City of Chandler appreciates having the opportunity to receive and award HPRP funding to non-profits serving homeless and near-homeless, especially during the economic downturn. The ability to utilize and refer individuals and families to this resource during the past 3 years has helped to stabilize many during this time.

CITY OF CHANDLER

2011 – 2012 Consolidated Annual Performance Report

NSP-3

Chandler was awarded \$1,332,011 in NSP 3 funds in 2011-12. Funds were allocated to:

- Homebuyer Program - Community Land Trust-Acquisition/Rehabilitation/Resale Program	\$492,447
- Homebuyer Program Assistance	\$200,000
- Permanent Affordable Rental Housing	\$419,643
- Chandler Land Bank Program	\$150,000
- Program Administration	\$ 69,921

HUD approved the City's Action Plan for NSP 3 in March of 2011. In June of 2011, City Council approved sub-recipient agreements for Newtown and ARM's activities. Following the approval of the agreements, staff was made aware of HUD's guidance regarding defining developers, sub-recipients and contractors and learned that the Sub-recipient Agreement with Newtown for NSP 1 and NSP 3 was required to be split into separate agreements based on activity. Through the balance of 2011-2012, staff worked with Newtown and a technical assistance provider funded by HUD to develop five separate agreements to appropriately contract with Newtown for their NSP activities. All Newtown NSP 1 funded agreements have been revised and approved and the Home Buyer-Down Payment Assistance Program has been approved for NSP 3. Staff anticipates that Newtown's Developer Agreement for NSP 3 will be approved by mid-August 2012.

As Newtown's Home Buyer Program Subrecipient Agreement has just recently been approved and their Developer Agreement has yet to be approved, Newtown has not yet begun to expend funds for these activities although they have continued to build a pipeline of first time homebuyers who are waiting for funds to become available. ARM of Save the Family has begun searching for properties to purchase and expect to acquire several over the summer months.

CITY OF CHANDLER

2011 – 2012 Consolidated Annual Performance Report

SOCIAL SERVICES FUNDS (SSF)

Since 1987, the City of Chandler has reserved a portion of General Funds for allocation to social services agencies whose programs assist Chandler's low- and moderate-income families. Funding is available to nonprofits that serve Chandler residents and provide basic needs (food, shelter, medical services and clothing) and transportation services. During 2011-2012, the City allocated \$428,965 to 14 social service programs that serve low-and-moderate-income residents.

A New Leaf, EMPOWER Program

The EMPOWER program focuses on men and women ages 18-25 who are in danger of homelessness or who are homeless, therefore, the overall number of clients served by the program is increasing. Services include transitional housing and outreach support including assistance to gain employment, complete education, and find sustainable and safe housing.

Funds Expended: \$9,000

Clients Served: 8 Chandler Residents

About Care, Inc.: Volunteer Support Services for Chandler's Homebound

About Care is a volunteer-run program that enables Chandler residents to remain independent in their homes with dignity and an improved quality-of-life. Services provided include: transportation, shopping/errands, minor home repairs, personal business help, friendly visits, reassurance phone calls, respite and information and referral.

Funds Expended: \$22,000

Junior Achievement of Arizona

JA BizTown teaches children concepts of business, economics, entrepreneurship, citizenship, character and ethics via classroom and hands-on simulation. Children learn basic money management skills such as having a checkbook, making deposits and withdrawals, spending and saving. In addition, students develop a resume, interview for a job, create business plans, elect a Mayor and learn about jobs available in BizTown. The classes culminate with a day-long simulation where students apply the skills learned.

Funds Expended: \$24,500

Clients Served: 490 Chandler Youth

Si Se Puede: Education Program

This program has two components: 1) The college readiness program that includes a workshop for parents and students on applying for college scholarships. An 11-week long boot camp provides life skills training and a support system for college and home. 2) The robotics program is a 12 month program of weekly classes plus weekend, intersession, and summer session events to design, build, and program robots, plus math and science camps.

Funds Expended: \$15,000

Clients Served: 81 Chandler Youth

Southwest Human Development: Fussy Baby Program

The Birth to Five Helpline/Fussy Baby program provides toll-free helpline for parents/caregivers of children birth to 5, offering individualized support, resources, and home visits on a full range of early childhood topics. One aspect of this program is the long-term support provided through Healthy Families.

Funds Expended: \$5,000

Clients Served: 215 Chandler Youth

The Salvation Army: After-School Day Camp

The program provides after-school, intersession and summer camp programs for low-income Chandler youth. The program provides assistance with homework, a hot meal, character building activities, recreational activities, music classes and art classes. The programs provide outreach to the youth and a support to their parents at no cost.

Program Funds: \$10,000

Clients Served: 199 Chandler Youth

ACTS OF KINDNESS (AOK)

The Acts of Kindness program is funded through a voluntary \$2.00 contribution on monthly utility bills and voluntary employee contributions. No funds are retained for administrative costs. Therefore, every dollar donated is contributed to the community to help individuals and families in need. Nonprofit agencies providing essential services such as food, shelter, clothing, medical services and transportation to Chandler low-income citizens are eligible to apply for Acts of Kindness program funds. During 2011-2012, the City allocated \$63,049 to 7 programs that serve individuals and families in need.

Alzheimer's Association: Chandler Alzheimer's Program

The Alzheimer's Association provides consultation to families which include individualized assessments, guidance on care options, interventions and resources, educational classes at the Chandler Senior Center and support groups at Chandler Regional Hospital to educate individuals and family members about Alzheimer's disease. The program maintains a 24/7 helpline to provide educational, emotional and caregiving support along with resource referral information.

Funds Expended: \$7,500

Clients Served: 378 Chandler Residents

CITY OF CHANDLER

2011 – 2012 Consolidated Annual Performance Report

ATTACHMENT 1 – CDBG PROGRAM CAPER REQUIREMENTS

HUD requires that all CDBG recipients provide an overview regarding results and impacts associated with the CDBG Program. A list of funded activities, expenditure progress and units of assistance can be found on page 10. The City measures the outcomes of the CDBG program and their relationship to the goals and objectives stated in the City's Annual Action Plan for the program year.

Use of CDBG in Meeting Priorities.

CDBG funds were used to meet a variety of the Priority Needs identified in the Consolidated Plan. The Executive Summary and accomplishments tables in this CAPER detail the City's use of CDBG funds.

Nature and Reasons for Changes in the CDBG Program.

Chandler amends its housing and community development programs to utilize current funding to provide multiple programs to address current resident concerns. The 2011-2012 Action Plan was amended to include:

- The Voluntary Demolition Program, created to assist owners with demolishing vacant, dilapidated residential structures that are a blighting presence in the neighborhood.
- The establishment of a Land Bank Program in the NSP 1 target area including the activities of acquisition and demolition of sub-standard, blighted structures. The ultimate purpose is site redevelopment and creation of on-site mixed-income housing opportunities.
- NSP 3 funding was allocated to:
 - ✓ The Chandler Community Land Trust Program to increase the affordable housing stock for first time homebuyers.
 - ✓ A Down Payment Assistance Program for first time homebuyers.
 - ✓ Permanent Affordable Rental that will provide permanent affordable rental housing for previously homeless and low income Chandler families through the purchase and rehabilitation of foreclosed homes..
 - ✓ The Chandler Land Bank Program to acquire and demolish dilapidated, blighted units in a NSP Target Area.

Action Plan Leverage.

The City received additional leverage resources to implement grant programs. Local sources include the Acts of Kindness (AOK), Social Services Funding (SSF), and Youth Enhancement Program (YEP). Together these programs addressed the needs of more than 98,833 Chandler residents.

National Objectives Compliance.

All City CDBG projects meet the national objective of addressing issues for the provision of slum and blight or low-to-moderate-income benefit.

Activities to Minimize Displacement.

The City works with all CDBG, HOME, and NSP funded programs and projects to identify alternatives to activities that may cause displacement. The City follows a written Residential Anti-Displacement and Relocation Assistance Plan. For example, the plan allows homebuyer assistance, a provision offered only to buyers who acquire homes that are vacant or are a voluntary sale by the owner-occupant.

Program Income.

See page 19 for a full description.

Areas of Minority Concentration.

See page 8 for a full description.

Action Plan Implementation.

City staff works diligently with local agencies and community groups to implement the Annual Action Plan. Staff provides technical assistance to applicants for HUD programs.

CITY OF CHANDLER

2011 – 2012 Consolidated Annual Performance Report

ATTACHMENT 2 – SELF-EVALUATION

The Five-Year Consolidated Plan and Consolidated Annual Performance Report (CAPER) documents are designed to assist officials, staff and citizens in capturing the larger picture of how a 3 to 5 year plan for housing and community development-related programs are effective in collectively solving neighborhood and community problems. Moving beyond the compilation of program outputs, the Consolidated Plan and CAPER are focused and results-driven. The program outputs allow the community to assess progress based on priority needs and specific objectives identified in the Five Year Plan and Annual Action Plan. This self-evaluation answers important questions asked by HUD to ensure that the community's vision becomes a reality.

Are the activities and strategies making an impact on identified needs?

The output/outcome measurement system assists in quantifying the impact made by the CDBG, HOME, NSP and HPRP funded activities. Specific accomplishments are described in the CAPER narrative and CAPER tables.

City staff works to create positive relationships that ensure organizations successfully implement the projects and programs. Projects funded by the City are visible through their positive impact on low-income neighborhoods and target areas.

What barriers may have a negative impact on fulfilling the strategies and overall vision?

- The State budget crisis has impacted the amount of revenue received by the City.
- A significant gap exists between the tasks required to properly administer the HOME program and the funding provided.
- Unfunded mandates create a strain on existing dollars.
- While national models for programs exist, many are not appropriate to Chandler.
- Nonprofit agency partners have been challenged throughout the recession to maintain service levels.
- Despite reduced capital and land acquisition costs, it is difficult to locate appropriate sites and obtain funding for the development and redevelopment of rental housing.
- The declining economy has severely affected nonprofits' ability to fund raise and to create or maintain new programs.
- There is lack of new Section – 8 Vouchers to implement a Housing First Initiative for homeless individuals and families.

What is the status of grant programs?

- Staff is able to keep most projects on schedule, consistently exceeding annual CDBG expenditure requirements.
- The City's Policy and Procedure manual for CDBG, HOME and NSP funded activities was completely revised and updated.
- The City's funding application and allocation process was completely revised 2 years ago with new funding priorities, application forms and review committee structure. These changes have created a more results-oriented funding application and allocation process. The process continues to be evaluated on an annual basis.

Are any activities or types of activities falling behind schedule?

- Chandler's Moderate Rehabilitation program guidelines were revised and adopted by City Council in FY 2011-12, to address a number of issues including the declining home values. Program requirements previously obligated applicants to have at least 10% equity in their home after adding the value of the rehabilitation work to their current mortgage balance. New guidelines were developed to make the program more accessible to low and moderate-income Chandler homeowners by decreasing the amount of home equity required. The revised guidelines now allow the total value of an existing mortgage plus rehabilitation work to be funded by the City to an amount not to exceed 100% of the current home's value and in some extenuating circumstances, 110% of the current home value (providing the after-rehab value does not exceed HOME Program limits).
- Clarification to NSP regulations required an overhaul of previously approved agreements. Modifying contracts consumed significant staff time and delayed program implementation.

Are grant disbursements timely?

Yes. The City's CDBG expenditure ratio was 1.17 on April 30, 2012, the HUD expenditure deadline. This is over \$420,000 below the maximum ratio of 1.5.

Are major goals on target?

The City is on target with most goals and had a significant number of community development, homelessness and foreclosure-prevention and stabilization accomplishments during 2011-12. Leveraging General Funds has resulted in the City significantly surpassing numerous goals. Additionally, grant recipients were able to maximize resources through a network of nonprofit and faith-based organizations.

What adjustments or improvements to strategies and activities might meet your needs more effectively?

The City works with neighborhood, local and regional organizations to address Chandler needs. To improve effectiveness, the City has identified the following adjustments and improvements:

- Continue to assess and revise the City's application, allocation and evaluation processes to identify methods which will increase efficiency while addressing the growing demand for services during this time of reduced resources.
- Continue to review existing priority needs and revise them as needed to ensure the current highest priority needs are addressed.
- Complete an analysis of existing infrastructure systems in CDBG eligible areas to identify potential future investment needs.
- Coordinate blight elimination efforts in low to-moderate-income areas with key staff to maximize interdepartmental neighborhood improvements.

CITY OF CHANDLER

2011 – 2012 Consolidated Annual Performance Report

ATTACHMENT 4 – PUBLIC COMMENTS

August 16, 2012
City of Chandler Council Meeting – Public Hearing
175 S. Arizona Avenue, Chandler, AZ 85225

Comments:

Vice Chair Kylo asked if Newtown requests help from realtors in the community.

Allen Carlson explained that the list of foreclosed properties is from a national trust listing.

Chair Lisonbee asked Community Bridges if they have spent any funds so far this fiscal year.

Home Inc. stated that it's a 30 day process from the initial date they meet the homeless individual.

Vice Chair Kylo asked Home Inc. if there is a formal policy of communication or a process of removal from the waiting list if a client doesn't respond.

Home Inc. stated that there is a formal policy of communication to follow before an individual is removed for the waiting list.

Community Bridges explained that Home Inc. has a team of navigators (caseworkers) go out and meet the homeless individual and try to gain there trust, support, and help them stay in the program. Navigators also try to connect them to other resources.

Leah Powell stated that advocates from faith-based organizations and other non-profit agencies are working with Community Bridges to assist with homeless individuals in the area.

Commissioner Claw-Kennedy asked if Police and Fire are aware of the program so they can communicate the services to homeless.

Leah Powell stated that she personally went to every police station and talk to them about the services provided to the homeless under this program.

Chair Lisonbee asked about the contractual requirements to this program.

Ms. Morrison stated that the lease-up is for up to 24 months to provide shelter for the individual while other services are being provided.

Commissioner Becker asked at what point an individual is considered "leased-up".

Home Inc. stated that a lease-up is when an individual signs an agreement with one of their many landlords
