 Introduction and Tentative Adoption of Ordinance No. 4218

Request: City initiative to amend Chapter 39 (Sign Code) of the Chandler City Code, by amending Section 39-10 (Temporary Signs), temporarily amending/adding language within this section pertaining to certain types of temporary signage

Applicant: City of Chandler

RECOMMENDATION

Upon finding consistency with the Chandler General Plan, Planning Commission and Staff recommend approval of a Zoning Code amendment as set forth in the attached Draft Ordinance No. 4218 (Exhibit "A"), pertaining to certain types of temporary signage.

BACKGROUND

City Council formally adopted Ordinance No. 4182 on October 19, 2009 temporarily amending Chapter 39 Section 10 (Temporary Signs) of the Chandler City Code by adding and/or amending language within said section pertaining to certain types of temporary signage. This Code amendment was intended to provide temporary relief from the Sign Code in an effort to assist Chandler's residents and businesses during the difficult economic times. The Code amendment was not intended to be permanent, and in fact included a sunset date of June 20, 2010, at which point the City would evaluate the market conditions in consideration of an extension.

While the market conditions today are showing small indications of recovery, we still have a long way to go. Sections 2 (model home signs), 3 (open house signs) and 4 (real estate signs) of

the adopted Ordinance, pertained to existing sub-sections within the Sign Code, simply increased the maximum size and/or maximum number of signs permitted within their respective sections. Section 5 (significant event signs) however, created a new sub-section for the Code by regulating Significant Event Signs for uses other than residential. This new sub-section was intended to provide a temporary path to legality for businesses seeking to gain additional client exposure through various types of temporary signage such as banners or wind-driven spinners. As of the writing of this memo, only 55 Significant Event Sign permits have been issued. Planning Staff has worked closely with Code Enforcement to create a permit application that is clear and concise, as well as implement an online permit application and payment process, Planning & Development's first online payable permit. Finally, Code Enforcement created a flyer intended to inform Chandler businesses of the temporary amendment pertaining to significant event signs as well as providing contact information for obtaining a Significant Event Sign permit. These flyers have been distributed during Code Enforcement's routine inspections. Getting the word out has taken longer than expected, evident by the low number of permits issued to date.

The adoption of Ordinance 4182 was intended to provide temporary relief from the Sign Code with a sunset date of June 20, 2010. Evaluation of the current market conditions coupled with the time necessary to educate the Chandler businesses and bring them into compliance has prompted Staff to draft the proposed Ordinance No. 4218 intended to temporarily re-amend Chapter 39 Section 10 (Temporary Signs) of the Chandler City Code by adding and/or amending language within this section pertaining to certain types of temporary signage. As before, the proposed Code amendment is not intended to be permanent, and includes a proposed sunset date of 06/20/2011, at which point the City can evaluate the market conditions in consideration of a further extension.

A small yet important change to the language within the proposed Ordinance should be noted. The adopted language characterized a Significant Event Sign as singular, inferring that a significant event could only have one sign associated with it. It was Council's intention that multiple signs could be used for a significant event, therefore the proposed language within Ordinance No. 4218 includes the necessary revisions to permit multiple signs for a single significant event.

ORDINANCE DETAILS

The attached proposed Ordinance contains six sections for consideration. Bold text indicates a proposed amendment. Section 1 (39-10. Temporary signs) expands the language within introductory paragraph to more clearly identify the types of Temporary Signs that are prohibited by Code unless authorized by further sub-sections. Section 2, regarding sub-section 39-10.6 model home signs, increases the maximum permitted sign size from four (4) square-feet to six (6) square-feet, requires the sign be constructed of a solid non-flexible material, prohibits 'A'-frame signs, and clarifies that a sign permit is not required. Section 3, regarding sub-section 39-10.7 open house signs, increases the maximum permitted sign size from four (4) square-feet to six (6) square-feet, increases the maximum number of signs from three (3) to four (4), requires the sign be constructed of a solid non-flexible material, clarifies that 'A'-frame open house signs are permitted, as well as clarifies that a sign permit is not required.

Section 4, regarding sub-section 39-10.9 real estate signs, increases the maximum permitted sign height for residential real estate signs from five (5) feet to six (6) feet and increases the maximum sign size from ten (10) square-feet to sixteen (16) square-feet. For property zoned for commercial or industrial uses, the maximum size for a real estate sign is increase from ten (10) square-feet to sixteen (16) square-feet for parcels containing two acres or less. The maximum real estate sign size permitted for parcels containing more than two acres will remain unchanged. Finally, Section 4 clarifies a sign permit is not required for residential real estate signs, however a permit is required for property zoned for commercial or industrial uses.

Section 5 regarding sub-section 39-10.10 significant event signs, identifies, defines, and regulates Significant Event Signs for uses other than residential. Chandler's Sign Code only permits Grand Opening signs, and does not permit signs for events such as a special sale, an anniversary, change in management or the like. This sub-section identifies example significant events, regulates the size, location and duration of use (maximum 21 cumulative days within a six (6) month period), as well as the required administrative fee for the signs. It is important to note that many of Chandler's neighboring cities have provisions for these types of signs within their respective sign codes.

Finally, section 6 addresses the sunset date for the proposed Ordinance of 06/20/2011.

NOTIFICATION

As required by the Arizona Revised Statutes, hearing dates for Planning Commission and City Council, as well as the complete text of the draft Code amendment, have been published in the newspaper at least fifteen days prior to the first public hearing for Planning Commission. Additionally, Staff provided copies of the draft Ordinance to the Economic Development Advisory Board members, as well as the President of the Chandler Chamber of Commerce for review and comment. As of the writing of this memo, the limited responses Staff has received have been positive.
